The advertisement features a central image of several Eltorque actuators connected by purple hoses. The background is a light blue and white pattern of overlapping circles. The Eltorque logo and tagline are at the top, followed by three paragraphs of text. Contact information for three regional offices is listed at the bottom.

ELTORQUE
LIFELONG INTELLIGENT CONTROL

Eltorque develops and manufactures electric actuators and flow control systems for the international shipbuilding industry and for the onshore market.

Eltorque offers a 100% maintenance free actuator, specially designed for ship- and offshore installations. Through a radical idea and intensive effort, Eltorque has been able to introduce the world's finest mass produced electrical actuator.

Eltorque offers a high level of precision in the control of valves. Excellent controlling possibilities, low cost of installation and operation, and no need of maintenance make Eltorque the future solution.
