Dear Sir / Madam,

("Huawei Device Co.,Ltd.") has entered into an arrangement with RWS Group ('RWS') to handle the national validation of its European Patents. To conduct these validations, RWS may need to designate one of its offices as address for service and/or instruct domestic patent agents to file translations and act as local representatives, as appropriate. In some countries, it is necessary to file powers of attorney to enable RWS and its associate agents to carry out these tasks.

We hereby give

■ Neil Simpkin, Deputy Managing Director

full authority to sign, on behalf of the Company and its associated companies,

all powers of attorney for its relevant RWS offices and for those RWS associate EP agents who are deputed to comply with EP legislation and file translations of granted European Patents at their respective patent offices. This authority is given only for those cases and countries where Company explicitly instructs RWS to handle validations and is restricted to all actions required for the national validation of EP Patents in the designated states.

We understand that a copy of the relevant power of attorney is kept on file at RWS at all times.

Yours faithfully,
