Enclosed is a translation of the patent claims in Norwegian. Please note that as per the Norwegian Patents Acts, section 66i the patent will receive protection in Norway only as far as there is agreement between the translation and the language of the application/patent granted at the EPO. In matters concerning the validity of the patent, language of the application/patent granted at the EPO will be used as the basis for the decision. The patent documents published by the EPO are available through Espacenet (<http://worldwide.espacenet.com>) or via the search engine on our website here: <https://search.patentstyret.no/>

**Patentkrav**

1. 5-metoksy-N,N-dimetyltryptamin (5-MeO-DMT) eller et farmasøytisk akseptabelt salt derav for bruk ved behandling av en pasient som er diagnostisert med klinisk depressiv forstyrrelse av en lisensiert fagperson i samsvar med akseptert medisinsk praksis.
2. 5-MeO-DMT eller et farmasøytisk akseptabelt salt derav for bruk ifølge krav 1, hvor forstyrrelsen er diagnostisert i samsvar med Diagnostisk og statistisk håndbok for psykiske lidelser - femte utgave (DSM-5) utgitt av Den amerikanske psykiaterforening.
3. 5-MeO-DMT eller et farmasøytisk akseptabelt salt derav for bruk ifølge kravene 1 eller 2, hvor pasienten lider av moderat eller alvorlig klinisk depressiv forstyrrelse som antydet av en score på MADRS (Montgomery-Åsberg Depression Rating Scale) på 20 eller mer eller av en score på en 17-delt HAM-D (Hamilton Depression Rating Scale) på 17 eller mer.
4. 5-MeO-DMT eller et farmasøytisk akseptabelt salt derav for bruk ifølge krav 3, hvor pasienten lider av alvorlig klinisk depressiv forstyrrelse som antydet av en MADRS-score på 35 eller mer eller av en HAM-D-score på 25 eller mer.
5. 5-MeO-DMT eller et farmasøytisk akseptabelt salt derav for bruk ifølge kravene 1 til 4, hvor pasienten er diagnostisert med en behandlingsresistente form for klinisk depressiv forstyrrelse.
