BY-LAWS CONCERNING THE GRANTING, THE USE, AND THE SUPERVISION OF THE COLLECTIVE BRAND "AUTHENTIC TRAPPIST PRODUCT"

(Amended on 17 May 2010 and 12.06.2012)

PREAMBLE

Throughout the world different names are used to indicate a "collective" brand that

1. distinguishes between one or more common characteristics of products or services and,
2. of which the holder does not make use but rather supervises the use of the brand by other parties having to satisfy certain criteria in order to be able to use it. For the sake of uniformity the present by-laws prefer the use of the word "trademark".

For the purposes of the present by-laws, the term shall be understood as the equivalent of the term in the regulations of the country in which the by-laws are presented and that includes the aforesaid characteristics of the "collective trademark", or most closely approximates the same.

Use of the certification mark should be permitted to any person who complies with the regulations, and trades in the specified goods, to ensure competition is maintained in the market place for the specified goods for the benefit of all consumers.

ARTICLE 1 :

THE TRAPPIST LABEL

1.1.

The international association TRAPPIST (hereinafter "the association") is the holder of the collective trademark "AUTHENTIC TRAPPIST PRODUCT" (hereinafter, "the Trappist label") whereof the graphic style has been reproduced hereinafter in appendix 1.

The Trappist label consists of an emblem upon which the

words "AUTHENTIC TRAPPIST PRODUCT" are mentioned with or without the addition of the name of the Trappist monastery of origin.

1.2.

The Trappist label is established and registered as a collective trademark in order to protect the users against the abuse of the name Trappist and to guarantee the Trappist origin of the goods that bear this label.

For this purpose, it is essential that the Trappist origin of the goods concerned is clear for each properly informed person and that the link between the goods and the Trappist monastery is clearly visible and leads to no confusion in any respect.

The Trappist label thus guarantees that a product truly originates from a Trappist monastery.

1.3.

The association is authorized to give permission to use the Trappist label for specific goods according to the stipulations and conditions indicated in these by-laws.

ARTICLE 2 :

CONDITIONS FOR GRANTING OF THE TRAPPIST LABEL

2.1.

The right of use of the Trappist label can be granted only to Trappist monasteries that are working members of the association (hereinafter "the beneficiaries").

In the interest of the good internal working of the Association, the Board of Directors may exempt a Trappist monastery situated at great distance from the seat of the Association from the requirement of membership of the Association. The list of all Trappist monasteries can be found on the website of the Order of Cistercians of the Strict Observance www.ocso.org.

The non-member beneficiary Trappist monasteries must pay an annual contribution to the Association for the duration of the right of use agreement referred to in Article 5.1. of the present by-laws. The amount of this annual contribution is determined in all fairness by the Board of Directors, *and will not be higher than the contribution paid by the members.*

If a dispute should arise regarding the amount of fees payable by a non-member, the ad-hoc appeal body referred to in Clause 4.1 will hear the appeal in compliance with the terms set out therein.

Non-member beneficiary Trappist monasteries are likewise subject to the terms of the present by-laws.

2.2.

At the seat of the Association a register is kept of the beneficiaries of the right of use of the Trappist label, and of the details relating thereto.

This register includes the name, address and trade or business name of the beneficiaries and a description of the goods for which they are authorized to use the Trappist label, the date of attribution of the right of use, and the details of termination of membership. The register is accessible upon request by all interested parties.

2.3.

Only those goods come into consideration for receiving the Trappist label whereof the production belongs integrally to the monastic economy and is characterized by an unmistakable bond of dependence with respect to the Trappist monastery concerned as is shown by the simultaneous fulfilment of the four following conditions:

- a) the goods must be produced by a production unit that is situated within the monastery or in its vicinity and
- b) the labour must be performed by the monks/nuns themselves and/or by lay collaborators of the Trappist monastery concerned or of an enterprise to which the production, packaging, and marketing were entrusted provided this enterprise is dependent on the Trappist monastery concerned and functions under its supervision as regards the production, management methods, quality and advertising, and financing; and
- c) the yields *must bear no connection with any independent profit objective.*

The surplus, if any, that proceeds from a healthy and prudent management is devoted to charitable or social works or to the needs of other Trappist monasteries.

2.4.

The Trappist label may only be used for goods that come

into consideration according to articles 2.1. and 2.3. above insofar as they:

- a) are sold under the name or the brand of the Trappist monastery concerned of origin; and
- b) satisfy all legal norms as regards safety, health, and information to the consumers.

ARTICLE 3:

PROCEDURE FOR GRANTING / RENEWAL OF THE RIGHT TO USE THE TRAPPIST LABEL

3.1. APPLICATION FOR THE TRAPPIST LABEL

Applications for granting of the right to use the Trappist label are addressed in writing to the Board of Directors, accompanied by a dossier compiled in accordance with the modalities laid down by the Board of Directors and of which a model is kept at the seat of the Association. These applications can be clarified verbally at the request of the Board of Directors.

Applications for renewal of the right to use the Trappist label are addressed in writing to the Board of Directors, no later than 3 months before expiration of the time limit set for use of the label. The Board of Directors determines modalities according to which the applications for renewal have to be submitted.

Once the procedure described hereunder is completed, the Board of Directors of the Association makes a decision regarding:

- the granting, renewal and recall of the right to use the Trappist label;
- which goods of the Trappist monastery concerned come into consideration for that right of use.

3.2. SITE VISIT

Upon each first application for granting the use of the Trappist label and upon each renewal of the agreement for use of the label as referred to in article 5.1, the Board of Directors appoints at least one of its members to determine whether the Trappist monastery concerned (still) satisfies the conditions of the present by-laws as regards the granting and the use of the Trappist label for the goods concerned.

The Board of Directors will ensure that the appointed director(s) has (have) the necessary expertise in the particular product category and/or production methods for which use of the Trappist label is requested. At least one of the appointed directors must therefore have the necessary expertise to judge the fulfillment of the conditions set out in article 2.4. of the present by-laws. If necessary, this/these director(s) may make arrangement to be assisted by one or more experts of his/their choice.

The appointed director(s) visit(s) the site within two months of the application for granting or renewal of the right of use. If it comes to the conclusion that the application is incomplete, the Board of Directors may suspend this period so as to allow the Trappist monastery concerned sufficient time to furnish any additional information. The Board of Directors judges discretionary regarding the duration of the suspension.

At the site they are given access to all of the organization's areas used for the production, storage and sale of the goods concerned. They are within their rights:

- 1) to observe the production process, to take samples of finished products, packagings, publicity material and the like;
- 2) to obtain information from anyone involved in the production of the goods in question;
- 3) to be guided around the site by the general manager or by the head of economic activities of the Trappist monastery concerned, or by his deputy;
- 4) to inspect all documents necessary for assessment of the application, including, inter alia, authorizations, attestations, certificates, safety measures, quality standards, accountancy documents.

In a general way, the Trappist monastery concerned shall give the appointed director(s) all possible assistance in order that the visit may proceed as quickly and as efficiently as possible.

3.3. ADDITIONAL SITE VISIT

In case of indications that the Trappist monastery concerned no longer satisfies the provisions set out in article 2.3. of the present by-laws or has failed to communicate changes in

accordance with article 6.2, the Board of Directors may furthermore, at any time during the course of the right of use agreement as described in article 5.1, appoint at least one of its members to verify whether the Trappist monastery concerned still satisfies the conditions of the present by-laws with regard to the granting and use of the Trappist label. If such is the case, the applicable procedure is that described in article 3.2., second indent to fourth indent inclusive.

3.4 WRITTEN REPORT

The director(s) appointed in accordance with article 3.2. prepare(s) a written report after his/ their production site visit. He/they submit(s) this report to the Board of Directors within 30 days of the site visit.

3.5. DECISION OF THE BOARD OF DIRECTORS

The first meeting of the Board of Directors following receipt of the site visit report decides whether the Trappist monastery concerned satisfies the conditions set out in article 2.4.

If, on the basis of the report, the Board of Directors reaches the conclusion that the conditions of Article 2.4. are satisfied, the Board will decide to grant the right of use of the Trappist label.

If the Board of Directors, on the basis of this report, decides that violations of these conditions have occurred or if it discerns any deficiencies in these conditions, it will prepare a written report thereon and transmit it immediately to the monastery concerned with the invitation to be heard before any decision on the right of use itself.

In the absence of consultation on and consent to the date of this hearing, the Board of Directors shall organise this hearing in the period from 8 to 30 days that follows the communication of this report.

3.6. PROCEDURE IN CASE OF NEGATIVE DECISION BY THE

BOARD OF DIRECTORS

At the request of the monastery concerned or of one of the members of the association, the Board of Directors, at the latest within the three weeks that follow the hearing, will request the Supervisory Committee, as provided for by article 3.7 - before the taking of a final decision – to submit a recommendation on the question of whether the Trappist monastery concerned satisfies the conditions for the granting and the use of the Trappist label and/or under which conditions the right of use could be granted or be further granted for the goods concerned.

Awaiting this recommendation, the Board of Directors can take only provisional measures.

3.7.

The Supervisory Committee consists of three members of which one is a professional magistrate, who are appointed by the Board of Directors with a $\frac{3}{4}$ majority in function of their impartiality and expertise. The members of the Supervisory Committee are bound by secrecy and are elected for a (renewable) period of 3 years.

When requested to render an opinion, the Supervisory Committee may organize one or more hearings, during which the Board of Directors, the monastery concerned and other members of the Association may set forth their point of view.

In order to reach a motivated opinion and to answer all questions, the Supervisory Committee may inter alia:

- demand the submission of documents from the monastery concerned as well as from its associated legal entity indicated in article 5.2;
- obtain all required information from authorized persons;
- inspect the production unit and take samples;
- inspect the accounts in the presence of the auditor.

The Supervisory Committee may first proceed to operations that involve expenses after it has informed the Board of Directors and the monastery concerned thereof and has obtained the approval of at least one of them. If such is the case, these costs are born by the Reserve Fund created in accordance with Article 16 of the Statutes of the Association.

If the Trappist monastery concerned refuses to cooperate with the investigation of the Supervisory Committee, the Supervisory Committee will immediately report this to the Board of Directors with a proposal of appropriate measures.

Within 2 months of the request for a decision as described in article 3.5 the Supervisory Committee shall submit a provisional report of its findings to the Board of Directors and the Trappist monastery concerned that have the opportunity to formulate their objections thereto within a time limit of 1 month after the date of notification.

In order to substantiate their objections, the Board of Directors and the Trappist monastery concerned may consult the dossier kept by the Supervisory Committee. However, the Supervisory Committee may, on reasoned decision forming part of the dossier, remove confidential documents from the dossier at the request of the party having furnished such documents.

The Supervisory Committee shall transmit its final report within the two months that follow the provisional report to the Board of Directors and the Trappist monastery concerned. The report is compiled in the language or the languages that the Trappist monastery concerned and/or that the members of the Board of Directors request. The Board of Directors, in the event of special circumstances, may permit an extension of the periods given above.

3.8.

Within 2 months after hearing the Trappist monastery concerned and possibly also any members of the Association who so wish or - as the case may be, after the decision by the Supervisory Committee – the Board of Directors shall decide the goods for which the Trappist monastery concerned is granted the right of use of the Trappist label.

The Trappist monastery concerned will be informed of such decision within a time limit of 1 month.

The Board of Directors, in making this decision, is bound by the recommendation of the Supervisory Committee if it is unanimous; in other cases, it decides discretionary:

for which goods the Trappist monastery concerned complies with the conditions of attribution and use of the present by-laws;

for which goods of the Trappist monastery concerned it grants or renews the right of use of the Trappist label;

for which goods it revokes unconditionally the right of use and the period of time within which the monastery concerned must terminate any further use of the Trappist label;

for which goods it revokes the right of use if the Trappist monastery concerned does not satisfy the requirements it stipulates within a period the Board of Directors stipulates on its own. It pertains to the Trappist monastery concerned to submit proof of the compliance with the requirements imposed within this stipulated period.

ARTICLE 4 :

POSSIBILITY OF APPEAL

4.1.

The Trappist monastery concerned may appeal against the decision of the Board of Directors taken in accordance with article 3.8 of the present by-laws, within 30 days of the notification of the Trappist monastery concerned of the decision to reject the application for granting or renewal. The notice of appeal is to be served by e-mail with confirmation of receipt addressed to the President of the Board of Directors.

From the moment that the decision of the Trappist monastery concerned to launch an appeal is brought to the attention of the President of the Board of Directors of the Association, the latter has 30 days to notify the President of the Regional Assembly to which the Trappist monastery concerned belongs. The list and the composition of OCSO Regional Assemblies can be found on the Order's website www.ocso.org.

The President of the Regional Assembly concerned then takes the necessary measures within 30 days in order to compose an ad hoc appeal body. This ad hoc appeal body is composed of 3 superiors belonging to the Regional Assembly concerned who do not belong to a monastery that is a member of the Association nor a non-member beneficiary within the meaning of Article 2.1. In the event of an insufficient number of superiors who satisfy this condition in the Regional Assembly concerned, the appeal

body (for the rest) is composed of superiors belonging to the Regional Assembly of an adjacent region.

The Trappist monastery concerned and the President of the Board of Directors of the Association shall be notified without delay regarding the composition of the ad hoc appeal body.

4.2.

The appeal body then delivers a verdict as to the merits of the appeal against refusal of the application for the granting or renewal within 30 days after the notification of the composition of the appeal body to the Trappist monastery concerned, and this on the basis of the submitted documentary evidence.

The appeal body's decision is final and binding for all parties.

ARTICLE 5 :

RULES FOR THE USE OF THE TRAPPIST LABEL

5.1.

The right to use the Trappist label is dependent on the signing of an agreement between the Association and the recipient for a renewable period of five years. A model of this agreement for use of the Trappist label is given in Appendix 2 to the present by-laws.

Once the agreement is signed, the Trappist label may be applied to the goods indicated in the agreement, their packaging, and the related commercial and advertising documents.

5.2

The right to use the Trappist label is strictly reserved to the beneficiary monastery itself. The monastery may not cede or lend the associated rights to any third party except to a legal entity, insofar as under its control, that supplies the goods concerned and satisfies the conditions of use of the Trappist label indicated in Article 2.

This legal entity must in principle also be a member of the association.

The Board of Directors may also grant exemption from the requirement of membership of the legal entity of a nonmember beneficiary Trappist monastery as defined in article 2.1. However, such exemption does not release the legal entity from the obligation to pay to the Association an annual contribution the amount of which will be determined in all fairness by the Board of Directors and will not be higher than the contribution paid by the members.

ARTICLE 6 :

NOTICES TO THE ASSOCIATION

6.1.

The beneficiary Trappist monastery undertakes to send the association a sample of each product, of the packaging, or of the documents on which the Trappist label appears. It shall do the same in the event of later modifications.

6.2

Each form of advertising as well as each change in the product, production method, external quality certification applicable to the product or in the packaging that is of a nature or can result in the guaranteed Trappist origin being challenged or in the reputation associated with the Trappist name being negatively influenced shall be immediately reported by the beneficiary to the association.

The Board of Directors shall determine whether the granting of the Trappist label can be retained or not for the goods concerned.

ARTICLE 7 :

OBLIGATIONS BINDING BENEFICIARY TRAPPIST MONASTERIES

7.1.

The right to use the Trappist label does not exclude the beneficiary Trappist monastery from continuing to use its own brands and distinguishing marks.

7.2.

The beneficiary Trappist monasteries undertake to use the Trappist label in a lawful way for the goods for which the right of use has been granted.

The cessation or transferral of an activity in this regard shall be communicated immediately to the association by the beneficiary. In this case, the right to use the label for the goods concerned will automatically expire unless the Board of Directors decides otherwise.

ARTICLE 8 :

PARTICIPATION IN EXPENSES

The Board of Directors determines the amount of the working budget and the manner of participation in the expenses by the beneficiary Trappist monasteries. The costs are divided proportionately between the Trappist monasteries to which the right of use has been attributed in accordance with the provisions of the present by-laws, pro rata their annual turnover for the product for which the Trappist label is granted.

If a dispute should arise regarding the amount of expenses payable by a working member, the ad hoc appeal body referred to in Clause 4.1 will hear the appeal in compliance with the terms set out therein.

ARTICLE 9 :

MONITORING AND PREVENTION OF MISUSE

The Association controls and takes appropriate measures with regard to misuse by third parties of the Trappist label, the name trappist and similar designations or marks. The Association does this on a permanent basis by means of a global monitoring of the applications for entry in the trademark register, with a view to the detection of illegal registrations of the word trappist or a similar designation or a similar sign.

If such is the case, the Association will take appropriate measures to contest the suspect applications concerned or to have the entries concerned struck off or declared expired.

If the Association learns by any other manner of a case of misuse, it may use all possible means at its disposal to oppose the use of the brand in question. It may, for instance, contact the regional abbeys in the country of (application for) registration in order to prevent a specific registration and play itself a more coordinating role.

ARTICLE 10 :

DISPUTE SETTLEMENT

Any dispute concerning the respect of the conditions for the granting or renewal of the right to use the Trappist label shall be settled in accordance with the provisions of Articles 3 and 4 of the present by-laws.

Any dispute concerning the application of the present bylaws shall be referred to the President of the Board of Directors, who shall seek as far as possible to reconcile the parties in question; only if this appears impossible, a decision shall be taken as to the manner of application of the present by-laws.
