Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

Generell informasjon om kunngjøringer etter Madridprotokollen

Int.reg.nr.: Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.

Int.reg.dato: Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).
Dersom den internasjonale registreringen besluttet gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.

Etterfølgende

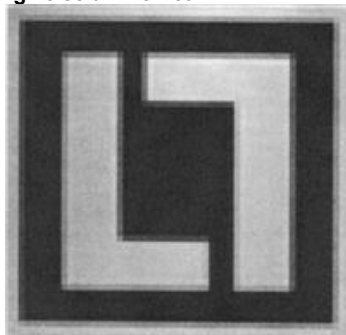

utpekingsdato: Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.

Prioritet: Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkers hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.

Besluttet gjeldende

dato i Norge: Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

lubricants; lubricants for automobiles; fuels (including
motor spirit) and illuminants; motor gasoline; industrial
gasoline; industrial fats, oils, greases not for food,
petroleum, gasoline, motor fuels and other solid, liquid
and gaseous fuels; kerosene and petroleum distillation
products; lubricants of all kinds, intended for chains of
motorcycles, scooters, outboard motors, for motors of
agricultural machines; petroleum (crude or refined),
petroleum-based preparations, namely, gas oil for
industrial heating, methyl alcohol used as fuel, naphtha,
petroleum ether and kerosene; paraffins and waxes;
lighting fuel; illuminating wax; non-chemical fuel
additives; smoke-proof oil; non-chemical additives for
motor oils; carburants; dust absorbing, wetting and
binding compositions; dust laying compositions; dust-
removing products; industrial oils for batteries; oils for
motor vehicle engines; lubricating oils for motor vehicle
engines; lubricating oils for motor vehicle engines;
lubrication greases for vehicles; grease for belts;
illuminating greases; non-chemical additives for fuels,
gasoline, lubricants and greases; power steering fluid
and conditioner; non-chemical additives for cooling
systems, for automatic transmission, for motor oil, for
hydraulic fluids, for fuel systems and for cooling
systems; fuel oil.

machines); shock absorbing steering wheels (parts of
machines); decelerators and brakes of all kinds, their
command or control parts and devices, especially
mechanical, hydraulic, pneumatic, electrical,
electrostatic, electromagnetic (other than for land
vehicles); alternators; starter motors; dynamos; igniting
devices for internal combustion engines; spark plugs;
glow plugs for diesel engines; friction linings and anti-
friction linings (other than for land vehicles); shoes,
shoe covers, jaws, washers, sectors, disks, belts, furs,
rollers, made of or coated with friction or anti-friction
bodies (other than for land vehicles); carbon brushes,
particularly for alternators, electric motors or dynamos;
fans for motors and engines; hydraulic actuators of
clutch controls; electric motors other than for land
vehicles; hydraulic or pneumatic control devices for
apparatus for heating, refrigerating, ventilating,
ventilation, air conditioning, ventilation, air-conditioning
for vehicles; turbines other than for land vehicles;
hydraulic or pneumatic controls for hydraulic clutches;
hydraulic or pneumatic control units for engines;
transmissions, other than for land vehicles; clutch
mechanisms (other than for land vehicles); friction discs

(other than for land vehicles); hydraulic clutch controls;
electric clutch controls; electronic and hydraulic
actuators for clutch controls; torque converters for
machines; electric generators; aeronautical engines;
compressed air engines; filters for cleaning cooling air,
for motors and engines; oil filters, gasoline filters; shock
absorber pistons (parts of machines); anti-pollution
devices for motors and engines; vacuum cleaners;

	vacuum cleaner accessories for disseminating perfumes and disinfectants; gearboxes other than for land vehicles; fuel economizers for motors and engines; cartridges for filtering machines; clack valves [parts of machines]; control cables for machines, engines or motors; control devices for machines, engines or motors; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; fuel conversion apparatus for internal combustion engines; fan belts for motors and engines; belts for motors and engines; jacks (machines); cylinder heads for engines; cylinders for motors and engines; pistons for cylinders; starters for motors and engines; water separators; heat exchangers (parts of machines); silencers for motors and engines; injectors for engines; gaskets (parts of engines); washing apparatus; washing installations for vehicles; lifting apparatus; machinery gears; pistons (parts of machines, motors or engines); air pumps (garage installations); pressure valves (parts of machines); propulsion mechanisms other than for land vehicles; cooling radiators for motors and engines; valves (parts of machines); turbochargers; control modules for electric motors (other than for land vehicles); radiators for vehicles; mufflers, fans for motors and engines; motor reducers; equipment for eliminating pollutant gases by photocatalysis; belt speed drives; elevators; sewing machines, knitting machines, ironing machines, electric kitchen machines; robots (machines); printing machines; drilling machines; ignition coils; ignition distributors; robotic gearboxes (other than for land vehicles); fuel dispensers for service stations; electric door closers; electronic door closing systems; fuel economizers.	electric or electronic light dimmers; electric accumulators; electric relays and commutators; printed circuits; electronic components; diodes and semiconductors; rectifiers, in particular diode bridges, Peltier-effect modules, exchangers for diodes and modules; electronic ignition modules; on-board and ground diagnostic calculators; on-board diagnostic systems and remote query diagnostic systems; software download and update systems; systems for communication between vehicles and road infrastructure; electronic devices for electric and/or electronic power steering; electric devices for electronic assisted suspension; electromagnetic relays; measuring sensors; ignition switches; wiring harnesses; ignition harnesses; capacitors for radio interference suppression; electric and/or electronic clutch controls; electric or electronic controls for gearboxes; electric locks; remote control systems; electronic key fobs; transponders; alarms, especially with ultrasound sensors; electric switches; electric switches; control panels; dashboard instruments, namely revolution counters, speedometers, multi-function displays, liquid crystal displays, on-board computers for vehicles, navigation assistance devices comprising a compact disk player or other digital data media, a liquid crystal display screen, a microphone, a keyboard, loudspeakers, earphones; electric switches-commutators; electric control levers; parking assistance systems, namely, parking assistance radars, vehicle reversing sensors, anti-collision and shock-prevention sensors for vehicles, electronic devices, lidars, video cameras, infrared sensors, anti-collision and shock-prevention radars for vehicles, ultrasound wave transceivers; systems for parking assistance and self-parking; obstacle detection devices; systems for communication between a motor vehicle and a fixed station; electronic cards; housings for electronic circuits; electric connectors; rotating contacts; switches below steering wheels; intermittent light ignition modules (flashers); electronic power supply devices for discharge lamps; data media, especially magnetic or optical media; talking machines; cash registers; calculating machines; data processing equipment; extinguishing apparatus; protection devices for personal use against accidents; air analysis apparatus; integrated circuits; fiber-optic cables; coaxial cables; starter cables for motors; electronic thermoregulators for motors and engines; electronic pilots for valves, pumps and fans; speed checking apparatus for vehicles, speed governors; optical data media, magnetic data media; transmitting sets (telecommunication); electronic signal transmitters; time recording apparatus; distance recording apparatus; sound recording apparatus; sound transmission apparatus; sound reproduction apparatus; image recording apparatus; image transmission apparatus; image reproduction apparatus; digital recording media; mechanisms for coin-operated apparatus; kilometer recorders for vehicles; gasoline gages; fuses; printers for use with computers; fire alarms; slope indicators; electric loss indicators; pressure indicator plugs for valves; temperature indicators; speed indicators; information processing apparatus; readers (data processing equipment); bar code readers; optical readers; software (recorded programs); distance measuring apparatus; modems; monitors (hardware); monitors (computer programs); satellite navigation apparatus; navigation apparatus for vehicles (on-board computers); vehicle navigation software; computers; tablet computers; smartphones; electronic book readers; computer peripheral devices; warning triangles for vehicles; electronic signal transmitters for telephones; taximeters; mobile telephones; decelerometers; apparatus for checking the efficiency of vehicle braking devices; electric circuit boards; variators for lighting intensity, especially as a function of braking for brake lights; signaling light indicators; systems for detecting, processing, signaling and following stationary and moving objects around a
Klasse 9	Scientific, nautical, geodetic, photographic, cinematographic, optical, weighing, measuring, signalling, verification (checking), indicating position, detecting, checking (inspecting), rescue (rescue), safety and educational apparatus and instruments; apparatus, instruments and cables for electricity, photovoltaic apparatus for the production of electricity, solar panels; apparatus, electrical and electronic instruments and materials and equipment for vehicles, namely, controls for windshield wiper, headlights, heating and air conditioning, seat adjustment, window raisers, roof openings, radio and navigation, cruise control; combined systems of car radio, navigation and air-conditioning management; circuit breakers; battery cut-off switches (at rest and in the event of collision); electronic battery management hardware for starting and powering vehicles; utility trays, optical, electric and electronic wiring systems, including in pre-assembled form particularly for vehicles and all components for transmission by multiplexing, coupling or other means, of signals (sounds, images, data) or information on vehicles; carrier currents; systems for the wireless connection of electronic devices; traditional semiconductor fuse boxes, electric interconnection housings; on-board communication apparatus for vehicles, especially multiplexed and especially apparatus and instruments for mobile telephones known as hands-free kits with a microphone, wired or wireless headphones; cameras; microphones; earphones; connectors; electric terminals; electric connectors; multimedia interface cables; electrical, electronic or optical equipment, on board vehicles, including land vehicles, for driving, signalling, checking, information, safety as well as processing information and signals (sounds, images, data) related to; liquid level sensors; oil level sensors; temperature sensors; rain sensors; dirt sensors; pressure sensors; position, angle, torque and rotary speed sensors; presence detectors; motion and motion analysis detectors; electric wires; electric relays; devices for adjusting headlight beams; signaling systems with light-emitting diodes, including high-power diodes; electric or electronic regulators for electronic power alternators (current inverters and current variators); direct current converters (for transforming direct current voltage); supercapacitors; current rectifiers; diode bridges;	

vehicle; assistance systems for parking, reversing and blind spot detection; pre-collision detection and collision avoidance systems; light variation sensors; automatic and remote locking and unlocking systems for vehicle apertures; automatic and remote starting for vehicle systems; keyless access and starting systems for vehicles; systems for remote control of heating or air conditioning in vehicles by means of a fob, or in combination with other devices such as a telephone, pocket computer or electronic agenda; systems for recovering some vehicle data on a fob; control monitors; software; game software; flat screens; compact disk players, including for video compact disks; digital compact disks, including video compact disks and other data media; multimedia equipment for the information and entertainment of passengers of a vehicle; equipment for communication via Internet link or similar equipment and for data display inside a vehicle; antennas for reception, antennas for transmission of images, sounds and data; 'head up' display screens; lateral trajectory monitoring systems; video sensors; road-marking detection apparatus; apparatus and instruments for processing video images; vehicle teleguidance systems and instruments; blind spot monitoring and lane changing assistance systems; electronic management systems for lighting and signaling and cameras; position indicators for valves and faucets, and parts thereof; electronic headlamp tilt adjusters; devices for regulating headlight beams; control panels for such apparatus; electromechanical actuators, especially for locking doors, adjusting the position of seats, rearview mirrors and the direction of headlights, for controlling sunroofs, window regulators; software and software packages, especially for flow management; safety clothing and footwear; clothing for protection against accidents, irradiation and fire; protective footwear; spectacles; sunglasses; 3D spectacles; eyewear; spectacle cases; protective masks; diving masks; diving suits; diving gloves; virtual reality headsets; integrated circuit cards [smart cards]; bags designed for laptop computers; smart watches; electric batteries; batteries for electronic cigarettes; charging stations for electric vehicles; diagnostic apparatus not for medical use; battery chargers, electric accumulators and connectors, battery packs, power supplies, charger adapters, telephone clips, earbuds, headphones, receivers, microphones; telephone holders, car chargers; digital pens, memory cards, data cards, modem cards; hard covers for mobile telephones; mobile telephone cases; replacement parts for mobile telephones; headsets, earphones, speakers and cameras for mobile phones; protective cases and pouches with or without a mobile phone hook-up system; mounting brackets for mobile phones suitable for motor land vehicles, bicycle, scooter; mobile telephone holders adaptable for armband carrying; protective covers and transparent windows for cases for portable telecommunication apparatus to enable connection to databases and the Internet; cameras for vehicles, vehicle electronic keys, multimedia connectors for vehicles; capacitors.

- Klasse 11 Lighting installations, spotlights for vehicles; projector lenses; vehicle headlights; ceiling lights; lamps; electric flashlights; signaling lights for vehicles; installations for heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; sterilizers; air ozonizers; hot air ovens; air conditioners; air conditioners; convectors; heat exchangers; radiators, finned heating tubes, boilers; central heating equipment; urban heating facilities; heating, refrigerating, airing, ventilating, air conditioning and defogging apparatus for vehicles, command or control parts and units thereof; heat exchangers; ventilator fans for air-conditioning; heat accumulators; air-purifying apparatus and machines; air deodorizing apparatus; air filters for air conditioning; air filtering installations; light bulbs; light bulbs for directional signals for vehicles; electric light bulbs; demisting heating apparatus for vehicles; anti-glare devices for

vehicles (lamp fittings); heating apparatus for defrosting windows of vehicles; radiator caps; solar collectors (heating); heat regenerators; air conditioners for vehicles; air conditioners for vehicles; defrosters for vehicles; liquid coolers (installations); level regulating valves for tanks; pressurized water tanks; evaporators; electric radiators; storage devices for heat or cold; directional lighting systems; anti-glare lighting systems for other drivers; air intake control valves on a radiator; installations for heating, ventilation, comprising a device for the distribution of fragrances and perfumes inside a vehicle passenger compartment, apparatus for heating, aeration, ventilation, air conditioning, cooling, demisting for vehicles comprising a device for the distribution of fragrances and perfumes inside a vehicle passenger compartment; installations for air conditioning for vehicles comprising a device for the distribution of fragrances and perfumes inside a vehicle passenger compartment; lighting installations containing light-emitting diodes [LEDs].

- Klasse 12 Vehicles, apparatus for locomotion by land, air or water; tractors; mopeds and their spare parts; scooters and their spare parts; motors and engines for land vehicles; electric motors for vehicles; transmissions for land vehicles; clutches for land vehicles; clutch mechanisms for land vehicles; friction discs for land vehicles; release bearings for land vehicles; torsion dampers for clutches of land vehicles; fly-wheels for land vehicles; fly-wheels with torsional dampers for land vehicles; hydraulic clutch controls for land vehicles; electric clutch controls for land vehicles; electronic and hydraulic actuators for clutch controls for land vehicles; torques for land vehicles; torque converters for vehicles, control or regulating parts and devices thereof; decelerators, brakes and braking installations for vehicles, command or control parts and devices thereof; hydrodynamic retarders and brakes and eddy current (Foucault current) retarders and brakes for vehicles as well as component parts thereof, spare parts for mechanical, hydraulic, pneumatic, electrical or electronic fastening, controlling, testing and connecting; safety belts for vehicle passengers; accessories for vehicle equipping or decoration, namely hoods, doors, bumpers, steering wheels, windshields, windows, hoods for vehicles, gearboxes, axles, wheels, wheel rims, tires, inner tubes, spikes for tires, hub caps, balance weights for wheels, air pumps, automobile chains, seats, seat covers, child safety seats, headrests for seats, trailer hitches, luggage racks, ski racks; electric and/or electronic power steering; electronic assisted suspension; brake linings; steering locks; actuators for locks; anti-theft sound alarms for vehicles; windshield wipers and components thereof such as windshield wiper blades, connectors and fastening systems for windshield wiper blades, windshield wiper arms, deflectors; windshield wiper movement transmission assemblies; windshield wiper support plates; electric motors with gears for land vehicles; windshield washer jars; lockless petrol tank caps; petrol tank caps with lock; hydraulic clutch control brake cylinders for land vehicles; master cylinders for brakes or clutches for land vehicles; vehicle door handles; reversing alarms for vehicles; gearboxes for land vehicles, hydraulic circuits for vehicles; upholstery for vehicles; vehicle braking systems; windshields comprising a screen for viewing data and images; rearview mirrors with video camera, with display, with signal lights; headlamp wipers; turbines for land vehicles; bicycles and spare parts thereof; cycle frames; cycle brakes; tires for cycles; cycle wheels; cycle saddles; strollers; carts; anti-pinch systems for window regulators and sunroofs; robotic gearboxes (for land vehicles); electric steering-wheel locks; cigar lighters for automobiles.

Klasse 7 Agricultural, gardening and forestry machines and apparatus; agricultural implements, other than hand operated hand tools; horticultural implements (machines); gardening machines (powered); driving devices for machines; compressors; lawn raking machines; power supply apparatus [generators]; roller chains being parts of machines; saw chains; motors for machines; machines and machine tools for treatment of materials and for manufacturing; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus; chopping machines; pumps (machines); filters (parts of machines or engines); tillers (machines); grinders (machines); reels, mechanical, for flexible hoses; motor hoes [machines]; sowers (machines); weeding machines; saws; chainsaws; power saws; hand saws (electrically operated); portable saw mills; saw benches (parts of machines); saw blades (parts of machines); trimming machines; clearing saws [machines]; hedge cutters (machines); hedge trimmers (machines); clippers (machines); brush cutters [machines]; scissors, electric; lawnmowers [machines]; robotic lawnmowers; lawn mowing attachments for vehicles; lawn mowers; seated (ride on) lawn mowers; garden tractors for mowing lawns; lawn aerators (machines); power operated dethatchers; power operated cultivators; power operated lawn edgers; housings for machines; electric lawn trimmers; electric grass shears; line trimmers for garden use; trimmer heads for mowing machines; lawn and garden string trimmer spools; rotary trimming lines; string trimmers [power lawn and garden tools]; blowing machines; vacuum cleaners; snow throwers; electric high pressure cleaners; suction machines for scavenging purposes; suction machines for industrial purposes; high pressure cleaners; sprayers (knapsack-) [electric] for carrying on the back; sprayers [machines] for garden use in spraying weedkillers; sprayers [machines] for garden use in spraying insecticide; pressure regulators; brake linings.

Klasse 8 Hand tools for construction, repair and maintenance; agricultural, gardening and landscaping tools; garden tools, hand operated; hand tools and implements (hand-operated); edge tools (hand tools); scissors; gardening scissors; lawn clippers (hand instruments); loppers (hand tools); pruning scissors; secateurs; tree pruners (hand tools); tongs; shovels (hand tools); scrapers; snow shovels; shears; blades (hand-tools);

saws (hand-tools); swords; axes; rakes; tool belts; wire brushes (hand operated tools); fertiliser spreaders (hand-operated); sprayers (knapsack-) [non-electric] for carrying on the back; sprayers [hand-operated tool] for garden use in spraying weedkillers; syringes for spraying insecticides; hand-pumped sprayers; fruit pickers (hand tools); budding knives; hoes (hand tools); pickaxes; spades; forks.

Klasse 9 Electrical switch timers; electronic motion sensitive switches; wireless switches; optical switches; fuses; transformers (electricity); current plugs; electric connectors; electrical power extension cords; solenoid valves (electromagnetic switches); chargers; electrical controls for irrigation sprinkler systems; photovoltaic installations for generating electricity [photovoltaic power plants]; system and system support software, and firmware; programs for computers; sound recording apparatus; display devices, television receivers and film and video devices; audio/visual and photographic devices; remote controls; television apparatus; magnetic data carriers bearing recorded software; application software; mobile apps; video films; downloadable movies; sound recordings; downloadable sound recordings; scheduling software; batteries; batteries, electric; rechargeable batteries; battery chargers; electronic docking stations; charging stations for electric vehicles; power cables; connections for electric cables; plugs, sockets and other contacts (electric connections); couplings, electric; electrical adapters; electrical circuits and circuit boards; junctions (electrical); electrical controls; fuse boxes; galvanic batteries; chargers for electric batteries; photovoltaic cells; accumulators; accumulators (electric); protective work clothing (for protection against accident or injury); clothes for protection against injury; clothing for protection against accidents, irradiation and fire; safety gloves for protection against accident or injury; gloves for protection against accidents; gloves for protection against accidents, irradiation and fire; jackets for protection against accidents, irradiation and fire; trousers for protection against accidents, irradiation and fire; socks for protection against accidents, irradiation and fire; footwear for protection against accident or injury; footwear for protection against accidents, irradiation and fire; boots (protective footwear); shoes (protective); head protection; headgear being protective helmets; knee pads for workers; protective and safety equipment; visors for helmets; spectacles; sunglasses; goggles; safety restraints other than for vehicle seats and sports equipment; measuring instruments; signalling apparatus; apparatus and instruments for conducting electricity; apparatus and instruments for switching the use of electricity; apparatus and instruments for regulating electricity; rain gauges; electronic rain gauges; switches, electric; cables, electric; connections for electric lines; connection boards (electric); electrical circuit boards; control panels (electricity); apparatus and instruments for controlling the distribution of electricity; electric control panels; electric fuse boxes; repeaters; ethernet repeaters; intelligent gateways for communication; signal amplifiers; GPS transmitters; GPS receivers; electronic tracking apparatus and instruments; sensors, detectors and monitoring instruments; electric sensors; motion sensors; light sensors; dewing sensors; occupancy sensors; radio-frequency identification (RFID) tags; radio-frequency identification (RFID) readers; electronic tags; receivers of electronic signals; wireless controllers to remotely monitor and control the function and status of other electrical, electronic and mechanical devices or systems; data loggers and recorders; cameras (photography); wireless communication devices; alarms and warning equipment; anti-theft warning apparatus; remote alarms other than anti-theft for vehicles; electronic publications (downloadable); publications in electronic format; instruction manuals in electronic format; electronic publications; logs, measuring instruments; pressure measuring apparatus; cable splices for electric cables.

- Klasse 11 Water conduits installations; sprinkler installations (automatic) for horticultural purposes; sprinkler machines for horticultural irrigation; watering installations, automatic; lighting installations; lamps; incandescent light bulbs; decorative fountains, sprinkler and irrigation systems; fountains; water filters for industrial and household use; water conditioning apparatus; dust filters for air purifiers; irrigation apparatus for horticultural use; showers; sprayers [automatic installations] for watering; water shower apparatus; irrigation spray nozzles; lighting apparatus; pressure water tanks; water control valves; apparatus for controlling water supply; taps; sprinkler systems for irrigation; headlights; garden sprinklers (automatic); gas grills; electric grills; gas fired broilers; solar lights; solar lamps; solar powered lamps; led lamps; flaming torches; fireplaces; sprinkling devices [machines].
- Klasse 12 Hose carts; tractors; garden tractors for transport; dump carts; vehicle seat covers; parts and fittings for vehicles; motorcycles; all-terrain vehicles; utility vehicles; bicycles; bicycle frames; brakes for bicycles; bicycle chains; bicycle pumps; bicycle saddles; alarms for vehicles; anti-theft alarms for vehicles; remote alarms for land vehicles; wheel barrows; human-powered trolleys and carts; sledges for transportation.
- Klasse 17 Flexible plumbing pipes of plastic; plastic plumbing hoses; seals, sealants and fillers; connectors (non-metallic) for hoses; clutch linings; plastics materials in the form of sheets (semi-finished products); synthetic padding to be used for filtration in filters; fibreglass webs for insulating purposes; watering hose; valves of rubber; articles of rubber for use in connecting pipes; flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic; garden hoses; irrigation hoses; hoses of textile material; flexible hoses, not of metal; non-metallic fittings for pipes; non-metal couplings for use with hoses; hose connectors (non-metallic -); hose fittings (non-metallic -).
- Klasse 20 Hose hangers, not of metal; wall mounted hose supports (non-metallic); non-mechanical, non-metallic reels for the storage of hose; winding spools not of metal, non-mechanical, for flexible hoses; non-mechanical reels of plastic materials for the storage of hose; valves, non-metallic; plastic fittings (clips) for attachment to tubing; statues, figurines, works of art and ornaments and decorations, made of materials such as wood, wax, plaster or plastic, included in the class; non-metallic grab rails; support stands (furniture); furniture supports (non-metallic -); cushions; fuel cans (non-metallic); rain barrels, not of metal; ladders and movable steps, non-metallic; baskets, non-metallic; lounge furniture; pedestals; crates and pallets, non-metallic; containers made of plastic for compost; birdhouses; storage racks for firewood; nesting boxes for animals; containers (non-metallic) in the form of bins; animal housing and beds; plant stands.
- Klasse 21 Garden syringes; plant syringes; watering cans; cleaning instruments, hand operated; brooms; brushes; strainers; plant baskets; statues, figurines, plaques and works of art, made of materials such as porcelain, terracotta or glass, included in the class; gloves for household purposes; gardening gloves; nozzles for watering hose; dusting cloths; dusters; skillets (non-electric); lawn sprinklers; sprinklers for watering, flowers and plants; buckets; bird feeders; garden gnomes of glass; garden gnomes of porcelain; garden gnomes of earthenware; window-boxes; pots; traps for rodents; traps for vermin; bird baths; empty spray bottles; holders for flowers and plants (flower arranging); bowls; plant holders; containers for flowers; bins (dust-); terrariums; wood planters.

- Klasse 1 Solidified gases for industrial purposes; biological preparations, other than for medical or veterinary purposes; chemical materials for 3D printing of biological constructs and tissue models; fats and sugars [chemical substances] for medicine manufacture; chemically treated test strips for measuring the pH value, other than for medical purposes.
- Klasse 5 Biological preparations for use in biotechnology, in cell cultures, and in the diagnostic products [for medical and veterinary purposes]; chemical, biological and biochemical reagents for medical or veterinary use; cells, peptides, nucleic acids and compositions thereof for medical, pharmaceutical or veterinary use; cell culture media for medical, pharmaceutical or veterinary use; stem cells for medical purposes; proteins, protein reagents and protein based ingredients for medical, pharmaceutical and veterinary use; protein supplements; blood serum fractions for in-vitro testing for medical use; bacterial membranes for medical and veterinary use.
- Klasse 6 Metal containers for storage or transport; metal ampoules and vessels.
- Klasse 7 Machines for medical industries; semiconductor manufacturing machines; valves [machine parts]; filtration apparatus and installations [machines] for industrial use; filters, filter cartridges, filter housings being machines and/or parts of machines; machines for the preparation of biological samples; machines made of metal for monitoring and delivering gas and chemicals to a process tool or a production facility for use in the electronics, semiconductor, and microelectromechanical industries; machines for delivering chemicals, chemical compositions, gases and materials to a process tool; chemical vapor deposition machines; atomic layer deposition machines; reactive ion etching machine, and chemical-mechanical planarization machine for use in the electronics, semiconductor and microelectromechanical industries.
- Klasse 9 Light emitting diodes; solar batteries; solar cell panels for generating electricity; semiconductor devices and liquid crystal displays; chromatography apparatus and instruments for laboratory, research and scientific use; filters and filtering units for laboratory, research and scientific use; test kits comprising apparatus and instruments for laboratory, research and scientific use; bioreactors for industrial use, namely for laboratory cell culturing; laboratory storage tubes for laboratory chemicals other than for medical or veterinary purposes; car antennas; television antennas; satellite antennas; radar antennas; radio antennas; Internet of Things range extenders and antennas; antennas for wireless communication apparatus; fluorescent screen components; flat panel displays, including thin-film transistor liquid-crystal displays, light emitting diodes, photovoltaics, microelectromechanical and other electronic components; spectrometers for non- medical purposes; silicon wafers; structured semiconductor wafers; software applications for mobile devices;

- downloadable software applications for mobile devices; radio-frequency identification (RFID) tags; radio-frequency identification (RFID) readers; identification labels [encoded]; identification labels [machine readable]; identification labels [magnetic]; electronic controllers and software for monitoring, handling, delivering and dispensing chemicals, chemical compositions, chemical mechanical planarization slurries, chemical solutions for removing residues, gases and materials in the electronics, semiconductor and microelectromechanical industries; electrical process control equipment for use in the electronics, semiconductor, and microelectromechanical industries for fabricating electronic devices, namely logic circuits, memory modules, sensors, discrete components [electronic circuit element], asynchronous and analog semiconductor devices; optical films as components of illumination equipment and illumination devices.
- Klasse 10 Intraocular lenses [artificial lenses], artificial lenses for surgical implantation; applicators for medication being medical apparatus and instruments.
- Klasse 11 Semiconductor processing furnaces for processing semiconductor articles; apparatus for rinsing and drying wafers; water purifying apparatus for biochemical use.
- Klasse 12 Windows for vehicles; sun-blinds adapted for automobiles.
- Klasse 17 Plastic films for use on windows; plastic film for holding and processing liquids for biological and pharmaceutical industries.
- Klasse 19 Non-metallic building materials, namely glass panels with fine embedded electrical conductors, liquid crystals and pigments; stained glass windows with fine embedded electrical conductors; stained glass windows with fine embedded liquid crystals; stained glass windows with fine embedded pigments.
- Klasse 20 Ampoules, containers and vessels made of plastic, for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, and high purity and ultra-high purity gases to a process tool or a process tool delivery system for use in the electronics, semiconductor, and microelectromechanical industries; containers made of plastic for storing and dispensing liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity and ultra-high purity gases, chemical mechanical planarization slurries, chemical solutions for the removal of residue and materials in the electronics, semiconductor and microelectromechanical industries; ampoules, containers, and vessels made of plastic for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products and high purity and ultra-high purity gases.
- Klasse 21 Glass with fine embedded electrical conductors, liquid crystals and pigments, not for building; ampoules, containers and vessels made of glass, for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, and high purity and ultra-high purity gases to a process tool or process tool delivery system for use in the electronics, semiconductor, and microelectromechanical industries; containers made of glass for storing and dispensing liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products, high purity and ultra-high purity gases, chemical-mechanical planarization slurries, chemical solutions for the removal of residue and materials in the electronics, semiconductor and microelectromechanical industries; ampoules, containers, and vessels made of glass for storing and delivering liquid and gaseous chemicals, chemical compositions, chemical precursors, chemical products and high purity and ultra-high purity gases; glass with an electrically conductive surface; glass discs incorporating fine electrical conducts.
- Klasse 35 Registration, updating and maintenance of data in databases, including online databases; systemization of information into computer databases; electronic commerce services, namely providing information and resources about products via telecommunication networks for advertising and sales purposes in the academic, medical and pharmaceutical research; electronic commerce services, namely, providing information and resources about products via telecommunication networks for advertising and sales purposes in the field of assay development and screening, biotechnology, chemical research and development, clinical testing, cosmetics and personal care, diagnostics manufacturing, environmental and industrial hygiene, flavors and fragrances, food and beverage, forensic testing, medical materials, pharmaceuticals; provision of an online marketplace for buyers and sellers of scientific data and software applications for use in the field of science.
- Klasse 36 Providing extended warranties.
- Klasse 37 Repair and maintenance of electronic equipment and devices; repair and maintenance of semiconductor manufacturing machinery and systems; repair and maintenance of chemical processing machinery and apparatus; installation of industrial and chemical plants; maintenance and repair of industrial and chemical plants.
- Klasse 39 Packaging services in the field of chemicals and pharmaceuticals for others.
- Klasse 40 Treatment of materials with laser beams; decontamination of hazardous materials; plating work using electrolysis; gold plating; magnetization; processing of chemicals; processing of gas; processing of plastics; pharmaceutical filtration services; processing of biopharmaceutical materials for others; three-dimensional printing work.
- Klasse 42 Technical consultancy in the field of chemical analysis; inspection, functionality testing, operational and safety maintenance assessment of the performance of industrial and chemical plants and machines; design and development of computer databases; hosting of online platforms for research data; development of programs that process, compile, and analyze scientific data; platform as a service [PaaS]; updating of computer hardware by applying software updates; updating of software; hosting of interactive calculators via telecommunication networks for advertising and sales purposes in the academic medical and pharmaceutical research; provision of internet search engines via telecommunication networks for advertising and sales purposes in the academic medical and pharmaceutical research; hosting of interactive calculators via telecommunication networks for advertising and sales purposes in the field of assay development and screening, biotechnology, chemical research and development, clinical testing, cosmetics and personal care, diagnostics manufacturing, environmental and industrial hygiene, flavors and fragrances, food and beverage, forensic testing, medical materials, pharmaceuticals; provision of internet search engines via telecommunication networks for advertising and sales purposes in the field of assay development and screening, biotechnology, chemical research and development, clinical testing, cosmetics and personal care, diagnostics manufacturing, environmental and industrial hygiene, flavors and fragrances, food and beverage, forensic testing, medical materials, pharmaceuticals.
- Klasse 45 Reviewing standards and practices to assure compliance with laws and regulations relating to pharmaceutical manufacturing processes; licensing of software; fraud detection services consulting in the field of counterfeiting of product and document authentication and tracking.

Klasse 6 Sliders of metal for vehicle seats.

Klasse 7 Filters for cleaning cooling air, for motors and engines; sparking plugs for internal combustion engines; igniting devices for internal combustion engines; anti-pollution devices for motors and engines; ball bearing rings; glow plugs for Diesel engines; fuel economizers for motors and engines; silencers for motors and engines; filters (parts of machines, motors or engines); injectors for engines; cooling radiators for motors and engines; catalytic converters; Pneumatic pumps for automobile seats; automotive exhaust pipes; machines for cleaning parts and components of motor vehicles; catalytic converter systems for motor exhausts; automobile exhaust lines; exhaust mufflers; injection systems for exhaust lines; injectors for vehicle exhaust systems; reductant product injectors for exhaust systems; heating and pre-heating devices for exhaust lines; cooling devices for exhaust systems; mixers and agitators for exhaust systems; burners for exhaust systems; energy generator, namely, energy generating cells; exhaust system parts comprising sensors and actuators; motor and actuator control and regulating apparatus; vehicle body control and regulating apparatus; transmission control units (parts of machines and motors) for vehicles; generators; generator regulators; radiator grilles for land, air and water vehicles; compressors and component parts thereof; condensers (ignition parts for motors); distribution valves (parts of motors); spark plug sockets (motor parts); pumps (motor parts) for windshield washing installations; pumps (motor parts) for lens washing installations; coolant pumps (parts of motors); vacuum pumps (parts of motors); pneumatic devices (parts of machines and parts of motors) for adjusting and regulating the level of beam lights; switching devices, namely, hydraulically-operated switches; mechanical and hydraulic devices (parts of machines and parts of motors) for adjusting and regulating the level of beam lights; diagnostic tool (parts of machines and motors) for leak detection, filling, assembly and dismantling, flushing of air conditioning installations and parts thereof; fuel pumps.

Klasse 9 Automatic steering apparatus for vehicles; vehicle radios; thermostats for vehicles; voltage regulators for vehicles; electric apparatus for adjusting and regulating the level of beam lights; pressure control apparatus; speed checking apparatus; sensors for detecting the operating state and environment of vehicles, vehicle interiors and vehicle components, such as drive motors, chassis, heating and cooling systems; leak detectors; light bulb control units; motor temperature control devices; motor temperature regulating devices; engine diagnostic apparatus; electric seat adjuster devices; electric steering wheel adjuster devices; electric rearview mirror adjuster devices; level monitor devices; level regulating devices; voltage transformers; sockets, plugs and other contacts [electric connections]; fuses; fuse boxes; cable assemblies; terminals (electricity); vehicle passenger safety devices, namely, devices for the monitoring, controlling and triggering thereof; cruise

control systems; speed control devices; distance warning systems; remote control systems; batteries (cells); on-board computers; battery starter cables; battery chargers, rectifiers, power packs, beam adjusters, current and voltage meters, vehicle geometry control devices, motor test devices for detecting rotational speed, for calibrating the ignition point, stop angle indicating instruments, compression testers; battery terminals; rotating lights; electric clock generators, notably electric and electronic turn indicator lights; electric relays; switches and switch units, namely, switchboxes, electric, hydraulic switches, push switches, rocker switches, push button switches, rotary switches, pull switches, hazard warning light switches, direction indicator switches, dipped-beam headlights, brake light switch, windshield wiper and washer switch, steering column switch, door switch, starter switch, glow plug switch, short circuit switch, direct current and alternating current switch, water and oil level pressure controllers and switches, transmission switches; reflectors and reflective warning panels; electric power lines for lamps; electric power distributors for lamps; accumulators; electric ignition and extinguishing devices for vehicle motors; hazard lights; warning strobe lights; emergency or warning light bars for vehicles; control units (electric and electronic) for LED beam lights; control units (electric and electronic) for LED lamps; regulating units (electric and electronic) for LED headlights; regulating units (electric and electronic) for LED lamps; control units (electric and electronic) for lens washing apparatus; control units (electric and electronic) for lens wiping apparatus; switches and detectors (electric and electronic) for lens wiping apparatus; electromechanical and electric parts for interior and exterior rearview mirrors; central locking systems for vehicles; software for operating vehicle parts; software for operating control units; object recognition software; data assessment software; software for operating beam lights; headlamp adjustment software; software for calibrating headlights; regulating software; navigating, audiovisual, measuring, detecting apparatus and instruments; electronic apparatus, devices and instruments for manual or voice management of audio, video apparatus, telephony, temperature, seats, driving assistance, vehicle navigation; automotive computers and network control units, all with multimedia functions, namely, audio, video, rear view, for in-vehicle diagnostics and online traffic information, navigation, on-board diagnostics, traffic, entertainment and communications, including electronic messaging displays and enabling connectivity to global computer networks and related accessories for use therewith; wireless communication devices for voice and data, and/or Internet, online or e-mail connection whose units are part of the central processing unit; telephony devices; voice-controlled personal assistants; docks for telephones; central processing unit for processing information, data, sound, images; registered software for in-vehicle diagnostics and online information regarding traffic, traffic and navigation information, entertainment and communications, including wireless voice and audio options, e-mail displays and connectivity to global computer networks; recorded computer software for processing and analyzing data inside and outside a land vehicle; internal and external vehicle sound analysis software; software for active reduction of vehicle interior noise; recorded data analysis software for driver assistance; recorded computer software for processing distance measurements; recorded computer software for processing and analyzing visual or audio data; recorded computer software for biometric, voice and facial recognition; recorded computer software for processing biometric data; electronic biometric data processing boxes; electronic data processing boxes; data transmitters; recorded artificial intelligence software for vehicles; recorded artificial intelligence software for data analysis; computer security threat analysis software for data protection; driver assistance

- software for driving vehicles including adaptive cruise control, lane tracking systems, lane departure assist, collision warning and avoidance systems and blind spot detection; recorded computer software for integrated electronic systems for hazard and collision avoidance for vehicles, autonomous vehicle driving, parking assistance, braking assistance; computer programs intended to vehicles autonomous navigation; recorded computer software for autonomous vehicle driving control systems; downloadable computer applications for remote management of autonomous vehicles; computer programs for controlling autonomous vehicles; multimedia sound chips; processors for digital signal processing; digital signal processing chips; video control chips; electronic circuit cards; interfaces for combining infrared data and memory card interfaces and accessories; sensors; detectors; biometric, voice and facial recognition apparatus and devices; biometric recognition sensors; detection apparatus and instruments; radars; electronic devices for detecting movement, heat and objects; speed sensors and detectors; thermal sensors; ultra sound sensors; detection and distance measurement apparatus; interfaces for detectors; measuring devices, namely, pollution sensors, air quality sensors and exhaust system temperature sensors; haptic systems, kinesthetic systems and electronic systems in land vehicles for the provision of driving assistance; haptic electronics integrated in a motor vehicle seat; haptic communication devices; kinesthetic sensor devices; AM/FM tuners; wireless FM receivers; analogue and digital audio and video receivers; antennas; amplifiers; audio speakers; stereo tuners; loudspeakers; audio headphones and earphones; acoustic exciters; audio amplifiers; noise and sound reduction, suppression or amplifying apparatus; display screens; displays including touch screens; cameras; reversing cameras; thermal imaging cameras; biometric recognition cameras; microphones, and plug-in modules for voice communications; power sockets including USB; augmented reality headsets; vehicle batteries; electric batteries for vehicles, parts and components of batteries and electric batteries for vehicles; fuel cells; land vehicle battery box; electronic mirrors with cameras; integrated electronic hazard and collision avoidance systems for motorists comprising sound, light or vibration alerts for interior parts of motor vehicles; electrical and electronic cables; light conducting filaments; LED wires; downloadable software applications; interfaces (for computers); memory cards; electronic data media; flash memories; flash memory cards; static exciters; tire pressure measuring apparatus; commutation switches.
- Klasse 11 Air filters for air-conditioning; air-conditioning installations for vehicles; heaters for vehicles; air conditioners for vehicles; lights for vehicles; vehicle headlights; vehicle reflectors; heat regenerators; vehicle lighting apparatus; cooling apparatus for vehicles; ventilation apparatus for vehicles; apparatus and filters for air treatment in vehicles; air purifiers; control units for heating apparatus; control units for air conditioning apparatus; regulating units for heating apparatus; regulating units for air conditioning apparatus; parts of beam lights for vehicles; rear lights for vehicles; heating and defrosting apparatus for vehicles especially for nozzles, windshield washer containers, windshields, vehicle door locks, outside rearview mirrors; gas discharge lamps; organic light emitting diode (OLED) lighting apparatus for indoor and outdoor lamps; ice boxes; evaporators; vents (air inlets for vehicles); vaporizers for vehicle exhaust systems.
- Klasse 12 Headrests for vehicle seats; reversing alarms for vehicles; Air bags (safety devices for automobiles); seat covers for vehicles; door panels for land vehicles; direction indicators other than headlights; vehicle dashboards; consoles in the nature of vehicle passenger compartments; motor vehicle seats and their controls; vehicle seat component parts, namely, sliders not of metal; upholstery for vehicles; rotating vehicle seats; vehicle seats equipped with heating devices; vehicle seats equipped with massaging devices; fuel tanks and hydrogen tanks for land vehicles; fuel tank caps; acoustic signaling devices for vehicles, in particular warning horns, horns; brakes for land vehicles and components therefor, in particular brake linings, brake pads, brake shoes, brake discs, brake drums, brake master cylinders, wheel brake cylinders, brake calipers, brake hoses, brake lines, brake cables, brake boosters; vacuum pumps for braking systems; parking brakes; windshield washers (parts of vehicles) and parts therefor; windshield wiper installations and parts therefor, namely, windshield wiper blades, transmission rods, combined windshield wiper and washer apparatus, namely, apparatus consisting primarily of windshield wiper and washer apparatus; lens washer installations and headlight wipers (parts of vehicles); internal and external rearview mirrors; window winding mechanisms for vehicles; valves for headlight cleaning installations; steering wheels; body parts, in particular calender grilles, front and rear and roof vehicle spoilers, front and rear vehicle aprons, front and rear trim panels, vehicle side sills, mudguards and door sills, hub caps, flaps for vehicles; protective vehicle parts for antennas or radars, namely, radomes; vehicle trailers and parts therefor; control and regulating apparatus for brakes and traction control apparatus for land vehicles (vehicle parts); regulating devices and transmission regulators for vehicles; steering mechanisms for vehicles; anti-theft alarm devices; security devices for vehicles; vehicle immobilizers; transmission switches; windshield wiper motors; vehicle cigarette lighters; Vehicle ceiling coverings; vehicle door coverings; coverings of textile or plastic materials, including fabric substitutes, for vehicle interiors; vehicle seats with haptic devices, sound devices, light devices, touchscreen devices; onboard compressed hydrogen tanks, onboard liquid hydrogen tanks; support frames for onboard hydrogen tanks; pipework for onboard hydrogen tanks; valves and pressure regulators for onboard hydrogen tanks; hydrogen tanks for stationary application for filling vehicles.
- Klasse 17 Semi-processed polymer resins; semi-processed polymer resins based on natural fiber-type natural materials; polymer foam; carbon fiber; waterproof packings; clutch linings.
- Klasse 24 Textile materials; fabrics for textile use; linings (textile); coated fabrics; fabrics for covering; fabrics of textile materials and coated fabrics producing light; plastic materials (fabric substitutes); waterproof textile products; coated fabrics; fabrics of mixed fibers; insulating textiles.
- Klasse 37 Installing, servicing and repairing onboard computers; servicing and maintenance services for motor vehicles.
- Klasse 38 Services for providing access to computer applications; providing access to a global computer network.
- Klasse 42 Design and development of onboard computers for automobiles, software for automobiles and network control units; advice concerning the design and development of onboard automobile computers, software for automobiles; provision (rental) of software; maintenance of software; Software as a Service [SaaS]; platform as a service [PaaS]; research in the field of the science of materials; testing of materials; advice with respect to energy saving; interior design of vehicles; technical project studies; surveying (engineering work); engineering; technical research, mechanics research; industrial research and analysis services; research and development of new products for third parties; the aforesaid services being conneted with vehicles; installing, servicing and repairing software for automobiles and network control units.

Klasse 5 Pharmaceuticals, medical and veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use; food for babies; dietary supplements for humans and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; disinfectants for hygiene purposes; preparations for destroying vermin; fungicides; herbicides; medicated sunscreen preparations; contact lens cleaning preparations.

Klasse 6 Common metals and their alloys, ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage or transport; safes; metal hardware; goods of metal, namely locks, padlocks, box locks, bolt locks,

	bicycle locks of metal, folding locks, mortice lock, locks for outboard motors, lock cylinders, built-in cylinders, strike plates, safety hasps, door chains, door and window bolts, door and window fittings, protective fittings, protective rosettes, door and window handles, door closers, keys and key blanks, U- locks, cable padlocks; locks of metal for containers for the storage of goods, in particular for freight containers, sea containers, storage containers and construction containers; containers of metal, in particular safes and containers for valuables.	
Klasse 9	Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin- operated apparatus; cash register, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire- extinguishing apparatus; protection devices for personal use against accidents; protective and safety equipment; protective and safety equipment with airbags; safety and signaling devices; motorcyclists' goggles; ski goggles; sports spectacles; sunglasses; cycling glasses; golf glasses; shooting glasses; riding glasses; diving goggles; swimming goggles; reading eyeglasses; goggles for industrial safety; laser protection goggles; spectacles (optics); spectacle frames and lenses; spectacle glasses of plastic; spectacle cases; contact lenses; apparatus and instruments for protection against laser radiation, namely laser protection windows and laser protection curtains; optical filters; magnifying glasses; head protection; safety helmets; protective helmets; industrial safety helmets, protective helmets for motorcyclists, for cyclists, for skiers, for ski jumpers, for bobsledders, for tobogganers, for skeleton racers, for inline skaters, for snowboarders, for canoeists, for hang gliders, for paragliders, for e- bikers, for scooter riders; sports helmets; helmets for alpine sports; helmets for horse riding; helmets for bicycles; face protection visors for workers, protective shields for workers, in particular protective shields for welding; safety clothing for protection against accident or injury; protective clothing; UV protection clothing for protection against accidents or injury, ventilation protective suits for respiratory protection; reflective strips for clothing, for the prevention of accidents; reflective safe vests; bullet-proof waistcoats; stab vests; safety clothing for workers; safety clothing for workers in the form of laser protection textiles; protective work gloves; protective work shoes; body protectors for workers; respirators, other than for artificial respiration, in particular respiratory masks and respiratory apparatus for workers; respiratory masks, other than for artificial respiration; protection masks; dust masks; face masks for protection against accident or injury; fall- prevention apparatus for workers, namely safety nets, safety tarpaulins, safety signals in the form of luminous or mechanical signalling systems, mechanical safety signs, restraining belts in particular integrated into safety clothing for workers; life belts in particular integrated into safety clothing for workers, seat belts in particular integrated into safety clothing for workers, safety vests, stay ropes, safety belt straps, safety belt straps with integrated shock absorbers, energy absorbers for fall- prevention apparatus, fall limiters, lanyard lifelines, safety ropes, fall arresters for safety equipment; diving goggles; snorkels; cases adapted for mobile phones; mouse pads; power banks; USB flash drives; software; interactive software; supply chain	management software; operational risk management software; augmented reality software; artificial intelligence software; software and applications for mobile devices; threat detection software; risk detection software; health monitoring software; sensors; detectors; laser detectors; laser sensors; electric and electronic surveillance apparatus, in particular alarm systems and parts thereof, fire detection systems, video surveillance systems; remote control apparatus; electric theft prevention installations; alarm devices and locking; smart home devices for building and home automation; devices for perimeter surveillance; cameras [photography]; fire alarms; water alarms; smoke alarms; motion sensors; glass breakage detectors; vibration detectors; access control apparatus; electronic locking and unlocking systems; electric and electronic locks and parts thereof; electric and electronic keys; intelligent fingerprint door locks; intelligent locks with biometric fingerprint readers; biometric access control systems; facial recognition apparatus; vein pattern recognition apparatus; gesture control apparatus; speech recognition apparatus; movement pattern recognition apparatus; wireless locks; electric and electronic door chains; radio devices; telephone apparatus; integrated circuits; magnetic encoders for data processing; data processing equipment and computers; computer peripheral devices; magnetic data media; encoded magnetic cards; smart cards; smoke detectors; peepholes [magnifying lenses] for doors; electronic speech and relay modules; programming units; panic transmitters; magnetic contacts; switch contacts; accumulators; electrical cables and distributors; programmes for data processing apparatus; software (recorded) for video surveillance and alarm devices and locking; software for building and home automation; application software for mobile devices; computer software for mobile applications that enable interaction and interface between vehicles and mobile devices; software for cloud computing services; mobile apps; computer software for interpreting fingerprints or palm prints; computer software for facial recognition, for vein pattern recognition, for gesture control, for speech recognition and for movement pattern recognition; computer software for data transmission to electronic locks and access control devices via a worldwide computer network, wireless telephone networks or by radio transmission; computer software for downloading application programmes and for remote programming, control, surveillance and administration of electronic locks and access control devices via worldwide computer networks, wireless telephone networks or by radio transmission; computer software for smart home devices for building and home automation; computer software for programming, control, surveillance and management of electronic locks and access control devices; programmes and software (recorded) for data processing equipment, namely for home video surveillance, home alarms, home closing systems and home automation; downloadable software, namely for home video surveillance, home alarms, home closing systems and home automation, in particular apps for illumination automation, alarm automation and home automation, or apps for the control of lights, windows, gates, doors and locks; applications for mobile phones for buying, selling, managing and monitoring digital assets; computer software in the field of distributed ledgers technology, namely block chains and ledgers of transactions with digital currencies, virtual currencies and digital assets; downloadable media, in particular downloadable image files, downloadable graphics for mobile phones; downloadable illustrations of digital assets; fire extinguishers; sensors and detectors for roller shutters; motion, presence, brightness, temperature and gas sensors based on semiconductors, infrared, radios and/or microwaves as well as related electronic evaluation and signaling devices; distance measuring apparatus and sensors; switches; manual switches; key switches; switches for

- garage door drives, for door drives, for swing door drives, for sliding door drives for direct mount drives, for roller shutter drives, for outer gated drives or for articulated arm drives; roller shutter switches; switches for awnings; coding switches; radio encoding switches; light switches; radio receiving tuners; time switches; transmitters; wireless transmitters; electrical transmitters; optical transmitters; transmitters for the transmission of signals to garage door drives, for door drives, to swing door drives, to sliding door drives, to direct mount drives, to roller shutter drives, to outer gated drives or to articulated arm drives; electric, electronic, thermal and programmable controllers; electric and electronic blind and shutter controls; aerials; plugs, sockets and other contacts [electric connections]; radio power sockets; window contacts [electric]; transducers; radio controls; electric and electronic home controls; electric and electronic controls for household equipment and kitchen devices; electric and electronic home technology controls; electronic equipment for light, alarm and home automation, as far as included in class 09; photovoltaic apparatus and installations for generating solar electricity; sensors for the automatic tracking of sun position; industrial automation controls; electrically operated transducers; light diodes; parts of the aforementioned goods.
- Klasse 10 Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopedic articles; suture materials; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; apparatus, devices and articles for nursing infants; sexual activity apparatus, devices and articles; ear plugs for noise reduction; ear plugs for medical purposes; ear plugs [hearing protection devices]; ear plugs for protection against noise; noise protection means in the form of deformable ear plugs; hearing protectors; hearing protectors without the ability to reproduce or transmit sound; hearing protection headsets for noise reduction; noise protecting ear caps; masks to prevent contagion; protective masks for use by persons working in medicine; protective masks for use by persons working in the dentistry; protective breathing masks for medical applications; protective breathing masks for surgical applications; respiratory masks for medical purposes; respiratory masks for artificial respiration; face masks for medical use; therapeutic facial masks; face masks for surgical use for antibacterial protection; sanitary dust masks for medical purposes; protective visors for medical use; protective visors for dental use; protective clothing for medical purposes; protective gloves for medical use; protective gloves for use by persons working in medicine; protective gloves for use by persons working in the dentistry; neonatal pacifiers; clips for pacifiers; parts of the aforementioned goods.
- Klasse 11 Lighting apparatus for bicycles; water tap security devices, namely stop cocks being safety apparatus for water apparatus.
- Klasse 12 Vehicles; apparatus for locomotion by land, air or water; audible warning systems for bicycles; bicycles; airbags for vehicles; inflatable air bags for use when driving vehicles for the prevention of injury in accidents; airbags in backpacks for use while driving vehicles; airbags in protective equipment or safety equipment for use while driving vehicles; bicycle saddle bags; bags for bicycles; bicycle bags; parts of and accessories for bicycles, as far as not included in other classes; parts of and accessories for apparatus for locomotion by land and/or sea, namely mechanical and electronic anti-theft devices for vehicles and/or boats and parts thereof, as far as not included in other classes; saddle covers for bicycles or motorcycles; bicycle brakes; mechanical anti-theft devices for vehicles; anti-theft alarms for vehicles; direction indicators for bicycles; bicycle bells; bicycle chains; baskets adapted for bicycles; bicycle handle bars; dress guards for bicycles; bicycle pedals; pumps for bicycle tires; bicycle saddles; luggage carriers for vehicles; mountings specially adapted for bicycle accessories, as far as included in class 12; parts of the aforementioned goods.
- Klasse 14 Precious metals and their alloys; jewellery, precious and semi-precious metals; horological and chronometric instruments; lanyards for holding keys.
- Klasse 16 Paper and cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paint brushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type; printing blocks; pencils; ball pens; note pads; writing tablets.
