

Notification

**1 505 747**

*Transaction Type:* **Registration**

*Office of Origin:* **CH**

*Original Language (1=English, 3=French, 4=Spanish):* **3**

*Expiry Date:* **31.05.2029**

*Date of Recordal:* **11.12.2019**

*Notification Date:* **26.12.2019**

*Effective Date:* **31.05.2019**

*Office Reference:* **BFR**

*Instrument Contracting Party Designated (Protocol/Agreement):* **P**

*Holder's Details:*

Verisure Sàrl  
Chemin Jean-Baptiste Vandelle 3/3 A  
CH-1290 Versoix  
CH

*Entitlement (Establishment):* CH

*Legal Nature:* Société à Responsabilité Limitée

*Place Incorporated:* Suisse

*Correspondence Address:* Y

*Representative's Details:* WEINMANN ZIMMERLI Apollostrasse 2, Postfach CH-8032 Zürich CH

**verisure**  
**S M A R T A L A R M S**

*Mark duration:* 10

*Vienna:* 05.05, 27.05, 29.01050520050521270510290113

*Mark in Colour*

*Colours Claimed:* Red (Pantone Red 185) and grey (Cool Grey 1, 3, 5, 8 and 11)

*Basic List - NCL(11-2019):*

06 Doors, gates, windows and window coverings of metal; locks and keys of metal; locking cylinders of metal; metal security lock cylinders; metal safety shutters; safes and strongrooms of metal.

09 Signaling devices; alarm signal receivers and transmitters; alarms and warning equipment; alarms; alarm

systems; burglar and anti-theft alarms; electric fire alarms and smoke detectors; fire extinguishing apparatus; life-saving devices; personal electronic alarm devices; electric and electronic doorbells; security alarms; personal security alarms; alarm systems, security alarms and security alarm systems; central alarm units; display and alarm apparatus; alarm monitoring systems; alarm electronic indicator panels; control panels and keypads for security alarms; wireless control panels and keypads for security alarms; security control and security monitoring device; safety warning device; electric and electronic security alarms; access control devices; electronic and biometric devices and installations for access control; automatic and electric access control units; sound recording apparatus; identity verification apparatus; identity verification apparatus, namely, encoded identity cards, magnetic identity cards, fingerprint readers, devices for facial and voice recognition, PIN code readers, electronic tags and electronic security tags; data storage devices and access control devices, only for protection against burglary, fire, attacks, physical damage and theft; cards encoded with security features for identification purposes, only for protection against burglary, fire, attacks, physical damage and theft; inductive readers, card readers, inductive carriers and data carriers, only for protection against burglary, fire, attacks, physical damage and theft; automatic safety barriers; measuring, detecting and monitoring indicators, regulators and instruments; humanoid robots with artificial intelligence; sensors and detectors; wireless sensors; electric and electronic sensors; digital sensors; infrared sensors, active and passive infrared sensors; alarm sensors; heat sensors; smoke sensors; fire sensors; temperature sensors; gas sensors; photosensitive sensors; motion sensors; displacement sensors; position sensors; pressure sensors; photoelectric sensor; sensors for detecting objects; LED detection sensors; microwave-type intrusion sensors; optical sensors; motion sensors for security lighting; smoke detectors; fire detection apparatus; fire alarm installations; heat detectors; motion detectors; leak detectors; laser detectors; infrared detectors; active and passive infrared detectors; intrusion detection devices; apparatus for detecting the opening and closing of doors; telecommunication apparatus and mobile and digital telecommunication apparatus, only for protection against burglary, fire, attacks, physical damage and theft; interconnection apparatus; signal processing apparatus and instruments, audio apparatus and audio receivers, video apparatus and video receivers, optical apparatus and instruments for monitoring, remote control and alarm functions; apparatus for recording, transmission and reproduction of network-machine communication; television, video, telephone and radar units; radar systems, apparatus and screens; electric cells and batteries; plug-in connectors and electric plug-in connectors; cameras; digital cameras; infrared cameras; security cameras; surveillance cameras, cameras with motion detector; network surveillance cameras; intelligent gateway for real-time analysis; electronic apparatus and devices for remote control of electronic and electrical apparatus and household appliances; computer hardware for downloading and updating software for electronic and electrical apparatus and household appliances; application software; mobile application software; application software for use with mobile devices; security software; software for the remote control of security apparatus; software for controlling construction in an environment, access and protection system; software for the management of alarms, data capture, remote monitoring or remote control; central measuring units; remote monitoring units; software for the remote control of electronic and electrical apparatus and household appliances; software for fire detection; intrusion detection systems (IDS); software for machine-network communication, software for communication in network machines, software for secure communication in network machines, development software for machine communication and electronic communication; home automation software; software for building automation; servers for home automation; artificial intelligence software; all the above software only regarding protection against burglary, fire, assault, physical damage and theft; electric and electronic locks.

- 11 Smoke machines (artificial smoke machines).
- 12 Anti-theft, security and safety devices for vehicles; alarms and alarm system with respect to security for vehicles; alarms for land vehicles.
- 36 Insurance services; advice relating to insurance; providing information with respect to insurance, only regarding protection against burglary, fire, assault, physical damage and theft.
- 37 Installation, repair, servicing and maintenance of safety and security equipment, security systems and security devices for vehicles, and telecommunication and intercommunication equipment; services provided by consultants concerning the installation and maintenance of safety and security equipment, security devices for vehicles and telecommunication and intercommunication equipment.
- 38 Telecommunication services; information services concerning telecommunication; advice concerning telecommunication; services provided by consultants in the field of telecommunication; computer-aided transmission of messages and images; electronic messaging services; message sending; transmission by mobile telephone lines, computer terminals and telephones; paging services (radio, telephone, satellite or other electronic communication services); satellite transmission; rental of message sending apparatus; rental of modems and other electronic communication devices.
- 39 Global Positioning System navigation services; location of the position of vehicles and goods.
- 42 Engineering services; software development, software engineering, software implementation and installation and maintenance of software, only regarding protection against burglary, fire, assault, physical damage and theft; design of electronic systems; design and development of security systems; testing, analysis and evaluation of alarm equipment, alarm operations and methods for the purpose of

certification, only regarding protection against burglary, fire, assault, physical damage and theft;  
certification of services and goods to confirm their compliance with regulatory standards; technical  
consultancy in the field of telecommunication.

- 45 Security services for the protection of material assets and persons; monitoring and alarm monitoring  
services, only regarding protection against burglary, fire, assault, physical damage and theft; electronic  
surveillance services for security purposes; monitoring of security systems, anti-theft alarms and security  
alarms; consulting services in the field of residential security, only regarding protection against burglary,  
fire, assault, physical damage and theft; verification services for alarms and intervention subsequent to the  
triggering thereof; security guarding services for installations for security purposes, security guarding  
services for departures and arrivals of individuals; locating of persons and animals; rental of alarm  
equipment and security equipment; verification of compliance with quality standards; awarding quality  
labels; Locating stolen goods; information with respect to security, only regarding protection against  
burglary, fire, assault, physical damage and theft; personal bodyguard services; legal services.

*Basic Registration Details:* **04.12.2018**, 731764.

*Priority details:* CH, **04.12.2018**, 731764.

*Protocol Designations:* AU, CO, EM, GB, IL, MX, NO, NZ, SG, TR, US.

*Protocol Designations (Article 9sexies):* CN.
