February 13, 2018

Regarding: Patent Application in Norway No. 20161910
Applicant: Hydrophilic AS
Title: A probe arrangement for pressure measurement of a water phase inside a hydrocarbon reservoir
Our ref.: P27764NO00

We refer to the Official Action issued by NIPO on January 10 2018, to which we provide an updated description, documents ready for publication and a translation of the claims into Norwegian.

The description has been amended so that the mentioned figure on page 13, line 22 now refers to fig. 4c.

Accordingly, it is our opinion that the present application is now brought into a state in which it meets the requirements of the Norwegian Patents Act and is ready for grant. Should some objection still remain, the examiner is welcome to contact the undersigned via telephone or to issue a new communication.

Yours faithfully
HÅMSØ PATENTBYRÅ AS

A handwritten signature in blue ink, reading 'J. Arborelius'.
