Dear Per Gunnar

I hope everything is well.

I have just noticed that you have just decided to grant the owner yet another unilateral extension in the above referenced cancellation requests.

I have attached one of your decisions for your ease of reference – The other is identical to this.

I can't help but notice, that our latest objections aren't logged in your database, although we sent them quite quickly following the owner's request and before your decision to grant the extension (attached here as well for your ease of reference).

To be quite frank, I don't understand why you keep granting these unilateral extensions; You stated in the previous decisions to extend, that:

"Det vil ikke bli gitt flere fristforlengelser med mindre det på forhånd er inngitt samtykke fra motparten. Hvis vi ikke mottar svar innen fristen, tar vi saken opp til formell avgjørelse på bakgrunn av dokumentasjonen som finnes i saken."

Obviously, we did not give our consent, and yet the extensions were given.

As stated in our objections, it is our clear opinion that the opponent is simply trying to stall the cancellation proceedings as long as possible.

As you might imagine, I would prefer if you could firmly insist on giving no more extensions, so that the matter can be concluded in due course instead.

I hope that you take no offense of my complaint above, and that you will be willing to give me an explanation – You are more than welcome to give me a call.

Med venlig hilsen | Yours sincerely
