### INID-koder

I kunngjøringene er de enkelte data forsynt med koder overensstemmende med INID-kodesystemet

(INID= Internationally agreed Numbers for the Identification of Data).

- (111) Registreringsnummer
- (151) Registreringsdato
- (180) Registreringen utløper
- (210) Søknadsnummer
- (220) Inngivelsesdato
- (526) Unntaksannmerkning
- (300) Prioritetsopplysninger
- (450) Kunngjort registrert dato
- (511) Vare-/tjenesteklasse
- (521) Bruk/innarbeidelse
- (526) Unntaksannmerkning
- (540) Gjengivelse av varemerketekst
- (541) Merket er et ordmerke
- (546) Merket er et kombinert merke eller et rent figurmerke
- (551) Fellesmerkebestemmelser
- (554) Merket er tredimensjonalt
- (571) Beskrivelse av merket
- (591) Merket er i farger
- (730) Søker/innehaver
- (740) Fullmektig
- (791) Lisenshaver
- (793) Lisensinformasjon
- (891) Etterfølgende utpekning dato

## Registrerte varemerker

Registrerte varemerker jf. varemerkeloven § 22.

I løpet av tre måneder fra i dag kan det fremsettes innsigelse mot registreringen av varemerket, jf. varemerkeloven § 26 og varemerkeforskriften § 23.

For søknader som har søknadsdag fra 1. juli 2010 gjelder varemerkeregistreringen i ti år fra søknadsdagen. Registreringer som har søknadsdag før 1. juli 2010 gjelder i ti år fra registreringsdagen. Se varemerkeloven § 32 jf. § 83 annet ledd.

 (540) **Gjengivelse av merket:**

(556) **Merket er et lydmerke**  
 (571) **Beskrivelse av merket:**  
 Vignetten innledes med vindsus, en strykerakkord i høyt register og svakt klokkespill/chimes. Trompeter og tromboner har melodien, supplert av puker og orkesterslagverk, aksentuert med cymbal crescendo/harpeglissando. Strykere i høyt register og messinginstrumenter i mellomregister akkompagnerer melodien med lange akkorder. Stakkato-strykere supplerer messinginstrumentene i den avsluttende melodifrasen. Vignetten avsluttes med puker og slagverk, forsterket med et cymbal crescendo.

Lydfilen kan fås hos Patentstyret, hvis du ikke får spilt den av i din nettleser.

(592) **Merket er et ordmerke i standard font**  
 (550) **Merket er et fellesmerke**  
 (730) **Innehaver:**  
 Traumpass e.V., Thomas-Mann-Strasse 9, 55122 MAINZ, Tyskland  
 (740) **Fullmektig:**  
 BRYN AARFLOT AS, Stortingsgata 8, 0161 OSLO, Norge  
 (511) **Vare-/ tjenestefortegnelse:**  
 Klasse 20 Puter fylt med fjær (for sengetøy) og/eller dun; bolstre;

soveposer; overmadrasser.

Klasse 22 Fjær (for sengetøy); dun.

Klasse 24 Tepper; dynetrekk; soveposer (laken); tykke, dun-bestandige tekstiler, nemlig bolster (madrassovertrekk), laken og sateng; sengetøy laget av dun-bestandige stoffer og dyner.

Klasse 25 Klær, fottøy, hodeplagg.

#### Fellesmerkebestemmelser:

Fellesmerkebestemmelser for „DOWNPASS“ i Norge

§ 1 Innehaver, norsk fellesmerke, varer

Traumpass e.V., Thomas-Mann-Straße 9, 55122 Mainz (heretter kalt „Foreningen“) er innehaver av fellesmerket „DOWNPASS“ (ordmerke), søkt beskyttet i Norge for følgende varer, heretter kalt «DOWNPASS-produkter»:

Class 20: Puter fylt med fjær (for sengetøy) og/eller dun; bolstre; soveposer; overmadrasser.

Class: 22: Fjær (for sengetøy); dun.

Class 24: Tepper; dynetrekk; soveposer (laken); tykke, dun-bestandige tekstiler, nemlig bolster (madrassovertrekk), laken og sateng; sengetøy laget av dun-bestandige stoffer og dyner.

Class 25: Klær, fottøy, hodeplagg.

#### § 2 Erklæring

Det bekreftes herved at foreningen ikke driver en virksomhet rettet mot salg av DOWNPASS-produktene.

#### § 3 Autoriserte brukere

Lisenshavere av DOWNPASS-merket har rett til å bruke DOWNPASS-merket i Norge for å betegne DOWNPASS-produktene i henhold til bruksbetingelsene som er angitt i § 4 og for å sertifisere egenskapene til DOWNPASS-produktene som er bestemt i § 4.

Lisenshavere kan være enhver fysisk person eller juridisk enhet som selger DOWNPASS-produktene. Lisens vil bli gitt til enhver fysisk person eller juridisk enhet som oppfyller vilkårene for bruk som beskrevet i § 4 nedenfor. Lisens vil også bli gitt til medlemmer av foreningen, forutsatt at de oppfyller vilkårene for bruk som beskrevet i § 4 nedenfor.

#### § 4 Vilkår for bruk av DOWNPASS

(1) Berettigede brukere i henhold til § 3 har rett til å bruke DOWNPASS-merket i Norge for å betegne DOWNPASS-produkter, såfremt følgende vilkår er oppfylt:

(a) Fjærene og dunen som brukes til å fylle DOWNPASS-produkter eller som sådan er DOWNPASS-produkter, kan ikke hentes fra levende dyr og ikke fra dyr som holdes for produksjon av Foie gras.

(b) Opprinnelsen til dun og fjær må kunne spores gjennom hele produksjons- og leveringskjeden tilbake til avlingsstedet. Eiderdown er unntatt dette vilkåret.

(c) Dun- og / eller fjærpåfylling av DOWNPASS-produktene må oppfylle kravene i DIN EN 12934 klasse I eller klasse II, som er vedlagt.

(d) Soveposer for innendørs eller utendørs bruk, klesartikler, hodeplagg, sko og / eller transportbeholdere for dun eller fjær må være i samsvar med lovbestemmelsene i forordning (EU) 1007/2011, forutsatt at den gjelder for de respektive varer. Forordningen er vedlagt.

(e) Ytterligere detaljer om brukskravene i henhold til punktene (1) til (4) er beskrevet i "DOWNPASS-Standard", "Implementation rules DOWNPASS-Standard" og "Special terms and conditions" i gjeldende versjoner, som følger vedlagt.

(2) I tillegg må følgende vilkår være oppfylt, som ikke er sertifisert ved bruk av DOWNPASS-merket:

(a) DOWNPASS-merket må brukes med kontrollnumrene tildelt av Foreningen.

(b) For det tilfellet at DOWNPASS-merket blir brukt på DOWNPASS-produkter som er sengetøy, må merket festes på produktet. I tilfelle bruk av DOWNPASS-merket for andre DOWNPASS-produkter enn sengetøy, skal merket festes solid på produktet.

(c) DOWNPASS-merket kan brukes på brevpapir for salgsfremmende formål og til emballering av DOWNPASS-produkter merket med DOWNPASS-merket.

(d) Med unntak av tilfeller nevnt i punkt (c) ovenfor, kan DOWNPASS-merket bare brukes i den grafiske formen som er foreskrevet av Foreningen, hvilket betyr at merkets særpreg kan ikke endres.

#### § 5 Tilsyn med vilkårene for bruk og sanksjoner

Foreningen er forpliktet til å overvåke oppfyllelsen av vilkårene i disse bruksbestemmelsene, å sanksjonere brudd på disse bruksvilkårene og å påse at disse bruksvilkårene alltid er oppfylt. Foreningen vil handle mot enhver utillatelig bruk av DOWNPASS-merket av de som har rett til å bruke eller av tredjeparter. I tillegg er enhver lisenshaver forpliktet til å informere Foreningen eller Board of Executives i Foreningen om brudd på bruksvilkårene som den har lagt merke til.

Foreningen kontrollerer oppfyllelsen av bruksvilkårene i henhold til § 4 (1) gjennom innledende og fortsatt revisjon i form av forhåndsmeldte og ikke-kunngjorte inspeksjonsbesøk, inspeksjon av virksomheter og kontroll av dokumenter samt ved tilfeldig handel («Mystery Shopping») gjennom alle nivåer av produksjons- og leveringskjeden, samt ved å sjekke egenskaper og kvalitet på dun og fjær i løpet av inspeksjoner og Mystery Shopping. Revisjonene samt kontroll av egenskaper og kvalitet på dun og fjær foretas av anerkjente og uavhengige testinstitutter.

Detaljene for revisjonene, inspeksjonene og Mystery Shoppingen er angitt i "DOWNPASS-Standard", "Implementation Regulations DOWNPASS-Standard", i "Special terms and conditions" som referert til i § 4 (1) (e) ovenfor.

Hvis foreningen oppdager brudd på foreliggende bruksvilkår i henhold til § 4 (1), pålegger den sanksjoner i form av straff, krav om refusjon av inspeksjonskostnadene eller utelukkelse fra bruksretten til de som har rett til å bruke. Detaljene i disse sanksjonene, spesielt prosedyren og typen sanksjoner, samt mulige sanksjoner, er angitt i "DOWNPASS-Standard", "Implementation Regulations DOWNPASS-Standard", "Special terms and conditions" i tillegg som i "Schedule of Penalties", se § 4 (1) (e) ovenfor. Ved tilfeller av utillatelig bruk av DOWNPASS-merket av tredjeparter som ikke er berettigede personer til bruk, vil rettslige skritt mot disse tredjepartene bli vurdert.

#### § 6 Opphør av bruksrettheten

Retten til å bruke DOWNPASS-merket opphører:

(1) gjennom oppsigelse av medlemskapet i TRAUMPASS e.V.,

(2) ved tilbaketrekking av retten til å bruke DOWNPASS-merket eller

(3) hvis lisensavtalen for innehavere av en individuell lisens basert på en individuell lisensavtale er sagt opp eller avsluttet på andre måter.

#### § 7 Rett til overdragelse

Retten til å bruke DOWNPASS-merket i henhold til disse bruksbestemmelsene kan ikke overdras videre.

## Circular soil

(592) **Merket er et ordmerke i standard font**  
 (730) **Innehaver:**  
 ENVIR AS, Sjøkrigsskoleveien 15, 5165 LAKSEVÅG,  
 Norge  
 (511) **Vare-/ tjenestefortegnelse:**  
 Klasse 1 Jord for dyrkning; behandlet jord; gjødsel for jord;  
 gjødsel, gjødsel for plener, gjødsel for gress; gjødsel;  
 jordtilsetningsstoffer [gjødsel]; økologisk pottejord;  
 gjødsel for jord og pottejord; tilsetningsstoffer (kjemisk -  
 ) for jord; kunstig jord for plantedyrking; kunstig jord for  
 plantedyrking laget av plastmaterialer; kunstig jord for  
 plantedyrking laget av mineralstoffer; tilrettelagt jord for  
 spiring av frø; kalsiumnitratløsninger for bruk i  
 forurenset jord; kjemiske preparater for stabilisering av  
 jord; kjemiske produkter for stabilisering av matvarer;  
 jordforbedringsmidler; jordforbedringspreparater;  
 jordforbedringsstoffer; jordforbedringskemikalier;  
 jordforbedringsmaterialer; jordforbedringsmidler for  
 landbruksformål; jordforbedringsmidler for  
 hagebruksformål; jordforbedringsmidler [annet enn  
 steriliserende]; jordforbedringskemikalier [annet enn  
 sterilisering]; jordforbedringsstoffer [annet enn  
 steriliserende]; jordforbedringspreparater for å forbedre  
 vekst av hagebrukprodukter;  
 jordforbedringssammensetninger for regulering vekst  
 hos hagebrukprodukter; organiske  
 jordforbedringsmidler; kjemiske jordforbedringsmidler;  
 algebaserte jordforbedringsprodukter; organisk  
 jordforbedringspulver og preparater; fibermateriale for  
 bruk som jordforbedringsmidler; jordforbedringsmidler  
 for inokulasjon før såing [annet enn sterilisering];  
 jordtilsetningstoffer; jordsubstitutter; jordstabilisatorer  
 for bruk innen veibygging; jordstabilisatorer for veier,  
 dammer og innsjøer; stoffer for jordstabilisering;  
 matjord; bladjord; bladjord [gjødsel]; kunstjord for  
 dyrking av planter; kunstjord for plantedyrking, laget av  
 mineralske stoffer; takjord.  
 Klasse 31 Jordbruks-, hagebruks- og skogbruksprodukter;  
 jordbruksfrø; jordbruksprodukter (ubearbeidede); rå  
 jordbruksprodukter; jorddekkning for hagebruk;

jorddekningsmatter laget av naturmaterialer til bruk ved ugressbekjempelse; jorddekning av naturmaterialer til bruk for å forhindre ugress i hagebruk; ubearbeidede frø for jordbruksformål; frø som er forhåndssådd i fibrøst formeringsmedium for anlegg av gress i skråninger; frø som er forhåndssådd i matter av fibrøst formeringsmedium for anlegg av gressplener; frø som er forhåndssådd i et formeringsmedium for anlegg av gress mellom planter; frø som er forhåndssådd i matter av fibrøst formeringsmedium for anlegg av gress på jorder; frø som er forhåndssådd i matter av fibrøst formeringsmedium for anlegg av gress på golfbaner; frø som er forhåndssådd i matter av fibrøst formeringsmedium for anlegg av gress på stier; frø som er forhåndssådd i matter av fibrøst formeringsmedium for anlegg av gress på idrettsbaner; frø som er forhåndssådd i matter av fibrøst forplantningsmedia for anlegg av gress i skråninger; frø som er forhåndssådd i matter av fibrøst forplantningsmedia for anlegg av gress i spor; frø som er forhåndssådd i et formeringsmedium for anlegg av gress mellom trær; frø som er forhåndssådd i et formeringsmedium for anlegg av gress mellom dreneringskanaler.

- Klasse 37 Jordstabilisering gjennom vibrasjonskomprimering; jordstabilisering.  
 Klasse 39 Transport; transport av kontaminert jord.  
 Klasse 40 Behandling av kontaminert jord; dekontaminering av jord; jordbehandlingstjenester; jordbehandlingstjenester [miljøopprydding].  
 Klasse 42 Jordanalyser; testing av jord; måling av jordprøver; kvalitetskontroll av jordprodukter.  
 Klasse 44 Uggressbekjempelse; jordbruk, havbruk, hagebruk og skogbruk.

(593-594) **Merket er et kombinert merke eller et rent figurmerke**

(551) **Fellesmerkebestemmelser:**

1. Det er bare deltakere i Bær Norsk merkeordning som har rett til å bruke merket. Betingelsen for deltakelse i merkeordningen er at den næringsdrivende er en norsk bedrift med virkeområde innen motebransjen. Det innebærer at bedriftens hovedkontor må være lokalisert i Norge. 2. Brukere av merket kan ikke endre farger på logoen, men kan kun benytte originalfargene som er sort / hvitt. 3. Hvis merket benyttes til å merke produkter som ikke tilbys av en norsk næringsdrivende innen motebransjen, mister foretaket retten til å være medlem i merkeordningen. 4. Merkeinnhaveren har rett til å kontrollere om brukerens varer som markedsføres under fellesmerket holder de fastsatte krav norsk tilhørighet. 5. Merkeinnhaveren forplikter seg til å gjøre ansvar gjeldende mot den som bruker merket uten å overholde bestemmelsene om bruken av merket. 6. Merkeinnhaveren forbeholder seg retten til å gå til erstatningssøksmål mot eventuelle misbrukere av merket.

## Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

- Generell informasjon om kunngjøringer etter Madridprotokollen**
- Int.reg.nr.:** Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.
- Int.reg.dato:** Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).  
Dersom den internasjonale registreringen beslattes gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.
- Etterfølgende utpekingsdato:** Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.
- Prioritet:** Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkerens hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.
- Besluttet gjeldende dato i Norge:** Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

- (111) **Int.reg.nr.:** 0235126

### Fellesmerkebestemmelser

#### Statutes of SCHUKO-Warenzeichenverband e.V.

##### (registered association)

##### 1. Name and domicile

The name of the association is: "SCHUKO-Warenzeichenverband". It is domiciled in Schalksmühle. The association is registered in the register of associations with the Amtsgericht (local court) of Iserlohn and its name includes the supplement "e.V." ("eingetragener Verein" - registered association).

##### 2. Purpose of the association

The purpose of the association is to further develop the requirements which grounding-type plug connections must satisfy and to ensure that products which are put on the market under the name "SCHUKO" meet the requirements of

the respective current version of the 0620 series DIN VDE standards because consumers expect them to fulfill the highest safety requirements. The association does not primarily pursue its own economic objectives and interests.

### 3. Executive bodies and representation of the association

The executive bodies of the association are:

a) the members' assembly (members attending a members' meeting – "Mitgliederversammlung") and

b) the committee („Vorstand“).

#### 3.1 Members' assembly ("Mitgliederversammlung")

3.1.1 The ordinary meeting of the members takes place every two years within six (6) months from the end of the calendar year. In addition, a meeting of the members must be called where this is necessary to safeguard the interests of the association or when five members file a written request with the committee for a meeting to be called, thereby stating the reasons and the purpose of the requested meeting.

3.1.2 The chairperson of the committee or, when the chairperson is prevented from attending the meeting, his/her deputy presides over the members' meeting. If both are prevented from attending the meeting, the members appoint one of their number to preside over the meeting.

3.1.3 At the meeting, the members are to perform in particular the following tasks:

(1) Setting up the conditions of use of the trademarks of the association according to sec. 5.3 of these Statutes;

(2) Admission and expulsion of members according to sec. 4 of these Statutes;

(3) Preparation of the budget of the association for the following two years;

(4) Determination of the annual membership fee according to sec. 6.2 of these Statutes;

(5) Election of the committee and grant of required formal approvals of the committee's actions;

(6) Setting up expert committees to deal with special issues according to sec. 3.3 of these Statutes;

(7) Resolutions on the application for, and the maintenance and abandonment of, the trademarks of the association, and

(8) Resolutions on changes to the Statutes and the dissolution of the association.

3.1.4 A meeting of the members is called by the chairperson of the committee or, if the chairperson is prevented from calling the meeting, by his/her deputy by written notice stating the place, time and agenda of the meeting. There must be a period of at least four weeks between the date of calling and the date of the meeting. In cases of urgency, the chairperson of the committee may call an extraordinary meeting in which case a shorter period is permissible. Any requests for dissolution of the association must be communicated to the members at least three months before the members' meeting.

3.1.5 The meeting of the members has a quorum if at least half of the members are present or represented. If the meeting has no quorum, a second members' meeting must be called by at least 14 days' notice to be served by registered letter.

3.1.6 At the meeting, the members may resolve to amend the agenda which was previously drawn up by the committee.

3.1.7 At the meetings, the members decide by the majority of the valid votes cast unless these Statutes or the law provides otherwise; abstentions from voting are not taken into account. Every member has one vote and may have him-/herself represented by another member by virtue of a written proxy; every member may represent only one other member as a proxy.

3.1.8 Changes to the Statutes and resolutions on applications for, or the maintenance and abandonment of, trademarks require a three-quarter majority, changes of the purpose of the association as well as the dissolution of the association require an eight-tenth majority of the votes cast.

3.1.9 The members who, at the members' meeting, decide to dissolve the association must also resolve on the use and appropriation of the association's assets. After the dissolution of the association has been resolved, the committee remains in office until the assets have been completely liquidated. If no resolutions on the use of the association's assets have been passed, the committee will transfer the remaining assets to the Verband der Elektrotechnik Elektronik Informationstechnik e.V. (VDE).

3.1.10 The manner of voting is, as a rule, determined by the chairpersons of the meeting. However, the vote must be made in writing if one third of the members present at the relevant meeting so request.

3.1.11 Minutes must be taken down to document the resolutions adopted by the members at the meetings and signed by the chairperson/chairpersons. The minutes should state the place and time of the meeting as well as the result of the vote.

A resolution may also be adopted by written procedure; for such purpose, the resolution to be adopted must be served upon each member by registered letter. The resolution is deemed adopted when none of the members objects to the written vote and the majority as provided for by the Statutes gives its consent by written declaration to the committee within 10 days.

### 3.2 Committee ("Vorstand")

3.2.1 The committee consists of the chairperson and two more members. The chairperson appoints one member of the committee his/her proxy and the second member treasurer.

3.2.2 At the members' meeting, the members elect the committee by majority resolution; upon request, the election may be held as a secret ballot. The members of the committee elect the chairperson of the committee according to the same principles. They are elected for a two-year term of office. Re-election is permissible. The members of the committee remain in office even after expiry of their term of office until a new committee has been elected.

3.2.3 The chairperson of the committee represents the association in and out of court.

3.2.4 The committee manages the affairs of the association unless they are reserved to decision-making at the members' meetings. The responsibilities of the committee include but are not limited to the following:

(1) Grant of non-exclusive, temporally limited licenses to the trademarks of the associations according to sec. 5.9 of these Statutes;

(2) Trademark supervision according to sec. 5.3 of these Statutes.

### 3.3 Expert committees

3.3.1 At the meetings, the members may set up one or several expert committees to deal with special issues.

3.3.2 The expert committees elect their chairperson by majority resolution and define the issues of their work according to the specifications determined by the members at the members' meeting. The chairperson may appoint one or several representatives to perform certain tasks.

## 4. Membership to the association

### 4.1 Award of membership

4.1.1 Every German company or business which

specializes in the field of grounding-type plug connections

develops and produces household plug connections

which meet the requirements of the respective current version of the 0620 series DIN VDE standards

may become a member of the association.

4.1.2 At the members' meetings, the members decide on the award of membership by unanimous resolution.

4.1.3 The (one-off) admission fee is € 50,000 and must be paid to the association within 4 weeks of the award resolution passed at the members' meeting. The admission fee constitutes adequate contribution by the new member to the costs incurred by the existing members for the maintenance and extension of the association's trademark portfolio according to sec. 5.1 of these Statutes.

### 4.2 Termination of membership

4.2.1 Any member may resign from the association at any time, subject to 3 months' notice, effective as of the end of the calendar year. The resignation requires written declaration to the committee.

4.2.2 A member can be expelled from the association with immediate effect if

the conditions for admission according to sec. 4.1.1 of these Statutes are no longer fulfilled; or

the member is in breach of the duties laid down in sec. 5.3 and 5.4 of these Statutes (non-compliant or abusive practices) and fails to discontinue, or repeats, the non-compliant or abusive practice and/or fails to eliminate the consequences, if any, thereof (sec. 5.7 of these Statutes) within a reasonable period from a written warning from the committee.

The members resolve on the expulsion by a two-third majority of the valid votes cast in the members' meeting.

4.2.3 Once a member has resigned or has been expelled, all rights of the member to which it is entitled under the membership including but not limited to the right to use the trademarks of the association according to sec. 5.2 of these Statutes expire.

4.2.4 The expelled member must be granted, upon request, a phasing-out period of not more than 6 months for the further use of any existing products, packaging and advertising materials already marked with the association's trademarks provided and to the extent they satisfy the requirements of sec. 5.3 of these Statutes. The members again resolve on this by a two-third majority of the valid votes cast in the members' meeting.

4.2.5 The resigned or expelled member is not entitled to reimbursement of the annual membership fee according to sec. 6.2 of these Statutes or of the admission fee according to sec. 4.1.3 of these Statutes. The resigned or expelled member is not entitled to any compensation payment or other share in the association's assets either.

## 5. Trademarks of the association

### 5.1 Trademark portfolio

The association is the owner of the trademarks "**Schuko**" and (trademarks of the association) listed in *Annex 1* to these Statutes, some of which are protected as collective trademarks and others as individual trademarks. The portfolio of

trademarks of the association is continuously extended and maintained according to the resolutions of the members' assembly.

## 5.2 Right to use the trademarks of the association

5.2.1 The right to use the trademarks of the association is granted only to

the members of the association and

those companies which were granted an appropriate license by the association according to sec. 5.9 of these Statutes and which have paid the agreed license fee.

5.2.2 The association itself may only use the trademarks of the association for the purpose of marking, labelling and advertising its activities as an association.

## 5.3 Conditions of use of the trademarks of the association

5.3.1 The trademarks of the association may be used by the authorized parties according to sec. 5.2.1 of these Statutes exclusively for the purposes covered by and in line with these Statutes.

5.3.2 The authorized parties according to sec. 5.2.1 of these Statutes may only use the association's trademarks for

products from in-house manufacture or products from contract manufacture, or

products from another member's in-house manufacture or contract manufacture

and provided the products meet the requirements of the respective current version of the 0620 series DIN VDE standards.

5.3.3 The authorized parties according to sec. 5.2.1 of these Statutes may use the association's trademarks exclusively in their registered forms/designs, as shown in Annex 1.

5.3.4 Whenever an association's trademark is used, it must be pointed out that it is a protected trademark, at least by applying the international ® symbol which is commonly used for marking registered trademarks.

5.3.5 In addition, whenever an association's trademark is used, the association must be named as the owner of the relevant association's trademark(s) in an appropriate place, e.g. in the imprint of a brochure, as follows:

*"...is/are (a) registered trademark/s of SCHUKO-Warenzeichenverband e.V."*

5.3.6 The authorized parties according to sec. 5.2.1 of these Statutes must not use the trademarks of the association in any way which affects their existence, validity or their relation to the association.

## 5.4 Other rights and duties of the members

5.4.1 All members are obliged to support and promote the purpose of the association, comply with these Statutes and the resolutions passed by the executive bodies of the association and observe the applicable laws in performing the association's activities. This also includes compliance with cartel/antitrust law including, without limitation, abstention from anticompetitive practices or agreements and unlawful exchange of competitive information.

5.4.2 Each member undertakes, in order to maintain the portfolio of the association's trademarks in all countries where the association owns trademark rights and the respective member manufactures and/or distributes products according to sec. 5.3.2 of these Statutes, to duly use the trademarks of the association for its business purposes in such a way that the trademarks' existence and validity is protected and maintained.

5.4.3 All members are obliged to make any and all declarations and/or provide, as needed, any and all documents (including, without limitation, evidence of trademark use) which are required to maintain the rights in the trademarks of the association. This obligation and the requirement to provide the foregoing must not be deemed

inapplicable in cases where the relevant documents can also be obtained from other members or parties authorized to use the trademarks.

## 5.5 Right in the trademarks of the association

5.5.1 The members acknowledge that the association is the sole owner of all rights in and resulting from the association's trademarks and of the goodwill related thereto.

5.5.2 In case the members should unforeseeably acquire any rights in any trademark(s) of the association during the contract term, they undertake not to sell, or otherwise dispose of, such rights, which includes, without limitation, the obligation to abstain from granting any rights to use the trademarks to third parties. In this case, the members are rather obliged to assign and transfer any such rights to the association at any time upon the association's request, but upon termination of the membership at the latest.

5.5.3 The association will also make appropriate agreements corresponding to the provisions under sections 5.4.1 to 5.4.3 with the licensees, if any.

## 5.6 Control of compliance with the conditions of use under sec. 5.3

5.6.1 The committee is entitled and obliged to supervise, or appoint a third party to supervise, the use of the trademarks of the association by the authorized parties according to sec.

5.2.1 and sec. 5.4.2 of these Statutes as well as compliance with the conditions of use under sec. 5.3 of these Statutes.

5.6.2 The members are obliged to enable and actively support such supervision and control as reasonably required, including, without limitation, by granting access authorizations and providing necessary documents and information.

## 5.7 Sanctions in the case of violation of the conditions of use under sec. 5.3 (non-compliant or abusive practices)

5.7.1 If a member violates the conditions of use under sec. 5.3 and/or any other duties under sec. 5.4 of these Statutes (non-compliant or abusive practices), the committee will issue a written warning to the member requesting it to discontinue the non-compliant or abusive practice and eliminate the consequences, if any, resulting therefrom within a reasonable period granted by the committee.

5.7.2 If the member fails to discontinue the non-compliant or abusive practice and/or eliminate the consequences thereof or in the case of repeated similar non-compliant or abusive practices, the members' assembly is entitled to expulse that member with immediate effect according to sec. 4.2.2 of these Statutes.

5.7.3 Any other rights and claims to which the association may be entitled for infringement of the collective trademark remain unaffected.

## 5.8 Maintenance and defense of the trademarks of the association

5.8.1 The rights resulting from the association's trademarks as well as any claims for unlawful use of the marks are exclusively due to the association as the trademark owner.

Therefore, also the maintenance and defense of the association's trademarks is the sole responsibility of the association.

5.8.2 The committee takes and implements the measures necessary to maintain and defend the trademarks of the association; for such purpose, the committee may also engage or appoint third parties.

In this context, the association is entitled but not obliged to pursue and take action against any infringements of the association's trademarks by third parties.

5.8.3 The members are obliged to report to the committee any breaches of the Statutes by other authorized parties according to sec. 5.2.1 of these Statutes and/or any infringements of the association's trademarks by third parties without undue delay (*"unverzöglich"*) after becoming aware thereof and support and assist the committee in collecting and preserving appropriate evidence.

## 5.9 Grant of licenses

5.9.1 The committee is entitled to grant third companies simple (non-exclusive) annually terminable licenses to the association's trademarks for household plug connections

which are produced by their own in-house manufacture and

meet the requirements of the respective current version of

the 0620 series DIN VDE standards and

for which the third companies have submitted appropriate VDE or TÜV certificates for proof of compliance.

5.9.2 The licenses are, as a rule, granted in return for payment of an annual lump-sum license fee of € 5,000 plus VAT, regardless of the number of products put on the market.

5.9.3 The members of the committee decide on the grant of licenses by unanimous resolution in consideration of the purpose of the association.

#### 6. Allocation of costs, admission fee

6.1 The costs incurred by the association are covered by  the annual membership fees to be paid by the members,

the admission fees to be paid by the new members according to sec. 4.1.3 of these Statutes and

the licensing income, if any.

6.2 Based on the recommendation given by the committee, the members' assembly decides on the amount of the annual membership fees to be paid by the members by a simple majority of the valid votes cast every two years.

#### 7. Fiscal year

The fiscal year of the association is the calendar year.

(450) **Kunngjøringsdato:** 2021.07.12**Fellesmerkebestemmelser**REGULATIONS GOVERNING THE USE OF  
CERTIFICATION MARK

(INTERNATIONAL REGISTRATION NO. 1521927)

In the name of THE ART & CREATIVE MATERIALS  
INSTITUTE, INC. (hereinafter "ACMI").

(A) Representation of the Mark:

(hereinafter referred to as the "AP Certification Mark")

(B) Overview of the Applicant organization, its nature and its competence to administer the Certification mark and persons authorised to use the mark

ACMI is a not-for-profit organization constituted and incorporated under the laws of the State of New York, United States of America. ACMI was founded in 1936 for the purpose of facilitating the review and testing of art, craft, creative, and ceramic materials ("art and craft materials"). The materials are reviewed by a toxicologist who conducts a toxicological evaluation to certify that the product is labeled as non-toxic<sup>1</sup>. Companies that subscribe to the ACMI Certification Program ("Subscribers") may apply to be an authorized user of the AP Certification Mark in connection with art and craft materials. Authorization to use the AP Certification Mark indicates to the public that the product complies with toxicity guidelines. ACMI is not involved in the manufacture of the goods that it certifies.

Since its establishment, ACMI's membership has increased to more than 200 member companies from over 32 countries worldwide.

The purpose of the ACMI Certification program with respect to the AP Certification Mark is to develop, maintain, and administer standards of quality, non-toxicity of art and craft materials. In furtherance of this purpose, ACMI may pursue the following activities:

1. Establishing product standards;
2. Arranging for tests and evaluations of products with reference to such standards;
3. Certifying that a Subscriber's or Member's products conform to established American Society for Testing and Materials ("ASTM") standards;
4. Educating consumers, retailers, and distributors of art and craft materials regarding the quality and non-toxicity assured by the AP Certification Mark;
5. Promoting the certification mark program to consumers, retailers, and distributors.

ACMI has entered into long term contracts with two internationally recognized toxicology firms which review the formulas of all products included within the Certification Program. In addition, ACMI has a Toxicological Advisory Board ("TAB") composed of three (3) independent toxicologists, which acts as a review board on the subject of toxicity.

1 ACMI also has a second 'sister' certification mark referred to as the CL Certification Mark, which is not the subject of this application. For products that cannot be certified as non-toxic under the AP Certification Mark, the CL Certification Mark may apply. The CL Certification Mark requires labeling to warn users of the health hazards associated with the products' use. ACMI was instrumental in the development of ASTM D 4236,

the voluntary standard for chronic health hazard labeling, which was first published in 1983. ACMI also provides a list of certified products to a poison control information management source on a quarterly basis, for all non-toxic products in the ACMI program.

ACMI aims to continually improve its certification programs and in furtherance of this goal, provides manufacturers of art and craft materials a voluntary industry program that reflects both their interests and those of consumers of art and craft materials. ACMI solicits recommendations for program improvement from all affected interests.

(C) The characteristics certified by the certification mark  
The AP Certification Mark certifies that the goods bearing the AP Certification Mark, as used by an authorized person, identifies art and craft materials that are certified in a toxicological evaluation by a medical expert to contain no materials in sufficient quantities to be toxic or injurious to humans, including children, or to cause acute or chronic health problems.

(D) Procedures to apply for and secure use of the certification mark

New potential users of the AP Certification Mark (Subscribers) apply to the ACMI Certification

Program as follows:

New Subscribers – Application for Certification Program Entry and Membership

An application for program entry requires the following:

1. Signed copies of the Certification Program Subscription Agreement;
2. Payment of the required fee;
3. A comprehensive list of all art and craft materials manufactured;
4. A statement that the list of products is comprehensive; and
5. A copy of the sales figures of all eligible products from the previous 2 years - unless paying the maximum dues.

If the application for membership is not completed within 90 days, the subscription fee is forfeited.

New Subscribers and Existing Members: Application to Use the AP Certification Mark

New Subscribers and existing Members must apply to use the AP Certification Mark for any new products, formula changes, name changes, additional names, additional sizes/volumes, or new colors of existing products.

The procedure is as follows:

1. The new Subscriber/existing Member must submit to the toxicologist the product formulation and color-specific information, including the color name and color number of each product or product line to be evaluated. This information may be submitted via a custom software or special spreadsheet. Formula-specific information is kept confidential and is not provided to ACMI or anyone else;
2. Disclosure of the following to the toxicologist:
  - a. If any of the products are manufactured in their entirety by a third-party manufacturer, (if so, the third-party manufacturer must submit necessary information to the toxicologist);
  - b. All brand names and alternate formulas used in connection with the product;
  - c. All product use information;
3. As applicable, the toxicologist conducts a confidential review of the formula and assigns the appropriate testing. If additional testing is required, the Subscriber/Member must have this testing performed by an approved testing lab, and send the results to the toxicologist. If the toxicologist concludes that the product is non-toxic, the product may qualify for the AP Certification Mark<sup>2</sup>.
4. Upon approval, the toxicologist will issue a signed approval form to the Subscriber/Member
5. Within 60 days of approval, the Subscriber/Member must

provide the toxicologist with the product labels to ensure correct marking (unless the product is not being marked).

6. Within 60 days of the toxicologists' approval, the Subscriber/Member must apply directly to ACMI for permission to use the AP Certification Mark and provide the following:

- a. The toxicologist's signed approval form;
- b. A signed Request for Authorization to use the AP Certification Mark form;
- c. A statement that all outstanding fees in connection with the toxicologist's review have been or will be paid upon receipt of invoice;
- d. A statement that "Conforms to ASTM D 4236" will appear on the product label;
- e. A statement that all formulas sold in the U.S. for each ACMI-certified brand name product have been and will continue to be routinely evaluated by the toxicologist;
- f. If applicable, a list of approved colors and color numbers and a statement as to whether this completes all colors in the line;

Upon compliance with the foregoing requirements, ACMI provides written authorization for the use of the AP Certification Mark. Thereafter, authorizations are self-renewing for a two-year period, provided the Affidavit of Continuance report is timely and properly submitted by the Subscriber/Member. After submitting authorization of the first product, a Subscriber qualifies as a Member of ACMI.

New Subscribers are required to have one product certified within nine (9) months of subscribing to the ACMI Certification Program and are expected to have all eligible products evaluated and certified within a reasonable period of time to avoid possible termination of membership in ACMI.

ACMI also has procedures in place for the following situations:

- To allow Subscribers/Members to obtain permission or a license to use the AP Certification Mark on products with the Subscriber's/Member's own name or label that are sold by another Subscriber/Member.

- To allow a licensee to use the AP Certification Mark on a product sold by a Subscriber or Member, to a licensee under its own name or label.

2 If the toxicologist concludes that a warning labeling is required, it may qualify for the CL Certification Mark.

- To allow Subscribers/Members to resell certified products with the Subscriber's/Member's own name or label that are manufactured by a third-party non-Subscriber/non-Member.

(E) Use of the Mark on the Goods

With respect to the AP Certification Mark used in connection with certified goods, the mark is typically printed either on the product packaging and/or the product or product label. For example, the AP Certification Mark may appear on the outer packaging of the art materials, as well as on the individual wrapper of each item within the packaging.

(F) Oversight and Supervision to Ensure That the Standards are Maintained

It is not ACMI's interest to unduly refuse or revoke the right to use the AP Certification Mark. Since there is an issue of public safety and in some cases, a risk of public injury (especially to children), ACMI has an interest in strictly guarding use of the AP Certification Mark.

ACMI has the following mechanisms in place to ensure continued compliance with the certification mark requirements:

- The right to use the AP Certification Mark is renewed on a biennial basis by filing of the Affidavit of Continuance;
- ACMI facilitates random testing of the certified products to ensure continued compliance with the certification mark requirements;
- Random testing may be initiated by the toxicologist in response to a concern;

- ACMI may conduct random checks of marketing materials including catalogs or product websites;
- The toxicologist conducts a five-year review of all product formulas. Failure to voluntarily submit to the five-year review can result in the product's decertification;
- The Subscriber/Member must submit a new application for permission to use the AP Certification Mark for any new product, formula change, name change, additional name, or new color. It is the Subscriber's/Member's responsibility to initiate the request;
- A Member's failure to rectify non-compliance can result in suspension or revocation of ACMI membership;
- Subscribers and Members are required to cooperate with ACMI to resolve product certification issues;
- Subscribers or Members that are terminated from the Certification Program due to non-payment of dues/fees, or failure to submit required information must submit an affidavit that they will no longer use the AP Certification Mark on future sales of products that were previously certified;
- Unauthorized use of the AP Certification Mark on an unevaluated or uncertified product may result in a product recall and notification to the Consumer Product Safety Commission (CPSC).

Additional remedies may include taking all appropriate actions under applicable law, including

under law governing trademark and counterfeit products.

- ACMI has measures in place should the ACMI toxicologist become aware, based on scientific evidence, that the use of the AP Certification Mark is no longer appropriate on a type or class of product (e.g. an ingredient or component of an art product is now determined to create a risk of public injury). ACMI also has measures in place in the event that a reviewed, but uncertified product presents a risk of public injury.

(G) Dispute Resolution – Appeal Policy and Proceedings Overview

An appeal from the provision of certification or denial of certification by any Subscriber/Member for any product may be made by any interested party (appellant), within 90 days following action in connection with a certification decision.

The appellant must send a letter to ACMI stating the basis of the appeal. From the receipt of the letter, ACMI will have 2 months to set a date for hearing (if one has been requested). If no hearing has been requested, the appeal process shall be completed within 90 days.

1. If the appeal for denial of certification relates to toxicity, it will be referred to the ACMI Toxicological Advisory Board (TAB) for determination. A copy of the Certification Mark application must be provided to the TAB for review.

2. If the appeal relates to certification but not with respect to toxicity, then the ACMI Board of Directors may establish an Appeals Board to hear the appeal. The hearing will be open to all interested parties. Prior to or at the hearing, the Appeals Board may request comments from any source, including any government agency, to assist in the resolution of the dispute. Appeals are to be completed within a reasonable length of time and are informal in nature.

There is no regard with respect to rules of evidence in a judicial proceeding. Following the hearing or if no request for a hearing has been made, the TAB or Appeal Board will make a written decision along with the basis for the decision. Either appellant or ACMI may be represented by counsel for the proceeding.

Appeals Board

If the appeal does not relate to toxicity, then ACMI shall propose an appeals board in writing. The board will consist of between 3-5 individuals that are selected

according to the various interests brought up during the appeal, and having no conflict of interest with the appellant. If the appellant does not object, then the proposed board will act as the appeals board. If the appellant objects to the composition of the appeals board, the individuals that have not been objected to will remain and ACMI will substitute the objected individual with someone else.

(H) The Structure and Frequency of Any Fees Charged for Using the Mark, if Any:

Each company applying to use the AP Certification Mark pays ACMI a \$500 Subscription Fee at the time of applying. Annual membership dues are based on a percentage of sales of all products that are eligible for ACMI certification (regardless of whether these products are entered into the Certification Program).

(I) The Register of Authorized Users Kept by the Applicant Organization, if Any:

ACMI maintains an updated register of all certified products eligible to bear the AP Certification Mark.

The register is publicly available on ACMI's website

<https://acmiart.org/productlist>, either via a searchable online database (searchable by certification mark/company/product type), or as a downloadable document in PDF format. A search of the register will provide the product category, the manufacturer, the brand name, and the applicable certification mark.

Klasse 25 Clothing; nightwear; underwear [underclothing]; swimwear [bathing suits]; Japanese traditional clothing; socks and stockings other than special sportswear; scarves [scarfs]; gloves and mittens [clothing]; mufflers; ear muffs [clothing]; neckties; headgear for wear; garters; sock suspenders; suspenders [braces]; waistbands; belts for clothing; footwear [other than special footwear for sports]; masquerade costumes; clothes for sports; special footwear for sports.

Klasse 35 Retail services or wholesale services for a variety of goods in each field of clothing, foods and beverages, and other daily goods, namely non-medicated cosmetics and toiletry preparations, non-medicated dentifrices, perfumery, essential oils, bleaching preparations and other substances for laundry use, cleaning, polishing, scouring and abrasive preparations, pharmaceuticals, medical and veterinary preparations, sanitary preparations for medical purposes, dietetic food and substances adapted for medical or veterinary use, food for babies, dietary supplements for human beings and animals, plasters, materials for dressings, disinfectants, preparations for destroying vermin, fungicides, herbicides, power-operated tools, machine coupling and transmission components, except for land vehicles, hand tools and implements, hand-operated, cutlery, razors, navigation, surveying, photographic, audiovisual, optical, weighing, measuring, signalling, detecting, life-saving and teaching apparatus and instruments, apparatus and

instruments for switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data, recorded and downloadable media, computer software, blank digital or analogue recording and storage media, calculating devices, computers and computer peripheral devices, diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming, fire-extinguishing apparatus, orthopaedic articles, therapeutic and assistive devices adapted for persons with disabilities, massage apparatus, apparatus, devices and articles for nursing infants, sexual activity apparatus, Devices and articles, apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes, bicycle, tricycles, bicycle parts, tricycles parts, precious metals and their alloys, jewellery, precious and semi-precious stones, paper and cardboard, printed matter, bookbinding material, photographs, stationery and office requisites, except furniture, adhesives for stationery or household purposes, drawing materials and materials for artists, paintbrushes, instructional and teaching materials, plastic sheets, films and bags for wrapping and packaging, leather and imitations of leather, animal skins and hides, luggage and carrying bags, umbrellas and parasols, walking sticks, collars, leashes and clothing for animals, furniture, mirrors, picture frames, containers, not of metal, for storage or transport, unworked or semi-worked bone, horn, whalebone or mother-of-pearl, shells, meerschaum, yellow amber, household or kitchen utensils and containers, cookware and tableware, except forks, knives and spoons, combs and sponges, brushes, except paintbrushes, brush-making materials, articles for cleaning purposes, glassware, porcelain and earthenware, textiles and substitutes for textiles, household linen, curtains of textile or plastic, clothing, footwear, headgear, lace, braid and embroidery, and haberdashery ribbons and bows, buttons, hooks and eyes, pins and needles, artificial flowers, hair decorations, false hair, carpets, rugs, mats and matting, wall hangings, not of textile, games, toys and playthings, video game apparatus, gymnastic and sporting articles, decorations for Christmas trees, coffee, tea, cocoa and artificial coffee, rice, pasta and noodles, tapioca and sago, flour and preparations made from cereals, bread, pastries and confectionery, chocolate, ice cream, sorbets and other edible ices, sugar, honey, treacle, yeast, baking powder, salt, seasonings, spices, preserved herbs, vinegar, sauces and other condiments, ice (frozen water), raw and unprocessed agricultural, aquacultural, horticultural and forestry products, raw and unprocessed grains and seeds, fresh fruits and vegetables, fresh herbs, natural plants and flowers, bulbs, seedlings and seeds for planting, live animals, foodstuffs and beverages for animals, malt, beers, non-alcoholic beverages, mineral and aerated waters, fruit beverages and fruit juices, syrups and other non-alcoholic preparations for making beverages; retail services or wholesale services for woven fabrics and beddings; retail services or wholesale services for clothing; retail services or wholesale services for diapers; retail services or wholesale services for footwear, other than special footwear for sports; retail services or wholesale services for bags and pouches; retail services or wholesale services for personal articles; retail services or wholesale services for towels of textile; retail services or wholesale services for fans for personal use, non-electric; retail services or wholesale services for waistbands; retail services or wholesale services for belts for clothing; retail services or wholesale services for personal ornaments [jewellery]; retail services or wholesale services for cuff links; retail services or wholesale services for brooches and for hair ornaments; retail services or wholesale services for shaving cases; retail services or wholesale

services for manicure sets and pedicure sets; retail services or wholesale services for eyelash curlers and hair curlers [non-electric]; retail services or wholesale services for ear picks; retail services or wholesale services for vanity cases [not fitted]; retail services or wholesale services for pocket mirrors; retail services or wholesale services for umbrellas; retail services or wholesale services for walking sticks; retail services or wholesale services for foods and beverages; retail services or wholesale services for liquor; retail services or wholesale services for meat; retail services or wholesale services for sea food; retail services or wholesale services for vegetables and fruits; retail services or wholesale services for confectionery, bread and buns; retail services or wholesale services for rice and cereals; retail services or wholesale services for milk; retail services or wholesale services for carbonated drinks [refreshing beverages] and non-alcoholic fruit juice beverages; retail services or wholesale services for tea, coffee and cocoa; retail services or wholesale services for processed food; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for furniture; retail services or wholesale services for joinery fittings; retail services or wholesale services for tatami mats; retail services or wholesale services for electrical machinery and apparatuses; retail services or wholesale services for lighting apparatus, washing machines for household purposes [laundry], vacuum cleaners for household purposes, electric food blenders for household purposes, electric flat irons, household electrothermic appliances [other than for beauty or sanitary purposes], electric razors, household electrothermic appliances for beauty or sanitary purposes, electric toothbrushes, electric hair curlers, electric massage apparatus for household purposes, covers for electric outlets, covers for smartphones, covers for tablet computers, cases for smartphones, cell phone straps, headphones, stands adapted for laptops, digital photo frames, electronic desk calculators; retail services or wholesale services for bladed or pointed hand tools, hand tools and metal hardware; retail services or wholesale services for kitchen equipment, cleaning tools and washing utensils; retail services or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services or wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail services or wholesale services for agricultural machines, implements and supplies; retail services or wholesale services for flowers [natural] and trees; retail services or wholesale services for printed matter; retail services or wholesale services for paper and stationery; retail services or wholesale services for sports goods; retail services or wholesale services for toys, dolls, game machines and apparatus; retail services or wholesale services for musical instruments and records; retail services or wholesale services for photographic machines and apparatus and photographic supplies; retail services or wholesale services for clocks, watches and spectacles [eyeglasses and goggles]; retail services or wholesale services for building materials.

(511) **Vare-/ tjenestefortegnelse:**

- Klasse 1 Filtering materials (chemical, mineral, vegetable and other unprocessed materials); detergents for use in manufacture and industry; chemicals for use in industry; chemicals for use in oil drilling; chemical additives for oil well drilling fluids; chemicals for use in exploring, drilling, and transporting of oil and gas; chemical preparations for use in industry; water treatment chemicals; organic chemicals for use in cooling water, boiler water, and waste treatment applications to prevent scaling, corrosion, and fouling of capital goods; chemicals for use in the production of chlorine dioxide; chemicals used in oil and gas well stimulation; chemicals for use in enhancing oil recovery from wells; chemicals, namely polymers used in oilfield applications; chemical additives for hydrocarbon removal and degassing in the refining and petrochemical industries.
- Klasse 7 Compressors; blowers for use with conveying systems; earthmoving, construction, oil and gas extraction and mining equipment; parts and fittings of all the aforesaid goods, included in this class; oil refining machines, oil-well pumping machines, industrial equipment comprising modular units for controlling and removing toxic gases and toxic vapors.
- Klasse 37 Rental of tools, plant and equipment for construction, demolition, cleaning and maintenance; extraction of natural resources; installation, cleaning, repair and maintenance services for pipelines, oil refining machines, oil-well pumping machines, industrial equipment comprising modular units for controlling and removing toxic gases and toxic vapors; rental in connection with the aforesaid, included in this class and advice, consultancy and information for the aforesaid, included in this class; pipeline maintenance.
- Klasse 40 Rental of equipment for the treatment and transformation of materials for energy production and for custom manufacturing; rental in connection with the aforesaid, included in this class, as well as consultancy and information for the aforesaid, included in this class; oil refinery services; processing of natural gas; oil and gas well treatment; production of energy; filtration and purification of natural gas; oil and gas treatment; processing of oil and natural gas.
- Klasse 42 Analysis for oil-field exploration; oil-field surveys; software as a service (SaaS); oil-well testing; analysis for oil research; analysis of oil fields; inspection of oil fields; industrial research; technical research; chemical research and analysis; laboratory research services; research, development, diagnostic, consulting, and auditing services for the oil and gas industry; pipeline inspection services; testing, analysis and evaluation of the goods of others, namely, umbilical systems used for the delivery of chemicals to subsea oil wells, for purposes of certification; software as a service (SaaS) featuring software for use in the oil, gas, and energy industries; software as a service (SaaS) featuring software for collecting, aggregating, and analyzing data

from various sources such as remote sensors, laboratory results, geographic data, and weather data; software as a service (SaaS) featuring software that allows users to receive reports, alerts, and notifications related to industrial processes; provision of software for project management; provision of software for monitoring and managing cooling water systems, boiler systems, waste water treatment systems, and industrial water systems; technical consulting in the field of oil and gas production and processing; technical consultation in the field of hydrocarbon removal and degassing, for the refining and petrochemical industries.

(511) **Vare-/ tjenestefortegnelse:**

- Klasse 7 Steam engine boilers; boiler tubes [parts of machines]; steam turbines, other than for land vehicles; gas turbines, other than for land vehicles; hydraulic turbines; wind turbines; current generators; combined cycle power generators; geothermal power generators; cogeneration power generators; wind-powered electricity generators; nuclear power generators and their parts and fittings; decontamination apparatuses for use in nuclear power plants; engines, not for land vehicles; engines for marine vessels; engines for agricultural machines and implements; diesel engines, not for land vehicles; steam engines, not for land vehicles; jet engines, not for land vehicles; engines for boats; injectors for engines; ignition devices for engines of land vehicles; engine valves; generators of electricity; diesel engine power generators; electric motors other than for land vehicles; turbochargers for machines; propulsion mechanisms other than for land vehicles; control mechanisms for engines or motors; pumps for machines; centrifugal pumps; turbo-molecular pumps; vacuum pumps; blowing machines for compression, exhaustion and transport of gases; apparatus for separating gases by pressure swing adsorption; compressors for air conditioners and refrigerators; condensing installations; oil centrifuges and other centrifuges; rotary drum filtering machines; horizontal tilting pan filter for chemical processing; automatic self-cleaning type filters for chemical processing; chemical reactors and chemical processing apparatuses; mixers [machines]; pressure washing machines; heat exchangers [parts of machines]; sulfuric acid manufacturing machines; polyacetal manufacturing machines; edible oil refining machines for food processing; formalin manufacturing machines; ethylene manufacturing machines; carbon black manufacturing machines; machine tools; apparatus for machining with computerized control devices; cutting tools for machinery; drilling bits [parts of machines]; drilling rods for metalworking machines, mining

machines and construction machines; carbide tools; molds [parts of machines]; rotary parts of machines; grinding machines; milling machines; roller bridges; cranes [lifting and hoisting apparatus]; container cranes; transfer cranes; floating cranes; tower cranes; unloaders; loaders [earth moving machines]; derricks; belt conveyors; handling apparatus for loading and unloading; iron and steel manufacturing machines; rolling mills; plastic moulding machines; tire vulcanizers; textile machines; paper making and paper-working machines; machines for packaging food; vacuum packaging machines; bottling machines; canning machines; bottle filling machines; bottle washing machines; can filling machines; can seamers for packaging; presses [machines for industrial purposes]; printing machines; offset printing presses; web offset printing presses; washing machines (laundry); industrial robots; offshore excavators; oil refining machines; oil storage and distribution machines; construction machines; hydraulic excavators; road paving machines; road making machines; road repairing machines; graders [earth moving machines]; boring machines; crawler drills; shield machines; hydraulic equipment; clutches other than for land vehicles; carburetor; power transmissions, other than for land vehicles; gear boxes, other than for land vehicles; reduction gears, other than for land vehicles; torque convertors, other than for land vehicles; springs [parts of machines]; agricultural machines; tractor-towed harvesters; tractor-towed broadcast seeders; tractor-towed mowers; rotary power tillers; power tillers; combine harvesters; threshing machines; transplanting machines and implements; grass trimmers, electric; lawn mowers; hullers; elevators; escalators; moving sidewalks; industrial sewing machines; clutch motors for sewing machines; clutch mechanisms, other than for land vehicles; electric motors, not for land vehicles; generators of electricity; fuel injector; distributors for motor vehicle engines; ignition coils for automotive engines; electronic controlled carburetors; ignition coils [parts of engines]; spark plug for engines; steam turbine generators; geared motor; pumps [parts of machines, engines or motors]; pumps [machines]; hoist; starter motors; throttle body for fuel engines; electrical discharge machines; machine for semiconductor surface processing by ionized cluster beam; machines or machine tools for clamping manufactured articles or workpiece; seam welders; industrial robot for lifting apparatus; speed governors for machines; mechanical and pneumatic hoisting machines; fans for motors and engines; oil rotary vacuum pumps; aerators; electrically control sewing machines; starters for motors and engines; servo motors for sewing machine; dynamos; hydro turbine generators; electric mixers, for household use; washing machines for household purposes; ironing machines; kitchen machines, electric; oil filter for vehicles motors and engines; air filter for vehicles motors and engines; pistons for engine; 3D printers; O-rings [parts of machines]; grease rings [parts of machines]; gaskets for internal combustion engines; gaskets of metal for vehicle engines; gaskets, not of metal, for vehicle engines; electric vacuum cleaners; servo motors; laser processing machines for factory automation; turbogenerators; moving pavements [sidewalks]; solar power generator; actuators for vehicles; fuel injection system for engines; igniting magnetos for engines; metal working machines and tools; metal working machine tools; cutting machines; cutting tools for machinery; drilling heads [parts of machines]; drills [parts of machines]; drill bits [parts of machines]; end mills [parts of machines]; blades [parts of machines]; milling machines for metal working; drilling machines [for metal working]; gear cutters [machine tools]; cutting inserts and cutting tips being parts of cutting tool for machinery; power-driven hand-held tools; electric drills [hand-held]; cemented carbide tools; cemented carbide cutting tools; cemented carbide tips; sintered CBN (cubic boron nitride) cutting

tools; diamond cutting tools; diamond-pointed metal cutting tools; diamond drill bits; sintered diamond cutting tools; moulds and dies for metal-forming; holding devices for machine tools; taps being machine tools; chucks [parts of machines]; grindstones [parts of machines]; collet chucks [parts of machines]; tool holders [parts of machines]; spindles [machine elements other than for land vehicles]; primary metal forming machines and apparatus; secondary metal forming machines and apparatus; mechanical presses for metal working; forging machines; wire forming machines; mining machines and apparatus; mineworking machines; printing plates; printing platemaking machines and apparatus; punching machines; coating machines; coating and painting machines; coating machines for packages for food or beverages.

Klasse 37 Shipbuilding; machinery installation in the field of aircraft and aerospace; repair and maintenance services of ships, propellers for ships or contrarotating propellers for ships; repair and maintenance of bridges; repair and maintenance of tunnel ventilation apparatus; repair and maintenance of storage tanks; repair and maintenance of hydraulic gates, steel stacks; repair and maintenance of mechanical parking systems; repair and maintenance of transport container; repair and maintenance services of aero engines or engines for aircraft; repair and maintenance of computer hard ware for use in aerospace industry; repair and maintenance services of missiles; installation, repair and maintenance services of boilers, steam turbines, gas turbines, water turbines; maintenance, servicing, tuning and repair of motors and engines; construction, installation, repair and maintenance of chemical plants or industrial plants; construction, installation, repair and maintenance services of thermal power generating plants, geothermal power generating plants, wind-power generating plants, hydroelectric power generating plants, diesel power generating plants, combined cycle power generating plants, power generating plants or nuclear power plants; construction, installation, repair and maintenance services of movable seat equipment for sports, cultural, amusement or commercial facilities; repair and maintenance services of agricultural machinery, construction machinery, chemical machinery, iron and steel manufacturing machinery, plastic injection molding machinery; repair and maintenance services of pumps, air blowers, power shift transmissions; repair and maintenance services of pulp-making, papermaking or paper-working machines and apparatus, printing machinery or food packaging machinery; installation, repair and maintenance services of air pollution prevention plants; installation, repair and maintenance of environmental control systems; installation, repair and maintenance of refrigeration apparatus; installation, repair and maintenance of air conditioning apparatus; repair and maintenance services of machine tools; repair and maintenance of industrial robots; repair and maintenance of turbochargers; repair and maintenance of forklift trucks, tractors, tanks [weapons], armored cars, ambulances, fire trucks, refrigerated vehicles, mobile cranes, bulldozers, road rollers, diggers, dump trucks or graders [earth moving machines]; construction supervision services; construction, reconstruction, and restoration of residential, retail store, hotel, commercial, industrial and institutional buildings; construction and maintenance services relating to civil engineering; construction management of civil and infrastructure construction projects; installation, repair and maintenance of consumer electric appliances; installation, repair and maintenance of elevators, escalators or moving sidewalks; installation, repair and maintenance of freezing machines and apparatus or heating apparatus; installation, repair and maintenance of lighting apparatus; installation, repair and maintenance of telephones; installation, repair and maintenance services of computer hardware;

installation, repair and maintenance of office machines and apparatus; installation, repair and maintenance of film projectors or photographic apparatus; installation, repair and maintenance of electric wires or cables, radio receivers, television receivers, electronic apparatus; installation, repair and maintenance of tire alarms or burglar alarms; installation, repair and maintenance of measuring or testing machines and instruments; installation, repair and maintenance of medical apparatus; installation, repair and maintenance of flight simulators, computer hardware for simulating a design of machines and installations or computer hardware for simulating virtual reality used with electronic games apparatus; installation, repair and maintenance of signalling apparatus; installation, repair and maintenance of electric or electronic equipment in automobiles; repair and maintenance of building; repair and maintenance of telecommunication apparatus; vehicle maintenance and repair; vehicle polishing; vehicle lubrication; vehicle greasing; vehicle washing; vehicle cleaning; anti-rust treatment for vehicles; vehicle service stations [refueling and maintenance]; reconstruction and equipment installation of ships, aircrafts, buses, trucks, automobiles, forklift, cars for agriculture, sounding rockets, transportation rockets, space vehicles, tanks [weapons], armored cars, ambulances, fire trucks, refrigerated vehicles, mobile cranes, bulldozers, road rollers, diggers, dump trucks, tractors or graders [earth moving machines]; repair and maintenance of 3D printers; remote monitoring of operating condition of elevators, escalators and moving sidewalks; remote monitoring of operating condition of air conditioning, heating, plumbing and sanitary installation for buildings; remote monitoring of operating condition of building equipment; providing information on remote monitoring of operating condition of building equipment; remote monitoring of repair and maintenance of agricultural machines and providing information relating thereto; remote monitoring of driving condition of vehicles and vehicle equipment; remote monitoring of operating condition of facilities at factories and plants; repair and maintenance of metal working machines; repair and maintenance of electronic telecommunication machines and apparatus; repair and maintenance of power distribution and control machines; repair and maintenance of power generators; maintenance of operating condition of elevators by remote control apparatus; maintenance of operating condition of escalators by remote control apparatus; maintenance of moving sidewalks by remote control apparatus; maintenance of operating condition of air conditioning, heating, plumbing and sanitation for buildings by remote control apparatus; maintenance of operating condition of building equipment by remote control apparatus; providing information on maintenance of operating condition of building equipment by remote control apparatus; maintenance of repair and maintenance of agricultural machines by remote control apparatus and providing information relating thereto; maintenance of driving condition of vehicles by remote control apparatus; maintenance of condition of vehicle cargo and freight by remote control apparatus; maintenance of physical condition of vehicle occupants by remote control apparatus; maintenance of operating condition of factories and plants by remote control apparatus.

(511) **Vare-/ tjenestefortegnelse:**

Klasse 6 Common metals and their alloys; ores; building materials of metal; buildings, transportable, of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; safes [strong boxes]; valves of metal (other than parts of machine); manual operated valves of metal (other than parts of machine); water-pipe valves of metal; pipes of metal and junctions of metal; manifolds of metal for pipelines; pipe muffers of metal; fittings of metal for compressed air lines; adaptors, couplings and manifolds of metal for hydraulic and pneumatic systems; components of metal for use in particular in constructions of plants, machines and motors for the civil and industrial sectors; castings of metal alloys; components of metal for use in particular in constructions of plants and structures for the steel, energy, petrochemical, wind, nuclear and mechanical industries; metal mouldings.

Klasse 7 Machine tools, power-operated tools; motors, other than for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated; incubators for eggs; vending machines; valves of metal [parts of machines]; cylinders, seals and junctions [parts of machines]; locks, brakes and absorbers for pneumatic cylinders; pressure governors and reducers; components of compressed air and pneumatic machines, in particular cylinders, valves and pneumatic grippers; hydraulic and pneumatic valve actuators; pneumatic pumps; filters and exhaust silencers [parts of machines]; machines and fittings for textile industry; machines for cutting and processing fabrics and fibers; parts and accessories of machines and installations for textile industry; machine tools, in particular milling machines, boring machines, lathes [machine tools], rotor slotters and hole cutters; cutters; parts and fittings of machines tools, in particular milling machines, boring machines, lathes [machine tools], rotor slotters and hole cutters; die-stamping machines; molds [parts of machines]; cylinders and matrices for use in printing; basket presses; machines for processing, molding and extrusion of plastic.

Klasse 9 Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash

registers, calculating machines, data processing equipment, computers; computer software; fire extinguishers; electrical control valves; solenoid valves [electromagnetic switches]; electric valve actuators; regulating apparatus; pressure indicators for valves; pressure switches and sensors for monitoring, controlling and driving of hydraulic and pneumatic systems; computer software, recorded; computer software platforms, recorded or downloadable; production, warehouse and logistics management software; software for creation of digital platforms for data collection.

Klasse 17 Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible hoses, not of metal; rings of rubber; water-tight rings; gaskets; cylinder jointings; pipe gaskets; rubber, raw or semi-worked; plastic substances, semi-processed; waterproof packings; fittings, not of metal, for compressed air lines; pipe muffs, not of metal; caulking materials; shock-absorbing buffers of rubber; junctions, not of metal, for pipes; washers of rubber or vulcanized fiber; rubber stoppers; clack valves of rubber; plastic seals for valves; junctions, pipes, couplings and valves not of metal; hose fittings, not of metal; hoses made of plastic; air hoses for pneumatic tools.

**Klagenemndas avgjørelse av 2021.06.22:**  
1 Klagen tas til følge.  
2 Ordmerket S 560, med internasjonalt registreringsnummer 1414305 og norsk søknadsnummer 201809759, gis virkning i Norge for samtlige varer i klasse 12.

(210) **Søknadsnr.:** 201809758  
(540) **Gjengivelse av merket**

**S 650**

(541) **Merket er et ordmerke i standard font**  
(511) **Vare-/ tjenestefortegnelse:**  
12 Motor vehicles and parts thereof (as far as included in class 12).

(731) **Søker:**  
Daimler AG, Mercedesstrasse 120, 70372, STUTTGART, DE

(740) **Fullmektig:**  
ZACCO NORWAY AS, Postboks 488, 0213, OSLO, NO  
**Søknad inngitt:**  
2018.07.26  
**Patentstyrets avgjørelse av søknaden (2021.02.11):**  
Den internasjonale registreringen nektes virkning i Norge.  
**Klage på Patentstyrets avgjørelse innkommet:**  
2021.04.12  
**Klagenemndas avgjørelse av 2021.06.22:**  
1 Klagen tas til følge.  
2 Ordmerket S 650, med internasjonalt registreringsnummer 1414296 og norsk søknadsnummer 201809758, gis virkning i Norge for samtlige varer i klasse 12.

## Begrensning i varefortegnelsen for internasjonale varemerkeregistreringer

Begrensning av liste over varer eller tjenester utført for internasjonale registreringer som er gyldige i Norge.

(111) **Reg.nr.:** 1443250A  
(210) **Søknadsnr.:** 202108696  
(151) **Reg.dat:** 2018.10.24  
(180) **Registreringer utløper:** 2028.10.24  
(220) **Inndato:** 2021.07.01  
(540) **Gjengivelse av merket:**

### **SolarPower**

(592) Merket er et **ordmerke i standard font**  
(730) **Innehaver:**  
Premium Beverages International B.V., Tweede  
Weteringplantsoen 21, 1017ZD AMSTERDAM,  
Nederland  
(511) **Ny vare-/tjenestefortegnelse:**  
Klasse 32 Non-alcoholic energy drinks, namely malt energy  
drink.

## Krav om administrativ overprøving av varemerkeregistreringer

I følgende varemerkeregistrering er det innkommet krav om administrativ overprøving.

(111) **Reg.nr.:** 217210  
(210) **Søknadsnr.:** 200202695  
(450) **Reg. kunngjort:** Nr. 2003.02.03

**Krav om  
administrativ  
overprøving**

**innlevert:** 2021.06.28  
(540) **Gjengivelse av merket**

(593- Merket er et **kombinert merke eller et rent figurmerke**  
594)

(511) **Vare-/ tjenestefortegnelse:**

Klasse 9 Elektroniske oppslagstavler; skjermer for computere med flytende krystall; computertastaturer; harddiskstasjoner; computerminner; computerstormaskiner; mikroprosessorer; mus til computere; computeromformere; personlige datamaskiner; computerkabinetter og kasser; små bærbare computere; håndholdte computere; bærbare computere; flash-minnebrikker; flyttbare harddisker; computerterminaler; magnetplater og CD-plater registrert med computerprogrammer; personlig digitale assistenter (CPA'er); computergrensesnitt; digitale kameraer; fjernsynsapparater med flytende krystall; mobiltelefoner; bildetelefoner, internett-telefoner; set-top bokser; trykte kretskort; hovedkretskort; batterier.

Klasse 42 Tjenester i forbindelse med produksjon, utforming, vedlikehold, testing og analyse av dataprogrammer og -systemer; konsultasjoner av computersystemer og programmer; tjenester i forbindelse med computerprogrammering og computer databehandling og leie av computere.

(730) **Innehaver:**  
Elitegroup Computer Systems Co Ltd, is No. 239, Sec 2,  
Tiding Blvd., Neihu Dist., 11493 TAIPEI CITY, Taiwan

(740) **Fullmektig:**  
PLOUGMANN VINGTOFT, Postboks 1003 Sentrum, 0104  
OSLO, Norge

**Kravstiller:**

Alcadon Group AB, Segelbåtsvägen, 711264  
STOCKHOLM, Sverige

**Kravstillers fullmektig:**

Brækhus Advokatfirma DA, Postboks 1369 Vika, 0114  
OSLO, Norge

## Avgjørelse i krav om administrativ overprøving av registrert foretaksnavn

**Kravnummer:** OP 2020/00467

**Foretaksnavnet som er krevet overprøvd** er SH BYGG AS, med organisasjonsnummer 925403628

**Kravet ble mottatt av Patentstyret:** 2020.10.26.

**Innehaver:** SH BYGG AS

Innehavers fullmektig:

**Kravstiller:** SH-BYGG AS

Kravstillers fullmektig:

Innehaverens foretaksnavn ble den 18. desember 2020 navneendret fra SH BYGG AS til SM 7 BYGG AS. Patentstyret vurderte derfor om opprettholdelsen av innehaverens registrerte foretaksnavn SM 7 BYGG AS er i strid med kravstillerens foretaksnavn SH-BYGG AS, jf. foretaksnavneloven § 3-6 første ledd.

**Patentstyret har den 2021.03.30 truffet følgende avgjørelse:**

Registreringen av foretaksnavnet SM 7 BYGG AS er ikke i strid med foretaksnavneloven § 2-6 nr. 4. Kravet om administrativ overprøving tas ikke til følge.

Avgjørelsen ble rettskraftig den 2021.05.30.

**Regulations of Use**  
for the A.I.S.E. Charter 2020+ European Union Certification Mark n°018110932

### Introduction

These Regulations relate to the use of the A.I.S.E. Charter Mark as EU Certification Mark n°018110932 in relation to the A.I.S.E. "Charter for Sustainability" ("Charter 2020+").

The Charter is a voluntary industry programme for sustainability developed for the detergents and maintenance products industry. It is intended to promote sustainable development in the manufacture of household and professional cleaning and health products.

The Charter requires manufacturing companies to have in place systems for continual assessment and review of sustainability performance at every important stage of the manufacturing process.

The Charter consists of a set of procedures ("CSPs") which companies implement in their management systems as well as a set of advanced sustainability criteria ("ASPs") that applies to the end product.

The companies that have implemented the CSP procedures are allowed to use the so-called "company" Certification Mark on their product :

The companies that have implemented the CSP procedures and manufacture one or more product that complies with the advanced

sustainability criteria are allowed to use on the related product the so-called "product" Certification Mark:

**The present Regulations are governing the use of the "product" Certification Mark only and the certification of approved users ("the Authorized users"). The use of the "company" Certification Mark is governed by other Regulations.**

### 1. Ownership of the Mark

The Mark has been developed by A.I.S.E. AISBL, the « Association Internationale de la Savonnerie, de la Détergence et des Produits d'Entretien », with registered address at Boulevard du Souverain 165, 1160 Brussels, Belgium (« A.I.S.E. »).

A.I.S.E. warrants that it is the owner of the Mark.

### 2. Declaration

A.I.S.E. declares to comply with the requirements laid down in Article 83(2) of Regulation (EU) 2017/1001 of the European Parliament and of the Council of 14 June of 2017 on the European Union trade mark.

### 3. Representation of the Mark

### 4. Goods covered by the Mark

The goods covered by the Mark are the following:

Class 1: Detergents for professional and industrial use.

Class 3: Bleaching preparations and other substances for laundry use; Soaps and detergents for household use; Cleaning, polishing, scouring and abrasive preparations;

Class 5: Detergents for medical and veterinary purpose; disinfectants; air fresheners; insecticides.

## 5. Characteristics of the goods to be certified by the Mark

The characteristics being certified by the Mark is that the goods in question are sustainable and that they are sustainably sourced, manufactured and distributed.

The certification signifies that the manufacturer is committed to (a) certain sustainability processes at the manufacturing level but also that (b) the product itself meets certain advanced sustainability criteria.

- (a) In order to ensure the sustainability of the processes, a set of twelve procedures (CSPs) has been defined. The detailed explanation of the procedures and related standards ("CSP Detailed Explanation") can be downloaded from: <https://www.sustainable-cleaning2020.com/company-area/charter-2020-documentation>

Some of the standards set by A.I.S.E are equivalent to existing ISO Norms (ISO 9001, ISO 14001, EMAS & ISO 45001) or United Nations Sustainable Development Goals (SDGs). A summary list of the equivalences can be found in Annex I (as from p. 11)

- (b) In order to ensure the sustainability of the product, a list of Advanced Sustainability Criteria (ASPs) has been defined. Different ASPs have been defined for each category of product. The detailed explanation of the standards ("Sustainability Products Standards – Advanced Sustainability Profiles") can be downloaded from: <https://www.sustainable-cleaning2020.com/company-area/charter-2020-documentation>

Companies complying with all these standards and requirements will obtain the certification and will be authorized to affix the Mark on the relevant product.

## 6. Conditions governing the use of the Mark

### 6.1 Conditions of use of the Mark

- 6.1.1 The Mark shall not be used on pack together with the Mark originally defined for previous versions of the Charter for Sustainable Cleaning.
- 6.1.2 The Mark can only appear on products on shelves no earlier than 1 January 2020.
- 6.1.3 The Mark shall not be presented as if they are the trademark or branding of an individual manufacturer's product.
- 6.1.4 The Mark shall not be used in relation to any claim made for any product which conflicts with the Charter for Sustainability.
- 6.1.5 The Mark shall not be used in any way which is misleading, deceptive or confusing, or which abuses them or may bring them into disrepute.
- 6.1.6 The use of the Mark by the Authorized user shall at all times be in keeping with and seek to maintain their reputation as determined by AISE, and the Authorized user shall forthwith cease any use not consistent therewith as AISE may reasonably require.
- 6.1.7 The Authorized user shall not use any mark confusingly similar to the Mark on the materials or in relation to the goods covered by the Mark or any products similar to or competing with the goods covered by the Mark.
- 6.1.8 The Authorized user shall only use the Mark in the form stipulated by AISE and shall observe any reasonable directions given by the AISE as to colours and size of the representations of the Trademark and the manner and disposition thereof on the Materials. These directions are provided in the Technical Specifications for the two Charter Certification Marks document which is attached to the present Regulations.

The Authorized user shall refer to the specifications relating to the so-called "company and product logo". The specifications relating to the "company logo" can be ignored as they refer to a certification Mark that is not the subject of the present regulations.

- 6.1.9 The Authorized user shall always use the Mark in combination with the wordings "[www.cleanright.eu](http://www.cleanright.eu)" and "The industry sustainability mark" in color, position and language provided in the Technical Specifications.
- 6.1.10 When the Mark is used in any Corporate Communication Materials except on packaging, the following statement (suitably translated) must also be printed legibly and close by: *"all products that carry this mark are from companies which are committed to the Industry programme "Charter for Sustainable Cleaning" and refer to the Associated Website [www.cleanright.eu](http://www.cleanright.eu) .*

- Use on Corporate Communication Materials:

- (a) "Corporate Communication Materials" mean letterheads, press releases, annual and quarterly reports, websites and similar materials designed to communicate primarily about the business of the User generally and not specific to its brands.
  - (b) On Corporate Communication Materials, Authorized users should use the Mark including a reference to the Associated Website. Any use in electronic Corporate Communication Materials must include a link to the Associated Website.
- Use on Packaging materials:
    - (a) Only one Mark shall be used on a pack.
    - (b) It is recommended to place the Mark adjacent to the manufacturer's name or address.
    - (c) If the Authorized user wishes to provide additional explanation of the Mark or the Charter scheme on the pack, the User shall conform to the text provided by A.I.S.E. in the Technical Specifications.
    - (d) Additional specifications (e.g. size) are provided in the Technical Specifications.
  - Use in other communication:

The Mark may be used in point-of-sale and direct-to-customer commercial communications. When used in mass media communications, i.e. television, radio, internet, print, cinema, posters other than in the context of any campaign organized and authorized by the A.I.S.E. National Association members, the Mark shall not be presented in a manner that is misleading, deceptive or confusing, or as if they are a trademark or a branding of the Authorized user.

## 6.2. Infringements, sanctions and termination

The use of the Mark may be terminated either:

- (a) by the Authorized user by written notice of it withdrawing from Charter 2020+ sent to A.I.S.E. at the latest 30 calendar days before the end of the on-going year or
- (b) by A.I.S.E. serving a prior written notice of no less than twelve (12) months upon the Authorized user following a decision by A.I.S.E. to terminate Charter 2020+ for legal or regulatory reasons or a view to implementing a major upgrade of Charter 2020+
- (c) by A.I.S.E. in case of non-respect by the User of the conditions set in the present Regulations: AISE shall as soon as he becomes aware of a breach by the User of the conditions set in the present Regulations give the Authorized user in writing full particulars of the use that might constitute an infringement of these Regulations of Use, including the time period to remedy the infringement. The User shall reply in writing within twenty-eight (28) days.

In the event that the Authorized user agrees his use of the Mark does constitute an infringement of the Regulations of Use, he shall remedy the breach within sixty (60) days as requested by AISE in the letter referred to above. This remedy may include a requirement to cease use of the Mark on the products until the infringement has been remedied.

In the event that AISE and the Authorized user do not come to an agreement on the alleged infringement, AISE will refer the matter to an independent verifier whose assessment will be definitive for the purpose of assessing the infringement. Where the alleged infringement was notified to AISE by the verifier following a random verification procedure at the Authorized user, the Authorized user may send additional data to allow the verifier to further assess the alleged infringement, and costs shall be borne by the Authorized user. Where AISE was made aware of an alleged infringement by means other than verification, he may send a verifier to further investigate the alleged infringement. If the verification carried out shows proof of an infringement, AISE reserves the right to charge the User a fee covering the administrative expenses incurred by AISE for this verification up to ten thousand (10 000) Euros per infringing Product as defined in 1.15, payable within twenty-eight (28) days. Where the verifier confirms the infringement, the Authorized user will be requested by AISE to remedy the infringement within 60 days. The remedy may include a requirement to cease use of the Mark on the infringing Products until the infringement has been remedied.

## 7. Authorized Users of the Mark

The Authorized users of the Mark are the companies that have applied and obtained the Certification delivered by AISE.

Therefore, the Authorized user is any company that meets the required standards (as specified in points 5 and 6).

The use of the mark by the Authorized users is conditioned by the signature of a Letter of Commitment and their acceptance of the present Regulation of Use. The "Letters of Commitment" can be downloaded from <https://www.sustainable-cleaning2020.com/company-area/charter-2020-documentation>

An updated list of the Authorized users will always be available here: [https://www.sustainable-cleaning.com/en.publicarea\\_companyparticipation.orb](https://www.sustainable-cleaning.com/en.publicarea_companyparticipation.orb)

## 8. Verification of the characteristics and granting of the certification

The Authorized user will undergo an Entrance Check performed to ensure that (1) it has installed the CSPs which are identified as "essential" on its operation's production and that (2) his product meets the ASP's defined for the relevant category. 3 years after the Entrance Check, a verification will take place to ensure that the Authorized user has installed both "essential" and "additional" CSPs on more than 75% of its Operation's products and even strive to reach the 100%; such checks will be repeated every 3 years. These checks are performed by an independent third-party verifier.

Verifications are performed by an independent external verifier ("The Verifier") accredited by an official certifying body under the European Accreditation System and accepted by A.I.S.E.. A pool of Verifiers is available to the Authorized user to choose from in order to have its verifications carried out.

A number of Key Performance Indicators (KPIs), specifically linked to the CSPs and to the ASPs, have been defined to allow the monitoring of the Authorized users implementation of the Charter (Examples of KPIs are the consumed energy , consumed water, dosage of the product or packaging specifications). The Authorized users make a yearly report on the KPIs values by means of an online tool. This report is reviewed by A.I.S.E. and a third party verifier is sent on site in order to check the values of the KPIs.

The third party verifiers also carries out random checks (including on-site checks to verify the data gathering) of the same KPIs.

The detailed explanation of the KPIs (KPI Detailed Explanation) can be downloaded from : <https://www.sustainable-cleaning2020.com/company-area/charter-2020-documentation>

# A.I.S.E CHARTER FOR SUSTAINABLE CLEANING 2020+ LOGOS ON PACKAGING & PROMOTION TECHNICAL SPECIFICATIONS Version 1.1. (June 2019)

NB: Use of Charter 2020+ logos is covered by the original Letter of Commitment and is permitted only to those companies officially committed to the A.I.S.E. Charter for Sustainable Cleaning, version 2020+

Conditions for use of these logos are clearly outlined in the Charter 2020+ Reference Document.

**CHOICE OF LOGO ON PACKAGING**

<p><b>Company logo :</b> It is recommended to position this logo adjacent to the manufacturer's name or address.</p>	
<p><b>Company and product logo</b> * ASP = Advanced Sustainability Profile It is recommended to position this logo on the front of product packs.</p>	

**Use of logo for corporate identity of the Charter and use on corporate communication material :**

Charter 2020+ companies should use the Charter 2020+ company and products logos where relevant in relation to ASP products.

**Logo elements**

The website address and (at least 1) accompanying sentence are mandatory and may not be removed from the logos. Positioning shall follow the guidelines as set out in the chapter 'Accompanying sentence and display options on pack' on pages 3 and 4.

**REPRODUCTION SIZE**

<p>The logos must be in proportion to the pack size. The minimum size of the company logo circle (diameter) shall not be smaller than 10 mm. The minimum size of the ASP logo inner circle (diameter) shall not be smaller than 8 mm. For both logos: The surface of the logos on pack shall be not smaller than 1% and not bigger than 5% of the pack size. The website address and accompanying sentence must be legible, using 6pt font size minimum.</p>

\*ASP = Advanced Sustainability Profile

## ACCOMPANYING SENTENCE AND DISPLAY OPTIONS ON PACKS

In all countries of the Territory the User may choose between:

The version of the Trademark displayed in Schedule 1.1. (for non-ASP compliant products) or in Schedule 1.2. (for ASP compliant products).

Both logos have been trademarked, including with their respective tag line in English.

Logos should always feature one language minimum on pack.

A.I.S.E. recommends that use of local languages is favored for better consumer understanding, using the adequate translations provided on page 4 of this document.

Versions of the logos with the English tag line only may be used. Compliance with local requirements should be met and are the responsibility of the User.

For multilingual packs, at least one language version shall be used (see below). Other language versions uses may be placed either around or near the logo, or elsewhere on pack in case of space constraints.

### Schedule 1.1. - Company logo

### Schedule 1.2. - Product logo

**Fellesmerkebestemmelser for int.reg.nr. 1526600**

Regulations of Use  
for the A.I.S.E. Charter 2020+ Certification Mark n°018110922

**Introduction**

These Regulations relate to the use of the A.I.S.E. Charter Mark as EU Certification Mark n°18110922 in relation to the A.I.S.E. "Charter for Sustainability" ("Charter 2020+").

The Charter is a voluntary industry programme for sustainability developed for the detergents and maintenance products industry. It is intended to promote sustainable development in the manufacture of household and professional cleaning and health products.

The Charter requires manufacturing companies to have in place systems for continual assessment and review of sustainability performance at every important stage of the manufacturing process.

The Charter consists of a set of procedures ("CSPs") which companies implement in their management systems as well as a set of advanced sustainability criteria ("ASPs") that applies to the end product.

The companies that have implemented the CSP procedures are allowed to use the so-called "company" Certification Mark on their product :

The companies that have implemented the CSP procedures and manufacture one or more product that complies with the advanced

sustainability criteria are allowed to use on the related product the so-called "product" Certification Mark:

The present Regulations are governing the use of the "company" Certification Mark only and the certification of approved users ("the Authorized users"). The use of the "product" Certification Mark is governed by other Regulations.

**1. Ownership of the Mark**

The Mark has been developed by A.I.S.E. AISBL, the « Association Internationale de la Savonnerie, de la Détergence et des Produits d'Entretien », with registered address at Boulevard du Souverain 165, 1160 Brussels, Belgium (« A.I.S.E. »).

A.I.S.E. warrants that it is the owner of the Mark.

**2. Declaration**

A.I.S.E. declares to comply with the requirements laid down in Article 83(2) of Regulation (EU) 2017/1001 of the European Parliament and of the Council of 14 June of 2017 on the European Union trade mark.

**3. Representation of the Mark**

#### 4. Goods covered by the Mark

The goods covered by the Mark are the following:

Class 1: Detergents for professional and industrial use.

Class 3: Bleaching preparations and other substances for laundry use; Soaps and detergents for household use; Cleaning, polishing, scouring and abrasive preparations;

Class 5: Detergents for medical and veterinary purpose; disinfectants; air fresheners; insecticides.

#### 5. Characteristics of the goods to be certified by the Mark

The characteristics being certified by the Mark is that the goods in question are sustainably sourced, manufactured and distributed.

In order to ensure this sustainability, a set of twelve procedures (CSPs) has been defined. The certification is delivered to companies that put in place these procedures and therefore comply with the standards and requirements for sustainability.

The detailed explanation of the procedures and related standards ("CSP Detailed Explanation") can be downloaded from:

<https://www.sustainable-cleaning2020.com/company-area/charter-2020-documentation>

Some of the standards set by A.I.S.E are equivalent to existing ISO Norms (ISO 9001, ISO 14001, EMAS & ISO 45001) or United Nations Sustainable Development Goals (SDGs). A summary list of the equivalences can be found in Annex I (as from p. 11)

Companies complying with all these standards and requirements will obtain the certification and will be authorized to affix the Mark on all their products.

#### 6. Conditions governing the use of the Mark

##### 6.1 Conditions of use of the Mark

6.1.1 The Mark shall not be used on pack together with the Mark originally defined for previous versions of the Charter for Sustainable Cleaning.

6.1.2 The Mark can only appear on products on shelves no earlier than 1 January 2020.

6.1.3 The Mark shall not be presented as if they are the trademark or branding of an individual manufacturer's product.

6.1.4 The Mark shall not be used in relation to any claim made for any product which conflicts with the Charter for Sustainability.

6.1.5 The Mark shall not be used in any way which is misleading, deceptive or confusing, or which abuses them or may bring them into disrepute.

6.1.6 The use of the Mark by the Authorized user shall at all times be in keeping with and seek to maintain their reputation as determined by AISE, and the Authorized user shall forthwith cease any use not consistent therewith as AISE may reasonably require.

6.1.7 The Authorized user shall not use any mark confusingly similar to the Mark on the materials or in relation to the goods covered by the Mark or any products similar to or competing with the goods covered by the Mark.

6.1.8 The Authorized user shall only use the Mark in the form stipulated by AISE and shall observe any reasonable directions given by the AISE as to colours and size of the representations of the Trademark and the manner and disposition thereof on the Materials. These directions are provided in the Technical Specifications for the two Charter Certification Marks document which is attached to the present Regulations.

The Authorized user shall refer to the specifications relating to the so-called "company logo". The specifications relating to the "company and product logo" can be ignored as they refer to a certification Mark that is not the subject of the present regulations.

6.1.9 The Authorized user shall always use the Mark in combination with the wordings "www.cleanright.eu" and "A Charter Member" in color, position and language provided in the Technical Specifications.

6.1.10 When the Mark is used in any Corporate Communication Materials except on packaging, the following statement (suitably translated) must also be printed legibly and close by: "all products that carry this mark are from companies which are committed to the Industry programme "Charter for Sustainable Cleaning" and refer to the Associated Website [www.cleanright.eu](http://www.cleanright.eu) .

- Use on Corporate Communication Materials:

(a) "Corporate Communication Materials" mean letterheads, press releases, annual and quarterly reports, websites and similar materials designed to communicate primarily about the business of the User generally and not specific to its brands.

(b) On Corporate Communication Materials, Authorized users should use the Mark including a reference to the Associated Website. Any use in electronic Corporate Communication Materials must include a link to the Associated Website.

- Use on Packaging materials:

(a) Only one Mark shall be used on a pack.

(b) It is recommended to place the Mark adjacent to the manufacturer's name or address.

(c) If the Authorized user wishes to provide additional explanation of the Mark or the Charter scheme on the pack, the User shall conform to the text provided by A.I.S.E. in the Technical Specifications.

(d) Additional specifications (e.g. size) are provided in the Technical Specifications.

- Use in other communication:

The Mark may be used in point-of-sale and direct-to-customer commercial communications. When used in mass media communications, i.e. television, radio, internet, print, cinema, posters other than in the context of any campaign organized and authorized by the A.I.S.E. National Association members, the Mark shall not be presented in a manner that is misleading, deceptive or confusing, or as if they are a trademark or a branding of the Authorized user.

## 6.2. Infringements, sanctions and termination

The use of the Mark may be terminated either:

- (a) by the Authorized user by written notice of it withdrawing from Charter 2020+ sent to A.I.S.E. at the latest 30 calendar days before the end of the on-going year or
- (b) by A.I.S.E. serving a prior written notice of no less than twelve (12) months upon the Authorized user following a decision by A.I.S.E. to terminate Charter 2020+ for legal or regulatory reasons or a view to implementing a major upgrade of Charter 2020+
- (c) by A.I.S.E. in case of non-respect by the User of the conditions set in the present Regulations: AISE shall as soon as he becomes aware of a breach by the User of the conditions set in the present Regulations give the Authorized user in writing full particulars of the use that might constitute an infringement of these Regulations of Use, including the time period to remedy the infringement. The User shall reply in writing within twenty-eight (28) days.

In the event that the Authorized user agrees his use of the Mark does constitute an infringement of the Regulations of Use, he shall remedy the breach within sixty (60) days as requested by AISE in the letter referred to above. This remedy may include a requirement to cease use of the Mark on the products until the infringement has been remedied.

In the event that AISE and the Authorized user do not come to an agreement on the alleged infringement, AISE will refer the matter to an independent verifier whose assessment will be definitive for the purpose of assessing the infringement. Where the alleged infringement was notified to AISE by the verifier following a random verification procedure at the Authorized user, the Authorized user may send additional data to allow the verifier to further assess the alleged infringement, and costs shall be borne by the Authorized user. Where AISE was made aware of an alleged infringement by means other than verification, he may send a verifier to further investigate the alleged infringement. If the verification carried out shows proof of an infringement, AISE reserves the right to charge the User a fee covering the administrative expenses incurred by AISE for this verification up to ten thousand (10 000) Euros per infringing Product as defined in 1.15, payable within twenty-eight (28) days. Where the verifier confirms the infringement, the Authorized user will be requested by AISE to remedy the infringement within 60 days. The remedy may include a requirement to cease use of the Mark on the infringing Products until the infringement has been remedied.

## 7. Authorized users of the Mark

The Authorized users of the Mark are the companies that have applied and obtained the Certification delivered by AISE.

Therefore, the Authorized user is any company that meets the required standards (as specified in points 5 and 6).

The use of the mark by the Authorized users is conditioned by the signature of a Letter of Commitment and their acceptance of the present Regulation of Use. The "Letters of Commitment" can be downloaded from <https://www.sustainable-cleaning2020.com/company-area/charter-2020-documentation>

An updated list of the Authorized users will always be available here: [https://www.sustainable-cleaning.com/en.publicarea\\_companyparticipation.orb](https://www.sustainable-cleaning.com/en.publicarea_companyparticipation.orb)

## 8. Verification of the characteristics and granting of the certification

The Authorized user will undergo an Entrance Check performed to ensure that it has installed the CSPs which are identified as "essential" on its operation's production. 3 years after the Entrance Check, a verification will take place to ensure that the Authorized user has installed both "essential" and "additional" CSPs on more than 75% of its Operation's products and even strive to reach the 100%; such checks will be repeated every 3 years. These checks are performed by an independent third-party verifier.

Verifications are performed by an independent external verifier ("The Verifier") accredited by an official certifying body under the European Accreditation System and accepted by A.I.S.E.. A pool of Verifiers is available to the Authorized user to choose from in order to have its verifications carried out.

A number of Key Performance Indicators (KPIs), specifically linked to the CSPs, have been defined to allow the monitoring of the Authorized users implementation of the Charter (Examples of KPIs are the consumed energy or water). The Authorized users make a yearly report on the KPIs values by means of an online tool. This report is reviewed by A.I.S.E. and a third party verifier is sent on site in order to check the values of the KPIs.

The third party verifiers also carries out random checks (including on-site checks to verify the data gathering) of the same KPIs.

The detailed explanation of the KPIs (KPI Detailed Explanation) can be downloaded from : <https://www.sustainable-cleaning2020.com/company-area/charter-2020-documentation>

# A.I.S.E CHARTER FOR SUSTAINABLE CLEANING 2020+ LOGOS ON PACKAGING & PROMOTION TECHNICAL SPECIFICATIONS Version 1.1. (June 2019)

NB: Use of Charter 2020+ logos is covered by the original Letter of Commitment and is permitted only to those companies officially committed to the A.I.S.E. Charter for Sustainable Cleaning, version 2020+

Conditions for use of these logos are clearly outlined in the Charter 2020+ Reference Document.

**CHOICE OF LOGO ON PACKAGING**

<p><b>Company logo :</b> It is recommended to position this logo adjacent to the manufacturer’s name or address.</p>	
<p><b>Company and product logo</b> * ASP = Advanced Sustainability Profile It is recommended to position this logo on the front of product packs.</p>	

**Use of logo for corporate identity of the Charter and use on corporate communication material :**

Charter 2020+ companies should use the Charter 2020+ company and products logos where relevant in relation to ASP products.

**Logo elements**

The website address and (at least 1) accompanying sentence are mandatory and may not be removed from the logos. Positioning shall follow the guidelines as set out in the chapter 'Accompanying sentence and display options on pack' on pages 3 and 4.

**REPRODUCTION SIZE**

<p>The logos must be in proportion to the pack size. The minimum size of the company logo circle (diameter) shall not be smaller than 10 mm. The minimum size of the ASP logo inner circle (diameter) shall not be smaller than 8 mm. For both logos: The surface of the logos on pack shall be not smaller than 1% and not bigger than 5% of the pack size. The website address and accompanying sentence must be legible, using 6pt font size minimum.</p>

Professional files of the logos (jpg and Illustrator format) can be downloaded from the protected member’s section of the Charter technical website ([www.sustainable-cleaning.com](http://www.sustainable-cleaning.com)).

\*ASP = Advanced Sustainability Profile

## ACCOMPANYING SENTENCE AND DISPLAY OPTIONS ON PACKS

In all countries of the Territory the User may choose between:

The version of the Trademark displayed in Schedule

1.1. (for non-ASP compliant products) or in Schedule

1.2. (for ASP compliant products).

Both logos have been trademarked, including with their respective tag line in English.

Logos should always feature one language minimum on pack.

A.I.S.E. recommends that use of local languages is favored for better consumer understanding, using the adequate translations provided on page 4 of this document.

Versions of the logos with the English tag line only may be used. Compliance with local requirements should be met and are the responsibility of the User.

For multilingual packs, at least one language version shall be used (see below). Other language versions uses may be placed either around or near the logo, or elsewhere on pack in case of space constraints.

### Schedule 1.1. - Company logo

### Schedule 1.2. - Product logo
