Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

Generell informasjon om kunngjøringer etter Madridprotokollen

Int.reg.nr.: Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.

Int.reg.dato: Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).
Dersom den internasjonale registreringen besluttes gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.

Etterfølgende utpekningsdato: Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.

Prioritet: Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkers hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.

Besluttet gjeldende dato i Norge: Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

Klasse 7 Motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; metalworking machines and tools; chemical processing machines and apparatus; filter elements for chemical processing; cartridges for filtering machines; filtering machines; filters [parts of machines or engines]; membrane filters for use as parts of machines; food or beverage processing machines and apparatus; desalination films for food or beverage processing machines and apparatus; disintegrators; agitators; machines for the mineralisation of drinking

water; wrapping machines; chemical processing filters; hydraulic turbines; dynamos; waste disposal units; mineral water making machines; oil refining machines; gas separating machines; separating machines; water separators; agricultural machines; plowing machines and implements, other than handheld tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for agricultural purposes; fodder presses; fodder cutting machines [feed cutters]; fodder mixing machines [feed mixers]; cake-fodder crushing machines [feed mills]; milk filtering machines; milking machines; chick brooders; sericultural machines and implements; glassware manufacturing machines and apparatus; painting machines and apparatus; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; air filters for semiconductor manufacturing machines and systems; tape sticking machines for semiconductor wafer; machines and apparatus for manufacturing rubber goods; parts of motors and engines [except for land vehicles]; filters for cleaning cooling air, for engines; water mills; wind mills; pneumatic or hydraulic machines and instruments; pumps [machines]; adhesive tape dispensing machines; automatic stamping machines; machines and apparatus for wax-polishing, electric; vacuum cleaners; electric wax-polishing machines; air filters for vacuum cleaners; dust filters for vacuum cleaners; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs [parts of machines]; brakes for machines.

Klasse 9 Scientific research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; breathing apparatus for underwater swimming; electronic game software; meters; measures; network communication equipment; integrated circuits; resistances, electric; pollution sensors; remote control devices; heat regulating apparatus; electrolysers; game programs for arcade video game machines; laboratory apparatus and instruments; scientific research apparatus and instruments; membranes for filtration [scientific]; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; polarizing film for displays; polarizing film for optical machines and apparatus; optical films; measuring machines and instruments; testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical control apparatus; covers for electric outlets; battery chargers; touchscreen sensors; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; cables for optical signal transmission; fiber optic cables; telecommunication machines and apparatus; personal digital assistants; smartphones; protective films for personal digital assistants; clear protective covers for personal digital assistants; acoustic membranes used in sound recording or reproducing apparatus; electronic control apparatus; electron tubes; semi-conductor elements; electronic circuits; computer programs; computer software; computer software platforms, recorded or downloadable; computer software applications, downloadable; barcode label printers; computer software, recorded; protective films adapted for computer screens; circuit boards; circuit boards capable of reading and writing on a hard disk; protective films for electronic machines, apparatus and their parts; Geiger counters; high frequency apparatus for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; electrodes; magnets; flexible magnets in the form of sheets; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; gloves for protection against accidents; spectacles [eyeglasses and goggles]; game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; downloadable image files; recorded video discs and video tapes; phonograph records; downloadable music files; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; fiber optics; fiber optics connectors; photoelectric composite wiring boards; printed wiring boards; gas separators for scientific and laboratory use; filters for use with gas separators for scientific and laboratory use; membrane elements for use with gas separators for scientific and laboratory use; plastic flat films and membranes for use with gas separators for scientific and laboratory use; protective plastic films adapted for screens for electronic or optical apparatus and instruments; computer software platforms; modems; network routers; computer servers; computer software for use in the operation and control of electronic medical interview systems; computer software for use in the field of kinesiology; audiovisual teaching apparatus; teaching apparatus; wearable computers; protective films adapted for smartphones; smartglasses; smart rings; respiratory masks, other than for artificial respiration; filters for respiratory masks; protective masks; decorative magnets.

Klasse 11 Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; toilet bowls and seats sold as a unit; shower enclosures; electric water heaters; ionization apparatus for the treatment of air or water; radiators[heating]; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; drying apparatus for harvest; forage drying apparatus; air conditioners; heating apparatus; heating apparatus, electric; boilers, other than parts of machines; freezing machines and apparatus; laundry dryers, electric; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations; dish drying machines; dish disinfectant apparatus; worktops as parts of kitchen sinks; kitchen sinks; tap water faucets; level controlling valves for tanks; pipe line cocks; pressure reducing valves for water supply; air vent valves; filters for air conditioners; dust filters for air conditioning; waste water treatment tanks; septic tanks; waste water treatment apparatus; waste water purification installations; filtration membranes for use with waste water treatment equipment; membrane elements for use with waste water and sewage purification equipment; plastic membranes for use with waste water and sewage purification equipment; water filters; desalination units; reverse osmosis membranes for

seawater desalination and water treatment; osmosis water filtration units; reverse osmosis water purification units; reverse osmosis membrane elements for water purification units; reverse osmosis membranes for water purification units; filter for drinking water; garbage incinerators; solar water heaters; filtration membranes for solar water heaters; water purifying apparatus for industrial purposes; desalination plants; industrial water purification filters; water purification equipment and machines for the treatment [purification] of water; electric lamps; lighting apparatus; filters for automobile lights; water purifying apparatus and machines; filtration membranes for water purifying apparatus and machines; filtration membrane elements and modules for water purifying apparatus and machines; plastic membranes for water purifying apparatus and machines; filters for water purifying apparatus and machines; filter cartridges for electric water purifying apparatus and machines; membrane elements and other components for water purifying installations; electric water purifying apparatus and machines; air filters for air purifying apparatus and instruments; filters for air extractor hoods; washers for water taps; cooking heaters; tap-water filters, non-electric; warming pans; pocket warmers; hot water bottles; adhesive sheets for disposable heating pads, not for medical purposes; breathable air filters for disposable heating pads; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seats for use with Japanese style toilet bowls; toilet seats; bath fittings; bath tubs; separators for purifying gas; filers for use with separators for purifying gas; membrane elements for use with separators for purifying gas; plastic flat films and membranes for use with separators for purifying gas; footmuffs, electrically heated; electric pocket warmers for warming hands; footwarmers, electric or non-electric; sterilizers; heating elements; hair dryers; cooking utensils, electric; cookers; hand drying apparatus for washrooms; water supply installations; coolers, electric; deodorizing apparatus, not for personal use; dehumidifiers; air filtering installations; air deodorising apparatus; filters for air conditioning; fans [air-conditioning]; humidifiers; heat pumps.

Klasse 17 Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; flexible pipes, tubes and hoses, not of metal; mica [raw or partly processed]; valves of rubber or vulcanized fiber; gaskets; junctions for pipes, not of metal; joint packings; floating anti-pollution barriers; plastic film, other than for wrapping for marine pollution control; marine pollution control membranes, in the nature of insulating waterproofing membranes; electrical insulating materials; insulating materials; heat insulation materials; sound proofing materials; padding materials of rubber or plastics; stuffing of rubber or plastics; electrical insulating tapes; electrical insulating rubber products; insulation sealing materials; insulating varnish; washers of rubber or vulcanized fiber; plastic fiber, not for textile use; plastic fibers, not for use in textiles; rock wool; slag wool; rubber thread and covered rubber yarn, not for textile use; plastic yarn and thread, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; rubber stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper in the nature of insulators; vulcanized fiber; semi-processed plastics; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; plastic film, other than for wrapping; plastic film for protecting objects; semi-processed plastics in the form of sheets; adhesive-coated plastic film and sheet; light-proof plastic film; light-proof plastic film for use on windows; heat-shielding plastic film for use on windows; ultra-violet-shielding plastic film; self-adhesive plastic sheets for use with optical instruments; self-adhesive fluorine resin sheet; polymeric porous plastic film; laminated plastics, semi-processed, for filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermal peelable plastic sheets; plastic film for use in the manufacture of dust removal mats; polymeric film for use in the manufacture of electric circuits; semi-processed plastics for use as damping materials; plastic foam filling materials not for building purposes; heat-insulating plastic film and sheet, not for wrapping; surface-coated epoxy resin films; reverse osmosis membranes in the nature of semi-processed plastics, for seawater desalination and water treatment; fluorescent self-adhesive gel sheets for industrial purposes; insulating polyimide resin sheets; polarization plastic film and sheets; polarization films for liquid crystal displays; magnet-embedded plastics in the form of sheets and films, semi-processed; semi-processed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits, semi-processed, for plumbing purposes; porous membrane resin materials, semi-processed, for filters; plastic substances, semi-processed; semi-processed plastic films, membranes and sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for waste water and sewage purification; fluoro rubber; rubber for use in manufacture; vibration control rubber; synthetic rubber; soundproofing materials of rock wool, not for building purposes; adhesive tapes, other than stationery and not for medical or household purposes; industrial adhesive tapes; self-adhesive tapes, other than stationery and not for medical or household purposes; removable industrial adhesive tapes; industrial masking tapes; adhesive bands, other than stationery and not for medical or household purposes; adhesive-coated tapes for hazard marking; self-adhesive tapes for protection of objects; adhesive tapes for heat shielding; adhesive tapes for water proofing; adhesive tapes for dust proofing; adhesive tapes for corrosion proofing; adhesive tapes for repairing; adhesive tapes for wind proofing; adhesive tapes for fixing semiconductor wafer; fluorine resin adhesive tapes for industrial use; conductive adhesive tapes for industrial use; moisture-proofing adhesive tapes for air crafts; antirust adhesive tapes for air crafts; masking tapes for air crafts; fire-proofing adhesive tapes for air crafts; adhesive tapes for binding harness; adhesive tapes for plumbing protection; adhesive tapes for marking; masking tapes for use in painting; masking tapes for automobiles; masking tapes for printing boards; masking tapes; polymeric porous tapes for industrial use; breathable adhesive tapes for industrial use; seals; pen-type chemical compositions for repairing tile joints; seals for watertight, airtight, soundproofing and thermal insulation for electric home appliances; seals for watertight, airtight, soundproofing and heat insulation for automobiles; repair sealing materials consisting of an epoxy resin and curing agent; fluorine resins, semi-processed; semi-processed synthetic resins; semi-processed plastics for use in the manufacture of fiber optics; plastic fibers, other than for textile use; threads of plastic materials, other than for textile use; thermal insulating materials for footwear; plastic films for preventing dew condensation of windows.

ultrafiltration systems (laboratory apparatus); cell scrapers and harvesters (laboratory equipment); reflectometers, refractometers, titrators, turbidimeters, oximeters, anemometers, spectrophotometers, PH meters, bioluminometers, thermo-hygrometers, acidimeters, oxygen analyzers, conductivity meters and colorimeters (laboratory apparatus); flocculators (laboratory apparatus); scales for laboratories; temperature and humidity recorders (laboratory apparatus); fire blankets; safety blankets, namely, survival blankets; sterilization indicators (laboratory equipment); soaking tubs for disinfecting instruments (laboratory equipment); laboratory syringes and needles; syringe pumps; micro-infusers with wings (laboratory instruments); dissection board and tray; pins; dissection kits; sampling spoons; containers, trays, tubs, funnels, scoops, boxes and drums made of stainless steel (laboratory equipment); pots, storage jars, containers and sample flasks, including sterile, of plastic (laboratory equipment); microtubes and microtubes with or without stoppers or plugs for medical and laboratory analyses (tubes for scientific use); plates and microplates for tubes or microtubes for medical and laboratory analyses; centrifuge tubes (laboratory equipment); plugs, winged stoppers, pierceable stoppers, ventilated stoppers and folding skirt stoppers, all for laboratory tubes; holders for laboratory vials and tubes; cooling pads, heating pads, thawing stations (laboratory apparatus), small bowls, pods and scoops (laboratory equipment for weighing); lab bench trash cans (laboratory equipment); crimping machines and presses (laboratory apparatus); decappers (laboratory apparatus); laboratory pipettes; micropipette tips for laboratories; pipette filter tips for laboratory use; glassware for laboratories; Petri dishes (laboratory equipment); laboratory mixers; laboratory oscilloscopes; collection of samples or swaps (laboratory equipment); laboratory swabs [laboratory instruments]; laboratory robots; laboratory thermometers, including with a probe or infrared; laboratory centrifuges; laboratory filters; ovens for laboratory use; furnaces for laboratory use; bioreactors for laboratories; gasifiers for laboratories; chromatography columns for laboratory use; optical apparatus for laboratory use; insulated containers for laboratory use; magnetic agitators for laboratory use; stills for laboratory experiments; chromatogram analyzers for scientific use or for laboratory; research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; vacuum apparatus for laboratories; automatic ion-exchange chromatography apparatus for use in laboratories; ionization apparatus for scientific or laboratory use; cell culture apparatus for laboratories; separation apparatus for laboratories; laboratory apparatus and instruments; biological safety cabinets for laboratories; burettes [laboratory instruments]; vacuum bottles for laboratories [flasks]; centrifuge bottles (laboratory equipment); vial plugs for laboratory use; petri dishes intended for laboratory research; distillation columns for laboratories; vacuum distillation columns for laboratories; microwave ovens for laboratory use; drying ovens for laboratories; furnaces for laboratory experiments; disposable gloves for laboratory use; air and gas generators for scientific laboratory experiments; gas mixers for laboratories; chromatography instruments and apparatus for scientific or laboratory use; magnetic plates for laboratory use; incubation plates and cell culture plates for scientific or laboratory use; incubation dishes for scientific or laboratory use; test trays for laboratories; hollow glass containers for laboratories; glass dryers for laboratory use; vibrating separators [laboratory apparatus]; reusable dispenser syringes for laboratory use; disposable dispenser syringes for laboratory use; vacuum probes for laboratories; laboratory pipette holders; laboratory storage tubes; filtering units being for laboratories; incubators and refrigerated incubators for laboratory use other than for medical use; microscopes; electron microscopes; biological microscopes; microscope condensers; microscope slides; prisms [for microscopes]; lenses for microscopes; reflectors for microscopes; fluorescence microscopes; LED microscopes; video processors for microscopes; microscopes; scanning electron microscopes; cases for microscope slides; illumination devices for microscopes; boxes for microscope slides, scanning microprobe microscopes; variable focal length microscopes; sample collectors or swabs (laboratory equipment); filter membranes and filter paper for laboratory use; reagent storage tanks (laboratory equipment); inoculators; Petri-dish platers, pipettors, agitators (laboratory equipment); water baths and shaking water baths, dry baths (laboratory apparatus); grinders and mixing machines (laboratory apparatus); noise protection ear covers; biological safety cabinets for laboratories; digital multimeter; clamp-on ammeters (electric current measuring apparatus); air quality sensor; CO2 detector; dioxygen detectors; magnifying glasses; illuminated hand magnifiers; magnifying lamps; illuminated headband magnifiers; illuminated head mount magnifiers; pocket magnifiers; linen-test magnifiers with a graduated reticle; attachment magnifiers; batteries (cells); rechargeable batteries; chargers for rechargeable batteries; electric battery testers; electrical extension cords; multi-outlet power strips; electrical switch timers; digital cameras; adhesive label printer; none of the aforementioned products being intended for solar collectors, power generation facilities, solar panels, solar heating systems, solar energy facilities, solar energy heating installations, heat storage installations, solar-powered ventilation systems, solar-powered inverters, electric vehicle charging sockets, or products for the renewable energy sector.

Klasse 10 Surgical, medical, dental and veterinary apparatus and instruments; clamps for medical use; dissection pliers; scissors for medical use; dissection scissors; clamping forceps; spoon and spatulas for medical use; medical blankets for warming or cooling patients; syringes and needles for medical, dental or surgical use; cold light generators for medical use; radiology screens for medical use (x-ray viewer); cameras for medical use; digital cameras and tablets (microscope parts) for medical use; tape for medical use; saliva swabs for medical diagnosis; test probes being for medical diagnosis; orthopedic articles; suture materials; laboratory clogs and shoes; blouses, trousers, aprons, coveralls, helmets and clothing, including disposable and/or sterile, for laboratories, clean rooms or controlled environments; gloves for chemical protection, gloves for thermal protection, protective aprons, sanitary masks, dust masks, protective masks, removable cartridge masks, filters for sanitary masks; bouffant caps, protective hats, protective cuffs, blouses, trousers, coveralls, aprons, helmets and clothing, ear plugs, clogs and footwear, disposable overshoes and overboots for protection, all these goods may be disposable and/or sterile and being for hospitals, laboratories and medical and laboratory personnel or patients; emergency eye cleaning station; catheters; blood collection tubes; scalpels and scalpel blades; lancets and blades for lancets; bags, pouches and packets, including sterile ones, for laboratories or hospitals, namely disposable bags, pouches and packets for packaging sterilized instruments and paper bags for sterilizing medical instruments.

Klasse 11 Sterilizers and microwave sterilizers (laboratory apparatus); autoclaves; pipes, taps for pipes and connectors for pipes, for laboratory apparatus.

Klasse 16 Protective paper for laboratories; protective paper for lab benches.

Klasse 20 Cabinets for medical instruments.

Klasse 21 Brushes for cleaning glass burettes and tubes; cleaning cloths for laboratories or hospitals.

Klasse 35 presentation of goods on all communication media, for the sale, retail or wholesale, of commercial information and advice for consumers, administrative processing of

orders and purchases of goods, bringing together of goods especially in the form of catalogs and online catalogs, for others (excluding the transport thereof), enabling customers to conveniently view, choose and purchase those goods, including online, namely chemical products for laboratory use, hydroalcoholic solutions for hand disinfection, scientific and research apparatus and instruments, laboratory apparatus and instruments, and surgical, medical, dental and veterinary apparatus and instruments, sales promotion for others

Klasse 9 : Civil engineering software; recording apparatus; compact discs; DVDs; digital recording media; computers; computer software; mobile apps; security surveillance apparatus; scientific research and laboratory apparatus, educational apparatus and simulators; electronic publications, downloadable; monitoring instruments; thermal imaging cameras; apparatus for monitoring heat consumption; bioinformatics software; downloadable software; integrated software packages; computer software, recorded; software for GPS navigation systems; industrial process control software; gesture recognition software; software for diagnostics and troubleshooting; downloadable applications for use with mobile devices; downloadable software applications for use with three dimensional printers; safe load indicating apparatus; testing and quality control devices; logistics software; software for monitoring, controlling and running physical world operations; scheduling software; application simulation software; business intelligence software; business process management [BPM] software; CAD-CAM software; CMS software [content management system]; data carriers for computers having software recorded thereon; computer hardware for use in computer-assisted software engineering; collaboration software platforms [software]; artificial intelligence software for analysis; artificial intelligence software for surveillance; supply chain management software; real-time collaborative editing [RTCE] platforms [software]; computer-aided engineering [CAE] software; computer-aided design (CAD) software; computer-aided manufacturing [CAM] software; customer relation management [CRM] software; customer relationship management software (CRM); software for operating and online shop; building management software; geographical information system (GIS) software; geographic information system [GIS] software; electronic article surveillance [EAS] software; management information system [MIS] software; optical mark recognition [OMR] software; virtual reality software for simulation; teaching apparatus; coin-operated mechanisms; data processing equipment; apparatus, instruments and cables for electricity; laboratory apparatus for scientific research relating to geophysics

Klasse 17 Insulating materials; insulation and barrier articles and materials; glass fibers for use in the manufacture of building insulation; thermal insulating materials for use in fire prevention; glass fiber insulation for use in construction; insulators; insulating materials for building; glass fiber insulation materials for use in construction; soundproofing materials; metal foil for building insulation; sound proofing boards for use in building; foam insulation materials for use in building and construction; thermal insulation material for the construction of lofts; acoustical insulation for buildings; foam sheeting for use as a building insulation; polyurethane foam sheeting for use as building insulation; substances for insulating buildings against moisture; fiberglass insulation for buildings; mineral wool for use as a building insulator; acoustical panels for buildings; soundproofing materials for buildings; acoustic board for ceilings [insulation]; insulation sheets; barriers for protection against sound; fire resistant insulated panels; insulating matting; acoustic insulation articles and materials; acoustical insulation barrier panels; sound-damping wall coverings; foam for use in sound insulation; thermal insulation articles and materials; flexible elastomeric thermal insulation; insulating materials for insulation against heat; non-conducting materials for retaining heat; glass wool for insulation; insulating paints; foils of metal for insulating; insulating fabrics; mineral wool [insulator]; compositions to prevent the radiation of heat; insulating materials produced from plastics; rubber for sound insulation; lightweight mineral wool slabs for acoustic insulation purposes; structures (non-metallic -) for noise abatement [insulation]; structures (non-metallic -) for noise absorption [soundproofing]; sound-adsorbing ceiling coverings; sound-absorbing plates; sound-absorbing wall coverings; sound control flooring underlayment; acoustic insulants; sealants for joints for building purposes; sealants for buildings; insulation for building purposes; foam insulation for use in building and construction; weatherstripping sealants in the nature of caulk; resins for use in forming a hardened skin on walls; shaped strips of rubber for use as seals in the manufacture of doors; weather strips (non-metallic -) for doors; weather strips (non-metallic -) for windows; concrete curing blankets made of plastic; latex [rubber]; gutta-percha; asbestos; mica; flexible hoses, not of metal; flexible pipes, not of metal; ceilings made of mineral fibres for insulating buildings; seals, sealants and fillers; insulating materials and articles;

dielectrics [insulators]; heat resistant fabrics [insulation]; fibres for insulating purposes; synthetic fibres, other than for textile use; elastomers [natural or synthetic rubber]; insulating refractory materials; resin impregnated fabrics for the fabrication of components; fabrics of inorganic fibres for use as insulation; fabrics of chemically produced fibres for use as insulation; glass fibre and glass wool for insulation; fibreglass fabrics for insulation; glass fiber fireproof textiles; glass fibre reinforced hose; fibreglass for insulation; fibreglass webs for insulating purposes; insulators for use in the protection of buildings; extruded plastics [semi-finished products]; extruded plastic in the form of bars, blocks, pellets, rods, sheets and tubes for use in manufacturing; extruded plastics in the form of rods for use in manufacture; extruded plastics in the form of bars for use in manufacture; extruded plastics in the form of tubes for use in manufacture; injection moulding plastics; flexible hose of plastics with wire braiding; plastics materials in the form of sections [semi-finished products]; flexible hoses composed of plastics; flexible plastic pipe insulation; plastics in the form of sheets, films, blocks, rods and tubes; plastics materials in the form of rods [semi-finished products]; mineral fibers for insulation; fiberglass fabrics for building insulation; sound absorbing structures of metal for buildings; sound insulating structures of metal.

Klasse 19 Buildings, transportable, not of metal; non-metallic transportable buildings; building panels, not of metal; concrete building elements; refractory construction materials, not of metal; mouldings, not of metal, for building; linings, not of metal, for building; building materials, not of metal; building materials [non-metallic]; building materials (non-metallic); wall claddings, not of metal, for building; beams, not of metal; girders of non-metallic materials; girders, not of metal; partitions, not of metal; staircases, not of metal; stair-treads [steps], not of metal; reinforced concrete; reinforcing materials, not of metal, for building; mortar for building; building stone; concrete; sandstone for building; shuttering, not of metal, for concrete; spacers being building elements made of fibre reinforced cement; shuttering (non-metallic -); shuttering (not of metal); monocoque buildings (non-metallic -); non-metallic building materials having acoustic properties; prefabricated building components (non-metallic -); preformed concrete building elements; prefabricated non-metal buildings; cladding, not of metal, for building; structural reinforcement (non-metallic -) for construction purposes; expansion joints of non-metallic materials for use in construction; bedding-in compositions for use in building; fibreboard for building; ready-to-use cement for building purposes; fireproof panels for use in building (non-metallic -); materials, not of metal, for building and construction; expanded plastics for use in construction; ties (non-metallic -) for use in building; slabs, not of metal, for building; pillars, not of metal, for building; beams (non-metallic -) for building purposes; building sections (non-metallic -); structural sections (non-metallic -) for construction purposes; reinforcing fabrics (non-metallic -) for building; concrete building materials; building materials of concrete reinforced with plastics and glass fibres; concrete poles for use as building materials; concrete beams; concrete walls for building; woven fabrics (non-metallic -) for concrete; concrete retaining walls; aggregates for use in the preparation of concrete; shuttering made of wood; wood sheeting as building materials; capping stones for wall panels; fillers for repairing walls; moveable walls made of non-metallic materials; laminated boards (non-metallic -) for walls; textured surfaces for walls; textured wall surfacings (non-metallic -); synthetic flooring materials or wall-claddings; glazed wall panels [non-metallic frame]; prefabricated walls, not of metal; prefabricated non-metal walls; plastic wallboards; walls (non-metallic -); wall tiles, not of metal; wainscotting, not of metal; gypsum wallboards; wall boards, not of metal; wall stone; wall panelling made of non-metallic materials; wall linings, not of metal, for building; wall coatings (cementitious -); balcony enclosures (non-metallic -); non-metal railings for balconies; lintels, not of metal; door frames, not of metal; door casings, not of metal; window frames, not of metal; non-metal window sills; cladding (non-metallic -) for windows; stringers [parts of staircases], not of metal; stair components (non-metallic -); stairways, not of metal for use in buildings; capping stones for support posts; non-metallic access covers [building and construction materials]; bituminous coverings for use in building construction; non-metallic expansion joint covers [building and construction materials]; coverings, not of metal, for building; non-metal vent covers; woven covers (non-metallic -) for use as geotextile materials for building; cementitious protective coatings; forms (non-metallic -) for concrete; concrete panels; textured concrete finishes; rigid pipes, not of metal, for building; scaffolding, non-metallic; paperboard for building; scantlings [carpentry]; drain pipes, not of metal; geotextiles; latticework, not of metal; non-metal trellises; ceilings, not of metal; windows, not of metal; roof coverings, not of metal; pitch, tar, bitumen and asphalt; bituminous products for building; felt for building; cement; cement; mortar; sand; gravel; ready mixed concrete; xylolith; bituminous coatings for roofing; marble; natural stone; tiles; building glass; window glass for building; plate glass [windows] for building; insulating glass for building; window glass, other than vehicle window glass.

Klasse 35 Advertising; business administration; clerical services; updating of advertising material; business inquiries; personnel management consultancy; procurement services for others [purchasing goods and services for other businesses]; import-export agency services; book-keeping; advertising agency services; auctioneering services; transcription of communications [office functions]; administrative services for the relocation of businesses; business investigations; compilation of statistics; commercial information agency services; commercial information and advice for consumers [consumer advice shop]; television advertising; photocopying services; publication of publicity texts business information; commercial administration of the licensing of the goods and services of others; layout services for advertising purposes; payroll preparation; marketing; market research; opinion polling; public relations services; online advertising on a computer network; organization of exhibitions for commercial or advertising purposes; organization of fashion shows for promotional purposes; employment agency services; personnel recruitment; personnel selection using psychological testing; outdoor advertising; presentation of goods on communication media, for retail purposes; price comparison services; production of advertising films; radio advertising; news clipping services; shop window dressing; word processing; secretarial services; sponsorship search; telephone answering for unavailable subscribers; telemarketing services; organization of trade fairs for commercial or advertising purposes; writing of publicity texts; dissemination of advertising matter; sales promotion for others; office machines and equipment rental; rental of office machinery and equipment; arranging subscriptions to telecommunication services for others; advertising by mail order; distribution of samples; direct mail advertising; document reproduction; administrative order processing; demonstration of goods; publicity columns preparation; business appraisals; administrative processing and organising of mail order services; administrative processing of purchase orders within the framework of services provided by mail-order companies; rental of advertising space on the internet; sales demonstration [for others]; dissemination of advertising for others via an on-line communications network on the internet; sales promotion; promoting the sale of goods and services of others by awarding purchase points for credit card use; trade promotional services; promoting the sale of the services [on behalf

of others] by arranging advertisements; sales promotion for others provided through the distribution and the administration of privileged user cards; rental of sales stands; distribution and dissemination of advertising materials [leaflets, prospectuses, printed material, samples]; demonstration of goods for promotional purposes; administration of the business affairs of retail stores; business project management services for construction projects; retail services in relation to building materials; retail services in relation to hand-operated implements for construction; retail services in relation to hand-operated tools for construction; retail services in relation to construction equipment; wholesale services in relation to construction equipment; wholesale services in relation to hand-operated implements for construction; wholesale services in relation to hand-operated tools for construction; advertising services relating to public works; compilation of statistical data for use in scientific research; affiliate marketing; advertising, marketing and promotional consultancy, advisory and assistance services; on-line advertising and marketing services; promotion, advertising and marketing of online websites; administration relating to marketing; advertising, marketing and promotional services; all aforementioned services only relating to building industry.

Klasse 37 Building, construction and demolition; provision of construction information; construction information; construction consultancy; building construction supervision; construction management services; on site project management relating to the construction of buildings; construction; consultation in building construction supervision; advisory services relating to the construction of public works; consultancy, information and advisory services relating to the construction of public works; building construction advisory services; consultancy and information services relating to construction; information services relating to maintenance of security systems; information services relating to the construction of buildings; on-site construction supervision of civil engineering works; on site building project management; construction project management services; provision of construction information by electronic means; providing information relating to building construction; provision of construction information relating to public works; providing information relating to building renovation; providing online information relating to building construction; building construction supervision services for building projects; building inspection [in the course of building construction]; building repair; concrete repairs; repairing construction works; installation of insulating materials in buildings, roofs and structures; installing wallboard; installation of thermal insulation for buildings; installation of fittings for buildings; roofing installation; assembly of prefabricated houses; scaffolding; installation of bolts; construction of cubicles; erection of prefabricated buildings and structures; building sealing; refurbishment of buildings; construction of hard-standing areas; construction of ceilings; construction of foundations for buildings; construction of complexes for business; construction of steel structures for buildings; construction of partition walls for interiors; building of underground structures; construction of curtain walls; construction of screens; construction of steel fabrications; construction works for prefabricated houses; supervision of building demolition; building construction supervision services for real estate projects; building services relating to building for industry purposes; supervision of building renovation; temporary structure construction services; building services relating to building for habitation; dismantling of structures; installation of fixtures and fittings for buildings; installation of glazed building structures; building construction and repair; construction of buildings and other structures; general building contractor services; installation of building scaffolds, working and building platforms; installation of fabricated construction units; maintenance of buildings; building insulating; custom construction of buildings; custom construction of houses; supervision of building repair; assembling [installation] of building framework; erection of pre-fabricated buildings; renovation and repair of buildings; building restoration; restoration of architectural works; hire of tools for use in building construction and hire of tools for use in installation, maintenance and repair of equipment and machinery; demolition services; building reinforcing; insulation services; insulating of internal and external walls, ceilings and roofs; installation of insulating materials; heat insulation of windows; insulation of roofing; installation of building insulation; application of protective coatings for buildings; advisory services relating to the alteration of buildings; advisory services relating to building refurbishment; building construction consultancy; consultancy services relating to the repair of buildings; providing information relating to the construction, repair and maintenance of buildings; building maintenance and repair; renovation and restoration of buildings; thermal insulating of buildings; building sealing and caulking services; construction services; residential and commercial building construction; erection of formwork for building and construction; installation of prefabricated building elements; renovation of buildings; rental of tools, plant and equipment for construction, demolition, cleaning and maintenance.

Klasse 42 Civil engineering drawing services; design services relating to civil engineering; architectural services for the preparation of architectural plans; house plans (drawing-up of -); preparation of architectural plans; building design services; estates (planning of building -); building inspection services [surveying]; civil engineering planning services; component testing in the nature of quality control; advisory services relating to building design; advisory services relating to planning applications; consultancy in the field of architecture and construction drafting; computer-aided engineering design and drawing services; computer aided design services relating to building projects; civil engineering; conducting technical project studies for construction projects; analysis of the structural behaviour of building materials; technical project studies in the field of construction and construction engineering services [construction design]; design services relating to roof covering components; designing feasibility studies on designs; preparation of reports relating to design; construction drafting; research in the field of building construction; research on building construction or city planning; engineering services for the analysis of structures; monitoring of building structures for quality assurance; quality control of building materials; technical consultancy services relating to civil engineering; technical project studies in the field of construction; technological research for the building construction industry; preparation of reports relating to technical project studies for construction projects; surveying of defective structures; consultancy services relating to quality control; quality control; quality checking and testing; inspection of goods for quality control; process monitoring for quality assurance; testing services for the certification of quality or standards; quality assessment; quality control of completed buildings; consultation services relating to architectural planning; planning [design] of buildings; engineering design and consultancy; providing temporary use of non-downloadable software, only in connection with standardized software solutions; providing temporary use of on-line non-downloadable software for database management, only in connection with standardized software solutions; providing temporary use of on-line non-downloadable software for inventory management, only in connection with standardized software solutions; providing temporary use of non-downloadable software applications accessible via a web site, only in connection with standardized software solutions; providing online non-

downloadable software for use in supply chain management, only in connection with standardized software solutions; providing online non-downloadable software for database management, only in connection with standardized software solutions; platform as a service [PaaS] featuring software platforms for transmission of images, audio-visual content, video content and messages, only in connection with standardized software solutions; platforms for artificial intelligence as software as a service [SaaS], only in connection with standardized software solutions; providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet, only in connection with standardized software solutions; providing temporary use of non-downloadable computer software for tracking freight over computer networks, intranets and the internet, only in connection with standardized software solutions; industrial analysis and research services; providing temporary use of on-line non-downloadable software, only in connection with standardized software solutions; design of space-truss structures; building research services; design of remedial treatment to remedy defects in structures; geological probing of building plots; design services relating to real estate; preparation of reports relating to real estate planning; recording data relating to energy consumption in buildings; analysis of the structural behaviour of buildings; professional consultancy relating to energy efficiency in buildings; engineering services in the field of building technology; monitoring of events which influence the environment within buildings; measuring the environment within buildings; certification services for the energy efficiency of buildings; engineering services; architectural and engineering services; civil engineering consultancy; design of engineered building systems; technical project planning in the field of engineering; structural engineering services; technical consultancy services relating to structural engineering; providing science technology information; provision of scientific information, advice and consultancy in relation to carbon offsetting; computer aided scientific testing; scientific testing services; research in the field of science provided by engineers; technological consultancy; safety technological testing services; technological planning services; scientific technological services; preparation of technological reports; scientific and technological services; services for the provision of technological information; estimations in the field of technology provided by engineers; surveying; conducting engineering surveys; providing information in the field of architectural design via a website; computer aided design services relating to architecture; professional services relating to architectural design; architectural project management; testing of architectural ironmongery; all aforementioned services only relating to building industry.
