Madam,  
Sir,

I am pleased to refer to several international registrations in the name of Oslo Kommune Munchmuseet for which Advokatfirmaet Simonsen Vogt Wiig AS is the recorded representative. The numbers of the said international registrations are 1196614, 1194596, 1187098, 1187099, 1186151 and 1185667. All these international registrations list the indication "Rubik's cube" in class 28 of the *International Classification of Goods and Services for the Purposes of the Registration of Marks* (Nice Classification).

The World Intellectual Property Organization (WIPO) has received a communication from the representative of Spin Master Toys UK Limited, holder of several domestic and international registrations for the mark "Rubik's" for, among others, class 28 of the Nice Classification. The said representative has requested that the indication "Rubik's cube" that is listed in the above-mentioned international registrations in the name of Oslo Kommune Munchmuseet be replaced by the indication "three-dimensional puzzles" or "cube puzzles" or "cube-type puzzles".

While WIPO cannot amend international registrations *ex-officio*, it has previously facilitated the amicable resolution of similar cases by correcting the International Register with the consent of the holder and the knowledge of the Office of origin.

---

Accordingly, I request that you kindly indicate whether Oslo Kommune Munchmuseet agrees to the correction of the international registrations mentioned above by replacing the indication “Rubik’s cube”. In such case, please, also indicate the expression with which it should be replaced.

I thank you for your kind attention to this communication and look forward to hearing back from you no later than January 15, 2024.

Yours sincerely,
