Enclosed is a translation of the patent claims in Norwegian. Please note that as per the Norwegian Patents Acts, section 66i the patent will receive protection in Norway only as far as there is agreement between the translation and the language of the application/patent granted at the EPO. In matters concerning the validity of the patent, language of the application/patent granted at the EPO will be used as the basis for the decision. The patent documents published by the EPO are available through Espacenet (<http://worldwide.espacenet.com>) or via the search engine on our website here: <https://search.patentstyret.no/>

Patentkrav

1. Forbindelse for anvendelse i behandlingen av Tourettes syndrom hos mennesker, hvori forbindelsen er ekopipam eller et farmasøytisk akseptabelt salt, solvat eller hydrat derav, hvori forbindelsen er for oral administrering i en dose på 50 mg til 100 mg/dag.
2. Forbindelse for anvendelse ifølge krav 1, hvori individet ikke er eldre enn 17 år.
3. Forbindelse for anvendelse ifølge krav 1 til 2, hvori individet anses å være fri for oppmerksomhetsunderskudd-hyperaktivitetsforstyrrelse, depresjon og tvangslidelser.
4. Forbindelse for anvendelse ifølge kravene 1 til 3, hvori forbindelsen formuleres for oral levering.
5. Forbindelse for anvendelse ifølge krav 1, hvori administrering av forbindelsen gjentas én, to eller tre ganger daglig.
6. Forbindelse for anvendelse ifølge kravene 1–5 for anvendelse i kombinasjon med en andre behandling, slik som atferdsterapi, kirurgisk eller farmasøytisk terapi for behandling av Tourettes syndrom.
7. Forbindelse for anvendelse ifølge kravene 1–2 eller 4–6 for anvendelse i kombinasjon med en terapeutisk effektiv mengde av en andre forbindelse for behandlingen av oppmerksomhetsunderskudd-hyperaktivitetsforstyrrelse, depresjon eller tvangslidelse.
8. Forbindelse for anvendelse ifølge krav 1, hvori forbindelsen formuleres i en enhetsdoseform.

9. Forbindelse for anvendelse ifølge krav 1, hvori forbindelsen formuleres som en kapsel, tablett, piller, pulver eller sirup, eller for å gi rask, vedvarende eller forsinket frigjøring.
