THE STORY SO FAR.....

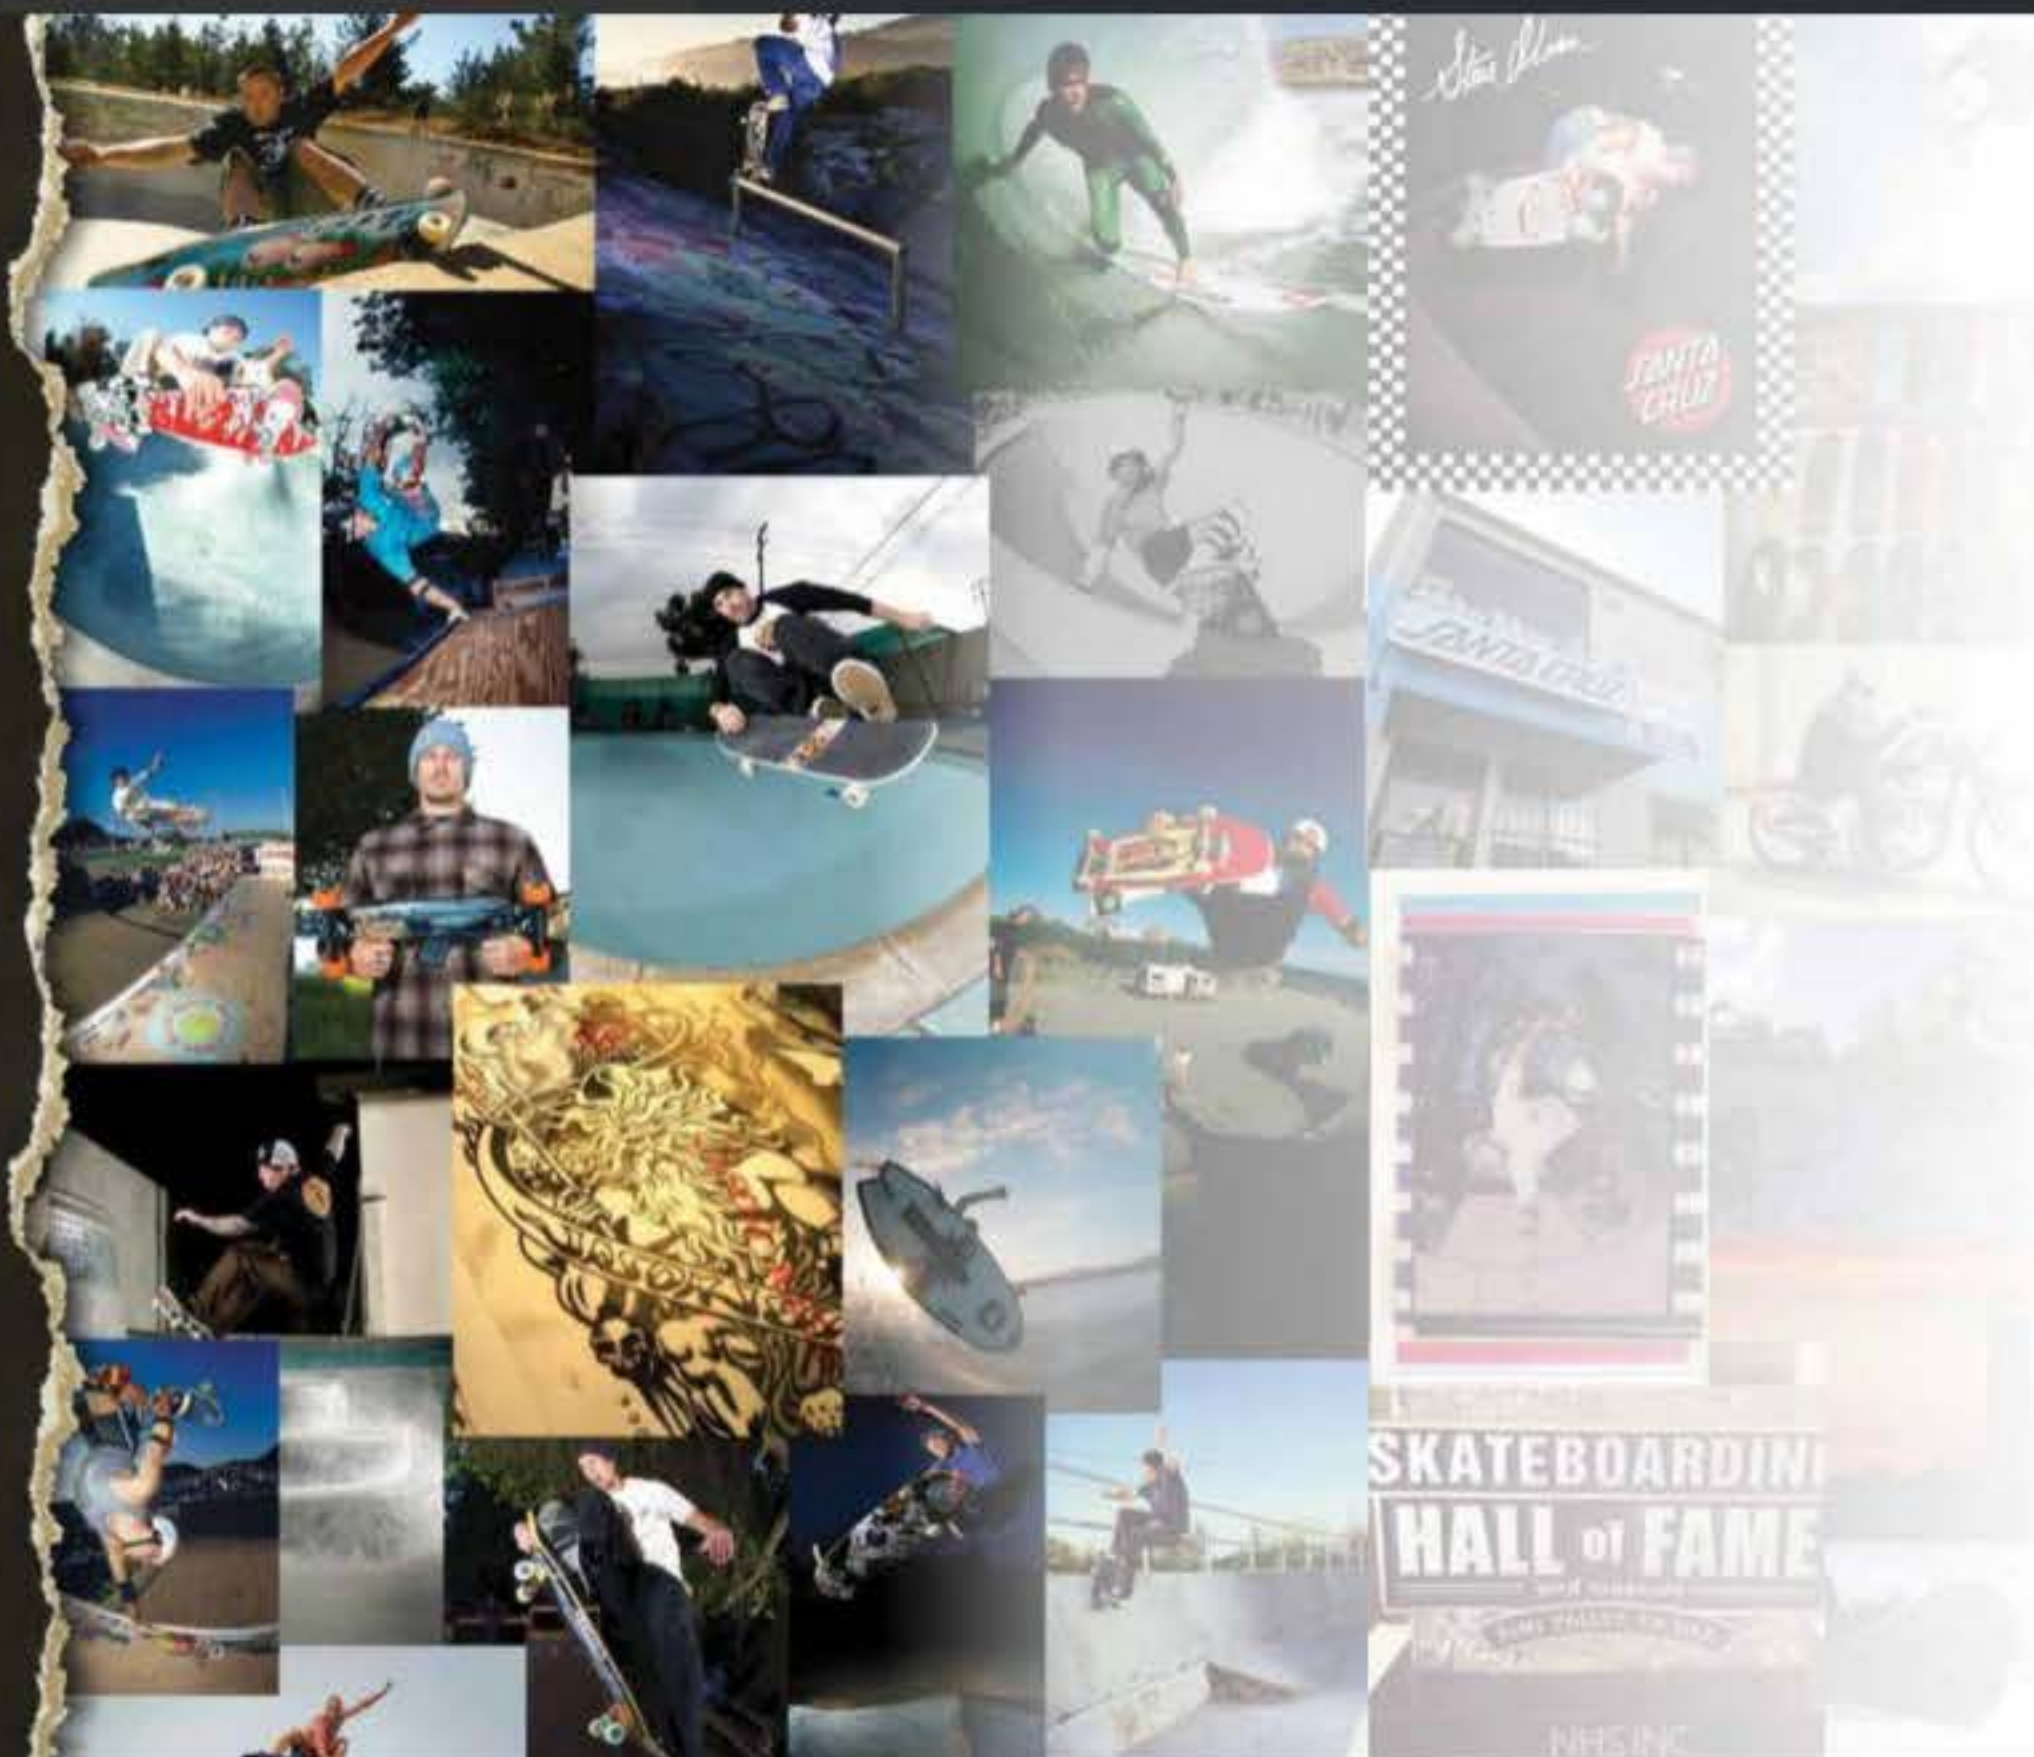

Santa Cruz has been an industry-leading manufacturer of board sports lifestyle hardware and apparel for over 40 years. Established in 1973, Santa Cruz defined a generation with eye-popping graphics and innovative products that resonated with tastemakers, professional riders and younger generations alike.

Through the visions of legendary artist Jim Phillips our graphics have become some of the most iconic and recognizable in boardsports history. Located south of San Francisco along the coast of Monterey Bay Sanctuary, Santa Cruz is a Mecca for Skate and Surf culture and we've been here to define the look and feeling of these sports since the beginning.

The appeal of this California lifestyle extends beyond geographical boundaries, appealing to veteran enthusiasts who have been loyal fans for many years, to the young kids, drawn to us by the visceral connection to our art, style and authenticity.

The Santa Cruz brand continues to innovate, fascinate and push the envelope within the boardsports and streetwear markets ready to inspire the next generation. The apparel line has developed year on year building its foundation upon the brand's unparalleled heritage and rich graphic archive while continually drawing inspiration from its Californian subculture roots and the evolving world around us.

Youth Collection

tion p.135

This season SC Utility draws its inspiration from simplified native indian patterning, mixed with placement tie dyes and vintage wash treatments. The collection consists of classic cut tees, vests and retro polos twinned with chino shorts and super- lightweight jackets. Fabrication focuses on soft cottons and light summer twills brought together with a colour palette rich with neutral earth tones, warm reds and highlights of turquoise.

'SCB' remains the collection with an edge borne out of the thriving Santa Cruz Kustom Kulture scene. Building on the strength of its monochrome colour palette there is now added depth with the introduction of pigment overdye treatments twinned with tonal printing for a 'worn in' look. Graphic content is again driven by vintage tattoo art and classic imagery synonymous with this subculture that is at the core of Santa Cruz life.
