## Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

### Generell informasjon om kunngjøringer etter Madridprotokollen

**Int.reg.nr.:** Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.

**Int.reg.dato:** Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).  
Dersom den internasjonale registreringen besluttet gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.

### Etterfølgende

**utpekingsdato:** Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.

**Prioritet:** Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkers hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.

### Besluttet gjeldende

**dato i Norge:** Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

- Klasse 7 Machines and machine tools for treatment of material and for production; machines and machine tools for cutting, shaping or finishing of metals or other materials; cutting machines [for metalworking]; separating machines; machines and machine tools for treatment of material and production, namely for the production of cutting lines, punching lines, creasing rules, scoring lines, rotary rules, perforation lines, combination lines; tools [machine parts]; parts of machines for material treatment and production, in particular cutting lines, punching lines, creasing rules, scoring lines, rotary rules, perforation lines, combination lines; tools for machine tools; tools for machine tools for machining or shaping or finishing metals or other materials; machines for sheet metal packaging; punching machines; forming tools, punching tools and bending tools (machines or parts of machines); slides for presses being machines (parts of machines); follow-on punching tools (machines or parts of machines); follow-on composite tools (machines or parts of machines); injection molding machines, plastic injection molding machines, compression molding machines, die-casting and extrusion machines and parts thereof, not included in other classes; tools and molds for injection molding machines, plastic injection molding machines, compression molding machines, die-casting and extrusion machines [machine parts]; blow pins, casting chambers and steel bolts [machine parts]; press parts for pressing jaws and metal molds [machine parts]; blades, knives and saws blades for electrical tools; welding and soldering tools (machines) and devices; welding and soldering machines; electric welding devices; oxyacetylene welding device; laser welding devices; laser welding machine; robotic welding machines; welding robots; mechanical control apparatus for welding machines and welding devices; welding apparatus; electrodes for welding devices; electrodes for welding devices, namely melting electrodes for arc welding; motors and parts of motors, not for land vehicles, not included in other classes; motors and parts of motors for watercraft, aircraft and spacecraft, not included in other classes; motors for machines; drives and their parts for machines; drives and their parts (except for land vehicles); machine parts and control mechanisms for the operation of machines and motors (other than for land vehicles); power transmission devices [other than for land vehicles]; power transmission clutches and parts thereof (other than for land vehicles), not included in other classes; radiators for engines; housings for machines and motors (other than for land vehicles); electric motors and their parts (other than for land vehicles) for machines and machine tools, not included in other classes; stators and rotors for electric motors (other than for land vehicles); valves [machine parts]; parts of axles, motors and gearboxes [machine parts]; parts of generators, couplings, turbines and engines (machine parts); machine equipment for agriculture, earthworks, construction work, oil and gas extraction as well as mining; electrical household appliances, not included in other classes; parts of engines for land vehicles; turbines and engine components for vehicles for transport by air; parts and fittings of all aforesaid goods, included in this class.
- Klasse 8 Hand-operated implements and tools for treatment of material as well as for construction, repair and maintenance work; punching tools (hand tools); knives (hand tools); cutlery made of stainless metal for cutting;
- knife blades; saws (hand tools); saw blades; shears for cutting metal [sheet metal shears]; knife steel; punching knife steel; parts and fittings of all aforesaid goods, included in this class.
- Klasse 9 Cases for electrical apparatus; cases for batteries and battery packs; parts and fittings of all aforesaid goods, included in this class; electric controls for welding machines and soldering machines; monitoring devices for welding machines and soldering machines; electric power units; AC/DC power supplies; electronic power supplies; power supplies for welding devices and welding machines; regulated power supply apparatus for arc welding methods; welding transformers; electrical rectifiers; inverters for power supply devices; protective equipment and safety equipment; safety clothing for protection against accident or injury; protective helmets for welders; welding masks; protective goggles; visors for the protection of welders; safety gloves for protection against accident or injury; footwear for protection against accident or injury.
- Klasse 11 Lighting equipment and lighting installations; heating, steam generating, cooking, cooling and drying devices; devices for cooking, heating, cooling and preserving food and beverage; devices for heating of food; ventilation devices and ventilation installations; shelves for refrigerators; hoods and installations for extraction of exhaust; extractor hoods for stoves; drying installations; heating, ventilation, air-conditioning and air-cleaning devices and installations; sanitary installations and sanitary equipment; water supply systems; apparatus for heating; sanitary and bathroom installations and sanitary fittings; irrigation sprinkler systems and irrigation systems; boilers and heaters; parts of boilers and heaters, included in this class; lighting fittings; lighting equipment; reflectors for lighting apparatus and for deflecting light; lampshades; parts and fittings of all aforesaid goods, included in this class.
- Klasse 12 Vehicles and conveyances; vehicles for transport by air; parts and fittings for vehicles, land vehicles, water vehicles, air vehicles and space vehicles, not included in other classes; engines for land vehicles; engines for motor vehicles; structural parts for vehicles, land vehicles, water vehicles, air vehicles and space vehicles, not included in other classes; chassis parts, axle parts and gear parts for vehicles and land vehicles, not included in other classes; parts and fittings for motor vehicles, not included in other classes; chassis parts, structural parts and body parts for motor vehicles, not included in other classes; outer skin parts of motor vehicles, not included in other classes; panels for vehicle bodies; hood shields as structural parts of motor vehicles; casings for components of motor vehicles (other than for engines); building components of metal for automobile construction; vehicle building components of press-hardening steel for automobile construction, not included in other classes; components, not included in other classes, of press-hardening steel for automobile construction, namely columns, bumpers, sills, side impact protection, side-members, crossmembers and crash boxes; holders and racks, not included in other classes, for parts of motor vehicles, namely for batteries and battery packs; battery trays for motor vehicles; parts and fittings of all aforesaid goods, included in this class.
- Klasse 14 Chronometric instruments; parts and accessories for chronometric instruments, not included in other classes; clock cases; watch accessories, not included in other classes; cases for watches and wristwatches; medals and medallions; parts and fittings of all aforesaid goods, included in this class.
- Klasse 15 Musical instruments; parts of musical instruments, not included in other classes; strings for musical instruments; accessories of musical instruments, not included in other classes.
- Klasse 20 Furniture of metal, with or without coating; metal cabinets; desk racks; furniture and non-metallic furniture fittings; table legs; chairs; table extension tops; racks [furniture]; racks being furniture of metal; racks and elements of racks [furniture]; shelves for file

- cabinets.
- Klasse 21 Tableware, cookware and containers; household or kitchen utensils; household utensils; baking trays and baking tins; tableware and cookware; containers for household use and kitchen use.
- Klasse 35 Advertising, marketing and promotional services; advertising and public relations; sales promotion; advisory services and assistance services in the field of advertising, marketing and promotional consultancy; commercial business support services; concluding and arranging commercial transactions for others; procurement of goods on behalf of other companies; business assistance, management and administrative services; accountancy, book-keeping and auditing; administrative data processing; business consultancy; human resources management and recruitment services; office functions services; payroll accounting; office machines rental; business project management services for construction projects; operational business assistance to companies; business analysis, research and information services; collection and systematization of business data; wholesale services in relation to steel, stainless steel, semi-finished products of metal or stainless steel, sheet metal and shaped parts of metal or steel or stainless steel, bands (coils) and strips of metal or steel or stainless steel, rails of metal, metal hardware, vehicle parts and automobile parts, metal in powdered form as well as welding material and soldering material; wholesale services in relation to building materials and building elements of metal; consultancy on the organization and management of companies regarding decarbonization of industrial plants and metallurgical plants.
- Klasse 36 Funding services; business financing and industrial financing; funding services for companies; providing funding for research institutions.
- Klasse 37 Building services, construction services and demolition services; construction; building construction supervision; construction consultancy; construction of railways and related consultancy services; installation of building scaffolds, working platforms and building platforms; road construction and related consultancy services; structural and civil engineering construction in respect of agricultural land; construction project management services [building supervision]; plant refurbishment; installation of industrial plants; assembling [installation] of shelving; building maintenance and building repair; construction, installation, maintenance and repair of industrial plants and metallurgical plants; construction, installation, maintenance and repair of facilities for decarbonization of industrial plants and metallurgical plants as well as related consultancy service, not included in other classes; installation, maintenance and repair of machine tools for processing and treatment of metal; installation, maintenance and repair of welding machines and welding devices.
- Klasse 40 Metal treating; metal treating, namely stamping, pressing, hardening, forming, forging, machining, cutting and embossing metal; metal treating by surface coating, build-up welding, laser build-up welding and plasma treatment of surfaces; build-up welding of components and tools; laser build-up welding of components and tools; surface coating of tools; production of 3D prints from metal and steel; metal refinishing; forming of metal; shaping of metal components; metallurgical smelting; metal finishing; treatment of metal parts to prevent corrosion; heat treatment of metals; heat treatment of metal surfaces; heat treatment and coating of steel; heat treatment of pipes and tubes of metal; metal coating services; applying surface coating on stainless steel sheets and steel bands; surface treatment of metal goods; coating company services (metal treating); application of wear-resistant coatings on metal surfaces, goods of metal, machine components and tools; welding; soldering of metal; brazing; rental of welding equipment; rental of welding machines and welding equipment; recycling and waste treatment; recycling of metals; custom

manufacture of metal goods; custom manufacture of molded parts; metal treatment by transformation of metal for decarbonized steel production.

- Klasse 42 Engineering and industrial research; scientific and technological research; technological consultancy services relating to welding machines and welding devices as well as welding; providing technological information in relation to welding machines and welding devices; engineering services relating to metal forming installations; engineering services for the design of machinery and machine tools; engineering services for the design of tools and components; engineering services regarding simulation of tools and components in production cycles or under operating conditions; scientific services relating to natural science; industrial analysis and research services; metallurgical analysis; research relating to metals; development of coatings for metals; development of industrial processes; testing, authentication and quality control; construction planning; technical project planning; design of vehicles, vehicle parts and their components; design services relating to metal-working tools; design of industrial plants; scientific and technological services in the field of decarbonization.

Klasse 9 Solar cells for domestic use; electric control devices for heating and energy management; solar panels for electricity generation; batteries; energy storage apparatus comprised of batteries; inverters; solar energy collectors for electricity generation; electricity controller for managing electricity energy; electric devices for controlling energy supply; converters, electric; solar modules; solar wafers; power converters used in solar power generation; solar cell modules for photovoltaic power; accumulators for photovoltaic power; photovoltaic apparatus for converting solar radiation to electrical energy; current converters concerning solar energy; solar energy storage devices for generating electricity; solar cells.

Klasse 35 Wholesale store services featuring lithium secondary batteries; retail store services featuring lithium secondary batteries; wholesale store services featuring energy storage apparatus comprised of batteries; retail store services featuring energy storage apparatus comprised of batteries; wholesale store services featuring solar cell modules; retail store services featuring solar cell modules; retail store services featuring electric control devices for heating and energy management; wholesale store services featuring electric control devices for heating and energy management; wholesale store services featuring inverters; retail store services featuring inverters; wholesale store services featuring electricity controller for managing electricity energy; retail store services featuring electricity controller for managing electricity energy; wholesale store services featuring solar modules; retail store services featuring solar modules; wholesale store services featuring solar wafers; retail store services featuring solar wafers; retail store services featuring power converters used in solar power generation; wholesale store services featuring power converters used in solar power generation; wholesale store services featuring solar cells; retail store services featuring solar cells.

Klasse 37 Building construction; installation services for solar powered devices for others; installation, maintenance and repair of solar installations for generating power;

construction of solar power plant; installation of photovoltaic power generation systems; repair of solar power plant; installation of photovoltaic power generation installations; maintenance of photovoltaic power generators; installation of photovoltaic power generators; repair of photovoltaic power generators; construction of solar thermal energy storage plants; repair of solar thermal energy storage plants; maintenance of solar thermal energy storage plants; repair of photovoltaic power generation systems; maintenance of solar power plant; providing information relating to construction, repair, maintenance of solar power plant; providing information relating to construction of photovoltaic power generation systems; providing information relating to repair of photovoltaic power generation installations; providing information relating to installation, maintenance of photovoltaic equipment for electricity generation; providing information relating to installation, construction of photovoltaic power generation installations; providing information relating to repair of photovoltaic power generation installations (generation systems); providing information relating to construction, repair, installation, maintenance of solar thermal energy storage plants; installation of solar thermal energy storage plants.

Klasse 39 Distribution of electricity to households; distribution of energy for heating and cooling buildings; electricity distribution; storage, distribution and supply of energy and fuel; information and advisory services in relation to the distribution of energy; distribution of energy; energy supplying; distribution of renewable energy; distribution of electricity; storage and distribution of electricity; electricity supply services; consultancy services relating to the distribution of electricity; providing information relating to the distribution of electricity; distribution and transmission of electricity; supply of electrical energy, gas, water and district heating; leasing the use of power lines to third parties for the transmission of electricity; supply services of energy produced by photovoltaic power generation; providing information relating to supply services of energy produced by photovoltaic power generation; supply services of electricity produced by photovoltaic power generation; providing information relating to supply services of electricity produced by photovoltaic power generation.

Klasse 40 Electricity generating; processing and transforming of energy; consultancy in the field of energy generation; production of energy; production and processing of fuels and of other sources of energy; production of electrical energy from renewable sources; production of solar energy through photovoltaic power generation plants and equipments; custom manufacture of solar modules for others; providing information relating to photovoltaic power generation and production of solar energy through photovoltaic power generation; custom manufacture of photovoltaic power generation systems for others; electricity generating of photovoltaic power generation; custom manufacture of solar energy storage plant through photovoltaic power generation for others; custom manufacture of photovoltaic cells for others; custom manufacture of solar power panel for others; generation of electricity from solar energy; electricity generating of solar power; waste-to-energy generation services; conversion of waste energy into electricity [energy recycling services]; conversion of waste energy into steam [energy recycling services].

Klasse 42 Research and development of photovoltaic cells, inverters, converters, energy storage devices (ESS); technological consultancy in relation to parts, apparatus and systems of photovoltaic cells; research and development of parts, apparatus and systems of photovoltaic cells; research and development of electric power converters, converters, inverter, charger for used in renewable energy systems including photovoltaic power generation; technological consultancy in the field of electric power converters, converters, inverter, charger for used in renewable energy systems including photovoltaic power generation; scientific and industrial research and development in relation to

photovoltaic cell collectors and solar thermal collectors; technological consultancy in relation to photovoltaic cell collectors and solar thermal collectors; research and development in the field of renewable energy production; technological consultancy in relation to renewable energy production; technological consultancy in relation to renewable energy; research and development in the field of renewable energy; technological consultancy in relation to photovoltaic power generation; research and development in the field of photovoltaic power generation; design of photovoltaic power generators, photovoltaic power generation installations; integration of computer photovoltaic power generation systems; research and development of parts, apparatus and systems of solar thermal collectors; design of solar cells, solar cell module; research and development of solar cells, solar cell module.

and devices; communications equipment, instruments, devices, apparatus to allow users to communicate remotely or over long distances, including by haptic communication; wireless communications equipment, instruments, devices, apparatus; handheld communications equipment, instruments, devices, apparatus; two-way wireless communication systems; point-to-point communications equipment; communications software; computer software for wireless network communications; communications software to allow users to communicate remotely or over long distances, including by haptic communication; biometric identification apparatus, instruments, equipment and systems; biometric scanners; biometric access control systems; biometric software; computer software for biometric systems for the identification and authentication of persons; electric and electronic security apparatus, instruments and equipment; security control apparatus, instruments and equipment; electronic security access apparatus, instruments and equipment; electronic security access control systems; security warning apparatus, instruments and equipment; safety, security, protection and signalling apparatus, instruments, equipment and devices; electronic security systems for home network; security software; utility, security and cryptography software; security apparatus, instruments and equipment using haptic and biometric technology; computer software for the remote control of security apparatus; alarms; security alarms; and parts and fittings for all of the aforesaid.

Klasse 10 Medical, veterinary, and surgical apparatus, instruments, and devices; diagnostic, examination and monitoring apparatus, instruments, and devices; apparatus, instruments, equipment and devices for medical rehabilitation; and parts and fittings for all of the aforesaid.

Klasse 28 Games, toys and playthings; video game apparatus and machines; apparatus for games; apparatus for playing electronic games; gymnastic and sporting articles; and parts and fittings for all of the aforesaid.

Klasse 35 Data retrieval; data management; data collection; data processing; systematisation of business and commercial data; data management; database management; computer database management; systemisation of information into computer databases; compilation of data; management and compilation of computerised databases; data input and processing services; provision of business data; business and commercial data analysis; updating and maintenance of data in databases; compilation of data in computer databases; database marketing; writing of business reports; dissemination of data relating to business; and information, advisory, and consultancy services relating to all of the aforesaid.

Klasse 38 Telecommunication services; haptic telecommunication services; communication services; communication services provided over the internet; wireless communication services; electronic communication services; telematic communication services; data communication services; computer communication services; internet communication services; interactive communication services; communication services by electronic means; provision of electronic communication links; operating of electronic communications networks; telecommunication network services; operating of electronic communications systems; services for communication of information by electronic means; providing access to electronic communications networks; provision of on-line communication services; providing wireless telecommunications via electronic communications networks; communication services for the electronic transmission of data; data, audiovisual, electronic message, and haptic communication transmission services; communications via a global computer network or the internet; information, advisory and consultancy services relating to telecommunications, communications, wireless

communications, and wireless communications equipment; remote data access services; remote transmission of data by means of telecommunication; providing access to databases; providing access to computer databases; transmission of database information via telecommunications networks; providing telecommunications links to databases; services for communication of information by electronic means; communication services for the electronic transmission of data; and information, advisory, and consultancy services relating to all of the aforesaid; dissemination of data.

Klasse 42 Software as a service [SaaS]; platform as a service [PaaS]; software as a service [SaaS] services relating to research, data retrieval, data management, data collection, data processing, data systematisation, databases, database management, compilation of data, data input, dissemination of data, analysis of data, data capture and data storage; software as a service [SaaS] services featuring software relating to electronic communication; software as a service [SaaS] services featuring software for the purpose of allowing users to communicate remotely or over long distances, including by haptic communication; software as a service [SaaS] featuring software for the purpose of allowing users to play video games; platform as a service [PaaS]; platform as a service [PaaS] services relating to research, data retrieval, data management, data collection, data processing, data systematisation, databases, database management, compilation of data, data input, dissemination of data, analysis of data, data capture and data storage; platform as a service [PaaS] services featuring software relating to electronic communication; platform as a service [PaaS] services featuring software for the purpose of allowing users to communicate remotely or over long distances, including by haptic communication; platform as a service [PaaS] featuring software for the purpose of allowing users to play video games; scientific and technological services and research and design relating thereto; database design and development; maintenance of database software; hosting of databases; scientific research conducted using databases; design and development of electronic and computer database software; design and development of database software to store haptic and biometric information; installation, maintenance and updating of database software; rental of a database server (to third parties); providing online, non-downloadable software; providing online, non-downloadable software for database management; providing non-downloadable software relating to research, data retrieval, data management, data collection, data processing, data systematisation, databases, database management, compilation of data, data input, dissemination of data, analysis of data, data capture and data storage; providing online, non-downloadable software for use in or relating to communication; providing online, non-downloadable software for the purpose of allowing users to communicate remotely or over long distances, including by haptic communication; providing online, non-downloadable software for the purpose of allowing users to play video games; design, development, maintenance and rental of data carriers in the field of research, data retrieval, data management, data collection, data processing, data systematisation, databases, database management, compilation of data, data input, dissemination of data, analysis of data, data capture and data storage; design, development, maintenance and rental of non-downloadable software relating to research, data retrieval, data management, data collection, data processing, data systematisation, databases, database management, compilation of data, data input, dissemination of data, analysis of data, data capture and data storage; design, development, maintenance and rental of computer apparatus and instruments in the field of research, data retrieval, data management, data collection, data processing, data systematisation, databases, database management,

compilation of data, data input, dissemination of data, analysis of data, data capture and data storage; writing of scientific and technical reports; data storage; computer data conversion services; encryption, decryption and authentication of information and data; development and testing of computing algorithms and software; maintenance and updating of software for communication systems; hosting of communication platforms on the internet; design and development of communication equipment and systems; design and development of computer hardware and software; design and development of haptic technology and haptic communication equipment and systems; design and development of apparatus, instruments and equipment for recording and storing haptic information; design and development of haptic input apparatus, instruments and equipment; design and development of apparatus, instruments and equipment for recording and storing haptic information; design and development of force displacement meters; design and development of measurement apparatus, instruments and equipment; design and development of apparatus, instruments and equipment for measuring and recording force and displacement; design and development of sensors; design and development of electronic measurement sensors; design and development of encryption apparatus, instruments and equipment; design and development of medical and veterinary technology; design and development of diagnostic, examination and monitoring equipment, apparatus, instruments, and devices; design and development of equipment, apparatus, instruments, and devices for medical rehabilitation; design and development of hardware for video games; design and development of biometric identification apparatus, instruments, equipment and systems; design and development of biometric scanners; design and development of biometric access control systems; design and development of biometric software; design and development of computer software for biometric systems for the identification and authentication of persons; providing user authentication services using biometric hardware and software technology; design and development of electric and electronic security apparatus, instruments and equipment; design and development of security control apparatus, instruments and equipment; design and development of security access apparatus, instruments and equipment; design and development of security access control systems; design and development of safety, security, protection and signalling apparatus, instruments, equipment and devices; design and development of security software; design and development of utility, security and cryptography software; design and development of security apparatus, instruments and equipment using haptic and biometric technology; design and development of computer software for the remote control of security apparatus; design and development of alarms; design and development of security alarms; and information, advisory, and consultancy services relating to all of the aforesaid.

Klasse 45 Licensing services; licensing of software, databases, technology, information and data; licensing of apparatus, instruments and equipment relating to data retrieval, data management, data collection, data processing, data systematisation, databases, compilation of data, data input, dissemination of data, analysis of data, data capture and data storage; providing authentication of personal identification information [identification verification services]; and information, advisory, and consultancy services relating to all of the aforesaid.

Klasse 9 Computer software platforms; logistics software; e-commerce and e-payment software; software for commerce over a global communications network; payment software; online payment software; computer hardware for facilitating payment transactions by electronic means; computer software for facilitating payment transactions by electronic means; software for processing electronic payments to and from others; computer programs; computer software and systems; electronic databases; e-commerce platform; digital media storage.

Klasse 35 Online marketing for buyers and sellers of goods and services; marketing the goods and services of others; providing business information via a website; administrative services relating to customs clearance; advisory and consultancy services relating to the purchase of goods on behalf of others; providing online marketplaces for sellers of goods and or services; business management of logistics for others; marketing in the field of innovations; advertising, marketing and promotional services; providing business information; online store services in relation to fuels and illuminants, lubricants and industrial greases, waxes and fluids, statues and works of art of common metals, unprocessed and semi-processed materials of metal, not specified for use, structures and transportable buildings of metal, metal hardware, doors, gates, windows and window coverings of meta, containers, and transportation and packaging articles, of metal, building and construction materials and elements of metal, dust controlling compositions, jaws of life [powered rescue shears], electricity generators, sweeping, cleaning, washing and laundering machines, pumps, compressors and blowers, moving and handling equipment, machines and machine tools for treatment of materials and for manufacturing, industrial robots, edged and blunt weapons, lifting tools, hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, emergency and rescue hand tools, scientific research and laboratory apparatus, educational apparatus and simulators, scientific and laboratory devices for treatment using electricity, safety, security, protection and signalling devices, recorded content, optical devices, enhancers and correctors, navigation, guidance, tracking, targeting and map making devices, measuring, detecting, monitoring and controlling devices, magnets, magnetizers and demagnetizers, information technology and audio-visual, multimedia and photographic devices, apparatus, instruments and cables for electricity, sanitary installations, water supply and sanitation equipment, regulating and safety accessories for water and gas installations, personal heating and drying implements, refrigerating and freezing equipment, lighting and lighting reflectors, industrial treatment installations, igniters, heating, ventilating, and air conditioning and purification equipment (ambient), flues and installations for conveying exhaust gases, filters for industrial and household use, drying installations, burners, boilers and heaters, vehicles and

conveyances, flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic, seals, sealants and fillers, insulation and barrier articles and materials, flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, structures and transportable buildings, not of metal, doors, gates, windows and window coverings, not of metal, building and construction materials and elements, not of metal; retail sales services provided by means of a global computer network in relation to fuels and illuminants, lubricants and industrial greases, waxes and fluids, statues and works of art of common metals, unprocessed and semi-processed materials of metal, not specified for use, structures and transportable buildings of metal, metal hardware, doors, gates, windows and window coverings of meta, containers, and transportation and packaging articles, of metal, building and construction materials and elements of metal, dust controlling compositions, jaws of life [powered rescue shears], electricity generators, sweeping, cleaning, washing and laundering machines, pumps, compressors and blowers, moving and handling equipment, machines and machine tools for treatment of materials and for manufacturing, industrial robots, edged and blunt weapons, lifting tools, hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, emergency and rescue hand tools, scientific research and laboratory apparatus, educational apparatus and simulators, scientific and laboratory devices for treatment using electricity, safety, security, protection and signalling devices, recorded content, optical devices, enhancers and correctors, navigation, guidance, tracking, targeting and map making devices, measuring, detecting, monitoring and controlling devices, magnets, magnetizers and demagnetizers, information technology and audiovisual, multimedia and photographic devices, apparatus, instruments and cables for electricity, sanitary installations, water supply and sanitation equipment, regulating and safety accessories for water and gas installations, personal heating and drying implements, refrigerating and freezing equipment, lighting and lighting reflectors, industrial treatment installations, igniters, heating, ventilating, and air conditioning and purification equipment (ambient), flues and installations for conveying exhaust gases, filters for industrial and household use, drying installations, burners, boilers and heaters, vehicles and conveyances, flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic, seals, sealants and fillers, insulation and barrier articles and materials, flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, structures and transportable buildings, not of metal, doors, gates, windows and window coverings, not of metal, building and construction materials and elements, not of metal; on-line retail and wholesale distributorship services in relation to fuels and illuminants, lubricants and industrial greases, waxes and fluids, statues and works of art of common metals, unprocessed and semi-processed materials of metal, not specified for use, structures and transportable buildings of metal, metal hardware, doors, gates, windows and window coverings of meta, containers, and transportation and packaging articles, of metal, building and construction materials and elements of metal, dust controlling compositions, jaws of life [powered rescue shears], electricity generators, sweeping, cleaning, washing and laundering machines, pumps, compressors and blowers, moving and handling equipment, machines and machine tools for treatment of materials and for manufacturing, industrial robots, edged and blunt weapons, lifting tools, hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, emergency and rescue hand tools, scientific research and laboratory apparatus, educational apparatus and simulators, scientific and

laboratory devices for treatment using electricity, safety, security, protection and signalling devices, recorded content, optical devices, enhancers and correctors, navigation, guidance, tracking, targeting and map making devices, measuring, detecting, monitoring and controlling devices, magnets, magnetizers and demagnetizers, information technology and audiovisual, multimedia and photographic devices, apparatus, instruments and cables for electricity, sanitary installations, water supply and sanitation equipment, regulating and safety accessories for water and gas installations, personal heating and drying implements, refrigerating and freezing equipment, lighting and lighting reflectors, industrial treatment installations, igniters, heating, ventilating, and air conditioning and purification equipment (ambient), flues and installations for conveying exhaust gases, filters for industrial and household use, drying installations, burners, boilers and heaters, vehicles and conveyances, flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic, seals, sealants and fillers, insulation and barrier articles and materials, flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, structures and transportable buildings, not of metal, doors, gates, windows and window coverings, not of metal, building and construction materials and elements, not of metal; on-line trading services in relation to fuels and illuminants, lubricants and industrial greases, waxes and fluids, statues and works of art of common metals, unprocessed and semi-processed materials of metal, not specified for use, structures and transportable buildings of metal, metal hardware, doors, gates, windows and window coverings of metal, containers, and transportation and packaging articles, of metal, building and construction materials and elements of metal, dust controlling compositions, jaws of life [powered rescue shears], electricity generators, sweeping, cleaning, washing and laundering machines, pumps, compressors and blowers, moving and handling equipment, machines and machine tools for treatment of materials and for manufacturing, industrial robots, edged and blunt weapons, lifting tools, hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance, emergency and rescue hand tools, scientific research and laboratory apparatus, educational apparatus and simulators, scientific and laboratory devices for treatment using electricity, safety, security, protection and signalling devices, recorded content, optical devices, enhancers and correctors, navigation, guidance, tracking, targeting and map making devices, measuring, detecting, monitoring and controlling devices, magnets, magnetizers and demagnetizers, information technology and audio-visual, multimedia and photographic devices, apparatus, instruments and cables for electricity, sanitary installations, water supply and sanitation equipment, regulating and safety accessories for water and gas installations, personal heating and drying implements, refrigerating and freezing equipment, lighting and lighting reflectors, industrial treatment installations, igniters, heating, ventilating, and air conditioning and purification equipment (ambient), flues and installations for conveying exhaust gases, filters for industrial and household use, drying installations, burners, boilers and heaters, vehicles and conveyances, flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic, seals, sealants and fillers, insulation and barrier articles and materials, flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic, structures and transportable buildings, not of metal, doors, gates, windows and window coverings, not of metal, building and construction materials and elements, not of metal; online retail ordering, return and replacement services; online ordering service; advertising, marketing and promotional services; administrative processing of

purchase orders; online ordering services; promoting the goods and services of others; promoting the goods and services of others over the internet; presentation of goods on communications media for retail purpose.

- Klasse 36 Financial solutions for buying goods and service; electronic commerce payment services; payment processing; automated payment services; electronic payment services; payment administration services; remote payment services; financial payment services; conducting cashless payment transactions; electronic processing of payments; processing of payment transactions; electronic processing of payments via a global computer network; insurance; financial services including credit services.
- Klasse 39 Transportation logistics; freight and cargo services; product warehousing services; general warehousing services; goods warehousing; freight warehousing; storage of goods; providing storage services; packing services for others; locating and arranging for reservations for storage space for others; packaging goods for shipment; delivery services; freight services; delivery of goods; providing information on pickup of parcels and goods via a global communications network on which the customers can choose the pickup location; transportation of goods; shipping of goods.
- Klasse 41 Education, teaching and training; providing non downloadable electronic publications and instruction videos; provision of non-downloadable videos, via a video-on-demand service; online education and instruction services online; online organisation of conferences, exhibitions and competitions; arranging and conducting of educational discussion groups; arranging and conducting of in-person educational forums.
- Klasse 42 Technological consultation services; engineering consultancy; design and development of computer software for logistics, supply chain management and e-business portals; product development; product development consultation; providing information in the field of product and design development; hosting of podcast; technical consultation services, planning and organization; providing virtual computer system, virtual computer environment and virtual computer platform through cloud computing; providing temporary use of on-line non-downloadable cloud computing software for use in database management and electronic storage of data; providing a website featuring nondownloadable software; platform as a service (PaaS) featuring computer software platforms for database management and electronic storage of data, information and publications; providing a website featuring non-downloadable software for database management, electronic storage and the collection, editing, organizing, modifying, transmission, storage and sharing of data and information.
