Klasse 7 Verktøymaskiner; motorer [unntatt for landkjøretøyer]; maskinkoplinger og kraftoverføringskomponenter, unntatt for landkjøretøyer; jordbearbeidingsredskaper, andre enn manuelt drevne; motordrevne verktøy; elektrisk drevne verktøy; motordrevne verktøy; mekaniske verktøy; luftdrevne verktøy; industrielle pneumatiske verktøy; pneumatiske verktøy [maskiner]; hydrauliske verktøy; mekanisk drevne verktøy; verktøy

for maskinverktøy; bærbar elektroverktøy; driller [elektroverktøy]; roterende verktøy [maskiner]; håndholdte trådløse elektroverktøy; verktøy for bruk med maskinverktøy; pipenøkler [maskiner]; skrutrekkerbit for elektriske skrutrekker; sager [maskiner]; elektriske sager; momentnøkler [maskiner]; filer [motordrevet verktøy]; båndslipere [maskiner]; baufilblader for maskiner; jekk [maskiner]; bor med konisk tange [deler av maskiner]; hylser [deler til maskiner]; vindemaskiner; slipemaskiner; vinkelslipere.

Klasse 8 Håndverktøy og redskaper [håndbetjente]; bestikk; sidevåpen; barberhøvler; skrutrekker, ikke elektriske; pinsetter; filer; roterende verktøy [håndbetjente verktøy]; skiftenøkler [håndbetjente verktøy]; tenger [håndbetjente verktøy]; skrallesett [håndbetjente verktøy]; muttertrekker [håndverktøy]; tinnhåndsaksler; metallsaksler [tinnsaksler]; hammere [redskap]; hammere, håndbetjente; skiftenøkler; tenger [håndverktøy]; ringnøkler; låsetenger; skrallesett [håndbetjente verktøy]; momentnøkler [håndbetjente]; sagblader; sager, håndbetjente; sager [redskap]; baufiler (håndbetjente -); brekkjern for trearbeid; skjæreverktøy, hånddrevet; stein- og metallbor [redskap]; rørtenger; kniver; avbitertenger [håndverktøy]; baufilblader; jekk [manuelt drevet]; stemjern; hammere, klubber og slegger; klubber [redskap]; gjengebor [redskap]; vindejern; skrustikker; stålborster [håndbetjente verktøy].

Klasse 9 Kontrollmoduler (elektriske eller elektroniske); berøringsskjermer; digitale nettbrett; skrivere; periferutstyr tilpasset for bruk med datamaskiner og andre smartenheter; automatiske kontrollenheter for bilparkering; billettautomater.

Klasse 11 Varmeapparater for avising av kjøretøyvinduer; bensinbrennere; antiblendingsutstyr for kjøretøyer [tilbehør til lamper]; luftfiltre for klimaanleggenheter; reflektorer for kjøretøyer; vakuumlamper; lyspærer for retningsvisere til kjøretøyer; fluorescerende lamper; reflektorlamper; renseapparater for olje; lysende legemer; defrosteranordninger for kjøretøyer; fjernlys for kjøretøyer; belysningsapparater for kjøretøyer; airconditioninstallasjoner; luftvarmeapparater; vifter [deler av airconditioninstallasjoner]; ventilasjonsanlegg; ventilasjonsapparater; varmeovner; oppvarmingsinstallasjoner for kjøretøyer; lykter for kjøretøyer; lamper; varmeinstallasjoner; lampeglass; lyspærer.

Klasse 12 Hjul for kjøretøyer; dører for kjøretøyer; biler og strukturelle deler derav; dekk til kjøretøy; hjulaksler; seter for kjøretøyer; overtrekk for biler [formet]; luftslanger for dekk; dekk for kjøretøyhjul; opphengningsfjærer for kjøretøyer; karosserier; kjøretøy; hjulnav for kjøretøyer; signalhorn for kjøretøyer; bunnrammer for kjøretøyer; støtfangere for kjøretøyer; bremses for kjøretøyer; setetrekk for kjøretøyer; reservehjul til kjøretøy; deler og tilbehør til kjøretøy.

Klasse 35 Reklamevirksomhet; bedriftsledelse; forretningsadministrasjon; kontortjenester; salgsfremmende tjenester; reklame- og salgsfremmende tjenester; salgspromotering ved kassa, for andre; auksjonstjenester; utleie av salgsmatemater; forretningsadministrasjon ved lisensiering av varer og tjenester for andre; bedriftsrådgivning vedrørende franchisevirksomhet; bedriftsrådgivning vedrørende franchisevirksomhet; bedriftsledelsesrådgivning vedrørende franchisevirksomhet; rådgivningstjenester vedrørende kommersiell handel; rådgivningstjenester vedrørende annonsering, publisering og markedsføring; bedriftsrådgivningstjenester vedrørende etablering og drift av franchisevirksomhet; detaljhandelstjenester relatert til blekemidler og andre substanser for klesvask, rense-, polerings-, skure-, og slipemidler, såper, parfym, eteriske oljer, kosmetiske preparater, preparater for behandling og stell av hår, tannkrem; detaljhandelstjenester relatert til Industrioljer og smørefett, smøremidler, sammensetninger for begrensnig av støv, drivstoff, inkludert motorbensin,

og lyskilder, stearinlys og veker for belysning; detaljhandelstjenester relatert til verktøymaskiner, motorer [unntatt for landkjøretøyer], maskinkoplinger og kraftoverføringskomponenter, unntatt for landkjøretøyer, jordbearbeidingsredskaper, andre enn manuelt drevne, motordrevne verktøy, elektrisk drevne verktøy; detaljhandelstjenester relatert til motordrevne verktøy, mekaniske verktøy, luftdrevne verktøy, industrielle pneumatiske verktøy, pneumatiske verktøy [maskiner], hydrauliske verktøy, mekanisk drevne verktøy, verktøy for maskinverktøy; detaljhandelstjenester relatert til bærbare elektroverktøy, drillere [elektroverktøy], roterende verktøy [maskiner], håndholdte trådløse elektroverktøy, verktøy for bruk med maskinverktøy, pipenøkler [maskiner], skrutrekkerbit for elektriske skrutrekker, sager [maskiner], elektriske sager; detaljhandelstjenester relatert til momentnøkler [maskiner], filer [motordrevet verktøy], båndslipere [maskiner], baufileblader for maskiner, jekk [maskiner], bor med konisk tange [deler av maskiner], hylser [deler til maskiner], vindemaskiner, slipemaskiner, vinkelslipere; detaljhandelstjenester relatert til håndverktøy og redskaper [håndbetjente], bestikk, sidevåpen, barberhøvler, skrutrekker, ikke elektriske, pinsetter, filer, roterende verktøy [håndbetjente verktøy], skiftenøkler [håndbetjente verktøy], tenger [håndbetjente verktøy], skrallssett [håndbetjente verktøy], muttertrekker [håndverktøy]; detaljhandelstjenester relatert til tinnhåndsaker, metallsaker [tinnsaker], hammere [redskap], hammere, håndbetjente, skiftenøkler, tenger [håndverktøy], ringnøkler, låsetenger, skrallssett [håndbetjente verktøy], momentnøkler [håndbetjente], sagblader, sager, håndbetjente, sager [redskap], baufile [redskap], gjengebor [redskap], vindejern, skrustikker, stålbørster [håndbetjente verktøy]; detaljhandelstjenester relatert til varmeapparater for avising av kjøretøyvinduer, bensinbrennere, antiblendingsutstyr for kjøretøyer [tilbehør til lamper], luftfiltre for klimaanleggenheter, reflektorer for kjøretøyer, vakuumlamper; detaljhandelstjenester relatert til lyspærer for retningsvisere til kjøretøyer, fluorescerende lamper, reflektorlamper, renseapparater for olje, lysende legemer, defrosteranordninger for kjøretøyer, fjernlys for kjøretøyer, belysningsapparater for kjøretøyer; detaljhandelstjenester relatert til airconditioninstallasjoner, luftvarmeapparater, vifter [deler av airconditioninstallasjoner], ventilasjonsanlegg, ventilasjonsapparater, varmeovner, oppvarmingsinstallasjoner for kjøretøyer, lykter for kjøretøyer, lamper, varmeinstallasjoner, lampeglass, lyspærer; detaljhandelstjenester relatert til hjul for kjøretøyer, dører for kjøretøyer, biler og strukturelle deler derav, dekk til kjøretøy, hjulaksler, seter for kjøretøyer, overtrekk for biler [formet], luftslanger for dekk, dekk for kjøretøyhjul, opphengningsfjærer for kjøretøyer; detaljhandelstjenester relatert til karosserier; detaljhandelstjenester relatert til kjøretøy, hjulnav for kjøretøyer, signalhorn for kjøretøyer, bunnrammer for kjøretøyer, støtfangere for kjøretøyer, bremsere for kjøretøyer, setetrekk for kjøretøyer, reservehjul til kjøretøy, deler og tilbehør til kjøretøy; revisjonsverktøy for andre; kontortjenester; regnskapsanalyser og regnskapsoppgjør.

Klasse 36 Bankkort-, kredittkort-, debetkort- og elektroniske betalingskorttjenester; finansielle overføringer og transaksjoner, betalingstjenester; elektronisk behandling av betalinger.

Klasse 37 Installasjon, vedlikehold og reparasjon av datahardware og telekommunikasjonsapparater; installasjon, vedlikehold og reparasjon av datahardware; fremskaffelse av informasjon i forbindelse med reparasjon eller vedlikehold av

mekaniske parkeringssystemer; installasjon, vedlikehold og reparasjon av maskiner; installasjon og reparasjon av datamaskinvarer; rådgivningstjenester i forbindelse med installasjon av kommunikasjonsutstyr; reparasjonsinformasjon; reparasjon av elektrisk utstyr; installasjon av datamaskinvarer; fremskaffelse av informasjon i forbindelse med installasjon av maskiner; installasjon av kommunikasjonsutstyr; installasjon av mobilkommunikasjonssystemer; konsulentvirksomhet knyttet til installasjon, vedlikehold og reparasjon av datahardware; fremskaffelse av informasjon i forbindelse med reparasjon eller vedlikehold av maskiner og utstyr innen telekommunikasjon; fremskaffelse av informasjon i forbindelse med installasjon av elektriske apparater; installasjon, reparasjon og vedlikehold av datamaskiner og periferenheter; installasjon, vedlikehold og reparasjon av telekommunikasjonsutstyr.

Internasjonale varemerkeregistreringer

Internasjonale varemerkeregistreringer som gjelder for Norge ved utpekning etter Madridprotokollen. Innsigelsesperioden utløper 3 mnd. fra kunngjøringsdato, jf. varemerkeloven § 71.

Generell informasjon om kunngjøringer etter Madridprotokollen

Int.reg.nr.: Det vil si det internasjonale registreringsnummer som WIPO har gitt søknaden om internasjonal registrering.

Int.reg.dato: Det vil si den dato en internasjonal registrering anses for å ha skjedd, jf. varemerkeloven § 72 og Madrid-protokollen artikkel 3 (4).
Dersom den internasjonale registreringen besluttet gjeldende i Norge, vil registreringsperioden på 10 år regnes fra den internasjonale registreringsdatoen.

Etterfølgende

utpekingsdato: Det vil si datoen for rettsvern i Norge hvor utpekingen ikke har skjedd i forbindelse med den internasjonale registreringen.

Prioritet: Internasjonale søknader kan påberope seg prioritet etter Pariskonvensjonen artikkel 4 fra det land merket først ble søkt registrert. Dette vil ofte være søkers hjemland idet en internasjonal registrering må bygge på en hjemlands-registrering eller -søknad.

Besluttet gjeldende

dato i Norge: Det vil si den datoen det innføres i varemerkeregisteret at den internasjonale registreringen gjelder i Norge, jf. varemerkeloven § 70.

installations; maintenance and repair of telecommunications networks, apparatus, and instruments; providing information relating to the repair or maintenance of aircraft; building maintenance and repair services provided by a handyman; providing information on repair services in the aviation sector; repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of air-conditioning apparatus [for industrial purposes]; coating services for the repair of marine engineering plant; maintenance and repair of systems incorporating hoses which convey fluid; repair or maintenance of machines and apparatus for papermaking; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of waste crushing machines and apparatus; repair or maintenance of water pollution control equipment; repair or maintenance of machines and apparatus for paper-working; repair or maintenance of machines and apparatus for processing beverages; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of machines and apparatus for processing foods; repair or maintenance of packing or wrapping machines and apparatus; repair or maintenance of machines and apparatus for lumbering; installation, maintenance and repair of computer network and information technology equipment; maintenance and repair of pressure safety devices; repair or maintenance of machines and apparatus for use in barbers' shops; repair or maintenance of machines and apparatus for plywood making; providing information relating to the repair or maintenance of electric motors; providing information relating to the construction, repair and maintenance of buildings; providing information relating to the repair or maintenance of sporting equipment; installation, repair and maintenance of cleanroom facilities and equipment; inspection of automobiles and their parts prior to maintenance and repair; providing information relating to the repair or maintenance of industrial furnaces; providing information relating to the repair or maintenance of nuclear power plants; repair or maintenance of printing or bookbinding machines and apparatus; information and consultancy services relating to vehicle repair; providing information relating to the repair or maintenance of consumer electrical appliances; maintenance and repair of motor vehicle cooling systems; maintenance and repair of hardware for data processing apparatus; repair or maintenance of non-electric cooking apparatus and installations; garage services for the maintenance and repair of motor vehicles; maintenance and repair of chassis parts and bodies for vehicles; providing information relating to the repair or maintenance of musical instruments; repair or maintenance of integrated circuits manufacturing machines and systems; coating services for the repair of industrial engineering plant; advisory services relating to the repair of civil engineering structures; repair or maintenance of plant fiber processing machines and implements; advisory services relating to the repair of environmental control systems; repair or maintenance of glassware manufacturing machines and apparatus; computer hardware and telecommunication apparatus installation, maintenance and repair; hvac (heating, ventilation and air conditioning) installation, maintenance and repair; repair or maintenance of plastic processing machines and apparatus; repair and maintenance of building scaffolds, working and building platforms; maintenance and repair services relating to the air transport industry; office machines and equipment installation, maintenance and repair; repair or maintenance of shoe making machines and instruments; providing of information relating to repairing and maintaining stable equipment; consultancy relating to the installation, maintenance and repair of computer hardware; maintenance and repair of oil and gas storage installations; repair or maintenance of water purifying apparatus for industrial

purposes; providing information relating to the repair or maintenance of cooking pots and pans; maintenance, servicing and repair of power generating apparatus and installations; providing information relating to the repair or maintenance of railway rolling stock; providing information relating to the repair or maintenance of storage tanks; providing information relating to the repair or maintenance of power generators; providing information relating to the repair or maintenance of signboards; providing information relating to the repair or maintenance of cooking apparatus; providing information relating to the repair of game machines and apparatus; providing information relating to the repair or maintenance of printing machines; providing information relating to the repair or maintenance of fishing tackle; providing information relating to the repair or maintenance of firearms; providing information relating to the repair or maintenance of sewing machines; providing information relating to the repair or maintenance of fire alarms; repair or maintenance of rubber-goods manufacturing machines and apparatus; repair or maintenance of plastic processing machines and apparatus; repair or maintenance of machines and apparatus for pulp-making; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of machines and apparatus for use in beauty salons; repair or maintenance of machines and apparatus for veneer making; providing information relating to the repair or maintenance of electric lighting apparatus; providing information relating to the repair or maintenance of cinematographic machines and apparatus; providing information relating to the repair or maintenance of medical machines and apparatus; providing information relating to the repair or maintenance of textile machines and apparatus; repair or maintenance of machines and apparatus for processing food or beverages; providing information relating to the repair or maintenance of laboratory apparatus and instruments; providing information relating to the repair or maintenance of cooking apparatus and installations; providing information relating to the repair or maintenance of construction machines and apparatus; providing information relating to the repair or maintenance of painting machines and apparatus; repair, servicing and maintenance of vehicles and apparatus for locomotion by air; providing information relating to the repair or maintenance of photographic machines and apparatus; providing information relating to the repair or maintenance of optical machines and instruments; providing information relating to the repair or maintenance of vending machines; providing information relating to the repair or maintenance of agricultural machines and implements; providing information relating to the repair or maintenance of chemical plants; providing information relating to the repair or maintenance of mechanical parking systems; providing information relating to the repair or maintenance of industrial washing machines; providing information relating to the repair or maintenance of bicycle parking apparatus; providing information relating to the repair or maintenance of freezing machines and apparatus; providing information relating to the repair or maintenance of amusement machines and apparatus; providing information relating to the repair or maintenance of fishing machines and instruments; providing information relating to the repair or maintenance of bookbinding apparatus and machines; providing information relating to the repair or maintenance of telecommunication machines and apparatus; providing information relating to the repair or maintenance of air conditioning apparatus; providing information relating to the repair or maintenance of office machines and apparatus; providing information relating to the repair or maintenance of water purifying apparatus; providing information relating to the repair or maintenance of mining machines and apparatus; providing information relating to the repair or maintenance of gasoline station equipment; providing

information relating to the repair or maintenance of tobacco processing machines; providing information relating to the repair or maintenance of vehicle washing installations; providing information relating to the repair or maintenance of two-wheeled motor vehicles; providing information relating to the repair or maintenance of chemical processing machines and apparatus; vehicle repair as part of vehicle breakdown services; providing information relating to the repair or maintenance of electric cooking apparatus and installations; providing information relating to the repair or maintenance of gas water heaters; providing information relating to the repair or maintenance of industrial dishwashing machines; advisory services relating to the maintenance and repair of mechanical and electrical equipment; maintenance and repair of machines and machine tools for treating and processing metals; providing information relating to the repair or maintenance of waste compacting machines and apparatus; providing information relating to the repair or maintenance of water pollution control equipment; providing information relating to the repair or maintenance of non-electric cooking apparatus and installations; providing information relating to the repair or maintenance of power-driven floor cleaning machines; providing information relating to the repair or maintenance of metalworking machines and tools; providing information relating to the repair or maintenance of clocks and watches; repair and maintenance of motor vehicles and parts thereof and of engines for motor vehicles and parts thereof; providing information relating to the repair or maintenance of machines and systems for manufacturing integrated circuits; providing information relating to the repair or maintenance of machines and apparatus for processing food or beverages; providing information relating to the repair or maintenance of machines and instruments for making shoes; providing information relating to the repair or maintenance of plastic processing machines and apparatus; providing information relating to the repair or maintenance of waste crushing machines and apparatus; providing information relating to the repair or maintenance of machines and apparatus for manufacturing glassware; repair of installations for use in metal production, metal processing and metal working; providing information relating to the repair or maintenance of semiconductor manufacturing machines and systems; providing information relating to the repair or maintenance of packing or wrapping machines and apparatus; installation of grills; installation of glass; laying of cable; ceiling installation; installation of locks; installation of racks; erection of grandstands; installing fencing; installation of conveyors; installation of safes; installation of mezzanine floors; installation of shelving; installation of plant; installation of plant; installation of tents; freezers (installation of -); freezers (installation of -); erection of signboards; installation of boilers; installing siding; installation of storage facilities; roofing installation; carpet-laying; installation of pipelines; pipe laying; installation of windows; installation of bolts; services for the installation of alarms; installation of doors; installation of computers; lift installation; installation of radios; installation of gas pipelines; installation of oil pipelines; installation of gates; installation of rain gutters; installation of plumbing; furniture installation; installation of kitchens; installation of motors; installation of aeronautical engines; electric appliance installation; installation of ground anchors; installation of burglar alarms; electrical installation services; installing satellite dishes; installation of internal partitioning; installation of secondary glazing; installation of hardware for computer networks; installing septic tanks; installation of audiovisual equipment; installation of industrial furnaces; installation of hydraulic equipment; installation of industrial machinery; installation of lightning conductors; installation of computer hardware; installation of geothermal installations; installation of

industrial piping; installation of offshore pipelines; medical apparatus installation; installation of radio telephone equipment; installation of telephone lines; double glazing installation; installation of temporary barriers; erection of sliding formworks; installation of industrial plant; installation of false floors; erection of temporary seating; installation of street furniture; installation of temporary fences; erection of climbing formworks; installation of sanitary apparatus; installing septic fields; installation of hardware for computer systems; marine construction; office equipment installation; office equipment installation; installation of instrumentation systems; installation of fire performance coatings; installation of ground anchors; installation of automobile accessories; installation of apparatus for ventilating; installation of parts for vehicles; erection of display boards; installation of foundry equipment; installing wallboard; installation of water softeners; installation of window films; installing wood flooring; installation of sun roofs; installation of felt roofs; installation of security systems; pipeline construction and maintenance; installation of door fittings; installation of catering equipment; installation of blinds; installing drywall panels; installation of washroom apparatus; installation of kitchen cabinets; ceiling lining installation; installation of doors and windows; installation of window fittings; installation of insulating materials; installation of plumbing systems; installation of plant; installation of lighting systems; installation of machinery for generating electricity; installation of fitted furniture; fire alarm installation; installation of window coatings; erection of signs; installation of fittings for buildings; installation of stands for conferences; installation of apparatus for heating; installation of apparatus for heating; installation of sewer liners; installation of window frames; installing of telecommunications networks; computer installation services; installation of transmission lines; installation of floor coverings; installation of smelting furnaces; installation of stands for exhibitions; kitchen equipment installation; kitchen equipment installation; installation of lock fittings; installation of oil refineries; installation of onshore pipelines; installation of shuttering for concreting; installation of concreting formwork; installation of wireless locks; installation of lighting apparatus; installation of cooking appliances; installation of pipe insulation; installation of yacht interiors; installation of communication equipment; installation of ship interiors; installation of furniture for shops; installation of refrigerating apparatus; installation of drying apparatus; installation of kitchen appliances; installation of water pipes; assembly [installation] of accessories for vehicles; laying and burial of cable; installation of armour plates to vehicles; services for the installation of sewers; installation of environmental engineering systems; installation of computerised information systems; refurbishment of air conditioning plant; custom installation of automobile interiors; installation and maintenance of photovoltaic installations; installation of apparatus for air-conditioning; installation of cellular communications systems; installation of central vacuum cleaning systems; installation of oil exploration instruments; installation of interior partitions for buildings; installation of integrated radio networks; installation of stands for trade fairs; assembling [installation] of shelving; assembling [installation] of building framework; installation of tubular linings in passageways; installation of basement waterproofing products; installing of electronic communications networks; installation of glazed building structures; installation of solar powered systems; services for the installation of alarms; pipe installation services; installation of high tensile structures; installation of hydropower systems; installation of wind power systems; installation of prefabricated building elements; installation of physical access control; installation of industrial pressure vessels; installation of passive fire protection equipment; installation of active fire protection

equipment; installation of environmental control systems; installation of thermal insulation for buildings; installation of hardware for computer systems; installation of commercial cooking apparatus; installation of sun protection systems; installation of heat exhaust systems; installation of industrial pressure equipment; installation of clean room systems; installation of cavity wall insulation; installation of building automation equipment; installation of solar heating systems; installation of environmental protection systems; installation of photovoltaic cells and modules; installation services of elevators and lifts; installation of roof timbering; installation of glass and glazing units; installation of cellular paging systems; installation and maintenance of irrigation systems; installation of cable television systems; computer installation and maintenance services; installation of communications network instruments; installation and maintenance of solar thermal installations; installation of temporary structures for trade fairs; installation of vehicle simulator units; installation of vehicle security devices; installation of access control systems; installation of street information placards; assembling [installation] of machine plant; installation of traffic management systems; installation of temporary structures for business exhibitions; installation of building insulation; installation of fire detection systems; installation of radio frequency communications systems; installation of data network apparatus; installation of fabricated construction units; installation of flood warning systems; installation of residential security apparatus; installation of fire suppression systems; installation of fire evacuation systems; installation of concrete forming systems; installation of door closers; installation of power generating apparatus; installation of utilities in construction sites; installation of utilities in construction sites; installation of lightning defence systems; installation of fire extinction systems; installation of smoke extraction systems; installation of water supply apparatus; installation of dust extraction apparatus; installation of theft prevention devices; installation of rainwater tanks; installation of laundry and kitchen equipment; installation of hardware for internet access; installation of energy-saving apparatus; installation of cables for internet access; installation of door openers; installation of security and safety equipment; installation of coloured panels in building facias; assembly [installation] of parts for vehicles; installation of tubular linings in pipelines; assembling [installation] of machine plant; wiring of buildings for telecommunication transmission; assembling [installation] of storage systems; installation of closed circuit television systems; services for the installation of drains; installation of fixtures and fittings for domestic premises; installation of oil production apparatus; advisory services relating to the installation of pumps; installation of electric heat tracing systems; installation of skin-effect heating equipment; installation of industrial fire protection equipment; installation of electrical earthing equipment; installation of rainwater harvesting systems; installation of rainwater drainage systems; providing information relating to the installation of machinery; installation of rainwater collection systems; installation of reactive power compensation apparatus; installation of fixtures and fittings for buildings; installation of electric and electronic equipment in automobiles; installation services of building scaffolds; installation of electronic conferencing equipment and facilities; installation of heating and cooling apparatus; advisory services relating to the installation of engines; assembly services relating to the installation of furniture; consultancy services relating to installation of computers; installation of building scaffolds, working and building platforms; installing pet containment systems; installation of pipe systems for conducting of gases; plumbing installation advisory services; advisory services relating to the installation of generators; installation of pipe systems

for conducting of liquids; installation of pipe systems for conducting of steam; installation of pressure safety devices; installation of clean room environmental control systems; installation of gas and water pipelines; installation of insulating materials in buildings, roofs and structures; installation of residential solar panel power systems; installation of industrial heat tracing; installation of ventilation and dust extraction systems; installation of electric light and power systems; providing information relating to the installation of electrical apparatus; installation of door openers and closers; beneath ground construction work relating to wiring; advisory services relating to the installation of power plants; plumbing services and installation of equipment and apparatus for gas and water supply; installation of pneumatic bulk material handling systems; services for the installation of cavity wall ties; wiring of offices for data transmission; installation of computer equipment in construction sites; advisory services relating to the installation of fixings; installation of hardware for computer systems employing solid-state electronic circuitry; information services relating to installation of security systems; installation of draught proofing for sash windows; custom installation of exterior, interior and mechanical parts of vehicles [tuning]; advisory services relating to the installation of audiovisual equipment; installation of gas supply and distribution apparatus; advisory services relating to the installation of hydraulic equipment; installation of hardware and cables for internet access; advisory services relating to the installation of telephone equipment; installation services of working and building platforms; installation of non-residential solar panel power systems; advisory services relating to the installation of gearboxes; installation of access control as a service (ACaaS) hardware; installation of air conditioning apparatus for use in clean rooms; installation of building scaffolds, working and building platforms; advisory services relating to the installation of communication equipment; advisory services relating to the installation of passenger lifts; advisory services relating to the installation of lighting apparatus; installation of wireless telecommunications equipment and wireless local area networks; installation of electronic and digital connection to a call centre; advisory services relating to the installation of heating and cooling apparatus; advisory services relating to the installation of solid fuel heating systems; advisory services relating to the installation of fire prevention equipment; advisory services relating to the installation of security and safety equipment; advisory services relating to the installation of building automation equipment; oil well casing, tubing, and drill pipe installation; installation and maintenance of hardware for computer networks and internet access.

Klasse 38 Telecommunication services.

Klasse 39 Transport; packaging and storage of goods; travel arrangement.

Klasse 40 Vulcanization [material treatment]; treatment of hazardous substances; treatment of waste materials; mothproofing of materials; material treatment information; material treatment information; treatment of materials by laser beam; treatment of materials using chemicals; providing information on material processing; treatment [reclamation] of material from waste; rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing; treating materials with ultrasonic waves to modify their properties; treatment of plastic materials to produce plastic mouldings; treatment of materials for the manufacture of ceramic goods; providing material treatment information.

Klasse 41 Teaching; training; entertainment services; sporting and cultural activities.

Klasse 42 Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software.

Klasse 43 Services for providing food and drink; providing

temporary accommodation.

Klasse 44 Medical services; animal healthcare services; hygiene and beauty care for human beings or animals; agriculture, horticulture and forestry services.

Klasse 45 Legal services; security services for the physical protection of tangible property and individuals; online social networking services accessible by means of downloadable mobile applications; legal services relating to social insurance claims; dating services provided through social networking; online social networking services; online social networking services; online social networking services.

- Klasse 1 Chemical products and preparations; chemicals and chemical preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; radiator flushing chemicals; scale removing preparations; chemical compositions for use in preventing, controlling and removing scale from heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical additives; chemical products and additives for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes to prevent or inhibit corrosion; chemicals and chemical preparations for use in sanitizing, flushing, sediment control, sediment removal, scale control, scale removal, deposit control and deposit removal in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; additives (chemical) for the prevention of sedimentation; additives (chemical) for the prevention of sedimentation in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; scale inhibiting preparations; scale inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; chemical inhibitors; chemical inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes;
- Klasse 2 Corrosion inhibiting preparations; corrosion inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; corrosion inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; anti-corrosion preparations; anti-corrosion preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes.
- Klasse 3 Cleaning products and preparations; cleaning products and preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; cleaning products and preparations for use in connection with the cleaning, flushing, removal of sediment and de-scaling of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes.
- Klasse 5 Fungicidal preparations; biocidal preparations; preparations for preventing, removing or destroying bacterial or fungal growth; preparations for preventing, removing or destroying algae or micro-organisms;

preparations for minimizing bacterial or fungal growth; fungicides; biocides; biocides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; fungicides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; biocides for use in underfloor and cooling systems; fungicides for use in underfloor and cooling systems.

Klasse 6 Common metals and their alloys; wrought and semi-wrought common metals; unwrought or semi-wrought iron and steel products; metal building materials; items of metal hardware; valves of metal (other than parts of machines); valves of metal for controlling the flow of water, liquid, gas or air; metal valves for use in or in connection with apparatus and installations for heating and water supply; metal valves for use in or in connection with central heating apparatus and installations; metal valves for use in or in connection with filters; metal valves for use in or in connection with filters being parts of household or industrial installations; metal valves for use in or in connection with filters (magnetic or non-magnetic); metal valves for use in or in connection with filters (magnetic or non-magnetic) being parts of household or industrial installations; metal valves for use in or in connection with power flushing filters; metal valves for use in or in connection with power flushing filters being parts of household or industrial installations; drain valves; metal valves for draining water, liquid, gas or air; parts and fittings for all of the aforesaid goods.

Klasse 7 Mechanical dosing apparatus and equipment; dosing apparatus and equipment for controlling the flow of water, liquid, gas or air; venting apparatus and equipment; venting apparatus and equipment for controlling the flow of water, liquid, gas or air; control valves (mechanical); dosing valves; dosing valves for use in or in connection with apparatus and installations for heating and water supply; dosing valves for use in or in connection with central heating apparatus and installations; dosing valves for use in or in connection with filters; dosing valves for use in or in connection with filters being parts of household or industrial installations; dosing valves for use in or in connection with filters (magnetic or non-magnetic); dosing valves for use in or in connection with filters (magnetic or non-magnetic) being parts of household or industrial installations; dosing valves for use in or in connection with power flushing filters; dosing valves for use in or in connection with power flushing filters being parts of household or industrial installations; bleed valves; bleed valves for use in or in connection with apparatus and installations for heating and water supply; bleed valves for use in or in connection with central heating apparatus and installations; bleed valves for use in or in connection with filters; bleed valves for use in or in connection with filters being parts of household or industrial installations; bleed valves for use in or in connection with power flushing filters; bleed valves for use in or in connection with power flushing filters being parts of household or industrial installations; agitators; agitators being parts of mechanical appliances; radiator agitators; drill bits; bits for hammer drills; drill bits for rotary power tools; attachments for drills; attachments for SDS (special direct system) drills; attachments for hammer drills; parts and fittings for all of the aforesaid goods.

Klasse 9 Apparatus and instruments for monitoring, measuring and checking (supervision); monitoring apparatus and instruments; apparatus and instruments for condition monitoring; apparatus and instruments for monitoring fluid; apparatus and instruments for magnetic filtration; magnetic filters; power flushing filters (magnetic); testing apparatus and instruments; water testing apparatus and instruments; water monitoring apparatus

and instruments; apparatus and instruments for testing and monitoring central heating water; apparatus and instruments for testing and monitoring water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; apparatus and instruments for monitoring and testing the efficiency, performance and consumption of heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; checking, monitoring and controlling apparatus for heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; checking, monitoring and controlling apparatus for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; electric control apparatus, systems, devices and installations; programmable control apparatus, systems, devices and installations; remote control apparatus, systems, devices and installations; remote control apparatus, systems, devices and installations for use with heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; remote monitoring apparatus, systems, devices and installations for use with heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; temperature and energy control apparatus; thermostats; thermostat control apparatus; thermal sensors for use in thermostats; thermal controls; boiler control apparatus; communications controllers; computer software; computer software for monitoring and testing; computer software for monitoring and testing water; computer software for heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; computer software for the control, monitoring and testing of heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; computer software for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; interactive computer software accessible electronically, via computers or mobile telephones; computer software applications; mobile phone applications; mobile applications; computer software applications for monitoring and testing; computer software applications for monitoring and testing water; computer software applications for heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; computer software applications for the control, monitoring and testing of heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; computer software applications for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; meters; smart meters; electrical meters; apparatus, equipment and instruments for measuring the efficiency, performance and consumption of heating apparatus, systems, devices and installations; sensors; detectors; parts and fittings for all of the aforesaid goods.

Klasse 11 Apparatus and installations for heating and water supply; central heating apparatus and installations; filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; magnetic filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; non-magnetic

filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; power flushing filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; filters being parts of central heating apparatus and installations; magnetic filters being parts of central heating apparatus and installations; non-magnetic filters being parts of central heating apparatus and installations; power flushing filters being parts of central heating apparatus and installations; filters being for use in central heating systems; magnetic filters being for use in central heating systems; non-magnetic filters being for use in central heating systems; power flushing filters being for use in central heating systems; water filtration apparatus and installations for heating, central heating, water storage, water supply and cooling; water filtration apparatus and installations for central heating apparatus and installations; water treatment apparatus for water purification and water softening; water treatment apparatus for water purification and water softening for domestic use; water treatment apparatus for water purification and water softening for central heating apparatus and installations; water treatment filters; portable filtration units (other than machines); temperature sensors (thermostatic valves) for heating apparatus; scale reducing apparatus and installations; scale reducing apparatus and installations for use in heating, central heating, water storage, water supply and cooling systems; scale inhibitors; scale inhibitors for use in heating, central heating, water storage, water supply and cooling systems; scale reducers; scale reducers for use in heating, central heating, water storage, water supply and cooling systems; water treatment apparatus and installations; parts and fittings for all of the aforesaid goods.

Klasse 35 Advertising; marketing and promotional services; public relations; business management; business administration; office functions; arranging, hosting, organizing and conducting of exhibitions, events and shows for commercial, marketing or promotional purposes; business services relating to the provision of sponsorship; business services relating to the provision of sponsorship for sporting activities; loyalty, incentive and bonus program services; operation of loyalty, incentive and bonus programs; loyalty scheme services; consumer loyalty services for commercial, promotional, and/or advertising purposes; operation, management and administration of loyalty programs and rewards programs; operation, management and administration of loyalty programs and rewards programs via data communications and mobile communications networks; loyalty scheme services provided by a digital platform or website; organisation, management, operation and supervision of customer loyalty, incentive and promotional schemes; marketing, advertising and business services relating to customer loyalty programs and incentive programs; provision and dissemination of advertising, marketing and publicity materials; customer club services, for commercial, promotional and/or advertising purposes; supplier club services, for commercial, promotional and/or advertising purposes; installer club services, for commercial, promotional and/or advertising purposes; retail services connected with chemical products and preparations; retail services connected with chemicals and chemical preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with radiator flushing chemicals and scale removing preparations; retail services connected with chemical compositions for use in preventing, controlling and removing scale from heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical additives; retail services connected with chemical products and additives for use in heating systems, central heating systems, cooling systems,

boilers, heaters, radiators, pumps and pipes to prevent or inhibit corrosion; retail services connected with chemicals and chemical preparations for use in sanitizing, flushing, sediment control, sediment removal, scale control, scale removal, deposit control and deposit removal in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with additives (chemical) for the prevention of sedimentation; retail services connected with additives (chemical) for the prevention of sedimentation in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with scale inhibiting preparations; retail services connected with scale inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical inhibitors; retail services connected with chemical inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with chemical products and preparations to inhibit, prevent or remove corrosion, sludge or scale; retail services connected with chemical products and preparations to inhibit or prevent the formation of corrosion, sludge or scale in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with corrosion inhibiting preparations; retail services connected with corrosion inhibiting preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with corrosion inhibitors for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with anti-corrosion preparations; retail services connected with anti-corrosion preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with cleaning products and preparations; retail services connected with cleaning products and preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with cleaning products and preparations for use in connection with the cleaning, flushing, removal of sediment and de-scaling of heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with fungicidal preparations and biocidal preparations; retail services connected with preparations for preventing, removing or destroying bacterial or fungal growth; retail services connected with preparations for preventing, removing or destroying algae or micro-organisms; retail services connected with preparations for minimizing bacterial or fungal growth; retail services connected with fungicides and biocides; retail services connected with biocides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with fungicides for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with fungicides for use in underfloor and cooling systems; retail services connected with fungicides for use in underfloor and cooling systems; retail services connected with common metals and their alloys; retail services connected with wrought and semi-wrought common metals; retail services connected with unwrought or semi-wrought iron and steel products; retail services connected with metal building materials and items of metal hardware; retail services connected with valves of metal (other than parts of machines); retail services connected with valves of metal for controlling the flow of water, liquid, gas or air; retail services connected with metal valves for use in or in connection with

apparatus and installations for heating and water supply; retail services connected with metal valves for use in or in connection with central heating apparatus and installations; retail services connected with metal valves for use in or in connection with filters; retail services connected with metal valves for use in or in connection with filters being parts of household or industrial installations; retail services connected with metal valves for use in or in connection with filters (magnetic or non-magnetic); retail services connected with metal valves for use in or in connection with filters (magnetic or non-magnetic) being parts of household or industrial installations; retail services connected with metal valves for use in or in connection with power flushing filters; retail services connected with metal valves for use in or in connection with power flushing filters being parts of household or industrial installations; retail services connected with drain valves; retail services connected with metal valves for draining water, liquid, gas or air; retail services connected with mechanical dosing apparatus and equipment; retail services connected with dosing apparatus and equipment for controlling the flow of water, liquid, gas or air; retail services connected with venting apparatus and equipment; retail services connected with venting apparatus and equipment for controlling the flow of water, liquid, gas or air; retail services connected with control valves (mechanical) and dosing valves; retail services connected with dosing valves for use in or in connection with apparatus and installations for heating and water supply; retail services connected with dosing valves for use in or in connection with central heating apparatus and installations; retail services connected with dosing valves for use in or in connection with filters; retail services connected with dosing valves for use in or in connection with filters being parts of household or industrial installations; retail services connected with dosing valves for use in or in connection with filters (magnetic or non-magnetic); retail services connected with dosing valves for use in or in connection with filters (magnetic or non-magnetic) being parts of household or industrial installations; retail services connected with dosing valves for use in or in connection with power flushing filters; retail services connected with dosing valves for use in or in connection with power flushing filters being parts of household or industrial installations; retail services connected with bleed valves; retail services connected with bleed valves for use in or in connection with apparatus and installations for heating and water supply; retail services connected with bleed valves for use in or in connection with central heating apparatus and installations; retail services connected with bleed valves for use in or in connection with filters; retail services connected with bleed valves for use in or in connection with filters being parts of household or industrial installations; retail services connected with bleed valves for use in or in connection with filters (magnetic or non-magnetic); retail services connected with bleed valves for use in or in connection with filters (magnetic or non-magnetic) being parts of household or industrial installations; retail services connected with bleed valves for use in or in connection with power flushing filters; retail services connected with bleed valves for use in or in connection with power flushing filters being parts of household or industrial installations; retail services connected with agitators, agitators being parts of mechanical appliances, radiator agitators, drill bits, bits for hammer drills, drill bits for rotary power tools, attachments for drills, attachments for SDS (special direct system) drills and attachments for hammer drills; retail services connected with apparatus and instruments for monitoring, measuring and checking (supervision); retail services connected with monitoring apparatus and instruments, apparatus and instruments for condition monitoring, apparatus and instruments for monitoring fluid, magnetic apparatus and instruments, apparatus and instruments for magnetic filtration, magnetic filters, power flushing

filters (magnetic) and testing apparatus and instruments; retail services connected with water testing apparatus and instruments, water monitoring apparatus and instruments, apparatus and instruments for testing and monitoring central heating water; retail services connected with apparatus and instruments for testing and monitoring water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with apparatus and instruments for monitoring and testing heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with apparatus and instruments for monitoring and testing the efficiency, performance and consumption of heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with checking, monitoring and controlling apparatus for heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with checking, monitoring and controlling apparatus for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with electric control apparatus, systems, devices and installations; retail services connected with programmable control apparatus, systems, devices and installations; retail services connected with remote control apparatus, systems, devices and installations; retail services connected with remote control apparatus, systems, devices and installations for use with heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with remote monitoring apparatus, systems, devices and installations for use with heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with temperature and energy control apparatus; retail services connected with thermostats, thermostat control apparatus, thermal sensors for use in thermostats, thermal controls, boiler control apparatus, communications controllers and computer software; retail services connected with computer software for monitoring and testing; retail services connected with computer software for monitoring and testing water; retail services connected with computer software for heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with computer software for the control, monitoring and testing of heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with computer software for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with interactive computer software accessible electronically, via computers or mobile telephones; retail services connected with computer software applications, mobile phone applications; retail services connected with mobile applications; retail services connected with computer software applications for monitoring and testing; retail services connected with computer software applications for monitoring and testing water; retail services connected with computer software applications for heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; retail services connected with computer software applications for the control, monitoring and testing of heating, ventilating, air

conditioning or water supply apparatus, systems, devices and installations; retail services connected with computer software applications for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; retail services connected with meters, smart meters and electrical meters; retail services connected with apparatus, equipment and instruments for measuring the efficiency, performance and consumption of heating apparatus, systems, devices and installations; retail services connected with sensors and detectors; retail services connected with apparatus and installations for heating and water supply; retail services connected with central heating apparatus and installations; retail services connected with filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with magnetic filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with non-magnetic filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with power flushing filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling; retail services connected with filters being parts of central heating apparatus and installations; retail services connected with magnetic filters being parts of central heating apparatus and installations; retail services connected with non-magnetic filters being parts of central heating apparatus and installations; retail services connected with power flushing filters being parts of central heating apparatus and installations; retail services connected with filters being for use in central heating systems; retail services connected with magnetic filters being for use in central heating systems; retail services connected with non-magnetic filters being for use in central heating systems; retail services connected with power flushing filters being for use in central heating systems; retail services connected with water filtration apparatus and installations; retail services connected with water filtration apparatus and installations for heating, central heating, water storage, water supply and cooling; retail services connected with water filtration apparatus and installations for central heating apparatus and installations; retail services connected with water treatment apparatus for water purification and water softening; retail services connected with water treatment apparatus for water purification and water softening for domestic use; retail services connected with water treatment apparatus for water purification and water softening for central heating apparatus and installations; retail services connected with water treatment filters; retail services connected with portable filtration units (other than machines); retail services connected with temperature sensors (thermostatic valves) for heating apparatus; retail services connected with scale reducing apparatus and installations; retail services connected with scale reducing apparatus and installations for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with scale inhibitors; retail services connected with scale inhibitors for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with scale reducers; retail services connected with scale reducers for use in heating, central heating, water storage, water supply and cooling systems; retail services connected with water treatment apparatus and installations; retail services connected with parts and fittings for all of the aforementioned goods; information, advisory and consultancy services relating to all of the aforementioned services.

Klasse 36 Provision of warranties; provision of warranty programs; extended warranty services; fundraising and sponsorship; warranty services; warranty programme

services; information, advisory and consultancy services relating to all of the aforementioned services.

Klasse 37 Installation, maintenance and repair of heating apparatus, installations and systems; installation, maintenance and repair of central heating apparatus, installations and systems; installation, maintenance and repair of water storage apparatus, installations and systems; installation, maintenance and repair of water supply apparatus, installations and systems; installation, maintenance and repair of cooling apparatus, installations and systems; cleaning services; heating and water supply system cleaning and flushing services; central heating system cleaning and flushing services; water storage system cleaning and flushing services; cooling system cleaning and flushing services; information services relating to installation, repair and maintenance of heating apparatus, installations and systems; information services relating to installation, repair and maintenance of central heating apparatus, installations and systems; information services relating to installation, repair and maintenance of water storage apparatus, installations and systems; information services relating to installation, repair and maintenance of water supply apparatus, installations and systems; information services relating to installation, repair and maintenance of cooling apparatus, installations and systems; information services relating to the provision of cleaning services; information services relating to the provision of heating and water supply system cleaning and flushing services; information services relating to the provision of central heating system cleaning and flushing services; information services relating to the provision of water storage system cleaning and flushing services; information services relating to the provision of cooling system cleaning and flushing services; provision of technical support in relation to all of the aforementioned installation, maintenance, repair, cleaning, flushing and information services; providing information in relation to all of the aforementioned services and suppliers or installers thereof from a database or website; information, advisory and consultancy services relating to all of the aforementioned services.

Klasse 42 Technological, analysis, scientific and research services; design services; industrial design services; product design; design services; research services; creation, maintenance and hosting of websites; installation, maintenance and repair of computer software, computer programs and computer systems; preparation of technical reports; providing online reports relating to the monitoring, reporting and controlling of heating apparatus, devices, installations and systems; testing, authentication and quality control services; scientific testing services; air and water testing services; technical testing; laboratory testing; water testing; scientific laboratory services; laboratory research; laboratory analysis; analytic laboratory services; biological research and testing; microbiological testing; testing of chemicals; air and water analysis; analysis of air and water quality and content; monitoring and analysis of air and water quality and content; research services; medical research and testing; medical laboratories; medical sampling and analysis services; endotoxin and renal dialysis medical testing; conducting sampling and analysis services to check for contamination; preparation of technical reports; providing online technical reports relating to sampling, research and analysis; information, advisory and consultancy services relating to all of the aforementioned services.

- Klasse 1 Chemicals; gas for industrial purposes; industrial chemicals for use as gel-like column packing materials for high performance liquid chromatography; photopolymerization initiator; chemicals for the manufacture of paints; glue and adhesives for industrial purposes, not for stationery and household purposes; plant growth regulating preparations; fertilizers; higher fatty acids; artificial graphite; flour and starch for industrial purposes; plastics [raw materials]; chemicals for the manufacture of fragrance constituents or cosmetics; chemical additives for lubricating oils; water-absorbing resin; isobutane; ethylene; hydrocarbon; propylene [propene]; methane; raffinate [chemicals]; hydrogen; allyl alcohol; n-propyl acetate; acetaldehyde [ethanal]; acetic acid; vinyl acetate; ethyl acetate; dry ice [carbon dioxide]; liquefied carbon dioxide; argon; helium; oxygen; nitrogen; n-methyl-2-pyrrolidone; propylene glycol monomethyl ether; propylene glycol monomethyl ether acetate; organic solvents for industrial use; chemical solvents; removing solvents for photoresist; solvents for printed circuit board; ungluing preparations; separating and unsticking [ungluing] preparations; high-purity solvents as cleaning agents for use in manufacturing processes; solvents for liquid crystal display; cleaner solvents for electronic devices; rinse solvents for electronic devices; gamma-butyrolactone; ethyl lactate; hexafluoroethane; tetrafluoromethane; octafluoropropane; octafluorocyclobutane; trifluoromethane; difluoromethane; fluoromethane; ammonia; nitrous oxide; chlorine; boron trichloride; hydrogen bromide; sulfur hexafluoride; nitrogen trifluoride; hexafluoro-1, 3-butadiene; sodium chlorate; sodium hypochlorite; liquid chlorine; caustic soda; hydrochloric acid; sodium cyanide; sulfuric acid; glycine [amino acetic acid]; ammonium sulphate; chlorinated polyethylene; L-tetrasodium glutamate diacetate; acrylonitrile; ethylenediaminetetraacetic acid tetrasodium salt; sodium sulfate; synthetic resins emulsion, unprocessed; unsaturated polyester resins, unprocessed; vinyl ester resins, unprocessed; liquid chemicals made of polymers; tetramethylammonium hydroxide; poly-n-vinylacetamide; resins for electronic materials; p-xylylenediamine; tetrafluoroterephthalonitrile; tetrafluorobenzonitrile; p- (aminomethyl)benzoic acid; p-cyanobenzylamine; p-cyanobenzaldehyde; p-cyanobenzoyl chloride; p-cyanobenzoic acid; ethyl p-

cyanobenzoate; NIR-photosensitive dyes; organic borate compounds; multifunctional thiol; isocyanate monomer; blocked isocyanate monomer; isocyanate compounds; magnesium ascorbyl phosphate; sodium ascorbyl phosphate; ascorbyl palmitate trisodium phosphate; n-vinylacetamide; poly-n-vinylacetamide; sodium polyacrylate; isophthalonitrile; terephthalonitrile; sodium dl-a-tocopheryl phosphate; butyrolactonethiol; methyl hesperidin; alumina filler; aluminium oxides [alumina]; alumina; spherical alumina; roundish alumina; ceramic particles for industrial use; boron nitride ceramics sintered; hexagonal boron nitride powder; titanium oxides; mould-release preparations; graphite powder; industrial chemicals for use in charge dissipation for electron beam lithography; artificial graphite fine powder; carbon nanotube; sterilized gas; standard reagent for sterile gas residual analysis; chemical condensed gas; refrigerant gas; food preservation gas; mortar adhesion enhancer; ultrafine cationic acrylic resins; polypropylene; coating agents, other than paints; fullerenes and other carbons; polyamide-imide resins; coating material for photosensitive insulating films; water-based acrylic resins for automobile paint; industrial conductive adhesives; conductive adhesive for die bonding; epoxy molding compound for semiconductors; liquid encapsulant; industrial detergents for molding die of semiconductors; high heat resistance coating materials; chemical preparations for forming a moisture-proof insulating layer; solder resist; chemicals for use in the manufacture of lithium ion batteries; epoxy resin hardener; functional acrylate; ultraviolet curing resins; ultraviolet curing release agents; ultraviolet curing mold-release agents; acrylic resins; amino resins; adipic acid-based polyester resins; dimer acid-based polyester resins; copolyester resin for adhesives; polyurethane resins for photogravure ink; aromatic polyester resins for rigid urethane foam; resins for release liner; chemicals for use as filling columns for high performance liquid chromatography (HPLC); glue and adhesives for industrial purposes; solvent type adhesives; adhesives for folded plate roof; adhesives for automotive door cloth bonding; adhesives for console decoration; adhesives for rear tray; adhesives for seat back; non-solvent type adhesives; adhesives for resin panels; hot melt adhesives; adhesives for air filter; adhesives for ceiling brackets; adhesives for ceiling ducts; adhesives for soundproofing material; adhesives for floor carpet; adhesives for floor carpet molding; adhesives for sealing cardboard boxes; adhesives for carton case; adhesives for bag making; anti-slip adhesives for cardboard boxes; adhesives for attaching straw bags; reactive hot melt adhesives; super-fine-pitch coating for housing; adhesives for front door; adhesives for wood panels; adhesives for wrapping; adhesives for seat; adhesives for bookbinding; highly functional imide-based heat-resistant resins; chemical preparations for use in photography; photographic developers and reducing agents for use in photography; chemical compositions for developing and printing photographs, reducing agents for use in photography; photosensitive films; photosensitive solder resist; photosensitive solder resist films; photosensitive build-up films; non-metallic minerals; resin-coated foundry sand; foundry sand; diagnostic reagents, formulations and substances except for medical or veterinary use; diagnostic reagents for scientific use; reagents for research purposes; scientific, research or commercial cell culture medium; chemicals for cell culture; biological preparation for use in cell cultures other than for medical or veterinary use; cells for scientific and research use; proteins for scientific use; test paper, chemical; reagent paper [not for medical purposes]; cell lines for exosome expression; diagnostic reagents and diagnostic reagent kits for research; biopharmacy for use in the manufacture of pharmaceuticals; chemicals used as raw materials for pharmaceutical products; cells and exosomes for science and research;

- exosomes used as raw materials for foods or cosmetics; alkaline metals; alkaline-earth metals; graphite; graphite for industrial purposes; graphite for secondary battery; phenolic resins; polyimide resins; polyester resins; urethane resins; photosensitive resins; thermosetting resins; thermoplastic resins; unsaturated polyester resins; electrically conductive pastes; glass-like carbon.
- Klasse 2 Paints; varnishes; acrylic or epoxy special primer; primers; nonferrous metals in foil or powder form for painters, decorators, printers and artists; undercoating for surfaces to be painted; conductive film-forming paints; anti-rust greases; moisture proof paints; moisture resistant paints; anti-corrosive paints.
- Klasse 3 Abrasive paper [sandpaper]; abrasive cloth; abrasive sand; artificial pumice stone; polishing paper; polishing abrasives; abrasives for grindstone; abrasives for coated abrasives; abrasive material; fine powder abrasives; abrasives for lapping process; glass abrasive material; nonwoven fabric for abrasive; polishing slurry; polishing slurry for semiconductors; chemical mechanical polishing slurry; slurry for chemical mechanical polishing.
- Klasse 4 Fuels; gaseous fuels; solid lubricants; lubricants; gasoline; propane; kerosene; heavy oils; lubricating graphite.
- Klasse 5 Pharmaceutical preparations and other preparations for destroying vermin, fungicides, herbicides; diagnostic reagents for medical use; chemical reagents for medical purposes; diagnostic preparations for medical purposes; reagents for medical use; cell culture media for diagnostic purposes; cell culture media for medical purposes; cell culture media for regenerative medicine purposes; diagnostic media for bacteriological cultures; cells for medical use; cells for regenerative medicine use; drugs for medical purposes; blood plasma; reagent paper for medical purposes; test kit for diagnostic purposes; test kit for allergy diagnostic purposes; pharmaceutical formulations containing exosomes; exosomes used as materials for pharmaceutical products.
- Klasse 6 Iron and steel; nonferrous metals and their alloys; aluminium foil laminated with plastic film; aluminum alloy; extruded material of aluminum alloy; high strength and high wear resistance aluminum alloy; aluminum alloy for corrosion resistant structural members; extruded rod and drawn rod made of aluminum alloy; extruded aluminum powder alloy; casting rods for non-ferrous metals and their alloys; industrial packaging containers of metal; aluminum boxes for storage or transport; composite lid laminated with aluminum foil; aluminum laminated film for battery exterior; metal laminated film for battery exterior; metal junctions for pipes; metal flanges; aluminium alloy plate for hard disk; prefabricated building assembly kits of metal; non-ferrous metal for sintering or its alloy; non-ferrous metals and their alloys manufactured by sintering; copper or copper alloy foil coated with synthetic resin; resin coated copper foil for printed wiring board; metal pulleys, springs and valves [not including machine elements]; door locks of metal for land vehicles; structural joint connectors of cast iron; fire spread prevention pipe joints; aluminum laminate film for lithium ion battery [LIB].
- Klasse 7 Exhaust gas treatment equipment for dry semiconductor manufacturing equipment; dry PFC [greenhouse gas] abatement device [semiconductor manufacturing device]; catalytic PFC [greenhouse gas] abatement equipment [semiconductor manufacturing equipment]; acid gas abatement equipment [semiconductor manufacturing equipment]; small welding machines; apparatus for dry ice blast cleaning; apparatus for dry ice particle cleaning; plastic processing machines and apparatus; carbon dioxide high pressure fixed quantity supply device [plastic processing machinery]; supercritical gas supply device [high pressure fixed quantity supply device]; supercritical cleaning, drying and processing equipment; automatic deburring device [metal

- processing machinery]; food or beverage processing machines and apparatus; gassing equipment [machinery for food processing or beverage processing]; carbonated beverage manufacturing equipment for testing and research; snow dry ice filling equipment; apparatus for manufacturing dry ice; handy type dry ice maker; agricultural machines and agricultural implements, other than hand-operated; carbon dioxide supply equipment for agriculture; metalworking machines and tools; starters for motors and engines; AC motors and DC motors [not including those for land vehicles but including parts for any AC motors and DC motors]; dynamo brushes; carbon brushes; brushes for electrical machines; brushes for automotive electrical components; brushes for motors of electrical household appliances; carbon brushes for electrical machines; electric brushes for micro motor; equipment for holding carbon brushes [electricity]; brush rockers for DC motors, namely, positioning devices for brushes for applying direct current to flow through the rotor coils of a generators; grounding devices for railway vehicles; carbon sliding bearings, blades, packings and seal rings being parts of machines; brakes, machine elements not for land vehicles; disc brake pads, machine elements not for land vehicles; brake assembly, machine elements not for land vehicles; machine elements, not for land vehicles; bearings, machine elements not for land vehicles; jigs for metalworking machines and tools; parts of metalworking machines and tools; glassware manufacturing machines and apparatus; tools of glassware manufacturing machines and apparatus; parts of glassware manufacturing machines and apparatus; semiconductor manufacturing machines and systems; tools of semiconductor manufacturing machines and systems; parts of semiconductor manufacturing machines and systems; parts of plasma etching machines; parts of LCD manufacturing equipment; non-electric prime movers [not for land vehicles]; parts of non-electric prime movers; parts of gas turbines; parts for automobile engines; pistons for engines; filter for engines; pneumatic or hydraulic machines and instruments; parts of pneumatic or hydraulic machines and instruments; vacuum pumps and parts thereof; blowers and parts thereof; blades for vacuum pumps; power transmissions and gearing, machine elements not for land vehicles; gears, other than for land vehicles; valves, machine elements not for land vehicles; intake manifold; insulation spacer for engine of land vehicles; insulators for intake manifold of land vehicles; meat processing machines and equipment for freezing minced meat; pump insulator, machine elements for land vehicles.
- Klasse 9 Filling column for high performance liquid chromatography; solid phase extraction cartridges; sample pretreatment column for laboratory use; chromatography columns for laboratory use; graphite electrodes; measuring or testing machines and instruments; long-term care and watching sensor that detects changes in the movement and posture of the user on the bed; aluminum tubes for electrostatic copier photoconductor drum; internal cooling fans and heatsink for computers; power semiconductor cooler for automobiles; personal digital assistants; hard disk drives; hard disk devices; magnetic recording disks; glass substrate for hard disk; SiC epitaxial wafer; aluminium indium gallium phosphide LED chip; aluminium indium gallium phosphide epitaxial wafer; aluminium gallium arsenide LED chip; aluminium gallium arsenide epitaxial wafer; gallium phosphide LED chip; gallium phosphide epitaxial wafer; gallium arsenide LED chip; gallium arsenide epitaxial wafer; MOCVD epitaxial wafer; equipments for high performance liquid chromatography; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; telecommunication machines and apparatus; electronic control apparatus; parts and accessories for personal digital assistants; radio frequency identification [RFID] tags; contactless ID card; radio-frequency identification [RFID] readers; graphite vertically oriented thermal conductive sheet for semiconductor devices; batteries and cells; electric or magnetic meters and testers; vehicle battery (automobile battery); battery testers; laboratory apparatus and instruments; analyzers, not for medical purposes; analyzers for laboratory; apparatus for blood analysis, not for medical purposes; apparatus for testing, not for medical purposes; diagnostic apparatus and instruments as a test kit, not for medical purposes; electromagnetic relays; electromagnetic relay parts; printed wiring boards and parts for printed wiring boards; inverter cases for land vehicles; battery trays for land vehicles; door locks for land vehicles, electric; current collectors for in-vehicle crane.
- Klasse 10 Medical diagnostic apparatus; medical apparatus and instruments; diagnostic apparatus and instruments; sample preparation apparatus for medical diagnosis; biochemical automatic analyzer for medical purposes; apparatus for use in medical analysis; apparatus for blood analysis; testing apparatus for medical purposes; measuring apparatus for medical purposes; diagnostic apparatus and instruments as a test kit; medical apparatus and instruments as a test kit.
- Klasse 11 Deep freezers for processing foodstuffs; heat exchangers and their parts and fittings; boilers, other than parts of non-electric prime movers or engines; air-conditioning apparatus [for industrial purposes]; freezing machines and apparatus for industrial purposes; drying apparatus [for chemical processing]; recuperators [for chemical processing]; steamers [for chemical processing]; evaporators [for chemical processing]; distillers [for chemical processing]; radiators [for industrial air-conditioning purposes]; air conditioners for industrial purposes; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; piping freezing device; waste water treatment tanks for industrial purposes; septic tanks for industrial purposes; alkaline waste water neutralizers; electric freezers; nitrous oxide decomposition equipment used in semiconductor factories and chemical plants; air deodorizing apparatus for industrial purposes; gas scrubbing apparatus; food quick freezing device; electric lamps and other lighting apparatus; chromatography columns for industrial purposes; ice-cooling refrigerators for household purposes; radiators for electronic machines and apparatus.
- Klasse 12 Automobiles and their parts and fittings; automobile parts; molded products being parts of vehicles; sheet products being parts of vehicles; interior molded products being parts of automobiles; exterior molded products being parts of automobiles; backdoor parts of automobiles; brake fluid reservoir for land vehicles; washer fluid reservoir for land vehicles; ventilator grille for land vehicles; impellers for pump, machine elements for land vehicles; pulleys, machine elements for land vehicles; thrust washers, machine elements for land vehicles; power transmissions and gearing, machine elements for land vehicles; high-strength resin gears, machine elements for land vehicles; mechanical elements for land vehicles; gas turbines for land vehicles; shafts, axles or spindles, machine elements for land vehicles; bearings, machine elements for land vehicles; shaft couplings or connectors, machine elements for land vehicles; brakes, machine elements for land vehicles; disc brake pads for land vehicles; brake shoes for land vehicles; brake segments for land vehicles; brake linings for land vehicles; automobile bumpers; fenders for land vehicles; rear spoilers for land vehicles; vessels and their parts and fittings; aircraft and their parts and fittings; railway rolling stock and their parts and fittings.
- Klasse 16 Food wrapping plastic film for household purposes; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns; tailors' chalk; banners of paper; flags of

- paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; shipping labels of paper; emergency drinking water bags made of synthetic resins for household purposes; food storage bags made of synthetic resins for household purposes; filth storing bags made of synthetic resins for household purposes; simple shopping bags with handbag made of synthetic resins; accessory bags made of synthetic resins for household purposes; daily necessities packaging film bags for household purposes.
- Klasse 17 Rubber [raw or semi-worked]; chloroprene rubber; synthetic resin emulsion (semi-product); plastic semi-worked products; semi-worked products made of synthetic resin; sheet-shaped semi-worked products of synthetic resin; laminated sheets made of synthetic resin; vinyl ester resins; semi-processed thermoplastic polymer resins for use in manufacture; carbon fibres, other than for textile use; plastic films; electrical insulators; pipe muffs, not of metal; electrical insulating varnish; plasma spraying materials; die bonding films; dicing and die bonding integrated films; bulk encapsulation molding tapes; release films for semiconductor mold; dicing films; quantum dot films; plastic sheets with quantum dots; pressure-sensitive adhesive film; adhesive films for display; dicing tapes; plating masking tapes; adhesive tapes, other than stationery and not for medical or household purposes; pressure-sensitive (adhesive) double-sided adhesive tapes, other than stationery and not for medical or household purposes; adhesive tapes for nameplate, other than stationery and not for medical or household purposes; adhesive tapes for fixing AV equipment parts, other than stationery and not for medical or household purposes; adhesive tapes for foam and heat insulating materials, other than stationery and not for medical or household purposes; adhesive tapes for cosmetic compact mirrors, other than stationery and not for medical or household purposes; adhesive tapes for foam lining, other than stationery and not for medical or household purposes; low VOC adhesive tapes for foam lining, other than stationery and not for medical or household purposes; PP adhesive tapes for foam lining, other than stationery and not for medical or household purposes; adhesive tapes for AV equipment and mobile device housings, other than stationery and not for medical or household purposes; adhesive tapes for AV equipment and mobile device housings [foam support type], other than stationery and not for medical or household purposes; thermoactive [heat-sensitive] double-sided adhesive tapes, other than stationery and not for medical or household purposes; adhesive tapes for speakers, other than stationery and not for medical or household purposes; insulating base materials for substrate or insulating base materials for printed wiring boards; insulation resin materials for printed wiring boards; resin films for printed wiring board; resin sheets for printed wiring board; multi-layer materials [electrical insulators]; materials for fine line fabrication [electrical insulators]; polyimide multilayer materials [electrical insulators]; low transmission loss adhesive films [electrical insulators]; polyethylene foam; urethane foam; fiber reinforced plastic products, semi-finished; resin products for molding; light-modulating films; gaskets; junctions for pipes, not of metal; joint packings; sealing ring; floating anti-pollution barriers; electrical insulating tapes; electrical insulating films; electrical insulating paints; insulation sealant; photosensitive electrical insulation materials; polyethylene foam for electrical insulation, heat insulation and soundproofing; masking tape for industrial purposes; adhesive tapes for industrial purposes; resin films with adhesion layer; copper-clad plastic laminate for printed wiring boards; thermo setting adhesive resin film; conductive films; anisotropic conductive films; anisotropic conductive tapes; electrically conductive tapes; semi-finished synthetic resins for use in the manufacture of white molding compounds for led reflectors; vapor grown carbon fiber.
- Klasse 19 High-performance, high-fluidity self-leveling building materials; ceramic building materials; refractory bricks; refractory construction materials of ceramic; mortars; liquid - applied coating waterproofing materials; liquid - applied membrane waterproofing materials; cement and building materials containing cement such as mortar; waterproof cement; cement molded body for filling holes in wood; building materials made of linoleum for fixing to existing walls or floors; plastic building materials; synthetic building materials; asphalt, and asphalt building or construction materials; rubber building or construction materials; plaster for building purposes; lime building or construction materials; building or construction materials of plaster; drain pipes, not of metal; polyvinyl chloride pipes with coating layer [double-layer pipe]; polyvinyl chloride pipe joints with coating layer [double-layer pipe]; polyvinyl chloride pipes with fireproof coating and sound insulation layer; polyvinyl chloride pipe joints with fireproof coating and sound insulation layer; buildings, not of metal.
- Klasse 21 Chemically activated packs for heating food and beverages; chemically activated packs for cooling food and beverages; cold packs for chilling food and beverages; non-electric ice chests; kitchen containers for rice; food preserving jars of glass; drinking flasks for travellers; vacuum bottles [insulated flasks]; portable cool boxes, non-electric; plastic cold storage container.
- Klasse 37 Construction; high-pressure gas plumbing work; cross-section restoration work for deteriorated concrete structures; painting of surfaces to prevent concrete corrosion (for waterworks); painting of surfaces to prevent concrete corrosion; maintenance or painting for corrosion protection; painting of cross-section; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments.
