Enclosed is a translation of the patent claims in Norwegian. Please note that as per the Norwegian Patents Acts, section 66i the patent will receive protection in Norway only as far as there is agreement between the translation and the language of the application/patent granted at the EPO. In matters concerning the validity of the patent, language of the application/patent granted at the EPO will be used as the basis for the decision. The patent documents published by the EPO are available through Espacenet (<http://worldwide.espacenet.com>) or via the search engine on our website here: <https://search.patentstyret.no/>

**Patentkrav**

**1.** Alisporivir for bruk i behandlingen av hepatitt D-virusinfeksjon hos en pasient.

**2.** Alisporivir for bruk ifølge krav 1, hvori alisporivir administreres i kombinasjon med et direkte antiviralt middel.

**3.** Alisporivir for bruk ifølge krav 1, hvori det direkte antivirale middelet er valgt fra gruppen bestående hovedsakelig av telbivudin, lamivudin, emtricitabin, entecavir, adefovir og tenofovir.

10

**4.** Alisporivir for bruk ifølge krav 1 omfattende administrering av en effektiv mengde alisporivir og eventuelt administrering til pasienten av en interferon eller et direkte antiviralt middel.
