Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

Generell informasjon om kunngjøringer etter Madridprotokollen

Int.reg.nr.: Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.

Int.reg.dato: Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).
Dersom den internasjonale registreringen besluttet gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.

Etterfølgende

utpekingsdato: Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.

Prioritet: Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkers hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.

Besluttet gjeldende

dato i Norge: Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

connecting to a global computer network, for remotely controlling lighting devices within a building, for receiving, processing, transmitting and displaying data, for control, operation, monitoring and management of heating, ventilating, air conditioning and other building environment control equipment and systems and for the collection, management, analysis, storage, transmission and reporting of data in the field of security, safety, environmental, and energy management and lighting apparatus, systems and devices; network routers; wireless routers; motion sensors, namely, electronic motion sensitive switches; communications hardware and software for the remote control, remote operation, remote monitoring and remote management of apparatus, systems and devices, all such control, operation, monitoring and management being cloud-based, via the internet, or via wireless networks; electric control panels; touch sensitive electric control panels for security systems, fire alarms, alarm central units, anti-intrusion alarms, burglar alarms, personal health and security alarms, smoke and gas alarms, home surveillance systems, lighting controls, home automation devices and sprinkler systems for fire protection; thermostats; fire sprinklers; sprinkler systems for fire protection; sprinkler heads for fire sprinklers; detection and control equipment for smoke, namely, smoke detectors; detection and control equipment for heat, namely, heat detectors; detection and control equipment for flame, namely, fire and smoke detectors; sprinkler systems for fire extinguishing; electronic security tags; radio frequency identification (rfid) tags; electronic security and surveillance devices, namely, electromagnetic tags, acoustomagnetic tags, radio frequency identification (rfid) labels, electromagnetic labels, acoustomagnetic labels, radio frequency identification (rfid) readers, electromagnetic readers, acoustomagnetic readers, radio frequency identification (rfid) sensors, electromagnetic sensors, acoustomagnetic sensors, radio frequency identification (rfid) transmitters, electromagnetic transmitters, acoustomagnetic transmitters, radio frequency identification (rfid) receivers, electromagnetic receivers, acoustomagnetic receivers, electrical controllers for acoustomagnetic sensor detection systems, and electronic controllers for rfid readers; facilities management software, namely, software to control building environmental, access and security systems; encoded micro particulates, plastic labels in the nature of anti-shoplifting labels that can be attached to goods; programmable logic controller (plc) devices; building security systems comprising electric and electronic devices and computer software for the remote monitoring and control of, and electronic and audio interaction with, thermostats, heating and air conditioning apparatus, humidifiers, ventilating apparatus, security and access systems, alarms and sensors, lighting, light sensors, and smart appliances in homes and residential environments; electrical controlling devices; electric control devices for building energy management systems and security systems; computer hardware, software, and systems for gathering, collecting, aggregating, storing, sorting, analyzing and reporting data; software for creating, configuring, engineering, installing and operating of building, facility, and plant control, environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, threat detection, access, asset management, automation and optimization devices, apparatus and systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating, and controlling electricity, namely, generators of electricity, electricity conduits, power switches, distribution boxes for electrical power, current transformers; actuators, namely, electric actuators; electrical actuators, electric controls, and switches for air ventilation and air conditioning systems and equipment; solenoid valves; automatic valves; automatic terminal unit valves;

- temperature monitors (valves) for central heating radiators; electric controls for automatic valves; fire dampers, namely, fire protection devices used in heating, ventilation, and air conditioning ducts to prevent the spread of fire inside the ductwork through fire-resistance rated walls and floors; combination fire and smoke dampers, namely, fire protection devices used in heating, ventilation, and air conditioning ducts to prevent the spread of fire and smoke inside the ductwork through fire-resistance rated walls and floors.
- Klasse 37 Installation, maintenance and repair of kitchen hood suppression systems; installation services, namely, CCTV and security equipment installation, smoke detector installation, fire extinguisher installation, intrusion system, automatic sprinklers installation; installation of emergency lights, installation of access control systems, installation of theft prevention devices and monitoring systems comprising electronic video surveillance cameras with computer hardware and software; installation, repair and maintenance services of computer hardware and peripherals, anti-theft alarms, inventory control systems, theft-prevention devices, electronic video surveillance cameras, personnel and asset tracking devices, anti-theft alarms, inventory control systems, theft-prevention devices, electronic video surveillance cameras, personnel and asset tracking devices; installation, repair, and maintenance services of fire protection systems, electrical communications systems, alarm, security, and access control systems, heating systems, ventilating and air conditioning systems, electronic monitoring equipment and apparatus, traffic and transport management systems; installation, maintenance, and repair of systems for providing heating, ventilating, air conditioning, refrigeration, energy, lighting, fire alarm, and security access systems for industrial, commercial, governmental facilities; installation, repair and maintenance of refrigeration systems, fire detection systems and alarm systems, security access systems, sprinkler systems, piping, special hazard warning systems, and fixed, portable and passive fire protection systems; building maintenance and repair; fire alarm repair; fire alarm installation; fire extinguisher recharging services; maintenance and repair of fire alarm installations; technical support services, namely, technical advisory services in the field of installation of fire prevention equipment; providing information in the field of repair and maintenance of fire alarms; providing information in the field of installation and maintenance of security systems; installation advisory services in the field of security and safety equipment; construction, repair, installation, maintenance services and inspection in the course of construction of fire protection systems, electrical communications systems, alarm systems, security and access control systems, ventilating and air conditioning systems, pipelines, valves, valve fittings and actuators, traffic and transport management systems, heating, and temperature sensing systems; management consultation in the field of facilities management, namely, consultation in the field of physical maintenance of operations of facilities; facilities management services, namely, monitoring, diagnostic, operation, repair and maintenance of building management systems and equipment in facilities, namely, heating, ventilation, air conditioning, lighting, power, fire, access control and security systems and equipment; installation, maintenance, and repair services of fire protection and extinguishing apparatus, namely, fire alarms, detection and suppression systems, namely, fire extinguishers; installation and maintenance of fire protection systems; consulting services in the field of installation and maintenance of alarm response and verification systems; repair, installation, and maintenance services for anti-theft alarms, anti-theft alarm keypads and anti-theft alarm control panels, magnetic and electromagnetic object detectors, transponders, antennas, encoded micro particulates, electronic article detection equipment; repair, installation, and maintenance of radio frequency identification (RFID), electromagnetic, radio frequency and acoustomagnetic tags, labels, readers, sensors, transmitters, receivers and electrical controllers; repair, installation, and maintenance of customer tracking and surveillance apparatus in the nature of camera hardware systems for IP video surveillance, electronic surveillance and tracking apparatus in the nature of video surveillance installations, detachers and deactivators for use with inventory control and anti-theft tags and labels, tag deactivators, including hooks, tag detachers, including hooks; installation, maintenance, and repair of electrical and electronic controls and control, automation and optimization devices, apparatus and systems for buildings, facilities and plants; installation, maintenance and repair of electrical and electronic controls and control, automation and optimization systems for building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; installation, maintenance, and repair of electrical and electronic controls and control systems for the on-site and remote monitoring, control, operation, automation, and optimization of, and interaction with, building, facility, and plant devices, apparatus and systems for heating, air conditioning, ventilation, refrigeration, energy use, allocation, maintenance, efficiency and stabilization, lighting, sound, communication, luminescent display, audio and video broadcast, battery and storage cell electrical charging, metering and payment, fire and smoke detection, alarm, suppression, containment and control, water flow, emergency evacuation, security access and alarms, CCTV, surveillance, asset and personnel tracking, light and motion detection, moisture detection, environmental hazard detection, threat detection and safety, gas detection, alarm and containment, asset management, manufacturing, and equipment and systems fault detection; maintenance and repair of vehicles for the transportation of persons and goods, including automobiles, trucks, boats and motorcycles; installation and maintenance of electronic monitoring equipment and apparatus, namely, electronic transmitters and receivers for transmitting and receiving signals, including voice signals, motion detectors and monitors; consulting in the field of building construction, in the nature of building use, namely, consulting services regarding the design of building infrastructure systems, planning of buildings and infrastructure systems for building, site planning, namely, surveying and engineering, building design, building engineering, building standards, building management systems, namely, design and development of on-line computer software systems and integration of computer systems and building automation, information technology for buildings, environmental health and safety in buildings, environment of buildings, environmental quality of building; provision of consulting services for management of the planning, integration, and maintenance of HVAC and cooling equipment for the optimization of energy efficiency at chiller plants.
- Klasse 45 Security services, namely, alarm response and verification services; monitoring and remote monitoring of burglar and security alarms, security systems and home automation systems for security purposes; monitoring fire alarms; fire prevention consultation; rental of fire extinguishers; rental of fire alarms; fire detection and suppression services, namely, responding to fire alarms and providing firefighting services; monitoring of security systems for protecting personal property; monitoring burglar and security alarms; surveillance services, namely, electronic monitoring services for security purposes in the field of residences, businesses and commercial properties; providing information relating to security guard services; alarm response and verification services; home security alarm monitoring, namely, monitoring

and control of alarm and security systems, of water flow and of home automation systems for security purposes; security services for buildings, namely, control of building environmental access and security systems in the nature of building energy management services, security services relating to the heating, ventilation, air conditioning and lighting of buildings, by providing physical access to properties via a remote call-in locking device; theft recovery services in the nature of tracking, locating and monitoring of vehicles for security purposes via a computer network, namely, stolen vehicle tracking; tracking services for homes, people, and businesses, namely, tracking, locating, and monitoring services for recovering people, and stolen property; leasing of firefighting equipment; security services for buildings, namely, control of lighting systems and control of HVAC systems for security purposes; controlling and monitoring services to protect homes, residences, businesses and commercial properties, namely, monitoring building environmental access systems and building security systems for protecting personal property; home security alarm monitoring, namely, intrusion detection and control services, namely, tracking, locating and monitoring services for preventing the intrusion of burglars; surveillance services; rental of security surveillance apparatus and equipment; providing reconnaissance and surveillance services; forensic analysis of surveillance video for fraud and theft prevention purposes; surveillance services, namely, cloud based surveillance services; rental services in the field of physical security, namely, cloud based rental of security surveillance apparatus and equipment; surveillance services, namely, cloud based forensic analysis of surveillance video for fraud and theft prevention purposes; surveillance services, namely, monitoring and controlling of computer equipment for safety, rescue, security and enforcement purposes; cloud based security services, namely, alarm response and verification services; physical security consultancy, namely, provision of advice and information in the fields of cloud based and non-cloud based security, safety, fire detection and suppression, access control, intrusion, loss prevention and building environments and security, safety, fire detection and suppression, access control, intrusion, loss prevention and building environmental apparatus, systems and devices; surveillance services, namely, monitoring and controlling building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; surveillance services, namely, monitoring and controlling computer systems and data derived from building, facility and plant environmental, safety, security, fire, sprinkler, water flow, surveillance, tracking, emergency, energy, lighting, sound, display, threat detection, access, and asset management devices, apparatus and systems; rental services in the field of physical security, namely, leasing of anti-theft and security alarms, antennas, labels, tags, apparatus, devices and systems; rental services in the field of physical security, namely, leasing of video surveillance, video security, security surveillance, security management, monitoring and theft-prevention hardware and software.
