Regarding: Patent Application in Norway No. 20180759
Applicant: Bergen Carbon Solutions AS
Title: Apparatus and method for purification of carbon nanomaterial
Our ref.: P28496NO00 - JDK

We refer to the Office Action issued by NIPO on November 01, 2018, wherein it was concluded that the invention disclosed in the application meets the criteria for patentability, provided a few formal deficiencies are overcome.

Please find enclosed description and claims prepared for publication of patent. The independent claims have been amended to be in two-part form, and the description has been adapted to the set of claims. Prior art has been mentioned in the general portion of the description.

For the examiner's convenience, we also enclose a mark-up copy of the amended description and claims.

A Norwegian translation of the claims will be submitted soon.

We kindly apply for postponement of publication of the grant of patent till after 18 months from the priority date.

Yours faithfully
HÅMSØ PATENTBYRÅ AS

A handwritten signature in blue ink, appearing to read "Jørn Døvling Kaspersen".
