Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

- Generell informasjon om kunngjøringer etter Madridprotokollen**
- Int.reg.nr.:** Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.
- Int.reg.dato:** Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).
Dersom den internasjonale registreringen besluttet gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.
- Etterfølgende utpekingsdato:** Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.
- Prioritet:** Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkers hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.
- Besluttet gjeldende dato i Norge:** Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

Klasse 9 Nautical, surveying, photographic, cinematographic, optical, weighing and measuring apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; computer software development tools; computer software for use as an application programming interface (API); computer software to enable uploading, downloading, accessing, posting, displaying, tagging, blogging, streaming, linking, sharing or otherwise providing electronic media or information via computer and communication networks; computer software used to enhance the capabilities and features of other software and non-downloadable online software; computer programs [including downloadable software]; programs for cell phones [including downloadable software]; game programs for smartphones [including downloadable software]; programs for smartphones [including downloadable software]; game programs for handheld terminals [including downloadable software]; coils, electric; particle accelerators; reflecting discs for wear, for the prevention of traffic accidents; protection devices for personal use against accidents; clothing for protection against accidents, irradiation and fire; accumulator jars; battery boxes; acidimeters for batteries; hydrometers; plates for batteries; whistle

alarms; acoustic [sound] alarms; acoustic conduits; speaking tubes; actinometers; adding machines; aerometers; enlarging apparatus [photography]; electro-dynamic apparatus for the remote control of railway points; magnets; electromagnetic coils; air analysis apparatus; alcoholmeters; alidades; food analysis apparatus; igniting apparatus, electric, for igniting at a distance; batteries for lighting; altimeters; asbestos gloves for protection against accidents; asbestos clothing for protection against fire; ammeters; amplifiers; amplifying tubes; anemometers; calibrating rings; fire extinguishers; anodes; anode batteries; anti-interference devices [electricity]; transformers [electricity]; apertometers [optics]; money counting and sorting machines; surveying instruments; surveying chains; lenses for astrophotography; audiovisual teaching apparatus; mechanisms for coin-operated apparatus; calipers; comparators; fire alarms; automatic indicators of low pressure in vehicle tires [tyres]; protective suits for aviators; alarm bells, electric; rods for water diviners; life-saving rafts; scales; meteorological balloons; demagnetizing apparatus for magnetic tapes; tape recorders; magnetic tapes; barometers; weighing machines; weighbridges; fire beaters; chargers for electric batteries; betatrons; ticket dispensers; cabinets for loudspeakers; close-up lenses; terminals [electricity]; pressure indicator plugs for valves; galvanometers; push buttons for bells; branch boxes [electricity]; tone arms for record players; spirit levels; punched card machines for offices; sheaths for electric cables; frames for photographic transparencies; circular slide rules; slide-rules; calculating machines; slide calipers; jigs [measuring instruments]; blueprint apparatus; cinematographic cameras; capillary tubes; sound recording carriers; protective helmets; respiratory masks, other than for artificial respiration; solderers' helmets; eyeglass chains; heat regulating apparatus; darkrooms [photography]; boiler control instruments; drying racks [photography]; editing appliances for cinematographic films; printed circuits; blinkers [signaling lights]; signal bells; containers for microscope slides; collectors, electric; electric installations for the remote control of industrial operations; switchboxes [electricity]; commutators; marine compasses; eyepieces; thread counters; pedometers; counters; metronomes; condensers [capacitors]; conductors, electric; electricity conduits; circuit closers; connectors [electricity]; junction boxes [electricity]; contacts, electric; apparatus to check franking; regulating apparatus, electric; monitoring apparatus, electric; speed checking apparatus for vehicles; converters, electric; photocopyers [photographic, electrostatic, thermic]; eyeglass cords; retorts; retorts' stands; correcting lenses [optics]; objectives [lenses] [optics]; cosmographic instruments; diving suits; electric apparatus for commutation; switches, electric; limiters [electricity]; sockets, plugs and other contacts [electric connections]; current rectifiers; cell switches [electricity]; dressmakers' measures; crucibles [laboratory]; appliances for measuring the thickness of leather; cyclotrons; counterfeit [false] coin detectors; shutter releases [photography]; densimeters; animated cartoons; laboratory trays; metal detectors for industrial or military purposes; sonars; detectors; shutters [photography]; diaphragms [acoustics]; centering apparatus for photographic transparencies; cameras [photography]; transparencies [photography]; slide projectors; distance measuring apparatus; dictating machines; diffraction apparatus [microscopy]; loudspeakers; circuit breakers; record players; microscopes; distance recording apparatus; range finders; distribution boards [electricity]; distribution consoles [electricity]; compasses [measuring instruments]; measures; measuring apparatus; dynamometers; water level indicators; fire escapes; flash-bulbs [photography]; telephone receivers; fluorescent screens; projection screens; workmen's protective face-shields; screens [photography]; drainers for use in photography; electric

loss indicators; measuring devices, electric; cables, electric; ducts [electricity]; control panels [electricity]; connections for electric lines; couplings, electric; relays, electric; electrolyzers; transmitters of electronic signals; transmitting sets [telecommunication]; sound recording strips; spools [photography]; mechanical signs; epidiascopes; test tubes; balancing apparatus; thermostats; ergometers; material testing instruments and machines; egg-candlers; gauges; gasoline gauges; spark-guards; cases especially made for photographic apparatus and instruments; testing apparatus not for medical purposes; refractometers; exposure meters [light meters]; invoicing machines; apparatus for fermentation [laboratory apparatus]; railway traffic safety appliances; wires, electric; magnetic wires; plumb bobs; plumb lines; nets for protection against accidents; safety nets; safety tarpaulins; film cutting apparatus; filters for respiratory masks; filters [photography]; battery chargers; high-frequency apparatus; frequency meters; fuses; radios; galena crystals [detectors]; galvanic batteries; gloves for protection against accidents; gloves for divers; gloves for protection against X-rays for industrial purposes; gas testing instruments; gasometers [measuring instruments]; surveying apparatus and instruments; levelling staffs [surveying instruments]; drying apparatus for photographic prints; glazing apparatus for photographic prints; rulers [measuring instruments]; measuring glassware; screens for photoengraving; grids for batteries; clothing for protection against fire; audio- and video-receivers; heliographic apparatus; holograms; hygrometers; identification threads for electric wires; identification sheaths for electric wires; life saving apparatus and equipment; fire hose nozzles; fire engines; fire trucks; slope indicators; taximeters; quantity indicators; vacuum gauges; speed indicators; inductors [electricity]; armatures [electricity]; data processing apparatus; mirrors for inspecting work; intercommunication apparatus; carriers for dark plates [photography]; inverters [electricity]; ionization apparatus not for the treatment of air or water; peepholes [magnifying lenses] for doors; hemline markers; furniture especially made for laboratories; lactodensimeters; lactometers; darkroom lamps [photography]; magic lanterns; signal lanterns; lasers, not for medical purposes; optical lenses; letter scales; logs [measuring instruments]; sounding lines; magnifying glasses [optics]; signs, luminous; neon signs; spectacles [optics]; instruments containing eyepieces; surveyors' levels; spectacle lenses; optical goods; pressure gauges; periscopes; mathematical instruments; coin-operated mechanisms for television sets; megaphones; computer memory devices; carpenters' rules; mercury levels; speed measuring apparatus [photography]; precision measuring apparatus; measuring instruments; meteorological instruments; rules [measuring instruments]; micrometer screws for optical instruments; microphones; microtomes; time switches, automatic; mirrors [optics]; breathing apparatus for underwater swimming; nautical apparatus and instruments; naval signalling apparatus; navigational instruments; spectacle frames; batteries, electric; accumulators, electric; levelling instruments; prisms [optics]; observation instruments; octants; ohmmeters; wavemeters; optical apparatus and instruments; optical glass; computers; computer programmes [programs], recorded; oscillographs; oxygen transvasing apparatus; ozonisers [ozonators]; micrometers; signalling panels, luminous or mechanical; lightning conductors [rods]; parking meters; apparatus and instruments for astronomy; apparatus for measuring the thickness of skins; acid hydrometers; weighing apparatus and instruments; salinometers; washing trays [photography]; stands for photographic apparatus; viewfinders, photographic; photometers; phototelegraphy apparatus; apparatus and instruments for physics; electronic controlled steering apparatus, automatic, for vehicles; pince-nez; pipettes; plane tables [surveying instruments];

planimeters; ear plugs for divers; bells [warning devices]; weights; polarimeters; radiotelephony sets; radiotelegraphy sets; pressure measuring apparatus; pressure indicators; projection apparatus; cathodic anti-corrosion apparatus; teeth protectors other than for medical or athletic use; pyrometers; radar apparatus; vehicle radios; radiological apparatus for industrial purposes; protractors [measuring instruments]; apparatus and installations for the production of X-rays, not for medical purposes; X-ray tubes not for medical purposes; protection devices against X-rays, not for medical purposes; telephone apparatus; refractors; X-ray apparatus not for medical purposes; spectroscopes; resistances, electric; thermometers, not for medical purposes; respirators for filtering air; breathing apparatus, except for artificial respiration; rheostats; balances [steelyards]; signals, luminous or mechanical; saccharometers; probes for scientific purposes; satellites for scientific purposes; diaphragms for scientific apparatus; teaching apparatus, namely, audio and video frequency apparatus, audio and visual apparatus, sound recorded magnetic cards for language learning, sound and image recorded magnetic or optical data carriers and computer programs; choking coils [impedance]; wire connectors [electricity]; locks, electric; sextants; signalling whistles; vehicle breakdown warning triangles; electro-dynamic apparatus for the remote control of signals; simulators for the steering and control of vehicles; sirens; sound transmitting apparatus; sound recording apparatus; sound reproduction apparatus; sounding apparatus and machines; sounding leads; sound locating instruments; spectrograph apparatus; spherometers; stereoscopes; stereoscopic apparatus; needles for record players; sulfimeters; teleprinters; tachometers; screw-tapping gauges; telegraphs [apparatus]; television apparatus; telegraph wires; masts for wireless aerials; teleprompters; telephone transmitters; telerupters; binoculars; telescopes; temperature indicators; time recording apparatus; theodolites; thermostats for vehicles; totalizers; revolution counters; speed regulators for record players; transmitters [telecommunication]; precision balances; marking gauges [joinery]; vacuum tubes [radio]; urinometers; variometers; verniers; videotapes; viscosimeters; theft prevention installations, electric; voltage regulators for vehicles; voting machines; voltmeters; apparatus for changing record player needles; stills for laboratory experiments; fuse wire; anticathodes; dog whistles; anti-theft warning apparatus; azimuth instruments; beacons, luminous; holders for electric coils; films, exposed; road signs, luminous or mechanical; life buoys; signalling buoys; buzzers; directional compasses; fog signals, non-explosive; cash registers; radiology screens for industrial purposes; identity cards, magnetic; photovoltaic cells; densitometers; disks, magnetic; floppy disks; head cleaning tapes [recording]; video recorders; computer keyboards; integrated circuits; semi-conductors; chips [integrated circuits]; cathodes; life jackets; life belts; chemistry apparatus and instruments; cinematographic film, exposed; materials for electricity mains [wires, cables]; contact lenses; containers for contact lenses; incubators for bacteria culture; solar batteries; copper wire, insulated; discharge tubes, electric, other than for lighting; diaphragms [photography]; distillation apparatus for scientific purposes; dosage dispensers; electric door bells; spectacle cases; furnaces for laboratory use; optical fibers [fibres] [light conducting filaments]; telephone wires; x-ray films, exposed; filters for ultraviolet rays, for photography; horns for loudspeakers; tripods for cameras; bar code readers; bullet-proof waistcoats [vests [Am.]]; marking buoys; wafers for integrated circuits; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; compact discs [audio-video]; compact discs [read-only memory]; computer operating programs, recorded; computer peripheral devices; computer software, recorded; optical condensers;

acoustic couplers; couplers [data processing equipment]; decompression chambers; plotters; divers' masks; electronic pens [visual display units]; encoded magnetic cards; facsimile machines; fire boats; interfaces for computers; juke boxes for computers; knee-pads for workers; light dimmers [regulators]; electric; magnetic data media; magnetic encoders; magnetic tape units for computers; microprocessors; modems; monitors [computer hardware]; monitors [computer programs]; mouse [computer peripheral]; optical character readers; optical data media; optical discs; printers for use with computers; processors [central processing units]; readers [data processing equipment]; safety restraints, other than for vehicle seats and sports equipment; scanners [data processing equipment]; smoke detectors; transistors [electronic]; x-ray photographs, other than for medical purposes; junction sleeves for electric cables; abacuses; electronic agendas; answering machines; camcorders; cassette players; compact disc players; diagnostic apparatus, not for medical purposes; disk drives for computers; electrified rails for mounting spot lights; electronic pocket translators; electronic tags for goods; fire blankets; flashlights [photography]; integrated circuit cards [smart cards]; measuring spoons; notebook computers; electronic notice boards; pocket calculators; shoes for protection against accidents, irradiation and fire; sprinkler systems for fire protection; starter cables for motors; sunglasses; time clocks [time recording devices]; video cassettes; video game cartridges; video screens; video telephones; goggles for sports; nose clips for divers and swimmers; protective helmets for sports; electronic publications, downloadable; computer programs [downloadable software]; navigation apparatus for vehicles [on-board computers]; decorative magnets; cordless telephones; mouse pads; personal stereos; wrist rests for use with computers; coaxial cables; fibre [fiber [Am.]] optic cables; covers for electric outlets; marine depth finders; electrified fences; computer game software; headphones; lighting ballasts; radio pagers; satellite navigational apparatus; solenoid valves [electromagnetic switches]; voltage surge protectors; walkie-talkies; wind socks for indicating wind direction; light-emitting electronic pointers; resuscitation mannequins [teaching apparatus]; stage lighting regulators; egg timers [sandglasses]; DNA chips; DVD players; automated teller machines [ATM]; traffic-light apparatus [signalling devices]; hands free kits for phones; asbestos screens for firemen; riding helmets; clothing especially made for laboratories; encoded identification bracelets, magnetic; transponders; downloadable ring tones for mobile phones; downloadable music files; downloadable image files; crash test dummies; laboratory centrifuges; printed circuit boards; USB flash drives; global positioning system [GPS] apparatus; portable media players; cell phone straps; light-emitting diodes [LED]; triodes; step-up transformers; laptop computers; fire hose; bags adapted for laptops; sleeves for laptops; digital photo frames; petri dishes; pitot tubes; stroboscopes; traffic cones; temperature indicator labels, not for medical purposes; computer software applications, downloadable; electronic book readers; smartphones; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; tablet computers; encoded key cards; 3D spectacles; memory cards for video game machines; bullet-proof clothing; accelerometers; electrical adapters; life-saving capsules for natural disasters; computer hardware; solar panels for the production of electricity; telescopic sights for artillery; digital signs; sports training simulators; computer game cartridges; computer game programs; computer game software downloadable from a global computer network; computer programs for video and computer games; interactive multimedia computer game programs; computer game discs; downloadable computer game programs; electronic game programs; electronic game software; interactive

video game programs; recorded computer game programs; video game discs; video game programs; video games software; virtual reality game software; audio tapes featuring music; cases for telephones; cellular phones; compact discs featuring music; prerecorded audio tapes featuring music; prerecorded video cassettes featuring music.

Klasse 16 Paper; cardboard; printed matter; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials, namely, artists' brushes; paintbrushes; typewriters and office requisites [except furniture]; instructional and teaching material [except apparatus]; plastic materials, namely, plastic bags, for packaging; printers' type; printing blocks; steel letters; steel pens; adhesive tape dispensers [office requisites]; address stamps; addressing machines; paper; posters; advertisement boards of paper or cardboard; franking machines for office use; clips for offices; pen clips; stapling presses [office requisites]; albums; pictures; prints [engravings]; cigar bands; pencil sharpening machines, electric or non-electric; bookends; hand-rests for painters; aquarelles; architects' models; document files [stationery]; writing slates; slate pencils; silver paper; modelling clay; arithmetical tables; engravings; lithographic works of art; paintings [pictures], framed or unframed; pencils; newspapers; periodicals; atlases; loose-leaf binders; gummed tape [stationery]; mats for beer glasses; tickets; biological samples for use in microscopy [teaching materials]; printing blocks; drawing pads; pads [stationery]; spools for inking ribbons; wristbands for the retention of writing instruments; pamphlets; embroidery designs [patterns]; drawing pins; moisteners [office requisites]; painters' brushes; blotters; stamps [seals]; sealing stamps; inking pads; sealing wax; envelope sealing machines for offices; sealing compounds for stationery purposes; writing or drawing books; trays for sorting and counting money; tracing patterns; tracing paper; tracing cloth; finger-stalls [office requisites]; printing type; carbon paper; paper for recording machines; note books; square rulers; cards; teaching materials [except apparatus]; index cards [stationery]; paper sheets [stationery]; cardboard; hat boxes of cardboard; perforated cards for jacquard looms; cardboard tubes; catalogues; tags for index cards; song books; composing frames [printing]; folders for papers; painters' easels; numbers [type]; Indian inks; chromolithographs [chromos]; modelling wax, not for dental purposes; files [office requisites]; office perforators; toilet paper; books; compasses for drawing; type [numerals and letters]; composing sticks; letter trays; conical paper bags; correcting fluids [office requisites]; correcting ink [heliography]; pencil leads; histological sections for teaching purposes; French curves; covers [stationery]; writing chalk; chalk for lithography; tailors' chalk; chalk holders; pencil holders; pencil lead holders; cream containers of paper; paper clasps; rollers for typewriters; transfers [decalcomanias]; graphic prints; graining combs; drawing boards; drawing materials; drawing instruments; diagrams; envelopes [stationery]; duplicators; etchings; packing paper; nibs; typewriters, electric or non-electric; pen cases; nibs of gold; erasing products; writing materials; shields [paper seals]; erasing shields; rubber erasers; electrocardiograph paper; punches [office requisites]; ink; inking ribbons; inkwells; envelope sealing machines for offices; photographs [printed]; pen wipers; seals [stamps]; fabrics for bookbinding; drawing sets; ledgers [books]; indexes; figurines [statuettes] of papier mâché; filter paper; filtering materials [paper]; forms, printed; office requisites, except furniture; charcoal pencils; stencils [stationery]; galley racks [printing]; electrotypes; geographical maps; terrestrial globes; artists' watercolor [watercolour] saucers; graphic reproductions; graphic representations; scrapers [erasers] for offices; engraving plates; hectographs; printed timetables; moisteners for gummed surfaces

[office requisites]; postcards; printed matter; hand labelling appliances; printers' blankets, not of textile; printing sets, portable [office requisites]; printed publications; manuals [handbooks]; writing paper; paperweights; tracing needles for drawing purposes; drawing pens; table linen of paper; lithographs; lithographic stones; booklets; luminous paper; papier mâché; manifolds [stationery]; marking chalk; plastics for modeling; modelling materials; modelling paste; handkerchiefs of paper; inking sheets for duplicators; tablecloths of paper; pastels [crayons]; sewing patterns; numbering apparatus; oleographs; binding strips [bookbinding]; sealing wafers; palettes for painters; pantographs [drawing instruments]; stationery; parchment paper; pastels [crayons]; sewing patterns; stencil cases; house painters' rollers; canvas for painting; paint boxes [articles for use in school]; plastic film for wrapping; apparatus for mounting photographs; photograph stands; photo-engravings; blueprints; folders [stationery]; fountain pens; stencil plates; stencils; portraits; flower-pot covers of paper; mimeograph apparatus and machines; paper tapes and cards for the recordal of computer programmes; prospectuses; paper for radiograms; drawing rulers; printers' galleys; bookbinding material; bookbindings; cloth for bookbinding; cords for bookbinding; inking sheets for document reproducing machines; pens [office requisites]; magazines [periodicals]; paper ribbons; typewriter ribbons; bags [envelopes, pouches] of paper or plastics, for packaging; stamp pads; school supplies [stationery]; bookmarkers; greeting cards; steatite [tailor's chalk]; balls for ball-point pens; tablemats of paper; desk mats; typewriter keys; holders for stamps [seals]; cases for stamps [seals]; postage stamps; stamp stands; transparencies [stationery]; vignetting apparatus; gluten [glue] for stationery or household purposes; adhesives [glues] for stationery or household purposes; adhesive tapes for stationery or household purposes; adhesive bands for stationery or household purposes; address plates for addressing machines; almanacs; calendars; starch paste [adhesive] for stationery or household purposes; paintbrushes; self-adhesive tapes for stationery or household purposes; elastic bands for offices; bibs of paper; wood pulp board [stationery]; wood pulp paper; boxes of cardboard or paper; stands for pens and pencils; bottle envelopes of cardboard or paper; coasters of paper; announcement cards [stationery]; plastic bubble packs for wrapping or packaging; flags of paper; paper shredders for office use; sheets of reclaimed cellulose for wrapping; cabinets for stationery [office requisites]; glue for stationery or household purposes; paper knives [cutters] [office requisites]; garbage bags of paper or of plastics; pencil sharpeners, electric or non-electric; tissues of paper for removing make-up; table napkins of paper; place mats of paper; drawing squares; drawing t-squares; penholders; writing cases [stationery]; inkstands; writing cases [sets]; handwriting specimens for copying; bottle wrappers of cardboard or paper; placards of paper or cardboard; towels of paper; face towels of paper; labels, not of textile; etching needles; viscose sheets for wrapping; gums [adhesives] for stationery or household purposes; gummed cloth for stationery purposes; isinglass for stationery or household purposes; bags for microwave cooking; paper coffee filters; plastic cling film, extensible, for palletization; inking ribbons for computer printers; signboards of paper or cardboard; stickers [stationery]; bookbinding apparatus and machines [office equipment]; comic books; copying paper [stationery]; holders for checkbooks [cheque books]; ink sticks; ink stones [ink reservoirs]; musical greeting cards; newsletters; packaging material made of starches; waxed paper; passport holders; writing brushes; writing instruments; drawer liners of paper, perfumed or not; credit card imprints, non-electric; document laminators for office use; Xuan paper for Chinese painting and calligraphy; writing board erasers; clipboards; chart pointers, non-

electronic; paper bows; moulds for modelling clays [artists' materials]; money clips; trading cards other than for games; absorbent sheets of paper or plastic for foodstuff packaging; humidity control sheets of paper or plastic for foodstuff packaging; correcting tapes [office requisites]; paint trays; marking pens [stationery]; flyers; document holders [stationery]; page holders; polymer modelling clay; obliterating stamps; packing [cushioning, stuffing] materials of paper or cardboard; stuffing of paper or cardboard; paper tag; printed lottery tickets [other than toys]; computer game instruction manuals; computer user manuals.

Klasse 25 Clothing; footwear [other than special footwear for sports]; headgear; non-slipping devices for footwear; motorists' clothing; bath sandals; bath slippers; stockings; sweat-absorbent stockings; heelpieces for stockings; berets; overalls; boas [necklets]; caps [headwear]; hosiery; half-boots; tips for footwear; dress shields; lace boots; collars [clothing]; camisoles; boxer shorts; skull caps; bodices [lingerie]; underwear; hoods [clothing]; hat frames [skeletons]; cap peaks; belts [clothing]; shawls; dressing gowns; sweaters; chasubles; socks; sock suspenders; garters; stocking suspenders; boot uppers; inner soles; shirts; shirt fronts; short-sleeve shirts; hats; headgear for wear; fittings of metal for footwear; furs [clothing]; detachable collars; tights; wet suits for water-skiing; combinations [clothing]; corselets; suits; ready-made clothing; babies' pants [clothing]; ear muffs [clothing]; neckties; footwear uppers; breeches for wear; trousers; cyclists' clothing; outerclothing; gloves [clothing]; ready-made linings [parts of clothing]; sashes for wear; knitwear [clothing]; shirt yokes; esparto shoes or sandals; fur stoles; top hats; gabardines [clothing]; corsets [underclothing]; girdles; galoshes; wimples; gymnastic shoes; coats; waterproof clothing; leggings [leg warmers]; jerseys [clothing]; skirts; layettes [clothing]; liveries; sports jerseys not for athletic purposes; cuffs; aprons [clothing]; muffs [clothing]; maniples; mittens; slippers; pelerines; pelisses; beach clothes; beach shoes; pockets for clothing; dresses; wooden shoes; sandals; underpants; brassieres; overcoats; heelpieces for footwear; togas; welts for footwear; uniforms; stuff jackets [clothing]; jackets [clothing]; paper clothing; veils [clothing]; bathing caps; bathing trunks; bathing suits; bath robes; bibs, not of paper; soles for footwear; heels; footmuffs, not electrically heated; studs for football boots; headbands [clothing]; parkas; petticoats; ski boots; slips [undergarments]; teddies [undergarments]; bandanas [neckerchiefs]; clothing for gymnastics; clothing of imitations of leather; clothing of leather; mantillas; masquerade costumes; saris; tee-shirts; turbans; ascots; shower caps; fishing vests; money belts [clothing]; pocket squares; paper hats [clothing]; sleep masks; skirts; ponchos; sarongs; ski gloves; leggings [trousers]; jumper dresses; visors [headwear]; sports singlets; valenki [felted boots]; albs.

Klasse 28 Games and playthings; gymnastic and sporting articles not included in other classes; decorations for Christmas trees; bladders of balls for games; artificial fishing bait; caps for pistols [toys]; toys for domestic pets; ring games; Christmas trees of synthetic material; bows for archery; archery implements; edges of skis; swings; balls for games; play balloons; billiard table cushions; rocking horses; batting gloves [accessories for games]; dolls' feeding bottles; stationary exercise bicycles; billiard balls; chalk for billiard cues; billiard markers; skittles; marbles for games; building blocks [toys]; bob-sleighs; explosive bonbons [Christmas crackers]; skating boots with skates attached; candle holders for Christmas trees; playing balls; bowling apparatus and machinery; boxing gloves; gut for rackets; golf clubs; rods for fishing; kites; kite reels; targets; bells for Christmas trees; counters [discs] for games; building games; strings for rackets; machines for physical exercises; body building apparatus; novelties for parties, dances [party favors, favours]; shin guards [sports articles]; cricket bags; hockey sticks; dice; chest expanders [exercisers]; discuses for

sports; dominoes; chess games; chessboards; toy pistols; rollers for stationary exercise bicycles; landing nets for anglers; golf bags, with or without wheels; practical jokes [novelties]; nets for sports; tennis nets; ski bindings; darts; floats for fishing; foosball tables; harpoon guns [sports articles]; gloves for games; cups for dice; bar-bells; fish hooks; rattles [playthings]; clay pigeon traps; rackets; decoys for hunting or fishing; fishing tackle; lines for fishing; dolls' beds; dolls' houses; puppets; dolls; theatrical masks; carnival masks; scale model vehicles; reels for fishing; flippers for swimming; creels [fishing traps]; swimming pools [play articles]; artificial snow for Christmas trees; quoits; roller skates; ice skates; seal skins [coverings for skis]; clay pigeons [targets]; surfboards; dolls' clothes; dolls' rooms; conjuring apparatus; skittles [games]; gut for fishing; sole coverings for skis; skis; tables for table tennis; spinning tops [toys]; sleds [sports articles]; backgammon games; scooters [toys]; shuttlecocks; air pistols [toys]; percussion caps [toys]; ornaments for Christmas trees, except illumination articles and confectionery; Christmas tree stands; billiard cues; billiard cue tips; billiard tables; coin-operated billiard tables; surf skis; sailboards; hang gliders; apparatus for games; appliances for gymnastics; fencing weapons; fencing masks; fencing gauntlets; baseball gloves; climbers' harness; elbow guards [sports articles]; knee guards [sports articles]; mobiles [toys]; paragliders; protective paddings [parts of sports suits]; skateboards; slides [playthings]; spring boards [sports articles]; teddy bears; waterskis; golf gloves; bite indicators [fishing tackle]; bite sensors [fishing tackle]; board games; fairground ride apparatus; flying discs [toys]; horseshoe games; mah-jong; plush toys; soap bubbles [toys]; toy vehicles; twirling batons; butterfly nets; bags especially designed for skis and surfboards; harness for sailboards; jigsaw puzzles; masts for sailboards; paintball guns [sports apparatus]; paintballs [ammunition for paintball guns] [sports apparatus]; surfboard leashes; tennis ball throwing apparatus; starting blocks for sports; snow globes; weight lifting belts [sports articles]; bodyboards; bingo cards; divot repair tools [golf accessories]; hunting game calls; roulette wheels; in-line roller skates; pinatas; punching bags; radio-controlled toy vehicles; rosin used by athletes; snowshoes; sling shots [sports articles]; amusement machines, automatic and coin-operated; kaleidoscopes; playing cards; confetti; electronic targets; scent lures for hunting or fishing; camouflage screens [sports articles]; men's athletic supporters [sports articles]; snowboards; scale model kits [toys]; pachinkos; ascenders [mountaineering equipment]; slot machines [gaming machines]; paper party hats; swimming kick boards; chips for gambling; scratch cards for playing lottery games; stuffed toys; trampolines; poles for pole vaulting; water wings; swimming belts; swimming jackets; video game machines; portable games with liquid crystal displays; arcade video game machines; controllers for game consoles; toy models; toy figures; ball pitching machines; dumb-bells; masks [playthings]; matryoshka dolls [wooden nested Russian dolls]; controllers for toys; action figure toys; electronic action toys; action toys; amusement park rides.

Klasse 35 Advertising; business management; business administration; office functions; business management assistance; business inquiries; bill-posting; import-export agencies; commercial information agencies; cost price analysis; dissemination of advertising matter; photocopying services; employment agencies; book-keeping; drawing up of statements of accounts; business auditing; business management and organization consultancy; personnel management consultancy; business management consultancy; typing; demonstration of goods; direct mail advertising; commercial or industrial management assistance; document reproduction; updating of advertising material; distribution of samples; business efficiency expert services; auctioneering; marketing studies;

materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for the folding of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical devices for changing and/or bending and/or punching printing plates and/or flexographic printing plates; machines and mechanical apparatus for the storing of printing plates for printing machines; conveying machines, conveyor belts, conveying apparatus for conveying printing plates for printing machines; machines and mechanical apparatus for cleaning rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet printing modules and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjustment, for inking apparatus and/or damping units and/or printer engine cylinders and/or for lacquering units in printer engines and/or in lacquering units and/or for inkjet printing modules and/or laser systems; parts for inking apparatus and/or damping units and/or inkjet printing modules and/or laser systems and cylinders in tempering machines, included in this class; machines and mechanical apparatus for adjusting cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and

marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting registers and/or register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for quality control of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; filters (parts of machines or engines); separators; suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith; filters for cleaning cooling air, for engines; blowing engines; fibre separators (machines); air compressors and air ejectors for machines; collecting machines for compacting, filling and pressing of particles, dust and fibres separated from machines; air conveying devices (air conditioning), namely compressors; air power-operated blowers; blowing machines; air compressors; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web

printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; accessories, included in this class, for the aforesaid filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting machines, for compacting, filling and pressing machine-separated particles, dust and fibres; machines and mechanical apparatus for producing security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for applying security labels and/or components thereof; machines and mechanical apparatus for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for quality control of machines for producing security labels, securities, banknotes, and/or components thereof; machines and mechanical apparatus for quality control of machines for applying security labels, and/or components thereof; machines and mechanical apparatus for quality control in machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for quality control of security labels, securities, banknotes, and/or components thereof; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Klasse 9 Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus; laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labellers (machines), engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot

stamping machines and apparatus, thermal transfer machines and apparatus; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for installations, equipment, apparatus, filters, separators, extraction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for producing product security means, authentication features, security features, security labels, securities, banknotes and/or components thereof; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, for applying product security means, authentication features, security features, security labels and/or components thereof; electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in this class, in the form of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components thereof; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded) and software for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating

machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for applying product security means, identification features, security features, security labels and/or components thereof; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, consultancy software (recorded), sales software (recorded), and software of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser

marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components thereof; electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines,

lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components thereof; consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating ink slides, ink rollers, damping rollers, register adjustment devices in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for

use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of devices for the changing and/or transporting and/or storage of printing plates; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for cleaning rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for storing and/or adjusting rollers in inking apparatus or damping units

and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of inking apparatus and/or damping units and/or printer engine cylinders in printer engines; consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for tempering of inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printer engines; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating registers and register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remote control,

remote operation, remote monitoring, control and/or regulation for the purposes of quality control in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; consultancy software (recorded), sales software (recorded), software for data processing devices for pre-press, for the printing of printed matter,

for the further processing of printed matter, for production control, production planning; consultancy software (recorded), sales software (recorded), software for data processing devices for printing machines, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; consultancy software (recorded), sales software (recorded) and software for interfaces and/or data transfer for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and de-aerating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowers and compactors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for applying product security means, identification features, security features, security labels and/or components therefor; consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; software

(recorded) for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printed material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; software (recorded) for the transport, packaging and storage of remote controls, remote operators, remote monitoring apparatus, controllers and/or regulators for devices for the transport, packaging and storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; electronic data carriers being product security means, identification features, security features, security labels, securities, banknotes; magnetic data carriers being product security means, identification features, security features, security labels, securities, banknotes; RFID systems (radio frequency identification); encoded identification chips and cards; apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC (near field communication) apparatus, including in particular with return of change; automated teller machines [ATM]; money-receiving apparatus; money-dispensing and -receiving apparatus; fittings for

the aforesaid apparatus, included in this class, in particular cartridges for collecting payment means, in particular bank notes and/or coins and/or tokens of value; electric apparatus, namely data processing equipment for communication with recording media, in particular for communication with recording media with integrated circuits and recording media with contactless interfaces, and in particular data processing equipment for writing data in or on recording media, for reading data from or on recording media and for displaying data from recording media on a display; data processing equipment for personalising recording media; machine-readable recording media, in particular recording media with integrated circuits for storing, encrypting and decrypting, processing and providing data and programs; cards having an integrated circuit (chip cards), in particular cards having microprocessors for communication with external data processing devices or with mobile radio terminals; coded telecommunication cards; coded and uncoded digital recording media with contactless interfaces; integrated circuits with characteristic physical properties for protection against forgery; memories for data processing installations, in particular non-volatile memories (digital storage media); digital recording media containing memories, in particular non-volatile memories (digital storage media); electric apparatus for processing, in particular encryption and decryption, data for both online and offline operation; software for computer network applications, in particular for internet, intranet and extranet applications; data processing software, in particular for telecommunications with chip card-activated mobile telephones and in particular for associated chip cards and mobile telephones, and computer programs for activating, modifying, testing and displaying data and software structures stored in these telecommunications cards; software for the encryption and decryption and the signing of data; operating system software and application software for digital recording media with integrated circuits, in particular for hardware tokens and chip cards, and for data processing equipment for communication with these digital recording media; computer programs for the development, management and maintenance of all the aforesaid types of software; digital recording media featuring the aforesaid software; electronically/optically stored pre-recorded advertising and communications media, included in this class, in particular films, videos, included in this class; inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers; accessories, included in this class, for inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers; encoding machines, in particular for the graphics sector, the packaging sector and data processing; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Klasse 35 Advertising and business administration; arranging of contracts, for others, in relation to the buying and selling of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet

changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; arranging of contracts, for others, for the buying and selling of installations, equipment, apparatus, filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; arranging of contracts, for others, for the buying and selling of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; arranging of contracts, for others, for the buying and selling of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; arranging of contracts, for others, for the buying and selling of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; arranging of contracts, for others, for the buying and selling of machines for applying product security means, identification features, security features, security labels and/or components therefor; arranging of contracts, for others, for the buying and selling of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; arranging of contracts, for others, for the buying and selling of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; sales promotion for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre

separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; sales promotion for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; sales promotion for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; sales promotion for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for machines for applying product security means, identification features, security features, security labels and/or components therefor; sales promotion for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; sales promotion for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional consultancy in the context of the sale of goods, in particular the sale of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; professional business consultancy within the framework of the sale of goods, in particular the sale of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; professional business consultancy within the framework of the sale of goods, in particular the sale of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; professional business

consultancy within the framework of the sale of goods, in particular the sale of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; professional business consultancy in the context of the sale of goods, in particular the sale of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of machines for applying product security means, identification features, security features, security labels and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; professional business consultancy in the context of the sale of goods, in particular the sale of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information in relation to pre-press printing, data preparation, including continuous data preparation, variable data printing, including from databases, printing of printed matter, further processing of printed matter, production control, production planning, interfaces, data transfer and/or in relation to devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; business organisational consultancy, professional business consultancy, business management information in relation to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and

apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating equipment, control equipment, monitoring equipment, quality control equipment, production control equipment and/or temperature monitoring equipment being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for applying product security means, identification features, security features, security labels, and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control

apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus and/or production control apparatus being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information in relation to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment for subassemblies and parts for installations, equipment, apparatus, filters, separators, suction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for the buying and selling of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; business organisational consultancy, professional business consultancy, business management information with regard to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb

structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels and/or components therefor; business organisational consultancy, professional business consultancy, business management information in relation to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink slides, ink rollers, damping rollers, register adjustment devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings and/or for quality control for and/or in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering for inking apparatus or damping units and/or cylinders in printer engines and/or inkjet printing heads and/or laser systems; business organisational consultancy, professional business consultancy, business management information in relation to remote control, remote operation, remote

monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment, for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for air-technology installations, air-technology equipment, air conditioning, heating, refrigerating, aeration and de-aeration, humidifying and dehumidifying installations and equipment, air treatment installations, air conveying devices, in particular fans, blowers and compressors, air heaters, air coolers, air filters and nozzle chambers for humidification; business organisational consultancy, professional business consultancy, business management information with regard to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components therefor; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or

components thereof; business organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; advertising in relation to printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; advertising for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; advertising for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; advertising for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; advertising for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; advertising for machines for applying product security means, identification features, security features, security labels and/or components thereof; advertising for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; advertising for product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; computerized file management; presentation of goods and services, included in this class.

Klasse 37 Installation, maintenance and repair of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow

bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; installation, maintenance and repair of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; installation, maintenance and repair of air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, namely fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of machines for producing security labels, securities, banknotes; installation, maintenance and repair of machines for applying security labels; installation, maintenance and repair of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair (included in this class) of pre-printing data processing equipment, parts or fittings for pre-printing data processing equipment, data processing equipment for data preparation, including continuous data preparation, variable data printing, including database printing, further processing of printed matter, production controls, parts and fittings for interfaces and/or parts or fittings for data transfer for devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus

for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for producing product security means,

identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat

accumulators, heat exchangers and parts thereof, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components thereof; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink levers, ink rollers, damping rollers, register adjusting devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, and/or inkjet print heads and/or laser systems, for cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering, for inking apparatus and/or damping units and/or cylinders in printer engines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines

for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts thereof, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and devices of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components thereof; machinery installation, maintenance and repair; rebuilding machines; commissioning of machines within the framework of installation; commissioning of machines in the context of maintenance; cleaning of machines; cleaning of buildings; vehicle cleaning; installation and/or

maintenance of apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or nfc (near field communication) apparatus, including in particular with return of change; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of money-dispensing and money-receiving apparatus; installation and/or maintenance of vending machines; installation and/or maintenance of accessories for the aforesaid apparatus, in particular cash boxes for receiving payment means, in particular banknotes and/or coins and/or tokens of value.
