Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

Generell informasjon om kunngjøringer etter Madridprotokollen

Int.reg.nr.: Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.

Int.reg.dato: Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).

Dersom den internasjonale registreringen besluttet gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.

Etterfølgende

utpekingsdato: Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.

Prioritet: Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkers hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.

Besluttet

gjeldende

dato i Norge: Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

Klasse 7 Printing machines; offset printers; web fed rotary printing machines; sheet fed rotary printing machines; screen printing machines; pad printing machines; flexographic printing machines; intaglio printing machines; printing machines for use on sheet metal; printing machines for use on cans; printing machines for use on hollow bodies; printing machines for corrugated cardboard; inkjet printing machines and apparatus; laser marking machines and apparatus; laser printing machines and apparatus; marking machines; painting machines; packing machines; coating machines, in particular working rotationally, for webtype and separate materials; digital printing and marking machines based on electrophotography, magnetography, xerography, ink jet; exposure apparatus, being parts for printing machines for contact printing or creating circuit and print templates; numbering, imprinting and marking machines, in particular for the graphics sector, the packaging sector and data processing; labellers [machines]; engraving machines; machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; pallet changing and transfer machines; stacking machines; machines for handling sheets and

plates of metal; foodstuff distribution machines; machines and apparatus for the surface treatment of metals; hot stamping machines and apparatus; thermal transfer machines and apparatus; rotary die-cutters for punching of printed matter or paper or plastics; sheet metal punches for stamping printed matter or paper or plastics; addressing and marking machines for printed matter; machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; printing plates; flexographic printing plates; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely control apparatus, printing mechanisms, inking apparatus, damping units, lacquering units, reel changers, folding apparatus; machines and mechanical apparatus for storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; conveyors (machines), belts for conveyors, conveying apparatus for conveying printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or

inorganic materials; machines and mechanical apparatus for the folding of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical devices for changing and/or bending and/or punching printing plates and/or flexographic printing plates; machines and mechanical apparatus for the storing of printing plates for printing machines; conveying machines, conveyor belts, conveying apparatus for conveying printing plates for printing machines; machines and mechanical apparatus for cleaning rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet printing modules and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjustment, for inking apparatus and/or damping units and/or printer engine cylinders and/or for lacquering units in printer engines and/or in lacquering units and/or for inkjet printing modules and/or laser systems; parts for inking apparatus and/or damping units and/or inkjet printing modules and/or laser systems and cylinders in tempering machines, included in this class; machines and mechanical apparatus for adjusting cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving

machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting registers and/or register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for quality control of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; filters (parts of machines or engines); separators; suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith; filters for cleaning cooling air, for engines; blowing engines; fibre separators (machines); collecting machines for compacting, filling and pressing of particles, dust and fibres separated from machines; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing

machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; accessories, included in this class, for the aforesaid filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting machines, for compacting, filling and pressing machine-separated particles, dust and fibres; machines and mechanical apparatus for producing security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for applying security labels and/or components thereof; machines and mechanical apparatus for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for quality control of machines for producing security labels, securities, banknotes, and/or components thereof; machines and mechanical apparatus for quality control of machines for applying security labels, and/or components thereof; machines and mechanical apparatus for quality control in machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for quality control of security labels, securities, banknotes, and/or components thereof; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Klasse 37 Installation, maintenance and repair of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts thereof; installation, maintenance and repair of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for

machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; installation, maintenance and repair of air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, namely fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts thereof, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of machines for producing security labels, securities, banknotes; installation, maintenance and repair of machines for applying security labels; installation, maintenance and repair of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair (included in this class) of pre-printing data processing equipment, parts or fittings for pre-printing data processing equipment, data processing equipment for data preparation, including continuous data preparation, variable data printing, including database printing, further processing of printed matter, production controls, parts and fittings for interfaces and/or parts or fittings for data transfer for devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines,

lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for applying product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or

components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification

features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink levers, ink rollers, damping rollers, register adjusting devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, and/or inkjet print heads and/or laser systems, for cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering, for inking apparatus and/or damping units and/or cylinders in printer engines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air

separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts thereof, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and devices of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components thereof; machinery installation, maintenance and repair; rebuilding machines; commissioning of machines within the framework of installation; commissioning of machines in the context of maintenance; cleaning of machines; cleaning of buildings; vehicle cleaning; installation and/or maintenance of apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC (near field communication) apparatus, including in particular with return of change; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of money-dispensing and money-receiving apparatus; installation and/or maintenance of vending machines; installation and/or maintenance of accessories for the aforesaid apparatus, in particular cash boxes for receiving payment means, in particular banknotes and/or coins and/or tokens of value.

Klasse 2 Printing inks, inks for printing in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, coating machines, digital printing and marking machines; varnish, varnish, dyestuffs and/or pigments; inks, in particular printing inks and pastes, in particular electrically conductive or semi-conductive inks, electrically insulating inks, inks with magnetic or magnetisable properties, inks with piezoelectric properties, optically variable inks, dirt-repellent inks, inks with biocidal properties, olfactory inks, pharmacological and/or active substance-releasing inks, and siccatives for printing inks and pastes, binding agents for printing inks and pastes, engraving ink; printing inks for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; binding agents for printing colours, inks and pastes; engraving ink; primers; shellac; primary resist lacquers; metals in foil form for printing; mordants.

Klasse 7 Printing machines; offset printers; web fed rotary printing machines; sheet fed rotary printing machines; screen printing machines; pad printing machines; flexographic printing machines; intaglio printing machines; printing machines for use on sheet metal; printing machines for use on cans; printing machines for use on hollow bodies; printing machines for corrugated cardboard; inkjet printing machines and apparatus; laser marking machines and apparatus; laser printing machines and apparatus; marking machines; painting machines; packing machines; coating machines, in particular working rotationally, for webtype and separate materials; digital printing and marking machines based on electrophotography, magnetography, xerography, ink jet; exposure apparatus, being parts for printing machines for contact printing or creating circuit and print templates; numbering, imprinting and marking machines, in particular for the graphics sector, the packaging sector and data processing; labellers [machines]; engraving machines; machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; pallet changing and transfer machines; stacking machines; machines for handling sheets and plates of metal; foodstuff distribution machines; machines and apparatus for the surface treatment of metals; hot stamping machines and apparatus; thermal transfer machines and apparatus; rotary die-cutters for punching of printed matter or paper or plastics; sheet

metal punches for stamping printed matter or paper or plastics; addressing and marking machines for printed matter; machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; printing plates; flexographic printing plates; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely control apparatus, printing mechanisms, inking apparatus, damping units, lacquering units, reel changers, folding apparatus; machines and mechanical apparatus for storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; conveyors (machines), belts for conveyors, conveying apparatus for conveying printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for the folding of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical devices for changing and/or bending and/or punching printing

plates and/or flexographic printing plates; machines and mechanical apparatus for the side 4/11 storing of printing plates for printing machines; conveying machines, conveyor belts, conveying apparatus for conveying printing plates for printing machines; machines and mechanical apparatus for cleaning rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or lacquering units and/or inkjet printing modules and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjustment, for inking apparatus and/or damping units and/or printer engine cylinders and/or for lacquering units in printer engines and/or in lacquering units and/or for inkjet printing modules and/or laser systems; parts for inking apparatus and/or damping units and/or inkjet printing modules and/or laser systems and cylinders in tempering machines, included in this class; machines and mechanical apparatus for adjusting cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multicolour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical

apparatus for adjusting registers and/or register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multicolour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for quality control of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; machines and mechanical apparatus for adjusting web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; filters (parts of machines or engines); separators; suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith; filters for cleaning cooling air, for engines; blowing engines; fibre separators (machines); collecting machines for compacting, filling and pressing of particles, dust and fibres separated from machines; accessories, included in this class, for the aforesaid printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing

machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and side 6/11 apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; accessories, included in this class, for the aforesaid filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting machines, for compacting, filling and pressing machine-separated particles, dust and fibres; machines and mechanical apparatus for producing security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for applying security labels and/or components thereof; machines and mechanical apparatus for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for quality control of machines for producing security labels, securities, banknotes, and/or components thereof; machines and mechanical apparatus for quality control of machines for applying Security labels, and/or components thereof; machines and mechanical apparatus for quality control in machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; machines and mechanical apparatus for quality control of security labels, securities, banknotes, and/or components thereof; parts for the aforesaid goods and accessories for the aforesaid goods, included in this class.

Klasse 37 Installation, maintenance and repair of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts thereof; installation, maintenance and repair of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machineseparated particles, dust and fibres; installation, maintenance and repair of airconditioning, heating, refrigerating, aerating and ventilating,

humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, namely fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts thereof, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of machines for producing security labels, securities, banknotes; installation, maintenance and repair of machines for applying security labels; installation, maintenance and repair of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components thereof; installation, maintenance and repair (included in this class) of pre-printing data processing equipment, parts or fittings for pre-printing data processing equipment, data processing equipment for data preparation, including continuous data preparation, variable data printing, including database printing, further processing of printed matter, production controls, parts and fittings for interfaces and/or parts or fittings for data transfer for devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry,

machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls, being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing

machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machines separated particles, dust and fibres; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or Components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of electric and electronic measuring and testing apparatus and

instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink levers, ink rollers, damping rollers, register adjusting devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, and/or inkjet print heads and/or laser systems, for cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings, being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering, for inking apparatus and/or damping units and/or cylinders in printer engines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for installations, equipment, apparatus, filters, separators, suction and conveying devices for the air-technology cleaning, dust removal and air separation of machines and rooms equipped therewith, air filters, blowers and fibre separators, air compressors and air ejectors for machines, collecting devices,

machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ventilation apparatus, airconditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying product security means, identification features, security features, security labels and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; installation, maintenance and repair of remote control, remote operation, remote monitoring, control and/or regulating apparatus and devices of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; machinery installation, maintenance and repair; rebuilding machines; commissioning of machines within the framework of installation; commissioning of machines in the context of maintenance; cleaning of machines; cleaning of buildings; vehicle cleaning; installation and/or maintenance of apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC (near field communication) apparatus, including in particular with return of change; installation and/or maintenance of money-dispensing apparatus; installation and/or maintenance of money-receiving apparatus; installation and/or maintenance of moneydispensing and money-receiving apparatus; installation and/or maintenance of vending machines; installation and/or maintenance of accessories for the aforesaid apparatus, in particular cash boxes for receiving payment means, in particular banknotes and/or coins and/or tokens of value.

Varer / tjenester som omfattes:
 7 3D printers; distribution machines, automatic; welding machines, electric; welding apparatus, gas-operated; vulcanisation apparatus; acetylene cleaning apparatus; high pressure washers; apparatus for drawing up beer under pressure; apparatus for aerating water; apparatus for aerating beverages; electrical apparatus for sealing plastics [packaging]; electric arc cutting apparatus; electric arc welding apparatus; electric welding apparatus; inking apparatus for printing machines; soldering apparatus, electric; fittings for engine boilers; expansion tanks [parts of machines]; drums [parts of machines]; reels, mechanical, for flexible hoses; brake shoes other than for vehicles; concrete mixers [machines]; reels [parts of machines]; bobbins for weaving looms; harrows; journal boxes [parts of machines]; bulldozers; hoppers [mechanical discharging]; mine borers; truck lifts; rolling mill cylinders; crank shafts; printing rollers for machines; transmission shafts, other than for land vehicles; valves [parts of machines]; fans for motors and engines; saw benches [parts of machines]; winnowers; vibrators [machines] for industrial use; bearings [parts of machines]; water heaters [parts of machines]; bellows [parts of machines]; agitators; exhausts for motors and engines; drilling rigs, floating or non-floating; lawnmowers [machines]; card clothing [parts of carding machines]; emergency power generators; alternators; dynamos; bicycle dynamos; current generators; generators of electricity; hydraulic controls for machines, motors and engines; silencers for motors and engines; drilling heads [parts of machines]; drilling bits [parts of machines]; cylinder heads for engines; soldering blow pipes, gas-

operated; gas-operated blow torches; raking machines; stalk separators [machines]; sieves [machines or parts of machines]; mud catchers and collectors [machines]; tarring machines; hydraulic engines and motors; aeronautical engines; aeroplane engines; engines for air cushion vehicles; compressed air engines; jet engines other than for land vehicles; engines for boats; driving motors other than for land vehicles; motors, other than for land vehicles; propulsion mechanisms other than for land vehicles; de-aerators for feedwater; disintegrators; tympan [parts of printing presses]; holding devices for machine tools; turf removing ploughs; pump diaphragms; chisels for machines; jacks [machines]; rack and pinion jacks; moving pavements [sidewalks]; electric hand drills; crushers for kitchen use, electric; flues for engine boilers; reapers; reapers and binders; millstones; rakes for raking machines; kitchen grinders, electric; shredders [machines] for industrial use; injectors for engines; incubators for eggs; tools [parts of machines]; hand-held tools, other than hand-operated; air condensers; control cables for machines, engines or motors; capstans; calendars; rotary steam presses, portable, for fabrics; ditchers [ploughs]; carburettors; carriages for knitting machines; crankcases for machines, motors and engines; steamrollers; pressure valves [parts of machines]; clack valves [parts of machines]; pressure reducers [parts of machines]; can openers, electric; cowlings [parts of machines]; machine wheels; freewheels other than for land vehicles; scale collectors for machine boilers; shoe lasts [parts of machines]; brake pads other than for vehicles; piston segments; grease rings [parts of machines]; reapers and threshers; coal-cutting machines; compressors [machines]; air pumps [garage installations]; compressors for refrigerators; conveyors [machines]; belt conveyors; converters for steelworks; steam condensers [parts of machines]; aerocondensers; diggers [machines]; rams [machines]; thermic lances [machines]; mechanized livestock feeders; boxes for matrices [printing]; gear boxes other than for land vehicles; grease boxes [parts of machines]; housings [parts of machines]; harvesting machines; steam engine boilers; coffee grinders, other than hand-operated; taps [parts of machines, engines or motors]; cranes [lifting and hoisting apparatus]; roller bridges; water separators; spray guns for paint; cranks [parts of machines]; potters' wheels; grindstones [parts of machines]; cultivators [machines]; soldering lamps; winches; ploughshares; belts for conveyors; lubricators [parts of machines]; igniting magnetos; handling machines, automatic [manipulators]; churns; matrices for use in printing; machine fly-wheels; hair clipping machines for animals; paper machines; blowing machines; knitting machines; galvanizing machines; bending machines; ironing machines; mineworking machines; blowing machines for the compression, exhaustion and transport of gases; blowing machines or fans for the compression, sucking and carrying of grain; net hauling machines [fishing]; electroplating machines; bottle sealing machines; sealing machines for industrial purposes; embossing machines; engraving machines; finishing machines; garbage [waste] disposals; blade sharpening [stropping] machines; earth moving machines; cord making machines; lace making machines; butter machines; cigarette machines for industrial purposes; sausage machines; stereotype machines; hosiery looms; grinding machines; dyeing machines; bottle washing machines; dishwashers; bottle filling machines; racket stringing machines; leather-working machines; dairy machines; glass-working machines; tobacco processing machines; grain husking machines; painting machines; oil refining machines; peeling machines; machines for processing plastics; ore treating machines; printing

machines for use on sheet metal; brewing machines; whitewashing machines; road sweeping machines [self-propelled]; leather paring machines; bitumen making machines; papermaking machines; machines for making pasta; machines for the production of sugar; weeding machines; sifting machines; cinder sifters [machines]; puddling machines; notchers [machine tools]; bread cutting machines; road making machines; railroad constructing machines; machines for the textile industry; rail-laying machines; bottle capping machines; bottle stoppering machines; packaging machines; waste compacting machines; die-stamping machines; stamping machines; darning machines; milking machines; drainage machines; wrapping machines; grain separators; bookbinding apparatus and machines for industrial purposes; machines and apparatus for cleaning, electric; machines and apparatus for carpet shampooing, electric; machines and apparatus for polishing [electric]; sizing machines; punching machines; riveting machines; kitchen machines, electric; foundry machines; smoothing presses; fleshing machines; rinsing machines; flour mill machines; type-setting machines [printing]; hemming machines; grating machines for vegetables; braiding machines; wringing machines for laundry; cutting machines; steam engines; printing machines; rotary printing presses; compressed air machines; trimming machines; spinning machines; filling machines; friezing machines; cutters [machines]; satinizing machines; agricultural machines; mixing machines; sorting machines for industry; stitching machines; washing machines [laundry]; coin-operated washing machines; clippers [machines]; spinning frames; spin driers [not heated]; looms; kneading machines; typographic machines; type-setting machines [photocomposition]; beating machines; beaters, electric; packing machines; filtering machines; molding machines; carding machines; sewing machines; typecasting machines; electromechanical machines for chemical industry; labellers [machines]; mills [machines]; mills for household purposes, other than hand-operated; pepper mills other than hand-operated; centrifugal mills; machine wheelwork; feeders [parts of machines]; forge bellows; mixers [machines]; blenders, electric, for household purposes; vacuum cleaner bags; threshing machines; pneumatic hammers; hammers [parts of machines]; tilt hammers; power hammers; reeling apparatus, mechanical; motorized cultivators; motors for boats; clutches other than for land vehicles; meat choppers [machines]; superchargers; brake linings other than for vehicles; guides for machines; vacuum cleaner attachments for disseminating perfumes and disinfectants; pumps [machines]; pumps [parts of machines, engines or motors]; aerating pumps for aquaria; vacuum pumps [machines]; compressed air pumps; pumps for heating installations; beer pumps; lubricating pumps; self-regulating fuel pumps; fuel dispensing pumps for service stations; centrifugal pumps; blades [parts of machines]; knives for mowing machines; chaff cutter blades; knives, electric; shears, electric; scissors, electric; engine mounts other than for land vehicles; bearing brackets for machines; pulverisers [machines]; agricultural implements other than hand-operated; axles for machines; steam traps; chucks [parts of machines]; drill chucks [parts of machines]; exhaust manifold for engines; soldering irons, gas-operated; soldering irons, electric; superheaters; gears, other than for land vehicles; reduction gears other than for land vehicles; drilling machines; saws [machines]; chain saws; guns [tools using explosives]; glue guns, electric; compressed air guns for the extrusion of mastics; carburetter feeders; feeding apparatus for engine boilers; loading ramps; ploughs; pneumatic transporters; pneumatic controls for machines, motors and engines; hangers [parts of machines]; anti-friction bearings for machines; roller bearings; self-oiling bearings; bearings for transmission shafts; ball-bearings; elevators [lifts]; hoists; lifts, other than ski-lifts; pulleys; saw blades [parts of machines]; pistons [parts of machines or engines]; shock absorber plungers [parts of machines]; pistons for engines; pistons for cylinders; catalytic converters; torque

converters other than for land vehicles; fuel conversion apparatus for internal combustion engines; presses [machines for industrial purposes]; wine presses; basket presses; fodder presses; printing presses; typographic presses; swaging machines; pedal drives for sewing machines; cleaning appliances utilizing steam; food processors, electric; springs [parts of machines]; spinning wheels; punches for punching machines; vacuum cleaners; tambours for embroidery machines; radiators [cooling] for motors and engines; sewage pulverizers; air brushes for applying colour; regulators [parts of machines]; pressure regulators [parts of machines]; speed governors for machines, engines and motors; knives [parts of machines]; cutting blow pipes, gas-operated; blade holders [parts of machines]; loom shafts; gears for weaving looms; belts for machines; elevator belts; fan belts for motors and engines; dynamo belts; belts for motors and engines; adhesive bands for pulleys; robots [machines]; kick starters for motorcycles; stuffing boxes [parts of machines]; paper feeders [printing]; whisks, electric, for household purposes; sparking plugs for internal combustion engines; glow plugs for diesel engines; brake segments other than for vehicles; tedding machines; separators; steam/oil separators; cream/milk separators; ball rings for bearings; sowers [machines]; snow ploughs; sheaf-binding machines; shaft couplings [machines]; fruit presses, electric, for household purposes; chaff cutters; teat cups [suction cups] for milking machines; stands for machines; machine tools; die-cutting and tapping machines; woodworking machines; sharpening machines; bicycle assembling machines; mortising machines; stone-working machines; metalworking machines; threading machines; planing machines; lathes [machine tools]; milling machines; trueing machines; metal drawing machines; rolling mills; starters for motors and engines; stators [parts of machines]; glaziers' diamonds [parts of machines]; tables for machines; derricks; slide rests [parts of machines]; couplings other than for land vehicles; boiler tubes [parts of machines]; wind turbines; hydraulic turbines; turbines other than for land vehicles; turbocompressors; connecting rods for machines, motors and engines; joints [parts of engines]; central vacuum cleaning installations; suction machines for industrial purposes; washing installations for vehicles; degreasers [machines]; dust exhausting installations for cleaning purposes; machines for the production of mineral water; sifting installations; pneumatic tube conveyors; dust removing installations for cleaning purposes; condensing installations; lifting apparatus; air suction machines; dividing machines; igniting devices for internal combustion engines; door closers, electric; washing apparatus; binding apparatus for hay; extractors for mines; window openers, electric; window closers, electric; window openers, hydraulic; window closers, hydraulic; window openers, pneumatic; window closers, pneumatic; door closers, hydraulic; door closers, pneumatic; door openers, electric; door openers, hydraulic; door openers, pneumatic; curtain drawing devices, electrically operated; adhesive tape dispensers [machines]; anti-pollution devices for motors and engines; beverage preparation machines, electromechanical; food preparation machines, electromechanical; elevator operating apparatus; control mechanisms for machines, engines or motors; shoe polishers, electric; machines and apparatus for wax-polishing, electric; air cushion devices for moving loads; handling apparatus for loading and unloading; elevating apparatus; aprons [parts of machines]; filter presses; filters [parts of machines or engines]; filters for cleaning cooling air, for engines; molds [parts of machines]; printing plates; journals [parts of machines]; centrifugal machines; elevator chains [parts of machines]; driving chains other than for land vehicles; transmission chains other than for land vehicles; cylinders for motors and engines; cylinders for machines; printing cylinders; pneumatic jacks; shuttles [parts of machines]; universal joints [cardan joints]; pulleys [parts of machines]; vacuum cleaner hoses; brushes [parts of machines]; dynamo brushes; brushes, electrically operated [parts of machines]; carbon brushes [electricity];

ejectors; fuel economisers for motors and engines; excavators; shovels, mechanical; agricultural elevators; motors, electric, other than for land vehicles; electrodes for welding machines; electric hammers; parquet wax-polishers, electric; cartridges for filtering machines; moving staircases [escalators]; automatic grapnels for marine purposes.

9 DVD players; 3D spectacles; ticket dispensers; coin-operated musical automata [juke boxes]; fire engines; answering machines; electrical adapters; accumulators, electric; accumulators, electric, for vehicles; accelerometers; actinometers; alidades; altimeters; ammeters; anemometers; anodes; antennas; anticathodes; apertometers [optics]; high-frequency apparatus; testing apparatus not for medical purposes; remote control apparatus; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; monitoring apparatus, electric; sound recording apparatus; Global Positioning System [GPS] apparatus; distillation apparatus for scientific purposes; diffraction apparatus [microscopy]; air analysis apparatus; apparatus to check franking; sound transmitting apparatus; apparatus for fermentation [laboratory apparatus]; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration; apparatus and installations for the production of X-rays, not for medical purposes; cash registers; electric apparatus for commutation; intercommunication apparatus; stills for laboratory experiments; projection apparatus; radiological apparatus for industrial purposes; X-ray apparatus not for medical purposes; blueprint apparatus; flashing lights [luminous signals]; stereoscopic apparatus; telephone apparatus; facsimile machines; phototelegraphy apparatus; igniting apparatus, electric, for igniting at a distance; acid hydrometers; salinometers; acidimeters for batteries; aerometers; beacons, luminous; battery jars; barometers; anode batteries; galvanic batteries; batteries for lighting; solar batteries; solar panels for the production of electricity; batteries, electric; balances [steelyards]; betatrons; binoculars; electronic tags for goods; lens hoods; magnetic tape units for computers; computer memory devices; fire hose nozzles; encoded identification bracelets, magnetic; safety tarpaulins; bullet-proof clothing; signalling buoys; life buoys; marking buoys; directional compasses; vacuum gauges; electrolyzers; variometers; verniers; scales; letter scales; weighbridges; precision balances; levelling staffs [surveying instruments]; camcorders; video baby monitors; video cassettes; video telephones; video screens; viewfinders, photographic; sockets, plugs and other contacts [electric connections]; micrometer screws for optical instruments; viscosimeters; circuit closers; wavemeters; voltmeters; mechanical signs; signs, luminous; switchboxes [electricity]; current rectifiers; gas testing instruments; gasometers [measuring instruments]; galvanometers; hands free kits for phones; heliographic apparatus; hygrometers; hydrometers; weights; peepholes [magnifying lenses] for doors; holograms; plotters; loudspeakers; sounding leads; plumb bobs; range finders; densimeters; densitometers; optical goods; detectors; smoke detectors; counterfeit [false] coin detectors; transparencies [photography]; slide projectors; diaphragms [photography]; dictating machines; dynamometers; light-emitting diodes [LED]; floppy disks; sound recording discs; disks, magnetic; optical discs; circular slide rules; disk drives for computers; juke boxes for computers; DNA chips; electronic notice boards; bullet-proof waistcoats; life jackets; identification threads for electric wires; nose clips for divers and swimmers; locks, electric; bells [warning devices]; alarm bells, electric; electric door bells; signal bells; acoustic conduits; mirrors for inspecting work; road signs, luminous or mechanical; marine depth finders; probes for scientific purposes; buzzers; needles for record players; measures; pressure measuring apparatus; simulators for the steering and control of vehicles; inverters [electricity]; pressure indicators; temperature indicators; incubators for bacteria culture; measuring instruments; cosmographic

instruments; mathematical instruments; levelling instruments; instruments containing eyepieces; surveying instruments; azimuth instruments; interfaces for computers; ionization apparatus not for the treatment of air or water; spark-guards; coaxial cables; fibre [fiber (Am.)] optic cables; cables, electric; calipers; slide calipers; screw-tapping gauges; calculating machines; pocket calculators; decompression chambers; cinematographic cameras; life-saving capsules for natural disasters; electronic pens [visual display units]; holders for electric coils; identity cards, magnetic; video game cartridges; toner cartridges, unfilled, for printers and photocopiers; memory cards for video game machines; encoded magnetic cards; riding helmets; protective helmets; carriers for dark plates [photography]; automated teller machines [ATM]; cathodes; spools [photography]; choking coils [impedance]; coils, electric; electromagnetic coils; cinematographic film, exposed; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; encoded key cards; electronic book readers; electronic agendas; push buttons for bells; mouse pads; magnetic encoders; anti-glare visors; collectors, electric; calibrating rings; protective suits for aviators; commutators; compact discs [audio-video]; compact discs [read-only memory]; comparators; marine compasses; computers; laptop computers; tablet computers; notebook computers; condensers [capacitors]; contacts, electric; wind socks for indicating wind direction; traffic cones; branch boxes [electricity]; distribution boxes [electricity]; junction boxes [electricity]; battery boxes; cabinets for loudspeakers; diving suits; galena crystals [detectors]; reflecting discs for wear, for the prevention of traffic accidents; covers for electric outlets; logs [measuring instruments]; lasers, not for medical purposes; lactodensimeters; lactometers; vacuum tubes [radio]; darkroom lamps [photography]; thermionic tubes; amplifying tubes; flashlights [photography]; head cleaning tapes [recording]; magnetic tapes; videotapes; surveying chains; fire escapes; rulers [measuring instruments]; slide-rules; contact lenses; correcting lenses [optics]; optical lenses; optical condensers; sounding lines; electricity conduits; measuring spoons; magnifying glasses [optics]; thread counters; magnets; decorative magnets; close-up lenses; crash test dummies; resuscitation mannequins [teaching apparatus]; mouse [computer peripheral]; pressure gauges; divers' masks; solderers' helmets; protective masks; materials for electricity mains [wires, cables]; voting machines; money counting and sorting machines; material testing instruments and machines; furniture especially made for laboratories; megaphones; portable media players; diaphragms [acoustics]; diaphragms for scientific apparatus; metal detectors for industrial or military purposes; metronomes; rules [measuring instruments]; carpenters' rules; dressmakers' measures; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; coin-operated mechanisms for television sets; shutter releases [photography]; micrometers; microprocessors; microscopes; microtomes; microphones; modems; lightning conductors [rods]; monitors [computer hardware]; monitors [computer programs]; terminals [electricity]; junction sleeves for electric cables; teeth protectors; temperature indicator labels, not for medical purposes; knee-pads for workers; headphones; surveyors' levels; sound recording carriers; magnetic data media; optical data media; socks, electrically heated; computer software, recorded; sheaths for electric cables; identification sheaths for electric wires; weighing machines; computer hardware; punched card machines for offices; life saving apparatus and equipment; shoes for protection against accidents, irradiation and fire; objectives [lenses] [optics]; lenses for astrophotography; egg-candlers; fire extinguishers; electrified fences; limiters [electricity]; clothing for protection against accidents, irradiation and fire; garments for protection against fire; asbestos clothing for protection against fire; clothing especially made for laboratories; ozonisers [ozonators]; octants; eyepieces; ohmmeters; wrist rests for use with computers; spectacle frames;

eyeglass frames; oscillographs; plumb lines; mirrors [optics]; spectacles [optics]; sunglasses; goggles for sports; signalling panels, luminous or mechanical; radio pagers; pince-nez; electronic pocket translators; transmitters [telecommunication]; telephone transmitters; transmitters of electronic signals; switches, electric; periscopes; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; asbestos gloves for protection against accidents; furnaces for laboratory use; pipettes; pyrometers; planimeters; plane tables [surveying instruments]; plates for batteries; wafers for integrated circuits; printed circuit boards; compact disc players; cassette players; sound recording strips; X-ray films, exposed; films, exposed; life-saving rafts; laboratory trays; digital signs; semi-conductors; polarimeters; fire pumps; measuring glassware; life belts; fuses; circuit breakers; converters, electric; telerupters; food analysis apparatus; diagnostic apparatus, not for medical purposes; distance recording apparatus; distance measuring apparatus; speed measuring apparatus [photography]; appliances for measuring the thickness of leather; apparatus for measuring the thickness of skins; speed checking apparatus for vehicles; teaching apparatus; time recording apparatus; apparatus and instruments for astronomy; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; navigational instruments; optical apparatus and instruments; apparatus and instruments for physics; chemistry apparatus and instruments; measuring apparatus; measuring devices, electric; boiler control instruments; meteorological instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; satellite navigational apparatus; regulating apparatus, electric; precision measuring apparatus; audio- and video-receivers; prisms [optics]; printers for use with computers; hemline markers; retorts' stands; apparatus for changing record player needles; drainers for use in photography; cleaning apparatus for sound recording discs; fire beaters; sighting telescopes for firearms; telescopic sights for artillery; test tubes; pressure indicator plugs for valves; magnetic wires; telegraph wires; telephone wires; wires, electric; conductors, electric; copper wire, insulated; fuse wire; computer programmes [programs], recorded; computer game software; computer programs [downloadable software]; computer operating programs, recorded; record players; processors [central processing units]; rods for water diviners; electronic publications, downloadable; distribution consoles [electricity]; control panels [electricity]; radar apparatus; baby monitors; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; sprinkler systems for fire protection; frames for photographic transparencies; screens for photoengraving; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; stage lighting regulators; light dimmers [regulators], electric; speed regulators for record players; cell switches [electricity]; washing trays [photography]; marking gauges [joinery]; time switches, automatic; relays, electric; safety restraints, other than for vehicle seats and sports equipment; X-ray photographs, other than for medical purposes; rheostats; respirators for filtering air; respiratory masks, other than for artificial respiration; retorts; refractometers; refractors; grids for batteries; speaking tubes; horns for loudspeakers; saccharometers; optical fibers [fibres] [light conducting filaments]; traffic-light apparatus [signalling devices]; dog whistles; signalling whistles; sextants; inductors [electricity]; safety nets; nets for protection against accidents; fire alarms; signals, luminous or mechanical; sirens; scanners [data processing equipment]; smartphones; integrated circuit cards [smart cards]; connections for electric lines; couplings, electric; connectors [electricity]; sonars; sound locating instruments; lighting ballasts; resistances, electric; spectrograph apparatus; spectroscopes; speed indicators; alcoholmeters; satellites for scientific purposes; protection devices for personal use against accidents; audiovisual teaching apparatus; radiotelegraphy sets; radiotelephony

sets; spectacle lenses; anti-glare glasses; optical glass; personal stereos; stereoscopes; stands for photographic apparatus; stroboscopes; fire boats; sulfimeters; bags adapted for laptops; drying racks [photography]; spherometers; integrated circuits; printed circuits; counters; parking meters; kilometer recorders for vehicles; revolution counters; abacuses; egg timers [sandglasses]; taximeters; ear plugs for divers; tachometers; television apparatus; telegraphs [apparatus]; telescopes; teleprompters; teleprinters; mobile telephones; cordless telephones; theodolites; thermometers, not for medical purposes; thermostats; thermostats for vehicles; crucibles [laboratory]; tone arms for record players; totalizers; transistors [electronic]; transponders; protractors [measuring instruments]; transformers [electricity]; step-up transformers; vehicle breakdown warning triangles; triodes; starter cables for motors; discharge tubes, electric, other than for lighting; capillary tubes; neon signs; Pitot tubes; X-ray tubes not for medical purposes; telephone receivers; gauges; quantity indicators; automatic indicators of low pressure in vehicle tires [tyres]; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; slope indicators; levels [instruments for determining the horizontal]; mercury levels; spirit levels; urinometers; amplifiers; particle accelerators; electric installations for the remote control of industrial operations; steering apparatus, automatic, for vehicles; balancing apparatus; video recorders; sound reproduction apparatus; invoicing machines; tape recorders; protection devices against X-rays, not for medical purposes; railway traffic safety appliances; data processing apparatus; oxygen transvasing apparatus; theft prevention installations, electric; film cutting apparatus; drying apparatus for photographic prints; optical character readers; centering apparatus for photographic transparencies; dosage dispensers; battery chargers; chargers for electric batteries; acoustic [sound] alarms; sounding apparatus and machines; editing appliances for cinematographic films; cathodic anti-corrosion apparatus; couplers [data processing equipment]; anti-theft warning apparatus; computer peripheral devices; anti-interference devices [electricity]; demagnetizing apparatus for magnetic tapes; acoustic couplers; alarms; fog signals, non-explosive; whistle alarms; adding machines; readers [data processing equipment]; heat regulating apparatus; photocopiers [photographic, electrostatic, thermic]; bar code readers; computer software applications, downloadable; downloadable ring tones for mobile phones; downloadable image files; downloadable music files; animated cartoons; filters [photography]; filters for respiratory masks; filters for ultraviolet rays, for photography; USB flash drives; magic lanterns; optical lamps; signal lanterns; cameras [photography]; glazing apparatus for photographic prints; shutters [photography]; darkrooms [photography]; photometers; flash-bulbs [photography]; digital photo frames; enlarging apparatus [photography]; photovoltaic cells; containers for contact lenses; spectacle cases; pince-nez cases; containers for microscope slides; cases especially made for photographic apparatus and instruments; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; laboratory centrifuges; eyeglass chains; cyclotrons; compasses [measuring instruments]; frequency meters; time clocks [time recording devices]; Petri dishes; sleeves for laptops; fire blankets; chips [integrated circuits]; jigs [measuring instruments]; pedometers; meteorological balloons; electrified rails for mounting spot lights; asbestos screens for firemen; fire hose; protective helmets for sports; cell phone straps; eyeglass cords; tripods for cameras; switchboards; distribution boards [electricity]; screens [photography]; workmen's protective face-shields; projection screens; radiology screens for industrial purposes; fluorescent screens; exposure meters [light meters]; ducts [electricity]; galvanic cells; epidiascopes; ergometers; armatures [electricity].
